THE USA IS DYING

World Government Decrees End of Nationhood with a One World Government, One World Constitution, One World Citizenship, One World Religion, One World Slavery

By EUGENE F. McKENZIE

I bring you good news this day — WE ARE LOSING — not that we are losing is good news, but, the very fact that people are beginning to recognize that WE ARE LOSING and WHY WE ARE LOSING — IS THE GOOD NEWS.

WE ARE LOSING:

When the President of the U.S.A. appoints a known communist-fronter to become Chief Justice of the Supreme Court.

When anarchy is allowed to roam our streets destroying the REPUBLIC.

When American ships are seized on the high seas.

When ASSASSINATIONS become common-place.

When we tolerate NO-WIN WARS.

When our FLAG is burned on American soil by Americans THEN, WE ARE LOSING

For today only a fool can fail to see the gradual surrender to government of all privileges, responsibilities, and traditional values of the family as the sociological brick with which our civilization has been built. Only a fool can fail to see that the INDEPENDENCE, THE UNITY, THE SPIRIT, and GREATNESS OF OUR COUNTRY are being deliberately destroyed, while plans are carried out to absorb the fragmented wreck into a ONE-WORLD COMMUNIST EMPIRE. This is not accidental — THIS IS PLANNED — and I think it is time we become alert to the forces — THE ORGANIZATIONS — THE PERSONALITIES — who plan our demise .

Brief History — One World Thrust

Before we get into the domestic organizations promoting world government, let us review the TOTAL WORLD GOVERNMENT THRUST.

One of the first visual signs of a BLUEPRINT of WORLD DISORDER TO BRING ABOUT WORLD TYRANNY, was discovered in Bavaria in 1776. This sub-rosa organization is known as the ORDER OF THE ILLUMINATI.

The Illuminati was disbanded and outlawed by the Bavarian police, however, it is quite evident that its influence and pattern of conquest was perpetuated in the Communist Manifesto authored by Marx and Engels in 1848. It is also quite evident, and history reveals, that there are many internationalist organizations at work, in close harmony throughout the world determined to control the wealth, economy and political behavior of all countries.

At first glance, we want to point to Red Russia as being the only architect of World Government; however, we must remember that the Red take-over of Russia was financed by the "INSIDERS" OF THE WESTERN WORLD; that Trotsky with his band of bolsheviks sailed from New York in 1917; that they were intercepted by the British but

House, advisor to President Woodrow Wilson, red conquest was achieved in Russia. Russia became the first pilot state set up by the "INSIDERS" from the West in their quest of world conquest.

Edward M. House fathered the organization, Council On Foreign Relations, New York City, New York. Much has been written about this organization and detailed study will reveal that the hidden hand of the Council on Foreign Relations has and is controlling the policies of America — moving this country into total socialism. The Council on Foreign Relations is very much in tune

Other internationalist organizations working with the Council on Foreign Relations are Royal Institute on International Affairs (known as Chatam House-England); Institute Des Relations-Belgium; Bilderberger -Netherlands; Danish Foreign Policy Society; Indian Council World Affairs.

Domestic Plotters

You have often heard the expression "What is our world coming to?" No longer do you have to ponder this question. All you have to do is get in touch with The Center for the Study of Democratic Institutions, Santa Barbara, California, under the leadership of one Robert M. Hutchins, former University of Chicago educator. He will be only too glad to familiarize you with the planners' new world under The Constitution for the World. To apathetic Americans who are accustomed to "It can't happen here," let me advise you not to laugh this one off, but rather look into the powerful forces promoting this "SELL OUT." The Center For The Study of Democratic Institutions is the child of the Tax Free Foundation, Fund for the Republic (Reese Committee report cites this organization as aiding "left wing" causes). The persons of leadership positions as well as advisors in these two organizations, to name a few, are Robert M. Hutchins, Supreme Court (Continued on Page 2, Column 1)

Justice, William O. Douglas, Henry R. Luce, Reinhold Niebuhr, Linus Pauling, Rexford G. Tugwell, Elmo Roper, Louis Schweitzer, Paul G. Hoffman and Bishop Pike. If these planners have their way, we will be just another area in a One World Government.

Let me quote from the preamble and other sections of this World Constitution:

"the age of nations must end . . . the government of the nations have decided to order their separate sovereignties in one government of justice, to which they surrender their arms; and to establish this as the covenant and fundamental law of the Federal Republic of the World."

This preamble was written in 1945 the same year as the formation of the United Nations Charter — written by Robert M. Hutchins, then chairman of the Committee to Draft World Constitution. Could it be a coincidence that in section 45 of the World Constitution it states that it is to be ratified in the General Assembly of the United Nations? The world is to be divided into nine regions. The president will be "elected" by delegates from the nine regions — one delegate for each one million population. The president will serve for six years. He will have legislative power as well as executive power plus being the chief justice of the World Tribunal (World Court). Section 41 states that "Armed forces and the manufacture of armaments shall be reserved to the World Government." Section C explains that earth and what is below it, water, air and energy are the common property of the human race and that management and use of these elements is to be subordinated in each and all cases in the interest of the common good.

Section I empowers the World Government to establish and collect "Federal Taxes." The United States would disappear, under Section 5, it would be called — the region Atlantis. Part 32 establishes that all property or business, whose management and use have acquired the extension and character of a Federal Public Service, shall become the property of the world Federal Government.

The President of the World Government, as chairman of the Chamber of Guardians, shall have control and use of the Armed Forces. The budget for peace and defense, under control of the Chamber of Guardians, shall be submitted by the President. This Chamber will also control the domestic militias of the component parts of the World Government.

I have just given you excerpts from the draft of the World Constitution. This is what is meant for you and for me. Do you think that this draft will be placed before you for a vote — heavens NO! The American citizen would vote it into oblivion. This is not the way they would do it. Their Marxist influenced mentality will lead them to attempt to achieve their ultimate targets through escalated stages.

The approach is one of deceit. Who then, is initiating this movement within the United States toward World Government?

One visible pattern or blueprint of World Government was brought into being at the 1936 Communist International. At this meeting a three-stage plan for achieving World Government was formulated:

STAGE I: Socialize the economies of all nations, particularly the western "capitalistic democracies."

STAGE II: Bring about federal unions of various groupings of these socialized nations.

STAGE III: Amalgamate all of the federal unions into one world-wide union of Socialist States.

This session of the Communist International went on to declare "dictatorship can be established only by a victory of socialism in different countries or groups of countries, after which the proletariat republics would unite on federal lines with those already in existence, and this system of federal unions would expand . . . at length forming the World Union of Socialist Soviet Republics."

In 1939 (three years after this communist program was outlined) Clarence K. Streit (a Rhodes Scholar who was foreign correspondent for the New York Times, covering League

of Nations activities from 1929-1939) wrote UNION NOW, a book advocating a gradual approach through regional unions to final world union — an approach identical with that of the communists, except that Streit did not say his scheme was intended to achieve world dictatorship, and did not characterize the end result of his scheme as a "World Union of Socialist Soviet Republics."

We turn now to The World Fellowship, known as the League of Neighbors, having as its Executive Director, Dr. Willard Uphaus, a notorious communist-fronter. He placed before Congress in 1942 a Joint Resolution calling for the uniting in a commonwealth of nations to be known as the United Nations of the World — creating a Federation of the world. Congress rejected this resolution; however, in 1945, the Senate and House in Congress accepted the United Nations as the last hope of World Peace. The Senate ratified the United Nations Charter and the House passed The United Nations Participation Act. Few noticed that the United Nations Charter really created a worldwide social, cultural, economic, educational, and political alliance — and commits each member nation to a program of total socialism for itself and to the support of total socialism for all other nations. What did Stage I and Stage II of the Communist program of 1936 relate? "Socialize the Western Governments and bring about Federal Unions of various groupings of these socialized nations." "Various groupings" called for by the Communist International can be found in the United Nations Charter — they are known as "Regional Arrangements" (Article 52). Those who have taken the time to study the United Nations Charter, know that the United States of America is being dictated to and bows to the will of this unholy body.

Immediately after the formation of the United Nations, Dean Acheson, contributed to world government by giving to us the NATO Treaty (Regional Arrangements; Various Groupings: Atlantic Union) on April 4, 1949. On the surface, we were told that this was a military alliance to shield Europe against communist aggression, but let me quote Article 2 of this treaty:

"The parties will contribute toward the future development of peaceful and friendly international relations by strengthening their free institutions, by bringing about a better understanding of the principles upon which these institutions are founded, and by promoting conditions of stability and well being. They will seek to eliminate conflict in their international economic policies and will en-

" . . . It is therefore an American interest to see an end of nationhood as it has been historically defined."

WALT ROSTOW, presidential assistant, in "The United States and the World Arena."

courage economic collaboration between any or all of them."

Here this "military" treaty, which re-affirms the participants "faith in the purposes and principles of the Charter of the United Nations," is the legal basis for a union, an Atlantic Union, a supra-national government, all under the United Nations control.

Following the formation of NATO, Clarence Streit, created in 1949 — the Atlantic Union Committee. Its purpose calls for conversion of the United States and the members of NATO countries, into a "Federal Union," working within the framework of the United Nations. An Atlantic Union Committee Resolution, providing for the calling of an international convention to "explore" steps toward a limited government, was actually introduced in the Congress in 1949 — with the support of a frightful number of Congressmen. Estes Kefauver gravitated to the leadership in pushing for the Resolution along with Richard Nixon, William Fulbright, Lister Hill, Hubert Humphrey, Mike Mansfield, Kenneth Keating, Jacob Javits, Christian Herter. For ten years this Atlantic Union Committee Resolution was re-introduced in Congress but failed to pass. This failure required a new approach by the proponents of the Atlantic Union Committee. The new approach in 1959, was to ask Congress to pass a Resolution calling for an international convention which would accomplish certain "fundamental objectives" one being "to strengthen the United Nations." The Atlantic Union Resolution which had been defeated by Congress for ten years was now adopted by Congress on September 7, 1960. President Eisenhower signed an act of Congress authorizing a United States Citizens Commission on NATO (Public Law 86-719). To show that this act is the same as the Atlantic Union Resolution calling for World Government, let me quote from the Atlantic Union News publication September, 1960:

"Members of the Atlantic Union Committee could certainly be forgiven if by now they had decided that the Resolution for an Atlantic Exploratory Convention would never pass both Houses of Congress. However, it has just done so.. It was signed into law by the President September 7, 1960. The incredible size of this victory is hard, even for us in Washington, to comprehend." . . .

From the above statement of amazement by the publication of Atlantic Union News, we are reminded of the statement of socialist Norman Thomas when he explained from the socialist convention in Chicago that he had to remove his glasses and wipe his brow in amazement at how fast his plan for socializing America was being implemented.

We see that Congress was maneuvered into voting to allow ways and means to transferring our country into a regional world government (A Federal Union) under cover of the U.N. just as Congress was maneuvered into voting to allow the Arms Control and Disarmament Agency (Public Law 87-297 to explore ways and means of disarming this nation under International U.N. Control).

To further impress upon you that "thought-to-be good American citizens" and "thought-to-be patriotic Senators and Congressmen" are determined to bring about this "Federal Union" of NATO countries as a first step which would destroy our U.S. Constitution, allow me to quote from researcher Florence Fowler Lyons in publication "Reports on UNESCO" May-June 1966:

"On March 2, 1966, Rep. Paul Findley, breathless from a news conference, took the House floor. Clutched in his hot fist were six letters which he had shown to the press, each written on the personal or governmental letterheads of and signed by Barry Goldwater, Richard Nixon, Nelson Rockefeller, William Scranton, George Romney and Mark Hatfield. The six letters each express enthusiastic support for an Atlantic Union House Joint Resolution described by Findley: 'The resolution is the most specific proposal ever introduced in Congress in regard to a Federation of free nations.'

The dictionary defines a "federation" as "something formed by federation: as a GOVERNMENT." Thus Mr. Findley's resolution

(Continued on Page 3, Column 1)

THE USA IS DYING

(Continued from Page 2, Column 3)

concerns the formation of a government. The report went on:

"H.J. Res. 769," Findley told the House, 'is known as the resolution to establish an Atlantic Union delegation.' It would authorize an 18-member delegation of eminent American citizens to convene with similar groups from other interested NATO nations for these specific purposes:

To explore the possibility to agreement on,

FIRST: A declaration that the eventual goal of the Atlantic alliance is a federal union GOVERNMENT;

SECOND: A timetable for reaching the goal; and,

THIRD: Ways and means to keep the project in motion."

"Dean Acheson, the Alger Hiss-lover, who kicked the North Atlantic Treaty deal off under Truman, is installed back in the Government to finish his original 'work.' Findley's resolution suggests Truman and Eisenhower as co-chairmen.. Dean Rusk sent his State Department boy, John Leddy, to testify March 23-24 when hearings were held on the Senate versions of this KILL-the-Republic Resolution S. Res. 128 and S. Con. Res. 64. Leddy said the 'State Department agreed with the GOALS' and had a reservation only 'on the best means of attaining those goals.'"

(May 22, 1966 of this same Report states:) "Yet here last week you saw the leadership in this Death March of the Republic has been taken by Barry Goldwater, Nixon, Rockefeller, Hatfield, Romney, and Scranton. The Congressional Record, March 2, 1966, which exposed this shocker-for-the-political Rip Van Winkles, adds California's Glenard Lipscomb, plus other 'Republicans' in the House: Findley, Derwinski, Ellsworth, Halpern, Michel, Morton, Morse, Quie, and Rumsfeld.

Behind S. Res. 128 stands Church, Carlson, Case, Clark, Cooper, Dodd and McCarthy. Behind S. Con. 64, stands Carlson, McCarthy, Metcalf, Bass, Dodd, Gruening, Hartke, Inouye, Lausche, Moss, Pell, Williams (N.J.) Fanin, Fong, Javits and Prouty. Last week you saw that Eisenhower and Truman are suggested in the resolution as 'co-chairmen' of the drafting crew for the new 'Atlantic Union Government of the U.S.A.'"

Richard Nixon Promotes

I have just given you the run-down of action from the report of Florence Fowler Lyons REPORTS ON UNESCO. To substantiate to you that the report is accurate, I will quote directly from the publication of the Atlantic Council publication "Atlantic Community News". This organization is the moving force behind "FEDERAL UNION" of the NATO countries, which includes the U.S.A. From the publication "Atlantic Community News" dated September 1966, we quote the following headlines:

Nixon Urges Passage of the Atlantic Union Bill

"In a statement to the House Committee on Foreign Affairs, released on September 7, former Vice President Richard Nixon urged adoption of a resolution on Atlantic Union pending before the Committee. 'It is fitting that the United States, the world's first truly federal government, should be a main force behind the effort to find a basis for a broad federation of free Atlantic Nations,' Nixon declared.

Mr. Nixon forecast 'even more drastic changes' in the next 20 years than since World War II and held that the proposed Atlantic Union Convention could 'provide a resourceful tool for coping' with them.. He concluded by calling the bill,

'A forward-looking proposal which acknowledges the depth and breadth of the incredible change which is going on in the world around us. I urge its adoption.'"

So we see that Mr. Nixon urges its adoption, yes, the adoption of ways and means of DESTROYING THE SOVEREIGNTY OF THIS NATION.

Continuing to quote from the current June 1968 issue of "Atlantic Community

News" emphasizing their drive for "Federal Union" under the banner:

Presidential Candidates Endorse Revitalizing NATO

"All four Presidential candidates — Vice President Humphrey, Senator McCarthy, former Vice President Nixon and Governor Rockefeller — see eye to eye on a major foreign policy initiative: That the U.S. should take the lead to call a citizens' convention of all the Atlantic Allies to lay the foundation for 'a true Atlantic Community.' (This has been one of the top objectives of the Atlantic Council since its inception in 1962). The support which the Presidential candidates are giving to this initiative is contained in statements from each of them released by Clarence Streit, editor of Freedom & Union magazine."

The article went on to say:

"The groundwork has already been laid for such a meeting. A preliminary Atlantic Convention, initiated by the U.S. Congress, met in Paris in 1962 and unanimously urged 'that the NATO governments promptly establish a special governmental commission to draw up plans within two years for the creation of a true Atlantic Community to meet the political, military and economic challenges of this era.'"

I have quoted from the report of researcher Florence Fowler Lyons naming those who are participating in the DEATH OF OUR REPUBLIC through Federal Union of NATO countries. I then quoted from the publication of the Atlantic Union Committee or Atlantic Council (as now known) substantiating the action as reported by Mrs. Lyons. It is now that I will quote from the July 27, 1968 Human Events — page 3 — concerning recent action in your Congress pertaining to the sell-out.

"The House Foreign Affairs Committee has quietly reported out resolution H. Con. Res. 48 to promote the surrender of U.S. sovereignty to countries in the North Atlantic Treaty Organization (NATO).

The resolution calls for the creation of an Atlantic Union delegation which would organize and participate in a convention of NATO countries. The convention would then explore the possibility of transforming NATO into a federal union, of setting up a timetable for such a goal, and creating interim institutions to hasten the integration process.

Authored by Rep. Clement Zablocki (D-Wis.), the resolution has bi-partisan backing and is even being plugged by some conservatives....

"To educate the rising generation in the principles of democracy and world federal union and to prepare youth for world citizenship."

Stated principal aim of STUDENT FEDERALISTS, when organized in 1945.

The proposal for a federal union, of course, has been hobbling around Congress for several years. When it came up for Senate hearings in 1950, the department again gave it the brush-off. Speaking for the State Department, John D. Hickerson asked:

'Just how far are we willing to go in compromising our way of life and our institutions? Are the American people prepared to be taxed in support of a world federation in which, because of our wealth, our share would be proportionately higher?'

Hickerson said a federal Atlantic Union 'would involve not only basic economic and social changes, but also changes in the structure of the United States government. Clearly our participation in such a union would involve the ceding of power by the United States government to some new authority in many fields, such as the conduct of relations with other governments, control of our armed forces, taxation, imports, currency, exploitation of our national resources and immigration. Are the American people prepared to do so?'

The drive is on the drive goes on for world government

Langan Promotes

Another organization running parallel with the Atlantic Union world promoters, is the UNITED WORLD FEDERALISTS. This organization was formed February 22, 1947, by merger of several other organizations interested in world government. These merged groups were Americans United for World Government — World Federalists — Massachusetts Committee for World Federation — Student Federalists — World Citizens of Georgia — and World Republic.. Their statement quoted in the New York Times, February 23, 1947, p. 25, included the following:

"World peace can be created and maintained only under world law, universal and strong enough to prevent armed conflict between nations Therefore, while endorsing the efforts of the United Nations to bring about a world community favorable to peace, we will work primarily to strengthen the United Nations into a world government of limited powers adequate to prevent a war and HAVING DIRECT JURISDICTION over the individual."

To show you that voice of the UNITED WORLD FEDERALISTS is being promoted in all cities and hamlets, I will quote from the Mobile Register May 2, 1947, the same year as the merger of several world government promoting organizations into the United World Federalists:

Langan Addresses Mobile Optimists

State Senator Speaks for Government of World.

"In order for the human race to survive and live in this Atomic age, each and every one of us must realize that God created all, and we are only a part of that creation", Joseph Langan, Alabama State Senator from Mobile told the Optimist Club here at a meeting Thursday. .

"We must forget our petty desires and work for world peace. We must have a government with the power to take action against an individual, and not against a nation, if we ever expect to progress" the senator said.

Speaking on behalf of the United World Federalists, an organization seeking to establish world peace, Langan said, "Today we are at the cross-roads of the Universe, and we must stand either for or against the higher ideals of life."

"Let men from all nations attend a universal school and be taught how to police the world. After completion of their schooling, send them to all nations and give them the power to enforce a world peace," the lawmaker continued.

Describing war as "the great destroyer of man" he said he "saw cities destroyed by men in the Pacific during the war, and also those same men enter a jungle, erect airfields, hospitals and build a city from nothing. If the building could have been done for peace, instead of war, we could produce a great wealthy world in which to live."

"If another war comes, the atomic bomb will destroy mankind, and the only way to stop such destruction is through world peace.

Council on Foreign Relations Lineage of Subversion

By ARCH E. ROBERTS, Lt. Col., AUS Ret.

At the turn of the century an ambitious and morally degenerate group of financiers and industrialists in America fixed upon a long-range plan which would ultimately deliver control of the world's people and resources into their hands.

The basic objective was to dismantle the Constitution of the United States and erect in its place a world government covenant which the Financial/Industrial cartel would command.

The F/I cabala adopted an operational procedure of Infiltration, Subversion, and Rebellion aimed at the religious, economic, and social disciplines of the existing order. By massing their wealth and influence to secretly sponsor nihilistic doctrine it was thought that they might capture the intellectual leadership of church and college. Domination of pulpit and professorial chair, they reasoned, would lead to mastery of the entire spiritual/educational process, the corruption of mass-communication media, and the creation of a fractured, rudderless society which would serve their purposes.

Achieving political authority was an obvious prerequisite to success. The cartel therefore, in 1912, forced a major penetration of the United States political structure by elevating Woodrow Wilson to the Presidency.

Quick to capitalize on this advantage the cabala, in the closing days of the 1913 Congress, affected passage of three legislative acts which emasculated the Constitution and established a political power base for their operations. These acts were:

- the Sixteenth Amendment to the Constitution
- the Seventeenth Amendment to the Constitution
- the Federal Reserve Act.

At one blow the cabala thus attained: a. Unlimited financing via unlimited taxation, b. Control of the congress by eliminating State supervision of legislation, and c. Transfer of coinage from the Congress to their private bank, The Federal Reserve System. Upon this irresistible and unchallengeable base of power the cartel, in 1914, established a "brain trust" which was to be shaped into an instrumentality for global conquest. The organization was named THE INQUIRY and was formed around a nucleus of members drawn from THE INTERCOLLEGIATE SOCIETY, a socialist-oriented group of American intellectuals.

The Inquiry, visible structure of a covert operation, immediately began recruiting and training an "intellectual elite" who, under the guidance of their hidden sponsors, prepared the Covenant of the League of Nations. The League of Nations was, of course, the long-sought world government covenant.

When the United States Senate refused to ratify the League of Nations plan for a world government, The Inquiry was reorganized and, in 1919, named THE COUNCIL ON FOREIGN RELATIONS. CFR headquarters remained in New York City, financial center of the world. Twenty-six years were to elapse before the F/I cabala, through its instrument The Council on Foreign Relations, would reach its long-range goal of world government.

The propaganda climate generated during World War Two provided the opportunity and, on July 28, 1945, a refurbished League of Nations Covenant with a new title — The United Nations Charter — was ratified by a subverted U.S. Senate and the Constitution of the United States passed into history.

In time an interlocking, international apparatus — an invisible government of the world — was devised. Today these affiliated bodies include The Royal Institute of International Affairs in England (which was founded concurrently with the Council on Foreign Relations during a dinner meeting in Paris in 1919), The Institute des Relations Internationales in Belgium, The Danish Foreign Policy, The Indian Council of World Affairs, and similar organizations in France, Italy, Yugoslavia, Greece, and Turkey.

Though the world government apparatus comprises holding company after holding

company and proliferating agencies throughout the world the prime corporate structure in America, and the seat of power both public and private, is The Council on Foreign Relations bolstered by vast funds in tax-exempt foundations. Within this membership are found the directors and principal agents of the financial/industrial cartel who now exercise absolute control over the executive, legislative, and judicial agencies of the U.S. government, and who manipulate the United Nations world government covenant to enforce their command over the world's people and resources.

Having dissolved the United States of America as a sovereign nation the principals and heirs of the original cabal have embarked on a campaign to coerce her citizens into a soviet animal farm. Unless the cabala is challenged, residents of the North American continent will soon be subject to the dictates of alien courts, will be recruited to serve in a United Nations army, will be directly taxed by the United Nations to support one world government, will become pawns in a serf-society which shall be paid for its labors at rates determined by a self-elected "elite" of the world, will be emigrated anywhere in the world on demand of this "elite", and will surrender all property rights to the new aristocracy of finance and industry.

THE USA IS DYING

(Continued from Page 3, Column 3)

"We must form a World Federal Government," he declared.

Langan says the World Federalist organization will seek to encourage citizens to write their government heads and plead for a World Government to be established with the power to act and take action against individuals of all nations alike.

Mr. and Mrs. American: Does this newspaper account shock you? Coming from one who pledges, when taking office, to uphold the Constitution of the United States of America? (Mr. Langan is a member of the Mobile City Commission).

I hold in my hand a publication of the UNITED WORLD FEDERALIST dated May 19, 1961 and I quote:

"It (speaking of the organization UWF) took the initiative in proposing a Congressional resolution calling for a Permanent UN Police Force, with the result that a resolution was introduced into the U.S. Senate with the sponsorship of six leading Democratic and five leading Republican Senators and was passed by the Senate.

It was equally instrumental in furthering the passage, in both Houses of Congress in 1958, of a resolution calling for a permanent UN Police Force."

As just noted the United World Federalists promoted a resolution calling for a "Permanent UN Police Force." It was supported in Congress by leading Democratic and Republican senators. I hold in my hand Senate Con. Res. 109 dated July 21, 1958 — 85th Congress 2nd Session. This resolution states that:

"Mr. Sparkman submitted the following concurrent resolution; which was referred to the Committee on Foreign Relations."

Senator Sparkman Promotes

Section 2 reads:

"It is the sense of the Congress that --

(a) a force of similar character should be made a permanent arm of the United Nations;

(b) such a force should be composed of units made available by members of the United Nations; Provided, that no such units should be accepted from permanent members of the Security Council;

(c) Consideration should be given to arrangements whereby individuals would be allowed to volunteer for service with such a force; Provided, that individuals who are nationals of permanent members of the Security Council should not be acceptable;

(d) equipment and expenses of such a force should be provided by the United Nations out of its regular budget."

Mr. and Mrs. American: Does it shock you that a Senator pledged to uphold the Consti-

tution of the United States sponsored a resolution (passed by House and Senate) setting up a Permanent UN Police Force which according to Department of State publication 7277 will be mightier than any force on earth and able to "enforce Peace?" Does it shock you that these Senators might be doing the bidding of the United World Federalists in their push for World Government?

The massive UN propaganda after the formation of the United Nations in 1945 so brainwashed the American people, that the United World Federalists, beginning with the State Assembly of California, managed to get 27 state legislatures to pass resolutions demanding that Congress call a Constitutional Convention for the purpose of amending our Constitution in order to "expedite and insure" participation of the United States in a world government. When the American people found out what was going on, all of these "resolutions" were repealed — most by the end of 1950.

The American Association for the United Nations is another organization you can count on to remind you that the United Nations is man's last hope for peace — peace under a communist controlled political instrument—their UN.

I now call your attention to "A Declaration of World Citizenship" dated May 5, 1968: A joint Resolution of the Hennepin County Board of Commissioners, Mayor and City Council of Minneapolis. This resolution declares that the citizens of Minneapolis are now "World Citizens" and that the United Nations Flag will fly at city hall and new county buildings. Those signing are: Governor, Mayor, President City Council, Chairman Board of Commissioners, Chief Justice Minn., Supreme Court, President, Minn. Council of Churches, President, Minn. United World Federalists, Chairman, Minn. Republican Party, League of Women Voters President, President, United Nations Association of Minn., and Chairman Minn. D.F.L. Party. When the leadership of a sovereign state — county and city endorses a resolution reaching past the Constitution of the United States of America as "We pledge our efforts as world citizens to the establishment of permanent peace based on just world law" yes, then my friends when the elected officials reach past the Constitution it is time to wake up.

MASS MEDIA SEEPED IN NIHILISM

Communications Industry Is Voice of Totally Corrupt and Incompetent Ruling Class

THE ASSAULT UPON HUMAN SANITY

The American mass media are making an unprecedented assault upon human sanity. The men who direct the American media are a menace to every decent aspiration of the human race, indeed to the very survival of the human race. The demoniac madness of the American communications industry is not merely a matter of highly organized lying on a mass scale; rather, it is based upon a nihilistic hatred of human consciousness. The communications industry is overwhelmingly a Jewish industry; yet it is no more capable of pursuing Jewish aims successfully than it is capable of pursuing any other aims successfully. Mass Communications no longer have any discernible human purpose at all; the purpose being pursued is purely Satanic, wholly destructive. There are no constructive possibilities left in the communications industry as it exists in the U.S.A. today.

Only yesterday, it was possible to believe that, somewhere, there were strong wills at work, bending public opinion to their purposes. Is not control of communications an instrument of Jewish rule? Cannot the lords of the press dictate the outcome of elections, the course of our political life? In order to accomplish such aims, the lords of mass communications must have an intelligible purpose of their own. Today they themselves have jumped the rails. They themselves have no really intelligible or attainable goals; therefore they are unable to shape or lead the public life of the nation. The communications industry has gone berserk because its masters do not know any real reason for continuing it in operation. It is like a defective phonograph record, on which the needle becomes stuck and repeats a certain part of the record over and over again. The American media endlessly repeat the old, stale Nineteenth Century ideas over and over again. The capacity for forward movement has been totally lost. With every-increasing desperation, the lords of the media strive to create the illusion of forward movement, when in fact there is none.

Communications are the voice of the ruling class. Today's American ruling class has at its disposal the most remarkable communications system any ruling class ever had. Video tubes glow in millions of living rooms. Newsboys toss folded papers onto myriads of doorsteps. Every drugstore offers the latest magazines and paperbacks. Almost every automobile has a radio. Most churches readily prostitute their pulpits; indeed, it may be said with confidence that American religion has been incorporated into the mass communications system; you will hear the

Oh, what a tangled web we weave
When first we practice to deceive!

same opinions from the pulpit that you hear on TV or Radio, or read in the slick magazines or the latest Jewish novel. The rare clergyman who is a holdout against this system is likely to be considered eccentric and may have difficulty holding his congregation..

"Freedom of the Press" is a myth. Perhaps this need not worry us too much. It is to be expected that a nation's mass communications will be the voice of the ruling class. What really dismays us is that the American ruling class, with such marvelous technological means of communication at its absolute disposal, has absolutely nothing to

JOHN SWINTON, "former" editor of the New York Tribune, said to the N.Y. Press Assn., (talking on "The Business of the N.Y. Journalist") Feb. 26, 1936: "There is no such thing as a free and independent press in America . . . unless it is in some country town. There is not one of you who dares express an honest opinion, because you know before hand, it would never appear in print. I am paid \$150 per week for keeping my honest opinion out of the paper I am connected with. Others of you are paid for doing similar 'Things.' If I should permit honest opinions to be printed in one issue of my paper, like Othello, before 24 hours, my occupation would be gone. Our business is to lie outright, to pervert—to villify—etc., to FAWN AT THE FEET OF MAMMON to sell his race, and his country for his daily bread WE ARE THE TOOLS OF RICH MEN BEHIND THE SCENE. WE ARE INTELLECTUAL PROSTITUTES!"

SOCIALISM AND WAR

Socialists have always TALKED a good game of "Peace." The Socialist "Doves" do their best to sabotage military preparedness. The "New Left" organizes demonstrations in front of the Pentagon, and then Norman Mailer writes about them in HARPER'S MAGAZINE. The fact is that Socialism is tied inevitably to War. A Socialist Economy is a War Economy. Ancient Sparta had a highly-developed Military Socialism, just as Russia does today. European Socialism reached its peak at the time of the First World War; indeed, it was developed mainly to support the war. The idea that Socialism is for peace has no foundations in reality. It is a triumph of mass-media propaganda.

In May, 1914, it was widely believed in Europe that war was impossible. Socialist Parties held majorities in many European parliaments. It was said that French, British, and German workers would rise up in fraternal international solidarity; they would refuse to fight. In August, 1914 the chill winds of Reality drove away the silly froth of empty-headed ideology. The Socialist Parties DID vote the War Credits. The working class furnished the soldiers who were the backbone of the combatant armies. Within two years more of them had been killed than were killed in all of the campaigns of Genghis Khan and Tamerlane combined. Such is the gap between popular belief and Reality in our times.

The provincial bourgeoisie of Europe had been organized into a "Right Wing," just as in the U.S.A. today. The Right Wing liked to believe that the industrial working class had turned into a special kind of mad dogs. It was said that the workers were "traitors." It was said that the Socialist Parties would sabotage the national war effort. Nothing of the kind happened. The Socialists of both Germany and France supported the war, straight down the line. In fact, the Socialist leaders were hirelings of the Capitalists. The Socialist parties were financed by the great banks, and the real decisions were made in the Board Rooms of the banks, not in the hovels of the poor. Socialism was not a "Revolution." It was a well-developed tool of the Ruling Class.

The ignorant provincial bourgeoisie did not know this. They thought that the battle between "Right" and "Left" was real. A provincial "Right Winger" murdered the Leader of the French Socialist Party a short time after the Archduke Franz Ferdinand was slain in Serbia. Why did he kill the leader of the Socialists? He thought that Socialists were "traitors" who would refuse to support the war. In fact, the murdered Socialist leader had just come from a meeting of (Continued on Page 4, Column 1)

say. To be sure, they say it very well, but it is still nothing, absolutely nothing.

The discipline of the mass media is marvelous. Somebody somewhere pushes a button, and all of the mass media take off in the same direction. Newspapers, magazines, and TV are quickly busy trying to interbreed us with Negroes, or bidding us to hate Russia because Russia has adopted the WRONG KIND of Communism (They should be "Liberal" Communists instead of Stalinists). We are bidden to love Israel and to hate the Arabs. All of the mass media speak with one voice, and the priests, ministers, and rabbis quickly fall in line. This is the greatest spectacle of mass obedience the world has ever seen. We have in our midst, employed in the communications industry, a number of people equal to the population of Belgium. Supposedly they have different employers. The newspapers and magazines are owned by supposedly independent publishing corporations. The TV stations have varied ownership. The churches and synagogues serve widely varied congregations of different ethnic stocks. (Even among the Jews there are varied ethnic stocks; they are not all of the same race by any means). Surely we have here the basic stuff of a rich and varied national cultural life; yet all obey the unseen hand which, somewhere, pushes a button. All in fact obey the ruling class, just as did the prostituted priests denounced in the Book of Jeremiah. There are some publications like COMMON SENSE, which do not obey; but we are not part of the communications system.

The discipline of the communications system has wiped out serious literature in America. We read in the newspaper book reviews that Robert Rottenrabble, the great Jewish novelist, has produced another great, world-shaking novel. The book is set on a cooperative farm in Israel; the plot involves a boy and a girl who fall in love and thwart a sinister Nazi scientist who is trying to discover a way to bring Hitler back to life again. The Jewish literary rabble are really a well-disciplined lot; they write what they are told to write. They do it poorly, to be sure, but at least they do it. The Jew, because he has no worthwhile cultural treasures of his own, is the ideal prostitute writer; he is culturally a burned-out case. His great empty nothingness fits neatly into the picture. The victory of nihilism has already occurred in his empty soul; he merely transposes it to the external world. The communications industry eagerly employs the Jew. It wants nobody who really has anything to say.

What is behind the ideological bankruptcy of the communications industry? Quite simply, it is the spiritual bankruptcy of the American ruling class. They are absolutely empty, absolutely bankrupt, absolutely corrupt, absolutely incompetent. They have pretended to be "anti-Communists" but they financed the Russian and Chinese revolutions. They pretend to be "Free Enterprisers" but they are the real overlords of World Socialism. They represent the corrupt old Sodom and Gomorrah which the modern Bourgeois world has become. They are the final heirs of a bankrupt tradition. They are not all Jews, but those who are not real Jews are pretty well Judaized. They are not "Supermen" who are about to take over the world; on the contrary, they are at the end of the tether.

WHAT WILL HAPPEN NEXT IN THE WORLD? Will the world "Go Communist?" It will not. Indeed, Communism itself is largely a chimera created by the American mass media. Russia is not a chimera; but then Russia is not Communist, either. Russia is primarily a military organization. There are a few real Communists in Russia; some of them are already in jail, and the rest of them soon will be. The American mass media complain, "It is impossible for anybody to be a real Communist in Russia." Imagine that! After Wall Street spent hundreds of millions of dollars creating the Oc-

Ruthless Sam Newhouse, of Russian Jewish ancestry, second largest newspaper tycoon in the U.S., brainwashes Christians with steady flow of leftwing propaganda. Dore Schary, president of A.D.L., five Communist front citations, powerful in the entertainment world, friend of Communists. Sol M. Linowitz, board chairman of Zerox, which recently widened its field of Marxist brainwashing operations to

include education. Zerox has just purchased the largest educational periodical publishing enterprise in the world from Wesleyan University. tober Revolution! Wall Street labored long and hard to teach Communism to the Russians. Now they sail their pesky warships around the Mediterranean Sea and "Show the Flag" like a bunch of bloody old British Imperialists in the days of good Queen Victoria. The "Red Russia" of American political controversy never existed on this planet or any other; it is purely a creation of the mass media. Real Conservatism does not exist in America either. Nothing real exists in America any more. Mass communications have reduced our cultural, political, and intellectual life to a condition of "Absolute Zero." There are oldsters who can "Remember When" America was still America. Conde McGinley founded this publication to keep America American. It was not "Dirty Reds" from "Red Russia" who defeated us. What defeated our best efforts was the phoney "Conservatism" promoted by the mass media. What is the difference between "Right Wing" and "Left Wing" as depicted by the mass media None whatsoever. The alleged political battle between "Right" and "Left" in America is a tale told by an idiot, full of sound and fury, signifying nothing.

SO WHAT HAPPENS NEXT IN THE WORLD? Who will rule the world next? We will tell you. In our own generation we will see the return of the Nazi. This will not be as you think it might be. There will be no swastika banners. The "New Nazi" is not likely even to be a German. The name "Adolf" is not likely to be mentioned at all. The new Hitlerism will not be a matter of the "German Revauchism" which PRAVDA is always deploring. The "New Nazi" is not likely to call himself a "Nazi" at all.

What Is the Real Essence of the Matter?

It is this: The German intellectuals figured out the world situation in the Twentieth Century so perfectly that they possessed the only workable set of ideas for this century. Anybody else who starts with the same basic world problems, and works the equation correctly, will come up with the same answers. There are no other correct answers. The "New Nazi" may well be a Russian. The Russians hate the Germans; but in bedrock geopolitical matters, nations often learn from their enemies. (Except the American Jews; God help us! They never learn from anybody). Being a Nazi is not a matter of wearing swastika emblems or singing the HORST WESSEL LIED. It is a matter of reading accurately the signs of the times. The State which wants to be "World Historical" must solve the power-equation correctly. The State which refuses to address itself to this task is simply suicidal. The Judaized American Ruling Class is simply trying to keep the Nineteenth Century going forever. This is a losing game, indeed a game which is already lost. Liberalism no longer has anything to say, and the mass media say it very well indeed. "Liberal Opinion" is merely a mishmash of random thoughts, undisciplined desires, evasions, and ill-advised attempts to "cheat" the laws of history

If you want to understand the "New

Nazi" do not bother to read MEIN KAMPF. The correct handbook of history is Oswald Spengler's DECLINE OF THE WEST. Spengler's calculations about the Twentieth Century are airtight. American Liberalism does not address itself to any real problems at all. It is good at solving imaginary problems which we do not really have; it is skilled at the creation of Utopian images; it is skilled at the evasion of any and every kind of Reality which presents itself. Spengler addressed himself to the real problems of this century. Spengler accepted the inevitability of forward movement; American Liberalism, devoted to the eternal preservation of the Nineteenth Century, is wholly static. It resists forward movement. Since it is incapable of real forward movement, it seeks constantly to create an illusion of forward movement, of "Progress," which consists really of repeating the same old things over and over again.

What arrested the forward movement of the American Civilization? The Jews. The Jews "Never had it so good" as in the Nineteenth Century. They will never have it so good again, either. The "Nazi Century" is not to the Jew's liking, so he seeks to flee backward into the good old Nineteenth Century, the Century of Marxism.

The Jews today are engaged in headlong flight from Reality, and this is the most utterly suicidal of all possible historical poses. If somebody will open a new Auchswitz, it will hardly be necessary to round up the Jews and drag them to it. They are so utterly suicidal today that they will rush to it of their own accord. Like the heroine of Evelyn Waugh's novel THE LOVED ONE, they are "Half in love with easeful death." The survival value of the modern Jew is extremely low.

The world has some very serious problems. There is, for example, the so-called "Population Explosion." It is said that world will not be able to feed its inhabitants. This is a very real problem; but, on the other hand, the world may not really be overpopulated at all. Super-Weapons are progressing at a comparable rate, along with population growth; the human race may need all of its biological resources to survive. In other words, there may not be too many people, when we consider the probable casualty rates of the next war.

BUT, HORRORS! We have mentioned the unmentionable. The mass media tell us that we are to have "Peace." War has been the chief industry of the human race for ten thousand years; yet suddenly, somehow, "Peace" is to be conjured out of thin air. Sadism has been the most popular of all human sports since before the dawn of history; yet now, suddenly, we are said to have entered an age of such great enlightenment that Man's inhumanity to Man will end abruptly. There is no evidence to support any belief that this is a century of "Peace" and "Enlightenment." More men were killed in the

FREEDOM FOR RUDOLF HESS IN HIS LIFETIME

Address by the Secretary of the Relief Association "Freedom for Rudolf Hess" 445 Fox St., Fairview, Johannesburg, South Africa, on the first members meeting with guests, 9-20-68.

Ladies and Gentlemen and Guests,

The subject of my address is: What did Rudolf Hess do for mankind? And you may with good reason ask, what could he do? Yes, what could he do in a world which was determined to wage war at any price even when by doing so an entire empire could be destroyed. Rudolf Hess at all events wanted peace as did Adolf Hitler! If that had not been so he would have destroyed the British Expeditionary Army at Dunkirk and would not have allowed them to withdraw as he did. This was possibly one of his biggest mistakes. There are today many people in the world who realize that Adolf Hitler had sent his best friend and Deputy Rudolf Hess to England as a bearer of the flag of truce to endeavour at all costs to get England to make peace. As you may remember, Hitler had in fact offered peace twice to England not withstanding the fact that they, the British Government, had declared war on Germany, and not the other way round. The first time was when the Polish campaign had been accomplished, and the second time after France had capitulated. However, whether it is true that Hitler had sent him can only be clarified by Rudolf Hess himself. To prevent him making this statement the man of peace is walled in, serving a life sentence in solitary confinement which is in fact worse than death, for a crime which he has never committed. In order to hide the truth from the world, these so-called victors have taken upon themselves a burden that has placed them in a very difficult position. If you read "Mein Kampf" you will agree with me that the theory given there certainly has a message to all mankind for a clear pattern of racial integrity and peace on earth. To prove the contrary of this theory of "Mein Kampf" the onus rests on those who have imprisoned him. We place on the conscience of these people the sole responsibility of the death of 50 million innocent people killed in the last war. They are the architects of the plans coming into fulfilment now for the unprecedented chaos in inter-race relations throughout the world, with the ultimate object of total disintegration of the white race through miscegenation.

It is to these people that the German worker has been paying reparations for the past 23 years — they constitute the International High Finance. To return to Rudolf Hess who, as has been suggested from various quarters, should have received the Nobel Peace Prize instead of being buried alive.

My assertions, Ladies and Gentlemen, are corroborated by the Nuremberg proceedings. And even there, apparently, not all the statements made by Rudolf Hess were submitted by the British. What had however been presented, speaks clearly for itself, as is apparent out of one of those statements made by Rudolf Hess on June 9, 1941, during an interrogation by the British Minister of the Interior. Hess said: "The idea came to my mind to fly to England, when I was with the Fuhrer in France last June . . . and he told me that, if one should conquer one should not make harsh terms of settlement with those with whom one wishes to maintain a good relationship. It came to my mind there, that if the British were to know of our good intentions, it would perhaps be possible that they, from their side, would be prepared to negotiate. In the time that had elapsed, war losses for England had been much greater than for Germany and for this reason I thought they could not possibly cease hostilities without serious loss of prestige. For this reason I thought I should go through with my plans, for if I would be over there in person the British could use this as a reason to start negotiations. I must admit that I stood before a difficult decision, probably the most difficult of my life. And I believe my decision was made possible for me because I was constantly visualising an endless row of children's coffins with weep-

RUDOLF HESS
Prisoner of Peace

ing mothers behind them, on both the English and German side." Ladies and Gentlemen, does a felon against peace have such thoughts? For Rudolf Hess was sentenced because of having "committed" crimes against peace. In contrast to this there is another statement by Winston Churchill made in the year 1936. He said: "We will force war upon Hitler, whether he likes it or not." And another gentleman of this gang, Lord Halifax, said three days after the declaration of war in the House of Commons, "now we have forced him (meaning Hitler) to war, now he can no longer by peaceful means revoke one part of the Versailles Treaty after another." And a certain Mr. Emil Ludvig Cohn had already written in his book, "The New Holy Alliance" as follows: "For, although Hitler perhaps at the last moment wants to avoid the war which could devour him, he will nevertheless be forced to make war."

These Cohns strangely enough always know something like this, always in advance, which seems rather peculiar. Rudolf Hess was also accused of being a well informed and willing participant of the aggression on Austria. Now, my respected Austrian Guests and Germans, don't you have difficulty in controlling your humour? In terms of the Agreement of St. Germain, Article 88, Germans were living separate from Germans, as is the case today. And before a German soldier of the Reich had put foot onto Austrian soil 99.73% of the population voted for union with the Reich, and this wish was then carried out in accordance with the free will of the people. And that is said to be a crime? Then also he is a criminal who now-a-days advocates German re-union. By the same token, was it then a crime for the City of Danzig to wish for re-union with the Reich when the percentage of German inhabitants was as high as 90%? It was apparent already then that the self-determination of nations was being trampled upon. Rudolf Hess in the full knowledge of the aforesaid, nevertheless flew to England as he believed that in person he could bring about peace. According to international custom, truce bearers are normally sent back if one does not wish for peace. Rudolf Hess, however, was kept a prisoner and after the war, Mr. Churchill handed him over to the Nuremberg Vengeance Court. Later on, Churchill wrote in his memoirs and said: "In my opinion Hess paid the penalty for his insane credulity, and I am glad that I have nothing to do with this treatment of Hess." Who, may I ask, is then responsible for this, if not the head of the Government at that time? But the sentences pronounced on the Germans who were murdered in Nuremberg had already been pronounced during the war. "The Great Old Man," as people like to call him, left behind him heaps of debris in Europe and today he is glorified on postage stamps, also in Germany, as the greatest European. The Counsel for the Defense of Rudolf Hess was continuously ruled out and a few times he had to submit his speech for the defence to the censors before it could be read. Even Lord Shawcross, the British Chief Prosecutor, openly admits today that there was no defence for the accused . . . and he surely should know. Today Shawcross heads the battle for the release of

Hess. Rudolf Hess right from the start did not recognise this so-called court, unless Churchill, Truman and Stalin were seated next to him in the prisoner's dock. Rudolf Hess proudly said, when he was allowed to say a few last words, which were granted to every person under sentence, the following words: "I had the privilege for many years of my life to work under the greatest son which my nation has produced in its thousand year history — were I again at the beginning, I would act as I had acted also if I knew that at the end a funeral pile burns for my death in the flames. There is only one court where I have to account for my actions. That is before God. And I am convinced that He would acquit me." Exactly in this frame of mind he flew to England as is shown in his farewell letter which reads as follows:

"My Dear Family, I am convinced that I will return from the flight I will undertake in the next few days, and that this flight will be crowned by success. Should this not be the case, then the objective I had in mind was worth it. I know that you know me and you know I could not act otherwise.
Your Rudolf."

Now these people who are responsible for the murder of many millions of innocent people at Katyn, Dresden, Hiroshima and Nagasaki hold Court and pass judgement on a man who was willing to sacrifice his life in order to procure peace. Instead he has now been in prison for over 27 years. The world today sees fit to glorify the murderers of many millions of people who were the victims of their so-called revolutions of liberation of workers and farmers to enter 'paradise'. Others call the murderers of the Vietnamese their friends and admire the butchers of the Arabs because it happens to be the fashion. They then on the other hand are surprised when the present day youth does not take the older generation, which is responsible for this situation, seriously and play at revolutions in their own manner, such as are taking place in nearly all parts of the world.

My Dear Friends, I request you respectfully to collect signatures for the freedom of Rudolf Hess, especially since we are in this year commemorating Human Rights. Rudolf Hess himself cannot submit a petition for grace, as by doing so he would subsequently acknowledge wrong for right. And that is exactly what the so-called victors would like. Stretch out your hands and join us in the campaign for the freedom of Rudolf Hess. What is today being done to Hess, can happen tomorrow to a Vorster, Ian Smith, Salazar and Franco, or any one else, who does not fit into the world of the Goldbergs or whatever people are in control in the UNO. That is why we have so many non-Germans in our ranks, because the people are slowly becoming aware of what the future will hold for them. What we need more than anything else in this world is more men of the fortitude and strength of character to stand fast and unswervingly true to their principles, in the manner that no man has ever set us a better example than Rudolf Hess himself. Therefore let our motto be **FREEDOM FOR RUDOLF HESS IN HIS LIFETIME.**

"The Jew and his bank are today the masters of all Europe . . . of Education, of Civilization, of Socialism: of Socialism above all, by means of which the Jew is going to tear up Christianity by its roots and destroy its civilization. And when nothing but anarchy remains the Jew will put himself at the head of all. For while propagating Socialism among all the nations, the Jews will remain united among themselves; and when all the wealth of Europe is dissipated there will still remain the Jew's Bank."

—Dostoevski in 1880

SOCIALISM AND WAR

bankers and government men when he was killed; the purpose of the meeting was to arrange parliamentary support of the War Credits. In other words, the Socialist Leader whom the "Right Wingers" thought would refuse to support the War Credits was in fact busy at the business of actually arranging the War Credits. He was working hard to support the war. He had no time to waste on provincial bourgeois gasbags who were fools enough to believe what they read in the papers.

Socialism talked a good game of "PEACE" but it supported the war. Indeed, its basic function, the primary reason for its existence, was to support the war. There were indeed, preposterous asses of both the "Right" and the "Left," who wrote a great deal of nonsense for the popular press. They created images of "Socialist Utopia." These articles appeared as often in the Capitalist papers as in the Socialist papers. And why not? Capitalists support the Socialist papers secretly. Big Capital secretly controlled the Marxist trade unions, and used them to hold wages low. "Utopia" was a smoke screen designed to hide the Realities of life.

The Reality is that the working class and the middle class were manipulated cynically by super-sophisticates who controlled both the "Right" and the "Left," just as they do in the U.S.A. today. Behind this smoke-screen of hoop-la, Socialism developed the War Economy. The international bankers decided which nations would win and which would lose. These people were very "high up." They lived in the clouds, far above ordinary mortals. Unlike the shallow and ignorant provincial bourgeoisie of Europe, they did not fear "Communism." Why should they have feared it? They owned it. It existed only because THEY wanted it. Sometimes they did not bother to tell even Kings what was really going on. If Kings did not know, how was the ordinary man to know? Kaiser Wilhelm II of Germany was soundly taken to the cleaners. He was told that if he would support the Communist Revolution in Russia, a German victory on the Eastern Front would be assured. They DID NOT tell him that they were plotting to bring the United States into the war, so that Germany, after being victorious in Russia, would then be defeated on the Western front. Socialism dealt in war, traded on war, was indeed based upon war. Once Socialism got a foothold, there could be no peace in the world. Yet the whole pack of simpering idiots employed as publicists for Socialism simpered about "Peace." These people of course were mere flunkies and hirelings, and they did whatever they were told. They were literary and artistic pimps and prostitutes.

It should be understood perfectly that the original purpose of the Communist Revolution in Russia was to secure the defeat of Russia in the first World War. The backers of the revolution, secure in their offices in Wall Street, had no idea of creating a "workers' utopia." They planned to give Russia a stiff dose of famine, mass murder, and pillage. They planned to move in on the ruins and make Russia a colonial area, to be exploited. This did not quite work out. There were Russians who saw through the whole scheme. These were mostly the Czarist Secret Police. Josef Stalin was a Czarist Secret Police agent. There were many more of them planted in the ranks of the Communist Party. They were the ones who defeated the Wall Street Communist plan in Russia. This is the main cause of "East-West tensions" to this day. Stalin represented Russia; he represented the ideas of the Czarist Secret Police. Leon Trotsky represented "true Communism," i.e., the ideas of the New York bankers who backed the Revolution. The victory of Stalin over Trotsky confounded the Wall Street crowd. Stalin knew what Socialism was really for; he went to work and created a WAR MACHINE in Russia. The American Press, both "Conservative" and "Socialist," printed approximately the same tales about Russia. They always discussed Russia as a "Vast Social Experiment." The Conservatives said it was

bad; the Liberals said it was good; actually, it did not exist at all. What DID exist in Russia then, and what exists in Russia today, is a WAR MACHINE. It is made for war; it has no purpose except to wage war; it is incapable of doing anything else.

"Peace" propaganda generally appears in a nation which has been marked for destruction. War is said to be "unthinkable." It is represented as being an "obsolete" way of settling human problems. There is said to be a "better way." There can be a League of Nations or a U.N. All of these things were said in Europe in June, 1914. By August, 1914 the sound of big guns had shut the loud, lying mouths of the "peace quacks." The Socialist parties failed to support "Peace." Indeed, they had never intended to support Peace. Their only function was to manipulate public opinion. Far from being instruments of "Peace," they were designed in the first place to support war. The "insiders" who really ran the Socialist parties were for war, and they wanted war.

Real Socialism, i.e., government ownership of the means of production, has only one purpose: TO SUPPORT WAR. Genghis Khan owned the means of production. Ancient Sparta was a "G.I." state all the way. Sparta used iron money; the few Spartans who owned gold had to keep it in foreign temples, just as many citizens today keep their gold in Swiss temples called "banks." There is a great deal of talk of peace in the world today, but there is no real peace.

Socialism did not arise to create a "workers' utopia," or even to annoy provincial bourgeois folk who have developed the unfortunate habit of listening to "Right Wing" gasbags. Socialism arose because this is an age of conflict, an age of war. War will continue until the basic geopolitical problems of this age are settled by it. There is no peace in today's world because there are basic geopolitical problems which remain unsolved. Peace will not come from the yammering of the "New Left," or from the asinine writings of Norman Mailer and other Jewish ideological quacks. Peace will come only when the real problems are solved.

Behind its phoney mask of benevolent idealism, Socialism is above all else an instrument of war. It is a means of organizing the State and the People for war. Socialism talks a good game of "Welfare" but it has no more real interest in "Welfare" than Genghis Khan had. When you hear much talk of "Peace" then beware! You have been marked for destruction; the "Powers" have written you off. You are considered to be doomed and defeated. You are slated to be a loser; somebody else is scheduled to win. If you listen and believe, then you ARE doomed, and any sane sophisticate who really knows what is going on will write you off and forget you.

There is too much "Right-Left" controversy going on in this country today. "Right-Left" controversy is merely the surface foam on the ideological ocean. To mistake it for the Reality of the times is a great error. For the U.S.A. it can be a fatal error. Is there no intellectual leadership left to lead this country back to reality? If there is none, then this country is finished. The ordinary citizen cannot perform the functions of intellectual leadership. A nation must have a leadership class of real character, integrity, and intelligence. Have we lost the ability to create leadership? When we contemplate the sorry pack of political quacks in Washington, we fear that this may be so: the academic rabble hold little hope; the pack of Jews who run the mass-media and the national literature do not amount to anything: they are merely the jackals who eat the carcass of a dead lion. If there are any people left in this country who are still capable of exercising real leadership, it is high time, and past time, for them to come forward and act.

single battle of Verdun than in all the campaigns of Genghis Khan. More people have suffered more torture since 1914 than in thirty centuries previously. This is, quite probably, the most barbaric century of all human history.. This most villainous of all human history. This most villainous of all most utterly insupportable claims of idealism ever made.

It is a wonderful age, if you believe the mass media. This is the key to the madness of the media. They are striving to create an illusion of happiness, progress, and enlightenment amidst the encroaching unpleasant realities. They provide some sort of happy illusion for everybody. They provide Conservative illusions, Liberal illusions, Communist illusions. You can take your pick. It makes no difference, really. It is all merely in fun anyway, and the media can never, never make good on any of their promises to anybody. They are like a borrower who knows that he is going bankrupt and can never pay, and who therefore borrows and squanders more and more.

The Nazi is the legitimate heir of the bankrupt Liberal. It makes no difference that Germany was defeated in WW II, or that Hitler is dead. The basic realities of Twentieth Century history remain the same. They cannot be wished away. The next "Nazi" will not wear swastika emblems or sing the HORST WESSEL. He will not be named "Adolf" and perhaps will not even bother to remember who "Adolf" was. Perhaps he will not even be able to speak German. He will nevertheless do the same things: He will make war. He will attack the Jews, and very likely finish them off this time. He will do these things because these are the things which the century demands. The Nazi is the prototype of the ultimate Twentieth Century Man. It is not mere "Opinion" that makes the Nazi; the Jews are wasting their time with their efforts to influence "Opinion" against swastika emblems and little men named Adolf. They attack only the superficial aspects of Hitlerism. It is basic world problems which make the Nazi, and which make this the Nazi century, and which make sure that the Nazi will be the prototype of the final version of Twentieth Century Man. Reactionism wins because life itself is reactionary, not merely because people are persuaded to hold reactionary "Opinions." That is the kind of Age we really live in. Many people do not like it, and the mass media provide escapism. This is the only function of the media in America today. They no longer make any serious attempt to accomplish anything else.

RUSSIAN-GERMAN ALLIANCE IMMINENT?

AS GERMANY GOES SO GOES EUROPE...

Germans Tired of War Crimes, Tired of American Jews Meddling in German Affairs

Failure of U.S.A to Adopt a Coherent Policy Driving Germany Into Arms of Russia

WILL GERMANY CHANGE SIDES?

Germany is getting fed up with the United States; rather, it is more correct to say, Germany is getting fed up with the American Jews. War crimes trials are still going on twenty-five years after the end of World War II. The Jew-owned press in America has kept up a drum-fire of anti-German propaganda for decades. We Americans know the petty meanness and stupidity of our Jews. During the last four decades we have marched to the drumbeat of Jewish propaganda. We have marched toward racial integration and the end of the white race in America; we have marched toward Jewish totalitarianism. We have lived under "Jewish Supremacy." There are patriots who sit on park benches and grumble, but nobody has lifted an effective finger to halt the onward march of growing Jewish power in America. As a result, intelligent people around the world are losing faith in the United States.

Loss of Faith

The loss of faith has gone a long way in Germany. Bluntly, there is a good chance that Germany may change sides in the East-West struggle. This would bring a decisive shift in the world balance of power. Germany is the real bellweather of Europe. It matters little what DeGaulle does, or what Great Britain does. As Germany goes, so goes Europe. An alliance between Germany and Russia would be a formidable alliance indeed. German technology combined with Russian resources and manpower would make the greatest empire the world has ever seen. The vague forms of such an alliance are beginning to take shape.

The American Conservative is in the habit of thinking of Germany as an "anti-Communist" nation which could never possibly be allied to Red Russia. The American Conservative has also believed the United States to be an anti-Communist country. In fact, the October Revolution in Russia owed its existence to a plot hatched in the board rooms of the great banks of New York. The fables which have been told to the people in the mass media are one thing; the realities in the high secret places are quite another thing. The United States is not an "anti-Communist" nation. On the contrary, we have exported revolution to the whole world, while piously mouthing "anti-Communist" slogans. This is still hot news to many ordinary citizens in the USA, long deluded by the media; it is NOT news

WE PREDICT...

ONE TERM FOR
RICHARD M. NIXON

HIS SUCCESSOR:
E. M. KENNEDY

ONE TERM FOR NIXON

Looking into our crystal ball, we foresee that Richard M. Nixon will be a one-term president. By the time he escapes from the White House, he probably will be glad to get out of it and flee into obscurity. Nixon made it abundantly clear, even before he took office, that he is a "Show Window Goy," a front for the Jews. He will do exactly what the Jews wish to have done. During the next four years, the Jews are going to want some pretty outlandish things. No president can do the things which the Jews wish to have done, and still stand before the American electorate and claim to have represented their interests. The next four years are going to be utterly disastrous for the United States. Our true national interests will be ignored and flouted; only the interests of Zionism will be served.

The actions of Ted Kennedy are very important in this connection. His brusque campaign against Russell Long to become Senate Majority Whip was an important telltale action. Ted Kennedy was not born yesterday. He is a smart cookie who knows the name of the game. He is super-rich and has access to many sources of information not available to the average citizen. He knows Jewish plans regarding Nixon. He knows that the Jews plan to expend Nixon in one four-year term. Therefore, there will be a good opportunity for the Democratic nominee to win in 1972. Ted Kennedy is moving himself into a favorable position to get the Democratic nomination. During the next four years, as Senate Whip, Kennedy will cooperate eagerly with Nixon, the show-window Goy, and thus enable all Jewish plans to be carried out through

REAL MEANING OF NAZI GERMANY

Many of the things which happened in Europe in the 1920's and 1930's were simply beyond the ken of the average American. They represented nothing which could be expressed in terms of the American experience. Even after the Great Depression struck in 1929, Americans were basically optimistic; they believed that with a little tinkering and horse sense, the world could be made to run successfully. Liberalism was still alive in America; it was utterly dead in Europe. Americans tended to label European happenings with familiar American labels. Thus when Hitler came along he was tagged a "Right Wing" political leader. Actually, Hitler was born into a world in which the terms "Left" and "Right" had ceased to have any real meaning. Europe had toiled under Rothschild oppression for a hundred years. Rothschild, the great Capitalist, was also the prime financial backer of Marxism. The corruption of Europe was complete. The Press, owned by Rothschild, thundered against the "Godless Proletariat." At the same time, lapdog intellectuals employed by Rothschild lured the European workers into Marxist movements, which were really "Company Unions" much addicted to making sweetheart contracts with Rothschild-backed interests. Europe was in the grip of a brilliant Jewish fraud.

Jewish writers almost always speak of "Hitlerism" as if it were the sole invention of a man named Adolf. Actually, when the Masses go berserk there is always a little man who will get in front of them and run, and he is likely to be called their "Leader." The real essence of the matter is that the German masses had gone berserk under the lash of Rothschild oppression. It was possible to lead them, to guide them, but not to thwart their basic purpose. Why did the German masses demand the hide of the Jew? For the same reason that the masses everywhere demand the hide of the Jew: The Jew fancies himself a "World Aristocrat," destined to be leader and ruler of the world's masses. What will it take to convince the Jews that the world's masses do not want them and will not have them? The German experience ought to have made a profound change in the attitude of the Jews. If the Jews had the capability of learning from experience, they would now abdicate their positions of power in great Gentile nations; but the hu-

to the high-level intelligence services of the world. The main function of the American "Communist" or "anti-Communist" is to cover up the manifold villainies which go on in the high, secret places. But these things are concealed only from the eyes of the masses; they are not concealed from the sharp-witted men who really run the affairs of the world. **EVERY** high-ranking official in the Kremlin, for example, knows that the October Revolution in Russia was a fraud, a mere attempt by Wall Street to extend its power into Russia behind the mask of "proletarian revolution." The absurdities of American popular pseudo-controversy do not in any way influence the possibility of an alliance between Germany and Russia.

Great Russian Successes

Russia recently has scored some great successes in Western Germany. Many upper-class Germans are turning toward the idea of an alliance with Russia. The world was shocked by the so-called "suicide" of Admiral Luedke, one of six high-ranking West German officials caught spying for Russia in Western Germany. Actually, of course, Admiral Luedke was murdered by German intelligence agents after he was caught spying for Russia. This is practically standard practice in European intelligence circles. It saves the trouble and embarrassment of a trial, and all that.

What sort of man was Admiral Ludeke?

He was a gentleman. He was no sneaky, treacherous traitor, and certainly no cheap, greedy thief who sold his country out for thirty pieces of silver. He was fed up with war crimes trials. He was fed up with the meddling of the American Jews in German affairs. He sincerely believed the time had come to cut losses against Jew-ruled America and to go over to the other side. Admiral Ludeke was certainly not a Communist. There are practically no Communists in Germany, either East or West. There is a noisy element of the Cohn-Bendit Left, but they are like the New Left in America; they are a small number capable of making a lot of noise. It is not Communism which attracts the Germans to Russia; it is simply the bare geopolitical facts, the facts of manpower and resources, the possibility of a new alliance which would deliver Germany from the domination of the Jews.

Internal changes in Russia also encourage the Germans. Russia's political color is rapidly changing from Red to Black. (See U.S. NEWS AND WORLD REPORT, issue of Dec. 9, 1968, Page 39). Russia is moving politically in a Fascist direction. Every professional intelligence service in the world is well aware of what is going on.

Meeting of Political Minds

Today Germany and Russia are moving toward a meeting of political minds. Both have been badly injured by the American Jews. The Jews hate both Germany and Russia madly, and, for the most part, the feeling is mutual. Germany and Russia are both quite capable of dreaming of an Eastern Hemisphere which will be completely **JUDENFREI**. Some factors have tended to slow down the meeting of German and Russian minds; the hatreds of World War II are still fairly fresh. Germany and Russia, unlike the Jews, have not foolishly continued to exasperate old sores. They are sensibly willing to let old hatreds die. Poland is alarmed by the possibility of a deal between Germany and Russia; but Poland can be placated and reassured. One by one, the obstacles to an alliance between Germany and Russia are falling.

The Middle East crisis of 1967 accelerated the trend toward a Russo-German alliance. **COMMON SENSE** quoted Sir John Baggot Glubb at that time. Glubb pointed out that, if Russia takes over the Middle East, as seems likely, no nation in Europe can afford any longer to be allied to the United States. All will make a mad rush to get the best possible deal with Russia, the devil take the hindmost. This is not a matter of choices or preferences; it is a matter of stark geopolitical realities which the Europeans cannot afford to ignore. Russia will have

Europe flanked from the South. Russia will control Europe's main source of fossil fuel in the Persian Gulf area. This is what we lost in June, 1967, while the prostitute editors of our mass media were singing the praises of Israel's "Great Victory." We, in our grim and unpleasant way, pointed out the geopolitical realities. We pointed to the emerging shape of a great empire embracing Europe, Russia, and the Middle East. This empire is now emerging more clearly. No ounce of wisdom has yet been displayed by the makers of U.S. policy. U.S. policy still slavishly supports the interests of Israel and ignores the geopolitical consequences of doing so. We are losing World War III in the Middle East **TODAY**. It would be much cheaper to move the 2,500,000 Jews of Israel to posh suburbs of New York and Los Angeles, pave the streets with gold for them, and support them in idleness. Our Middle East policy is not a policy at all; it is a national debacle.

The Germans are a smart people. They see clearly that the United States has no policy, and that we are merely delivered over to a debacle by a pack of pawnbroking swine who are totally incompetent to compute the ultimate consequences of their actions. The failure of the United States to adopt a coherent policy leaves only one super-power with whom they might sensibly be allied. It leaves only Russia. Admiral Luedke believed sincerely that Germany would be better served by an alliance with Russia than by an alliance with the United States. That is why he arranged to deliver most of NATO's vital secrets to Russian Intelligence. Soviet Russia today possesses practically all of the top-secret NATO documents, war plans, and nuclear weapons locations. The matter goes far beyond mere spying. There are increasing number of top-echelon Germans who openly want an alliance with Russia instead of the United States. They are tired of war crimes trials. They are tired of being baited by the American Jews. They have lost faith in the United States, as one "Show Window Goy" follows another in office in Washington.

Will the Zionists come to their senses and see the damage they are doing? **COMMON SENSE** doubts if they will. We find that the Zionists are mostly paranoid types, like Hertzfel, the founder of the movement. They are empty-headed egomaniacs. Unhappily, these empty-headed egomaniacs have been making "American policy" for decades.

Emerging Empire?

The outlook is for an emerging empire which will incorporate Germany, Western Europe, Russia, and the Middle East. This is a direct consequence of the Jewish follies of June, 1967. It is an utterly bottomless disaster for the United States. The strategist MacKinder said, "Whoever controls the

Dante said, more than 700 years ago: "The hottest places in hell are reserved for those who, in a period of moral crisis, maintain their neutrality."

World Island controls the world." Russia is very close to control of the World Island, the great central land mass of the earth, comprising Europe, Russia, Asia and Africa. The possessors of such an empire do not tarry long among the imbecilities of Marxism; they will be too busy enjoying their enormous, unbelievable plunder.

We have come to the absolute end of the "Right-Left Age," to the end of any time when the political terms of "Right" and "Left" had any meaning. **TIME** magazine worries editorially about the decline of true Marxism; **PRAVDA** and **IZVESTIA** do not bother. They are too busy denouncing the Communist intelligentsia in Russia, whose photographs appear frequently in **TIME**, sometimes on the front cover. America, not Russia, is the last refuge of Marxism. Russia is too busy taking over the World Island to bother with the imbecilities of the American Jews.

Is there any possibility of an improvement in American policy? Apparently not much. Nixon has been dismissed by most of the world as a "Show Window Goy" even before his inauguration. The Jews rule America and make the policies. The American Conservative sits on park benches and grumbles about it, but does nothing about it. The road which leads to salvation is a dim, narrow trail, so they say; the road which leads to perdition is well paved and brightly lighted all the way. America is rushing along the well-paved road to perdition, led by the Jews.

That is why Germany has lost faith in America. That is why an alliance between Germany and Russia is looming as a probability rather than a mere possibility. **COMMON SENSE** is sorry to be the bearer of these bad tidings; if you want pretty lies, or pleasing theories, try some other paper. **COMMON SENSE** tells it the way it really is.

Senate to Vote on Nuclear Non-Proliferation Treaty

From Liberty Lobby Letter

Briefly, the "Non-Proliferation Treaty" would prevent nuclear powers from giving or selling nuclear weapons to nations which presently do not have them, and ostensibly would prevent the non-nuclear nations from ever obtaining them.

Hidden behind this innocent sounding language, however, are dangers which severely threaten the national security of the United States. For these reasons, the Senate should refuse to ratify the treaty!

The treaty is looked upon with extreme suspicion by our allies in Western Europe. By pressuring nations such as Germany and Italy to sign it against their will, the United States will be seriously harming the cause of Western unity.

The treaty's inspection "safeguards" are nonexistent!

Dr. Edward J. Teller, one of America's leading nuclear experts warns that: "If these demands are to be met in a truly effective manner the result may well be that the United States will have to assume, more than ever, the role of policing the world."

Rep. Craig Hosmer (R-Cal.) warns, "It will thus increase our opportunities to get involved in someone else's troubles by 150%."

Dr. William R. Kinter, formerly on the staff of the National Security Council warns: "If the United States tries to pressure Israel into signing the treaty, this country may have to pay a high price — a public bilateral security pact with Israel which might result in the more or less permanent alienation of the United States from the Arab world."

The Senate must be made to see that the treaty is a step toward war, rather than toward peace! It will be a hard fight, but it can be won! Patriots interested in keeping the peace and preserving America's national security must start now!

Write your two senators telling them why you are opposed to the Treaty. Write President Richard M. Nixon, Washington, D.C. and insist that he drop any plans to send the Treaty to the Senate.

Write letters to the editor of your local paper arousing people against the treaty!

Real Meaning of Nazi Germany

(Continued from Page 1, Column 3)
bris of the modern Jew is apparently nearly indestructible.

The collision between the irresistible Jews and the immovable masses is the most spectacular head-on collision the world has ever seen. The Jew-Marxist intellectual prattles about "The Masses" but the Masses are the real enemies of the Jews. Marxism is not an effective lever by which the Jews can control the Masses. Marxism was never stronger in any nation than in Germany. The strength of German Marxism had to be seen to be believed. You had to see the people of the working class districts of RED BERLIN going to the polls to elect a solidly Communist delegation to the Reichstag. The German workers were the Called and Chosen and Faithful of Marxism, the Vanguard of the Proletariat, the most advanced industrial working class in the world.

The German Jews counted heavily upon Marxism to enable them to maintain their hold upon the country. At one time, the power of the German Jews was as great as the power of the New York Jews in America today. They almost owned Germany, and wealthy Jews poured out millions of marks to support Communism. Marxism, in Germany then as in America today, was a prime tool of Jewish power. It was used to manipulate not only the people of the Left Wing, but also the people of the Right Wing. Life seemed to be a great debate over whether society should be organized along "Capitalist" or "Communist" lines; actually, there was no real conflict between Capitalism and Communism; the Jew-Capitalist and the Jew-Communist were blood brothers, mutually interested in a primordial racial battle against the Goyim, and not in the largely fictitious "Class Struggle."

Against this background, Gustav Krupp made an important decision. We happen to admire Krupp; but this is not the reason why we keep mentioning him. The fact is that he made a decision which will have to be made, one way or the other, by dozens or hundreds of Goyim around the world: "SHALL I THROW IN MY LOT WITH THE JEWS, OR SHALL I THROW IN MY LOT WITH THE MASSES OF GENTILES?" Krupp decided to throw in his lot with the German people, with the Gentile nation, rather than with the Jews. That is why Krupp backed Hitler. Every important Gentile leader in the world will have to make this decision sooner or later. The tendency in America is to straddle the fence; but this is a fence which cannot be straddled successfully.

Russian political leaders also have to make this decision. "SHALL WE THROW IN OUR LOT WITH THE JEWS, OR WITH THE DARK, PRIMITIVE MASSES?" This decision HAS to be made; it cannot be evaded. The stakes in the game are very high. The Jew promises that he can control the DARK MASSES with his bag of intellectual tricks; he can, so he says, control the vicious lusts, the burning passions of the animal-like herd. But what if the Jew can't do it? What if the DARK MASSES simply run berserk and trample Jews and their allies underfoot like a herd of stampeding cattle. The Jew says that the way to control the Masses is with his bag of intellectual tricks, which he invented in his spare time, when he was not busy at peddling, pawn-broking or pants-pressing. The intelligent pragmatist is suspicious of the Jew; he knows in his heart that the real way to lead the masses is to get in front of them and run. The intellectual Jew propounds a very dubious proposition. It is against all of the experience of six thousand years of recorded history.

By 1925 the Jews had failed in Europe. To be young in Europe in those days was to know things which, to this day, are not well understood in America. There were young men in the cafes, whom you read about in HARPER'S or ATLANTIC MONTHLY or the SATURDAY REVIEW OF LITERATURE. There were Hemingways and all of the glorious American expatriates of the romantic "Lost Generation." There were other young men whom you did not read

about in America. There were young men who talked of strange things, such as "RE-BARBARIZATION." What would such a word have meant to Americans of the period? Nothing, I am sure. In Europe it meant the Wave of the Future. In America the Liberal Age was still alive; in Europe, it was quite dead. You saw it only as a shambles of ruins, beyond repair, beyond hope. In America it was possible to believe that Liberalism could be "saved." In Europe it was impossible to believe with any real conviction that it was worth saving. This was perfectly demonstrated when Hitler came along. The Jewish publishing executives pushed the important-looking buttons on their desks; prostitute writers came running to do their bidding. Phoney political cartoonists set out to fry and sizzle a little man named Adolf. The Jews had the power, or so they thought, to destroy a little upstart like Hitler, even if he was financed by Krupp and trained by Von Papen. The Jewish campaign against Hitler never got off the ground in Europe. The fingers of the cartoonists became palsied over their drawing boards. The writers, always before so glib and willing in their literary prostitution to the Jews, found themselves unable to write anything effective against Hitler. There were always those thousands of voices outside the window crying "HEIL HITLER! SEIG HEIL!" The Jewish will wilted and collapsed. The Jews still do not understand the reality of men like Hitler and Mussolini. The real importance of Adolf Hitler is not to be found within the individual person named Adolf; Adolf Hitler is important because there are eighty million of him. He represents the masses clamoring for liberation from Jewish rule. He represents the POWER OF THE MAJORITY. The Jew stands for snide intellectual trickery and shoddy minority politics; Hitler is the man who gets in front of the majority and runs. The Jew can manipulate ambitious and mediocre little men, who want public office and public honor bought with Jewish money; the Jew cannot manipulate the majority.

There are, on the public scene today, a great many funny little men who think that they can "manipulate" the masses by means of mass propaganda. The Masses are a great, blind, stampeding herd; they will trample indifferently all of the funny little men who try to manipulate them. Being "for" or "against" the power of the masses is a futility; it is like being "for" or "against" tidal waves, earthquakes, or volcanoes. In any case, what are you going to do about such matters? What do you do when it rains? You just let it rain. What will you do when the Masses stampede and trample the Jews? You will do well to keep out of their way.

We are not guessing about this. We saw it happen in Europe in the 1920's and the 1930's. Hitler's final defeat by forces from outside Europe has obscured the totality of his victory within Europe. Hitler did not conquer Europe; Europe threw itself into Hitler's hands. Jewish writers often romanticize about the "underground opposition" to Hitler in Europe during World II. The fact about the "opposition" to Hitler is that there was none. The rotten old House of Cards built by Rothschild had collapsed. There was no intellectual fortress of Liberalism which even tried to stand against Hitler. Marxism? Anybody who missed the

"There'll be words at the United Nations about this . . . you'll see."

collapse of Marxism in "Red Berlin" missed one of the great spectacles of history. One day in the 1930's I strolled through the Brandenburg Tor, and along Unter den Linden Strasse, and saw a parade. I saw a band of husky young men marching in brown shirts with Swastika armbands. I knew most of them personally. I had seen them before at Communist meetings. They were the Called and Chosen and Faithful of Marxism, the Vanguard of the Proletariat; and here they were, marching with Swastika armbands. "Red Berlin" joined the Nazi Party, practically to the last man. I have never had any faith in the staying-power of Marxism since. Often I hear Communist or anti-Communist gasbags speaking as if the world really "MUST CHOOSE" between Capitalism and Communism. I saw the young men of Berlin make their choice; they did not choose Capitalism or Communism; they chose brown shirts with Swastika armbands. They quickly forgot how to sing THE INTERNATIONAL or THE RED FLAG and learned to sing a new song called THE HORST WESSEL LIED. The Age of Rothschild was over. It was foolish even to use such words as "Left" or "Right" in connection with such a matter; all such political words really belonged to a past age.

Now we can see clearly the limitations of the modern Jew. He can manipulate world affairs successfully only as long as the direction of world affairs remains in the hands of a creative minority; thus the circumstances which built Jewish power in the Nineteenth Century were almost entirely accidental. The Jew was a mere parasite in a system not of his own creation. He cannot stand alone; and, as he has destroyed his competitors of the Gentile Elite, he is left more and more to stand alone. When he stands alone at his pinnacle of power, his incompetence is brutally revealed. He cannot cope with the masses. Marxism was supposed to be an ideology for the masses, but it has remained largely the hobby of the professional intellectuals. Adolf Hitler disposed of German Marxism almost effortlessly. He did not do this because he possessed occult powers, but because Marxism was about finished in any case, and the masses were already demanding somebody to lead them out of it. Hitler was a true leader; he got in front of the Masses and ran. He made the decision which every world leader must make: Shall I resist the masses or shall I give in to them?

It is the Jew today who seeks to dominate the world's masses, to boss them, to tyrannize over them, to defeat and channelize their desires. This is why the Masses hate the Jew. Their hatred is bone-deep, violent, irrational, unthinking, instinctive. The Jew cannot argue with them because he cannot really communicate with them at all. The modern Jew is a great fool for standing in their way. When he stands in their way the masses will trample him and never even notice him.

Can such a thing really happen?

It did happen in Europe in the 1920's and the 1930's. It seems to us likely to happen around the world in the 1970's and the 1980's. COMMON SENSE would prefer to see Jewish power replaced by orderly and capable Gentile leadership in large Gentile nations like the U.S.A. This does not, however, seem to be happening. The Gentile masses, abandoned by the sold-out traitors of their own race, who have become Judaized and have abandoned their responsibilities, are now like a herd of bison stampeding. They will solve "The Jewish Problem" with great finality, but the process is not likely to be an orderly, happy, or constructive one. This is because the old-line Gentile leadership have failed to lead their people, have failed to resist the Jews. The masses will find new leaders, and they may not insist that such leaders shall be entirely laudable; they will only insist upon being led against the Jews. In the near-term future, the world most likely faces a time of irrational violence, which will continue at the demand and insistence of the masses until Jewish power is liquidated.

If you want a preview of what will happen, simply look at Germany during the

favorable legislation. Then, four years from now, when Nixon has been utterly discredited by the Jewish policies he will have to carry out, Ted Kennedy will step forward and grab the White House. Public opinion will be channelized deftly by the phony media.

Washington today is a mere puppet show. More and more, foreign interests which wish to negotiate seriously with the United States do not even bother to go to Washington at all. They send secret agents to New York to negotiate with the Jews. That is where the real power resides. Why bother with the rather mediocre flunkies and puppets down in Washington? Secret "treaties" are made in New York, which the State Department never even hears about. Indeed, the low class of flunkies now employed in the State Department would not even understand them. Massachusetts Institute of Technology refused to take Walt Rostow back after his stint in Washington. It was implied that Rostow did not meet high academic and intellectual standards. Indeed, there is no need for high-class intellectual talent in Washington today, because there is no real power there. The power is in New York. Washington needs only clerks to ratify decisions made in New York.

During the campaign, people tried to tell us that Nixon was a "Great Conservative." We respectfully gave our opinion that he was merely a great gasbag. He has demonstrated his subservience to the Jewish money men of New York, who are the worst enemies of this country. He finished the destruction of our position in the Middle East even before he took the oath of office. He demonstrated his intention to put the interests of Israel before the interests of the United States. We had no confidence in Nixon during the campaign, and we have none now. We predict that he will end up as a discredited one-term president, and that Ted Kennedy will make a strong bid to replace him in 1972. Senator Kennedy already sees clearly which way the wind is blowing. Even before Nixon took the oath of office, Ted Kennedy was planning to replace him in 1972. Kennedy has the inside track. He knows that the Jews will expend Nixon in four years. "Show-Window Goyim" are as expendable as any other kind of show-window dummies.

We have no use for the Kennedys, but we have to admit that they fit oddly well into our degenerate times. When J.F.K. first ran for president, there was some controversy about having a "Catholic" president. This was a mere teapot tempest. Long ago, the Kennedy ancestors on Erin's Emerald Isle were real Catholics. Old "Honey Fitz" of Boston was a genuine Catholic. The present-day Kennedys seem to regard Catholicism as a fine old heirloom which they don't quite know what to do with. If we had elected Al Smith in 1928, we would have been electing a real Catholic. The Kennedys, by their political alliances, qualify as "Honorary Jews."

So, in 1972, perhaps one "Show-Window Goy" will be replaced by another, and Jewish power will run merrily on. What will the American Conservatives do about it? They will sit on park benches and grumble about it, of course. In the end, their hash will be settled in a profoundly non-ideological way by the space ship carrying twelve men and a 100-megaton bomb.

If the political events of 1972 work out as we have predicted here, we will stop being mere prophets of doom and become bookies. We will stop merely predicting that America will be destroyed if the Jews continue to rule, and we will start taking bets on the day when it will happen. By 1972, the debacle of our civilization will be over and the panic will be on. Don't blame it on the funny little "Show-Window Goyim" down in Washington. They don't even know what is really going on. The Big Wheels in New York do not even bother to tell them, and they are not smart enough to figure it out for themselves. That is, except for Ted Kennedy. He has it figured out pretty

FORECAST FOR '69

Douglas M. Smith Letter for the Timing and Selection of Stock Trading by the Smith Index of Money Factors, World Political Economic Forces.

We are in a more dangerous fiscal position than in 1929. (1) Bank Debts (total money payments) to Demand Deposits in the New York City area reached 156% in 1929 — August 1968 147.7%, and 143.1% in October 1968. Interest rates reached 20% in 1929. (2) the per cent of Loans to total Bank Credit was 71% in 1929 and 68% in 1968. This hurts bank liquidity. Finally all banks were forced to close in March of 1933. (3) The ratio of Bond to Stock earning yields have only been at the present figure twice, in 1929 and at present. (Gov. Bonds are still falling and yields therefore are rising. (4) The ratio of Time to Demand Deposits in 1929 was roughly 90%. Today we have \$265 billion Time to only \$149 Billion Demand Deposits. The reserves a city bank carry on Demand Deposits of 16½%; on Time Deposits 4% (except in certain categories when both are a trifle higher). In times of financial stress Time Deposits are transferred to Demand Deposits which forces banks to put up the difference between 4% and 16½%. (5) Today we have only Fiat, printing press currency, with no Gold behind it. In March of 1965, the ratio of Gold to Federal Reserve notes was 42%, today 22% — but that is not a true picture as much of our present Gold is earmarked to others, so not under our control.

Our consumer price index has jumped to an annual rate of roughly 7%. I feel it will be safer to start paying off one's debts now. Foreign Governments and International Bankers will try to convince the public that their currencies are sound, but in the recent money crisis only two currencies stood out, the West German Mark and the Swiss Franc, both conservative nations with large Gold holdings. The Communists wrecked the strong fiscal position of France and had General deGaulle not stood firm and called upon his Army, the Communists might have actually taken over France. This was the second time he saved France — the other time in 1958.

The recent Basel Monetary Conference very clearly demonstrated that the U.S. can no longer dominate the world monetary policy. It brought out the fact that Germany has become the No. 1 financial and political power in Europe. This will most certainly affect the course of world history. It will be to the advantage of both West Germany and France to work together to build a powerful nuclear offensive system and prepare for the coming war with the Soviet. Herr Strauss, West German Finance Minister, is becoming more powerful and has a strong nationalistic following, and he may well become West Germany's strong man.

When West Germany and General deGaulle defied the dictates of the "Council on Foreign Relations" group of International Bankers to change the value of their currencies, this was that group's first major international defeat. In my opinion, this un-American group dictated the policies of President Wilson and every president since — including putting over the Federal Reserve Act on the unsuspecting public in 1913 when most Congressmen had left for the Christmas holidays. Few people understand the vastness of their power. That group financed and dictated the policies of the Communists until recently — now the Soviet has broken away from this New York City group, and are now for Soviet nationalism and are preparing for war. This group has been behind Israel since World War I, and in my opinion is the reason for the U.S. aid to Israel. I believe they have also worked to help Communist China. President

well, and he is already reaching for the White House in 1972. He knows that he has a splendid chance, because he knows what the Jews are going to do with Nixon in the meantime.

Roosevelt was under their domination and Eisenhower was picked by F.D.R. I wonder if Nixon will also be controlled by this group, perhaps through Eisenhower..

We face a problem few people care to contemplate. It is becoming evident to those who have made a study of the subject that war has become a means of maintaining the economy for presidents and that the real power behind them is the International Bankers. Perhaps the most authoritative book has recently been written by Curtis B. Dall, "F.D.R. My Exploited Father-In-Law." It goes into great detail of the power of the "Council on Foreign Relations" group beginning with President Wilson and World War I up to date.

I consider the Stock Market too risky for the average investor at this time, unless he is an experienced trader. There is going to be another and more dangerous international money crisis which will eventually be deflationary. The price of Gold will be raised when it is to the advantage of the International Bankers, as was the case when F.D.R. raised the price of Gold to \$35, most certainly at the orders of the Council on Foreign Relations. I first became aware of the power of the C.F.R. when I was an officer in the French Foreign Legion in World War I, and again as captain in World War II.

Real Meaning of Nazi Germany

(Continued from Page 3, Column 3)

1920's and 1930's. Germany was the test laboratory of tomorrow. You would think that the Jews would have learned something from Germany; since they have not, the world will gather its forces and make another effort to educate them. The leadership classes of the Gentiles have failed to resist the Jewish take-over of the world; now it will be the turn of the savage masses. The masses in the raw are seldom mild. If you want to be their leader in the coming times, you will have to get in front of them and run. If you want to try to resist them or control them, you will soon find that you are always running around with Jews. Can the funny little Jew really divert the stampeding masses?

Tune in on the years from 1970 to 1980 for the breath-taking answer. This drama promises to be exciting, to say the least.

ZIONIST LIES DOOM USA

RAILROADING USA INTO WAR WITH SOVIET UNION

By BENJAMIN H. FREEDMAN

Founder 1950 Christian Anti-Defamation League

The USA before very long will find itself railroaded into a third world war and again as the direct consequence of Zionist lies. It will not be a new experience for the USA. This will be the third time. It is a recognized fact today, beyond all question of any doubt, that the USA was railroaded into World War I and World War II as the consequence of Zionist lies. The author of this article possesses a first-hand, eye-witness personal knowledge how the USA was railroaded into those two wars. History is about to again repeat itself with World War III.

As this is being written, the USA is slowly but surely being railroaded into war in the Middle East with the Soviet Union, by the lies of the unsuspected Zionist international minority now resident in the USA. Is retributive justice at last catching up with the USA? It very much seems that way. The USA betrayed its own best interests, including security and survival, when this country in effect and in fact became the ally of the so-called State of Israel. The USA is destined to emerge from that war a defeated nation. That is the consensus of the nation's most qualified military experts. They are in the best position to predict the outcome of that war and they have already done so.

War with the Soviet Union in the Middle East is expected to break out at any moment as a result of Middle East developments since the June 5, 1967 blitz of the United Arab Republic, Jordan and Syria. On January 1, 1969 The New York Times published a Reuters cable from Naples announcing that the USA 6th Fleet had been placed on the alert that day. In recent years the USA 6th Fleet stationed in the Mediterranean has been using as its naval base Italy's great naval base in Naples. But the USA 6th Fleet today is no longer anchored in the Bay of Naples. Evidently the USA Joint Chiefs of Staff have learned their lesson from what happened to the USA 5th Fleet in Pearl Harbor on December 7, 1941. The USA 5th Fleet remained smugly at anchor in Pearl Harbor after being alerted that Japan was about to attack. The USA 5th Fleet was blitzed by the Japanese on December 7, 1941 and sent to the bottom of Pearl Harbor with four thousand (4,000) of our brave men aboard.

USA military authorities express the unanimous opinion that war may break out in the Middle East at any moment owing to the serious fighting that has been going on there. On January 3, 1969, King Hussein of the Hashemite Kingdom of Jordan stated publicly "war in the Middle East is imminent." Anything may be expected at any moment in the Middle East, with the armed forces of the so-called State of Israel running around wild like mad dogs and the so-called peace-loving Christian countries continuing to supply them the sinews of war.

Trouble Spot of the World

The shaded areas are those annexed by Israel in the June, 1967 Middle East war. The black area shows the land Israel stole from the Palestinians in 1948. We hear much in high diplomatic circles about forcing Israel to return to her "former borders," thereby giving the impression that they really want Israel to "toe the mark" and force her back where she "rightfully belongs." Israel has no "rightful borders." World opinion will sooner or later demand that the Zionists in Palestine, like any other gang of thieves, return every foot of stolen land to its rightful owners. This would make the State of Israel non-existent. All diplomats know only too well that never again will peace be known in the Holy Land while so-called "Israel" exists.

At this time there is only one way by which the USA can escape being railroaded into that war and experiencing that defeat. That escape will only be possible if the USA is fully enlightened concerning the Zionist lies which now make that war as inevitable as at this moment it is unpredictable. Failure to follow that recommendation immediately will prove equivalent to treason. Forewarned has often proved better than being forearmed. However, this time there will be no opportunity for a second guess. The conscience of the nation must not be permitted to fail it in this crisis.

War in the Middle East between the USA and the Soviet Union is explicit and implicit in the Zionist lie alleging a "commitment" by the USA "to defend the political independence and to protect the territorial integrity" of the "fruits of aggression" in Pales-

tine of the armed uprising by a minority of transplanted eastern European so-called Jews of Asian Mongoloid Turco-Finn ancestry, known to history as Khazars, none of whom ever had an ancestor who set foot in the Holy Land in Bible history.

The Christian 97% of the USA population should ask itself if the USA Administration has legal or moral authority to pledge the lives of USA boys and spend USA dollars to fight in a foreign war to help crooks hold onto their stolen loot. The transplanted eastern European so-called Jews in occupation of Palestine stole the territory they now occupy from its lawful owners. Has the USA Administration the legal or moral authority to make the USA an accomplice in one of the most gruesome international crimes of all time? On the Cross and about to be crucified, Jesus Christ is reported to have said, "Father, forgive them for they know not what they do." But corrupt USA politicians knew what they were doing to the disarmed and defenseless Christians and Moslems in Palestine when they provided USA military, financial and economic assistance to their ally in crime, the so-called State of Israel. The Arab nations will never forgive USA politicians for that Judas kiss.

Senator Mike Mansfield, the Senate's Majority Leader, a Democrat from Montana, invited the wrath of USA Zionists on January 5, 1969 when he publicly stated that he did not think the USA had a "commitment" to defend the so-called State of Israel. Senator Mansfield had the courage of his convictions. It will require gargantuan effort to overcome Zionist pressure on Senator Mansfield. Senator Mansfield's statement is a straw in the wind showing which way the wind is now blowing.

"General" Moshe Dayan, the self-styled Defense Minister of the armed uprising in occupation of Palestine and other Arab territory, was rushed to the USA to tell a television audience how "peace" could be preserved in the Middle East. On Channel 7 on the WABC network on December 15, 1968, "General" Moshe Dayan was asked by his inquiring television host how he believed "peace" could be preserved in the Middle East in view of the recent offers of Soviet Union assistance to the Arab victims of Zionist aggression. Without hesitating an instant, "General" Dayan replied, "All you (USA) have to do is to tell them (Soviet Union) if you come in, we (USA) will come in." That leaves nothing to the imagination. "General" Dayan told his whole story in the fewest possible number of words.

The illegally conceived and unlawfully created so-called State of Israel is aware that its continued existence depends upon railroadng the USA into war with the Soviet Union in the Middle East. They know how to accomplish that. They are planning to provoke the Arab states to the point where one of them will have no alternative
(Continued on Page 2, Column 1)

ZIONIST LIES DOOM USA

(Continued from Page 1, Column 3)

but to invite the Soviet Union to occupy their country with a Soviet Union military force. USA will interpret that as the Soviet Union having "come in" justifying the USA to also "come in." That is unquestionably the reason for the unwarranted attacks on the Arab states, including the attack on the civil airfield in Beirut on December 29, 1968. The patience of the Arab states is running out. The next provocation may spark the outbreak of World War III.

The illegally conceived and unlawfully created so-called State of Israel was pleased when it was announced the Soviet Union's navy would remain in the Mediterranean to defend the Arab states if necessary. Lebanon made clear to the world that Lebanon's harbors would not be denied to the Soviet Union's navy if necessary for the defense of Lebanon. When, as or if the Soviet Union's navy drops anchor in a harbor in Lebanon, the USA will be too embarrassed to know what to do about it. At Lebanon's request, in 1958 the USA occupied Lebanon with 14,000 USA Marines and anchored the USA 6th Fleet off the coast of Lebanon. What was the USA reason for that?

In 1958 Lebanon's Christian right-wing President Camille Chamoun feared a leftist government threatened to displace and replace his right-wing government. Lebanon thereupon invited the USA to occupy Lebanon to prevent that possible change in government. Neither Lebanon's independence nor existence was threatened by a foreign power in that area or anywhere. However, it was in the best interest of the USA to keep the right-wing party in power. President Camille Chamoun had always championed USA Middle East interests, especially financial and church interests. The Soviet Union may any day get and may accept an invitation from Lebanon to occupy that country. Lebanon's existence is in danger. Lebanon is today being threatened with invasion by the military forces of their declared enemy. The USA must face the fact that there is more justification in 1969 for the occupation of Lebanon by the Soviet Union if requested than there was in 1958 for the occupation of Lebanon by the USA when requested.

It is only the uninterrupted flow of billions of USA dollars each year for twenty years which made possible the continued existence of the so-called State of Israel. That military, financial and economic aid and assistance has already cost USA taxpayers in excess of twenty-three billion dollars, (\$23,000,000,000.00) of which 97% was supplied by taxes paid into the USA Treasury by the Christian 97% of the USA population. It is time the Christian 97% of the USA population awoke to the fact it was their generosity that contributed 97% of USA aid and assistance to the so-called State of Israel, not the generosity of the 3% of so-called Jews.

The Zionist lie about the so-called "six day war" illustrates the extent to which the so-called State of Israel depends for its existence on USA support for everything except manpower. It is now well known that instead of being a so-called "six day war" the June 5, 1967 attack by the so-called State of Israel was actually a "sixty minute blitz." That June 5, 1967 "sixty minute blitz" was planned, promoted and provoked by the USA to accommodate President Johnson's Zionist friends. To refer to the June 5, 1967 "sixty minute blitz" as a "six day war" is as unrealistic as referring to the December 7, 1941 Pearl Harbor "sixty minute blitz" as a "four year war," because the USA war against Japan continued for another four years after the December 7, 1941 Pearl Harbor "sixty minute blitz." The December 7, 1941 Pearl Harbor blitz was over in less than sixty minutes. So was the June 5, 1967 blitz of the United Arab Republic.

The USA practiced the greatest deception on the Arab states to insure the success of the June 5, 1967 "sixty minute blitz." President Johnson himself personally lulled the Arab states into a false sense of security. The Arab world will never forgive the USA for President Johnson's double-cross. In the

WHO GAVE ISRAEL THE "GREEN LIGHT"?

HARRY SOLOMON TRUMAN, sold out America and the world to Zionist interests, when in 1948, he recognized Israel eleven minutes after Zionists declared it a "State." Just as Communism would have never gone beyond the borders of Russia, had FDR not given the Soviets the "green light," it was Truman's support alone that enabled Israel to get off the ground. RABBI HILLEL SILVER, "muscle man" for Zionist Invisible Government which dictated then and still dictates the policies for both political parties. This Zionist "fuhrer" ordered Truman to recognize the armed uprising in Palestine as a "sovereign state."

week immediately preceding the June 5, 1967 "sixty minute blitz", with great publicity, President Johnson extended an invitation to President Nasser to send the Vice-President of the United Arab Republic to Washington as President Johnson's personal guest. President Nasser accepted the invitation and started his Vice-President on his way to Washington.

In the same week preceding the June 5, 1967 "sixty minute blitz", President Johnson instructed Vice-President Humphrey to proceed to Cairo immediately, as President Johnson's ambassador of good-will to President Nasser. Vice-President Humphrey was about to leave for Cairo when the June 5, 1967 "sixty minute blitz" was sprung on the United Arab Republic. To more completely throw the Arab states off their guard, President Johnson prevailed upon all the interested parties to submit the explosive issue of the right of passage through the Suez Canal and the Straits of Tiran to the International Court of Justice for an opinion. It was agreed that neither side was to take military action of any description pending that opinion. How could the Arab states suspect that President Johnson was preparing to double-cross them? The Arab governments could not imagine that President Johnson would stoop to that level. However, it did not take them very long to find out otherwise.

The true story how President Johnson double-crossed the Arab states should make every right-thinking USA citizen hang his head in shame. While preparations were going on in Washington to receive the Vice-President of the United Arab Republic, while President Humphrey was preparing to board a plane for Cairo, and while peace prevailed along the Suez Canal and the Straits of Tiran, a USA military U-2, high-flying photographic espionage plane was secretly flying over the Suez Canal-Sinai area photographing every military airfield and military installation. The photographs were being made for the so-called State of Israel. Prior to the June 5, 1967 "sixty minute blitz", the so-called State of Israel armed forces had in their possession photographs pinpointing every military airfield and military installation in the Suez Canal-Sinai area of the United Arab Republic.

The USA then introduced the Central Intelligence Agency (CIA) espionage spy-ship U.S.S. Liberty, into this conspiracy. The U.S.S. Liberty is a sister ship of the U.S.S. Pueblo, of which there are 200 in active service throughout the world. Like all 200 CIA espionage ships, the U.S.S. Liberty was equipped with the world's only electronic device to render inoperative at a great distance all radar devices for the detection of approaching planes in the air. Before day-break on the morning of June 5, 1967, the U.S.S. Liberty then rendered all radar instruments throughout the United Arab Republic's radar defense system inoperative.

With the complete United Arab Republic's radar defense system inoperative, the so-called State of Israel flew 200 jet planes over the Suez Canal-Sinai area of the United Arab Republic without the danger of detection by the United Arab Republic's extensive radar defense system. These 200 jet planes were equipped with special tanks for spraying LSD 25 gas over the area. Pilots and crews wore gas-masks purchased from Germany for that purpose a short while before the June 5, 1967 "sixty minute blitz." These 200 jet planes sprayed LSD 25 gas over the area in the way fertilizers are sprayed from planes over agricultural areas today throughout the world. In a matter of minutes the air in the Suez Canal-Sinai area was saturated with LSD 25 gas. The USA Chemical Warfare Division developed LSD 25 gas as an invisible, odorless and tasteless weapon for future wars. The military use of LSD gas was demonstrated to the so-called State of Israel by USA experts.

Because LSD 25 gas is invisible, odorless and tasteless, it is inhaled into the lungs without any knowledge of what is taking place, until it is too late to do anything about it. In ten to fifteen minutes after the LSD gas first enters the lungs, the victim is rendered incapable of thinking or acting. The victim is unaware of what has happened to him. The victim remains under the effect of the LSD 25 gas for twelve to fifteen hours. Only a special gas-mask can prevent LSD 25 gas from doing its work. The 200 jet planes saturated the area with LSD 25 gas in sufficient quantities to make certain that every person in the Suez Canal-Sinai area was quickly rendered insensible and incapable of thinking or acting. Every person lay around as though dead. General Rothschild, one time head of the USA Chemical Warfare Division manufacturing LSD 25 gas, reported to Congress the success of experiments on USA soldiers in the USA. The contents of these reports are very revealing on the extent LSD 25 gas can be effective in actual warfare as a modern weapon.

Allowing ten to fifteen minutes to permit the LSD 25 gas breathed into the lungs to do its work, the so-called State of Israel followed up the first 200 jet planes with 200 bombers. The 200 bombers were loaded with the most destructive type of bomb, including a secret bomb developed by the USA for the destruction of runways in airfields. Planes cannot leave the ground in airfields if the runways are destroyed. There was no sign of resistance from the insensible victims of the LSD 25 gas. The 200 bombers swept over the Suez Canal-Sinai area several times destroying every United Arab Republic plane grounded in the airfields and pulverizing the sophisticated weapons in the military installations. They were easy targets for the 200 bombers. The so-called State of Israel then rushed into the Suez Canal-Sinai area hundreds of tanks loaded with troops wearing gas-masks to protect them from LSD 25 gas still in the air.

Reports of what was taking place in the Suez Canal-Sinai area quickly reached the interior of the United Arab Republic. Planes, tanks and troops were rushed to the Suez Canal-Sinai area to join forces with the LSD 25 gas victims slowly regaining their senses. Prior to that time the so-called State of Israel tanks with troops had reached the Suez Canal. They dug themselves in to remain there. The Suez Canal was rendered useless with sunken ships, the primary objective of the June 5, 1967 "sixty minute blitz." With their planes destroyed on the ground and with their sophisticated weapons pulverized by bombing, it was hopeless for the United Arab Republic's armed forces to attempt to reconquer the Suez Canal-Sinai area. Fighting continued on a limited scale for the balance of the week. The United Nations then arranged a cease fire.

In the first hours of the June 5, 1967 "sixty minute blitz" a tense mood of uncertainty gripped the White House. In the week preceding the June 5, 1967 "sixty minute blitz", General Earle G. Wheeler, Chairman of the Joint Chiefs of Staff, in person assured President Johnson that if the United Arab Republic was blitzed they would be defeated in three or four days. Ambassador Goldberg

(Continued on Page 3, Column 1)

ZIONIST LIES DOOM USA

(Continued from Page 2, Column 3)

was finally convinced after Central Intelligence Agency (CIA) Chief Richard Helms assured him that General Earle's estimated time was an understatement of how quickly the United Arab Republic could be defeated. Until the June 5, 1967 "sixty minute blitz" had actually commenced, President Johnson rose each morning before dawn for the latest intelligence reports and called in his crisis command for long rounds of conferences.

It is easy to understand why President Johnson preferred to have the June 5, 1967 "sixty minute blitz" advertised to the world as a "six day war." President Johnson did not think it wise to let the world know the truth about the part the USA played in the June 5, 1967 "sixty minute blitz." President Johnson believed it wiser to make it appear that the brave little so-called State of Israel struggled for six days before they single-handed could defeat the giant United Arab Republic, with Jordan and Syria thrown in for good measure. The emotional appeal of a "six day war" was the cover-up to conceal that the USA planned, promoted and provoked the June 5, 1967 "sixty minute blitz." Everything except the manpower was supplied by the USA directly and indirectly. As Commander-in-Chief of the Armed Forces and as President of the United States, President Johnson killed two birds with one stone. He demonstrated the value of LSD 25 gas as a weapon for future wars and he performed a service for his Zionist friends, with the 1968 Presidential Elections not so far off.

The Zionists have befuddled USA Christians with their complicated lies to make it difficult for Christians to understand the question. The Palestine crisis can be explained very clearly without confusing the issue with historic, spiritual and racial questions. The issue is simple. Imagine the Eskimos at the North Pole claiming Panama as their ancient homeland, claiming God promised it to an Eskimo 4,000 years ago. Imagine the Eskimos invading Panama and driving the natives into exile. Imagine the Eskimos filling the Panama Canal with ships and then sinking them making the Panama Canal useless. Would the USA keep quiet? The Middle East crisis is as simple as that. Substitute eastern European so-called Jews of Asian Mongoloid Turco-Finn ancestry for the Eskimos, and Palestine for Panama.

The 600,000 eastern European so-called Jews of Asian Mongoloid Turco-Finn ancestry who were transplanted into Palestine by Great Britain between 1920 and 1947 behind a shield of 200,000 British troops stationed in Palestine for that purpose, had no more right to claim Palestine as their ancient homeland than the Eskimos at the North Pole have to claim Panama as their ancient homeland. Great Britain was blackmailed by the World Zionist Organization to carry out the 1916 London Agreement. The 1916 London Agreement is no longer a secret. Great Britain promised Palestine to the Zionists of the world for railroading the USA into World War I as Great Britain's ally. The author of this article was privy to the implementation of the 1916 London Agreement in the USA and fought bitterly to prevent its implementation but failed. President Wilson was the prisoner of the Zionist underground which blackmailed President Wilson.

World War I broke out in the Summer of 1914. By the Autumn of 1916 Germany had won the war and was offering Great Britain most generous peace terms. Although Great Britain declared war against Germany, Germany asked no reparations or indemnities from Great Britain. Germany offered to restore to all belligerents their territorial and political status at the outbreak of war in 1914. Great Britain's two allies, France and Russia, were unable or unwilling to continue in the war. Germany's armies then occupied all western Europe. Germany's submarine warfare in the Atlantic had reduced Great Britain's food reserves to a two week supply. The British troops in French trenches were without ammunition. In the Autumn of 1916 Great Britain faced the choice of immediate acceptance of Ger-

many's peace offer or starvation and surrender in a few weeks time.

Germany's peace terms to Great Britain did not ask for an inch of territory or a dollar in reparations. Germany was anxious to end the war in Europe. Germany wanted to proceed with the construction of Germany's all-rail overland route across Europe and Asia from Hamburg on the North Sea to Basra on the Persian Gulf, the gateway to the Indian and Pacific Oceans. The world today understands that Great Britain planned, promoted and provoked World War I to prevent Germany from completing that project. When Germany completed that project, Germany was certain to displace and replace Great Britain as the world's leading power. Great Britain's efforts to prevent the completion of Germany's project is the answer to the mystery of why World War I was ever fought, a recognized fact today.

Prior to World War I, Germany was considered the best friend of all so-called Jews in Europe. Germany's 1812 Emancipation Edict granted full civil rights to all so-called Jews. Equal opportunity and security existed in Europe only in Germany for so-called Jews. The German Kaiser attempted to obtain Palestine from his ally, the Sultan of Turkey, for the Zionists. The German Kaiser provided facilities in Berlin for the Zionist world-headquarters. Germany and Russia adjoined each other, there was no Poland prior to 1919. Russian revolutionists escaped punishment in Russia by crossing the frontier into Germany where they were welcomed and where they prospered.

In the Autumn of 1916 the so-called Jews of the world stabbed Germany in the back as a result of which Germany was defeated by Great Britain in World War I. As Great Britain was about to accept Germany's peace offer, the Zionists rushed to the British War Cabinet with their proposal. The Zionists convinced the British War Cabinet that Great Britain could defeat Germany if the USA entered the war as Great Britain's ally. The Zionists also convinced the British War Cabinet that they could railroad the USA into the war as Great Britain's ally. Great Britain thereupon rejected Germany's peace offer and accepted the Zionist proposal. Great Britain promised Palestine to the Zionists for railroading the USA into the war as Great Britain's ally.

The root of the Palestine crisis is the 1916 agreement between the British War Cabinet and the World Zionist Organization. There would be no Palestine problem if Great Britain had not promised Palestine to the Zionists in 1916 for railroading the USA into the war as Great Britain's ally. The Palestine crisis today is the result of the Zionists claiming their "pound of flesh" from Great Britain after the defeat of Germany. Great Britain promised the Zionists something Great Britain did not own. That is strictly between Great Britain and the Zionists. The

Christians and Moslems whose ancestors occupied Palestine for 1,700 years will never stop fighting to regain their homeland. Great Britain and the Zionists will have to settle their differences among themselves. The Christians and Moslems of Palestine will defend their ancient homeland to the last man. Will the USA go to war in the Middle East to deny the Christians and Moslems of Palestine the right to regain possession of their homes and their homeland?

Is it the fault of the Christians and Moslems of Palestine that the eastern European so-called Jews of Asian Mongoloid Turco-Finn ancestry could not establish a modus vivendi in Russia after the annexation of their former Khazar kingdom by the expanding Russian empire? When the Khazar kingdom was conquered and annexed by the expanding Russian empire, the Khazar population became part of the population of the Russian empire. The conquered Khazars resisted assimilation into the population of the Russian empire. The conquered Khazars organized their life as a state-within-a-state in Russia, planning to secede from Russia at the very earliest opportunity.

The conquered Khazar population in Russia regarded the Russians like the indigenous Irish population in Ireland regarded their British conquerors of the 13th century. They regarded themselves like the French-Canadians in Quebec, conquered by the British. Just as the Irish struggle for their liberation from Great Britain after six centuries had finally succeeded in winning their independence, and just as the French-Catholics in Quebec, conquered by Great Britain, are seeking the liberation of Quebec from Protestant Canada, so the conquered Khazars in Russia struggled for eight centuries in vain to regain their sovereign independence from the Russian empire.

From the time of their final conquest by Russia in the 13th A.D. century, the conquered Khazars organized several attempts to secede from Russia. They all failed. When these attempts to secede failed, the conquered Khazars claimed that Russia was persecuting them for religious reasons. Russia's efforts to defeat secession by the conquered Khazars was publicized by them as "pogroms", a word with a thousand meanings from riot to massacre. Russia never took military action against the conquered Khazars for religious reasons.

The conquered Khazars resisted assimilation into Russian life. Czar Alexander II removed all civil restrictions on the conquered Khazars hoping thereby to assimilate them into Russian life. Czar Alexander II was assassinated by the conquered Khazars because he lifted all restrictions on them. They organized themselves to achieve independence and sovereignty by seceding from the Russian empire. They did not wish to be assimilated into the Russian nation.

After their conquest by Russia, the Khazars regarded Russia as the French in Alsace-Lorraine regarded their German conquerors after their conquest by Germany in the Franco-Prussian war of 1870. They left no stone unturned until they liberated themselves from German captivity. Peace never reigned again in Russia between the conquered Khazars and their Russian conquerors after the annexation to Russia of the defeated Khazar kingdom.

The converted Khazars never gave up their idea of regaining their sovereignty and independence. The world was given to believe that Russia was persecuting the converted Khazars because they were not Christians. That was not so. Russia was compelled to use military force against the converted Khazars to defeat their attempts to secede from the Russian empire. The religion which the conquered Khazars professed was the Talmudic religious faith to which the Khazar population was converted in the 9th A.D. century, Torah Yahve.

The conquered Khazars never gave up the idea of seceding from Russia and again establishing their former Khazar kingdom. That revolutionary aim was the cause of the bad blood between the Russians and the conquered Khazars. That revolutionary aim gave rise to the Palestine problem. As the Russian empire grew in size, in population

and in military power, the conquered Khazars saw their hopes of restoring the sovereignty and independence of their former Khazar kingdom disappear down the drain.

Hope sprang anew in the hearts of the conquered Khazars when President Wilson decided to carve a Polish Republic out of eastern Europe at the end of World War I. The ancient Kingdom of Poland was erased from the map of Europe when it was divided between Russia and Germany in the 18th A.D. century. The new Polish Republic planned by President Wilson was to occupy territory which included a piece of the former Khazar kingdom, which was then occupied by six million eastern European so-called Jews of Asian Mongoloid Turco-Finn ancestry, still an unassimilated people.

These six million so-called Jews of Khazar ancestry embarked upon a campaign to create in the territory reserved by President Wilson for the new Polish Republic, an independent sovereign state with only eastern European so-called Jews of Khazar ancestry. That independent sovereign state was to become the restored Khazar kingdom. When the Polish Christians heard of this campaign, they fought against it. Polish Christians and so-called eastern European Jews of Khazar ancestry waged a war against each other. President Wilson could not understand why people were shooting others in the streets in eastern Europe after World War I had ended. President Wilson soon found out what it was all about.

President Wilson sent the Hon. Mr. Henry Morgenthau Sr. to the scene of the shooting to learn the reason. Mr. Morgenthau Sr. reported to President Wilson that the eastern European so-called Jews of Khazar ancestry were determined that part of the area reserved for the new Polish Republic be allocated to them for their restored independent sovereign Khazar state. The Polish Christians opposed that idea with all their might. They resorted to shooting on sight the so-called Jews of Khazar ancestry. President Wilson told them it was impossible to satisfy their ambition to again restore their Khazar kingdom in eastern Europe in 1919.

If in 1919 it had been possible to restore in eastern Europe an independent and sovereign state for the so-called Jews of Khazar ancestry, there would be no Middle East problem today. Having failed in that respect, and with no possibility of ever being able to carry out that project, the eastern European so-called Jews of Khazar ancestry adopted Theodor Herzl's scheme to vacate eastern Europe. They then planned to create in Palestine an independent sovereign state for so-called Jews, to get the so-called Jews out of eastern Europe where they would never consent to assimilation.

Theodor Herzl was a paranoid Viennese journalist and playwright. The Dreyfus trial in Paris caused Herzl to write a successful play or book on that trial. Herzl became obsessed with the idea of actually creating the theocracy in Palestine which he had planned in a book or a play. Herzl states in his autobiography that his idea was to find a place in the world where the so-called Jews of Khazar ancestry in Russia could be transplanted. Herzl was convinced that peace would never prevail in Russia as long as the so-called Jews of Khazar ancestry occupied any part of Russia as a conquered people.

Herzl was satisfied to transplant the eastern European so-called Jews of Khazar ancestry to any other part of the world if Palestine was not available for that purpose. Because it would be difficult to find justification to dispossess the entire population of any other country, Herzl decided upon Palestine as a suitable territory into which to transplant from Russia all eastern European so-called Jews of Khazar ancestry. That began the move to transplant into Palestine the eastern European so-called Jews of Khazar ancestry.

If the necessity never existed to evacuate from Russia the eastern European so-called Jews of Khazar ancestry, there would not be a Palestine problem today. The Palestine

problem exists today because the conquered converted Khazars resisted any assimilation with Russia's population. But is that any reason why the 1,350,000 Christians and Moslems now be dispossessed from Palestine to make room for the transplanted eastern European so-called Jews of Khazar ancestry? That question answers itself.

Of course, Great Britain had other irons in the fire. In 1917 Great Britain exacted from the Zionists the promise that after the creation of the so-called State of Israel under the 1916 London Agreement, that the so-called State of Israel would seek admission as a member of the British Empire. In that status, Britain would dig a most modern canal from Gaza on the Mediterranean to Aquaba on the Red Sea, in perpetuity on British territory, fulfillment of a dream.

Great Britain's lease on the Suez Canal was soon to expire. With no access to the Far East and the East Coast of Africa, Great Britain's future as a leading world power was uncertain. The Suez Canal in the hands of an enemy of Great Britain meant the end of the British empire as a world power.

Another iron in the fire was the five thousand billion dollar (\$5,000,000,000,000) mineral wealth of the Dead Sea. Mr. Bernard Baruch often discussed with this author his interest in the Zionist movement. He analyzed with this author his interest in the chemical wealth of the Dead Sea. If developed for the benefit of the Arab world, the mineral wealth of the Dead Sea could raise the standard of living in the Arab world to the equivalent of the western world. Mr. Baruch declined this author's appeal to give humanitarian consideration to the future welfare of the Arab world. One word from Mr. Baruch to President Truman would have ended support for the so-called State of Israel as a sovereign state. The so-called State of Israel was just an armed uprising in Palestine by the minority of the transplanted so-called Jews of Khazar ancestry. His mysterious death silenced Secretary Forrestal's plan to reverse Mr. Baruch's decision to support the so-called State of Israel with unlimited USA aid.

The USA planned, promoted and provoked the most un-Christian, non-Christian and anti-Christian international crime of all time. It is certain that Christianity cannot survive a war fought to uphold the doctrine that created the so-called State of Israel. After World War I and World War II fought among the world's leading Christian countries, it is doubtful if Christianity can survive another world war fought to help crooks hold onto their stolen loot. If the USA is displaced and replaced by the Soviet Union as the world's leading power, the USA will only have itself to blame.

As Ambassador Jamil Baroody of Saudi Arabia asked USA Ambassador Wiggins in the Security Council meeting on December 31, 1968, what did the Arabs ever do to the USA to be treated as they have been treated. Ambassador Wiggin did not answer the question, because he could not although he is a fluent journalist. Time is growing late. The time may be approaching when the USA population at the grass-roots level must step into the picture to save the USA from defeat by the Soviet Union in a Middle East war. The voice of the people will be heard.

To quote a French Canadian paper, L'Unité Nationale, Nov. 4, 1953, published in Montreal: "The president of the World Jewish Congress, Dr. Nahum Goldmann, at Montreal in 1947, declared: 'The Jews might have had Uganda, Madagascar and other places for the establishment of a Jewish fatherland, but they want absolutely nothing except Palestine; not because of the Biblical or religious significance of Palestine; not because the Dead Sea waters by evaporation can produce five trillion dollars worth of metaloids and powdered metals, not because the sub-soil of Palestine contains twenty times more petroleum than all the combined reserves of the two Americas, but because Palestine is the crossroads of Europe, Asia and Africa, because Palestine constitutes the veritable center of world political power, the strategic military center for world control.'"

A JEW WARNS JEWS

By HENRY H. KLEIN
(Prominent New York Attorney)
Though Written in 1947, It Might Well Have Been Written Today . . .

It is a sad commentary on human events that the greed of a few persons can imperil the lives of all the people. That is the meaning of the drive for a Jewish state in Palestine. A handful of Jews and Christians own the corporation known as Palestine Potash Ltd. which holds a concession for the exploitation of the chemicals and minerals in the Dead Sea. These chemicals and minerals are estimated to be worth five thousand billion (five trillion) dollars. It is to protect this concession which the concessionaires have been operating more than fifteen years, that Jews from Europe are being driven to Palestine by the political Zionists.

Political Zionism is an agency of Big Business. It is used by Jewish and Christian financiers in this country and Great Britain, to make Jews believe that Palestine will be ruled by a descendant of King David who will ultimately rule the world. What a delusion! It will lead to war between Arabs and Jews and eventually to war between Moslems and non Moslems. That will be the turning point of history.

The Arabs know the value of the Dead Sea chemicals and of the oil under the Dead Sea and throughout the Middle East. They know the longing of western industrialists for this wealth and for all the other natural resources of that part of the globe. They know that the Middle East is about to be exploited by the industrial west and that Palestine is the entering wedge for that exploitation.

Who are the industrialists and financiers behind this exploitation? They are the leading stockholders of Palestine Potash Ltd. and of Palestine Economic Corp. They include Rockefeller, Warburg, Lehman and Guggenheim among others in the United States and they include Jewish and Christian industrialists and financiers in Great Britain including members of Parliament.

Palestine Economic Corp. controls virtually everything of large value in Palestine including real estate, water power, tramways, banks, etc. and it owns a large share of Palestine Potash Ltd. Those who control these corporations virtually control the governments of the United States and Great Britain. Jews are being used as catspaws and pawns in their great game of grab.

Do Jews know this fact? Very few know it or believe it, so thoroughly have they been propagandized, hoodwinked and humbugged about Palestine. Not only do the mass of Jews not believe it, but they have contributed dozens of millions of dollars toward their own deception.

What is the remedy? There is none. The propaganda is too strong and the financial interests behind political Zionism, are too powerful. They control most sources of information. The result will be an Arab-Jewish war with reactions against Jews not only in Arab countries but all over the world.

THE WORLD MUST CHOOSE BETWEEN PAGANISM OR MONOTHEISM

Coming Religious Persecution

During the Year 1967, the outlines of a new Empire began to emerge. In June, our stupid mass media were full of exultant Jewish voices proclaiming the coming of the Messianic Age. By chill December, even the most thick-headed of the Jews were beginning to realize that the creeping chill of a new Ice Age threatens to engulf them. Meyer Levin, the Jewish novelist, made a speech in a Miami Beach synagogue warning that the Republic of Israel is in a position of danger. We wonder how many of the Jews realize the magnitude of the danger which confronts them today. The new Empire which is emerging on the Eurasian land mass is NOT the Empire dreamed of by the Jews. It is a fundamentally PAGAN Empire which has escaped from the influence of the Jews. The Jewish war of June, 1967 triggered the rapid development of this new Empire. By driving the Arabs into the hands of the Russians, the Jews destroyed their last chance of survival on the Eurasian land mass. Russia has now encircled Western Europe from the South and has established her control over the Middle East, along the former lifeline of the British Empire. It was a black and evil year for the United States, and for Western Civilization. Russia now controls the "World Island," the great land mass of Europe, Asia, and Africa. The strategist Mackinder said that whoever controls the World Island controls the World. The nations of Western Europe are struggling wildly to jump onto the Russian bandwagon while the jumping is good. NATO is dead. The United Nations is dead.

Communism is dead, too. Men who control a World Empire do not spend their time of day on a paltry philosophy like Marxism. It will be junked as rapidly as expediency permits. It was never the monolithic movement which Communists and Anti-Communists alike once proclaimed it to be. In retrospect, we can see that the Communists and the Anti-Communists were more alike than different anyway. Marxism was never really a revolution. It was the "control mechanism" of the International Capitalist Gang, the mechanism by means of which they hoped to rule the world. Marxism was used to control both Capital and Labor on the home front in the advanced countries, while it was also used to extend Capitalist power into backward countries like Russia and China. Marxism was always a power-tool of the Capitalists, and it was never anything else. The Capitalists employed certain characters, generally people of low caliber, to be "Marxist Intellectuals" and to make suitable "Revolutionary" noises. They also employed other people, who were called "Anti-Communists," to make suitable "Conservative" noises. It was all sound and fury and signified nothing. The really important thing is that the new Empire which is emerging on the World Island will NOT be under the control of the New York Gang which sought to control Russia by means of the October 1917 Revolution. The

new Empire is not based upon the power of Money and Intellect, as the New York Gang intended it to be. It is based upon naked, Pagan FORCE. Naked force, not Marxist ideology, is the magnetic force which, during the year 1967, had drawn all of Western Europe into the Russian orbit. In fact, the new "World Island Empire" is likely to be a short-lived one, because of the near total absence of real intellectual or spiritual content within it. Its life will be short, but it will also be dramatic and disastrous. It will span the period of World War III. It will ring down the final curtain upon the Modern Age, and will throw the world into an Unknown Tomorrow, where all of the old signposts will be missing.

One of the first things which will be undertaken by this new Empire will be a great religious persecution. The basic foundation of this emerging Empire is naked, Pagan force. It is Pagan in its spirit. It will therefore want no part of the UNSEEN God of the Judaeo-Christian tradition. Paganism is the religion of the TANGIBLE and the MA-

... TERIAL. It must have an idol, an image which can be seen and touched. It wants no part of the invisible God. It wants not the God of Abraham and Isaac and Moses. Nor does it want any part of the crucified Christian Christ. In recent generations, we have lived in a tightly-insulated world of illusion; we have believed that the world had arrived at a permanent plateau of "Enlightenment." The ancient, false "Earth Gods" were relegated to the realm of "Ancient Mythology." The fallacy of this proposition is now about to be demonstrated. The Science of Theogony, or God-Making, was never busier than today. Man's concept of the Supernatural affects his waking-consciousness profoundly; therefore, it is a matter of concern to power-holders. The power-holders of the new "World Island Empire" will gravitate toward Paganism like opposite poles of a magnet coming together. Paganism is a coldly negative thing. It requires no effort. It is simply the ABSENCE of Higher Religion. It needs no apostles or prophets. It appears AUTOMATICALLY whenever Man's higher religious consciousness is impaired, as it certainly is at the present time.

The new "World Island Empire" will make a determined effort to get rid of Monotheism. It will make no distinction between Protestants and Catholics, or between Christians and Jews. It will enter into no controversy with them; they will be unable even to enter into a dialogue with it. It simply wants to be rid of them. To this end, it will bring a severe persecution against them. It will not hesitate to PUT TO DEATH the obdurate believer who clings to his faith. It will convert as many as possible to its own way of thinking; and this will be an overwhelming majority, for the masses are spiritually bankrupt today; then it will demand the death of any who resist. It will be impatient to be rid of the believers in Monotheism, so that it can get on with its Pagan practices; it will not stop to argue.

The Jews have moaned for twenty years about what Hitler did to them. NOW they really will have something to moan about. Hitler's "final solution" was not very "final" after all. Jews were still plentiful in the world, nearly as plentiful as blueberries in August. Next time, it will be different. When the new "World Island Empire" has finished with them, Jews will be a rarity in the world. A single 100-megaton bomb exploded over New York City would kill more Jews in one hour than Hitler managed to liquidate in five years of hard trying. Exploding such a bomb over New York City is definitely planned by the "World Island Empire."

Christians can draw little consolation from the Jewish plight. Even those of us who have never liked the Jews, who resent their bankrupt arrogance, their unbridled greed, and their special talent for grabbing powers which they are not competent to ex-

(Continued on Page 2, Column 1)

Coming Religious Persecution

(Continued from Page 1, Column 3)

ercise, can nevertheless draw absolutely no comfort from their impending doom. The persecution which will liquidate them will also undertake to wipe Christianity from the Eurasian land mass, and, ultimately, from the whole world. It will persecute the one as ruthlessly as the other. Roman Catholics must now prepare themselves for the loss of Rome as headquarters of the Church. This is now practically a sure thing. Rome has stood for centuries as the Beacon Light of the West. The Church was indeed the mother of the European nations, of races and languages, of culture and achievements. The keenly-attuned waking-consciousness of Western Man was nurtured in the bosom of the Church. The Church brought to the half-naked barbarian tribes of Europe an untold accretion of culture. The great technological achievements of the West could not have been made by tribes evolving straight from Barbarism. Without the Church, Western Civilization would have been a weak and paltry affair, perhaps comparable to the civilization of the Mayans in ancient Mexico, limited in scope and achievement.

Yes, the Church was the mother of nations, but now her ingrate children are about to turn against her. It stems from the vaunted Israeli victory of June, 1967. The real meaning of events in the Middle East is that Europe is flanked by Russia in a fatal way. The nations of Europe are rushing to get onto the Russian bandwagon while the getting is good. Christianity is among the baggage they will discard in this unseemly rush. The nations of Europe, including Italy, will rush pell-mell into the new Paganism. Eternity will be swapped for fickle time; mortal man knows that the god Chronos devours his children. Fickle, mortal man is always too eager to swap the Eternal Treasure for the quick rewards of passing Time.

In the coming persecution, it will do you no good to be an Atheist, either. The Pagan is NOT an Atheist. He is a believer in a religion. The Pagans hate the Atheist; indeed, this is one of the most virulent religious hatreds of our time. Atheism is the mere hobby of Acadamedians; it is not really a powerful force in our time. It began as the hobby of the Eighteenth Century rich; it was always more or less merely a mask for Paganism anyway. The masses demand their Pagan gods; they regard the Atheist as a blasphemer.

The world in which you live today, having been stripped of effective Christian influence, is now about to go spinning backward for hundreds of centuries, back to the ages of the Pagan gods, of their black violence and perversity, their whimsical indifference to the fate of man. These are really the ONLY alternatives available to Man: Monotheism or Paganism. Such things as Atheism and Marxism are merely short-term interlopers in the picture; they do not last. During the last 100 years, the Reverend Clergy have occupied themselves enormously, indeed almost exclusively, with controversies against Atheism and Marxism. All the while, Paganism has been ticking away like a time-bomb set to go off in 1967 and blow their cosy little intellectual world over the moon. By concentrating on Atheism and Marxism, the Clergy have demonstrated their own decadence and incompetence, and their subservience to the Secular order which sought to sustain itself by pseudo-controversy about Marxism. Today the Clergy are ill-armed to go to war against Paganism. Many of them do not appear even to know what it is. One cannot believe that the decadent Ecclesiastical machine of today will fight a strong battle against the emerging Paganism.

Yet Paganism must be fought, if Man is to survive as a species. It is likely that the Christians of Europe will at last arouse themselves, too late, to fight a battle in which they will be defeated. The real battle will have to be fought later, by regrouped and reorganized forces, somewhere else. Make no mistake about it: It will have to be a MILITARY battle. The

TOMB OF LENIN

MOTIVATING FORCE BEHIND MODERN SOVIET PAGANISM

age when battles were won by mere "controversy" and "opinion" is over. Mere opinions and ideologies no longer really count for anything at all. NAKED FORCE has taken charge in the world. Its "ideology" lies at the point of a sword, or in the nose of a 100-megaton bomb, not in any book ever written. The ideological bankruptcy of the world today is complete.

This is what really lies behind the defeat of the Jew. The modern Jew is an ideological creature. He believes in the "Victory of Great Jewish ideas." At the time of the October Revolution in 1917, Moscow was full of signs in Yiddish, proclaiming the victory of Jews. What ever happened to the victory of the Jews in Russia? Many readers of COMMON SENSE write to us to insist that the Jews are still in power in Russia. Frankly, we do not believe this. We believe that Soviet Anti-Semitism is real. We believe that Russian Jews stand on the brink of untold disaster. Let us now examine the forces which have undermined Jewish power in Russia. Over the past year, we have published a number of articles about intrigues which took place in Russia. We have pointed up the importance of the murder of Leon Trotsky. Nevertheless, these intrigues alone do not fully account for the downfall of the Jews in Russia. The main thing is the emergence of NAKED FORCE as the predominant factor of power in Russia, replacing intellect and wit. The main talents of the Jew lie in the intellectual field. He is a skilled manipulator of ideological charlatanism. During World War II, the Army emerged as the principal holder of physical force and power in Russia. In a way, Hitler can laugh at the Russian Jews from his unknown grave. By forcing Russia into war, he built the power in Russia which destroyed the Jews. Prior to the war, the Jewish Secret Police held the main lines of physical force and kept the Army divided. In war against Hitler, this situation could not be maintained. The Army Marshals began to view the Jews and the Secret Police with a jaundiced eye.

We are told that the final showdown happened when the Army was on maneuver near Moscow. Suddenly two army divisions swept into the City and surrounded the infamous Lubkiana Headquarters of the Jewish-dominated Secret Police. The Jews inside the building were slaughtered like so many swine. Thus power passed from the Jews in the Secret Police to the native Russian Marshals of the Army. We were not there. We did not see this happen. We could not swear under oath that it did happen. Our informant is a well-placed person whose information passed to us has been accurate over a long period of years. We believe it.

Actually, it makes no difference exactly how the thing happened. The public actions of Russia have made it perfectly clear that the Jews are no longer in control there. If you want to believe that they are, then you are simply living in the past. Regardless of the exact details and intrigues, the downfall of the Jews in Russia was caused chiefly by one thing: THE EMERGENCE OF A POWER-PRINCIPLE WITH WHICH THE JEWS ARE NOT QUALIFIED TO COPE. The original plan of the Jewish Revolution in Russia was to "expend" Russia in a revolutionary campaign against Western

Europe. This failed for a variety of reasons. Not the least of these reasons was the U.S. Presidential Election of 1920. In 1920, we voted into office people who would not "go along" with the Jewish plan for Russia. Things went wrong in the years between 1920 and 1933 which the Jews were never able to rectify. In 1933 we elected an Administration obedient to the Jews; in every election from 1933 to 1952, we really elected Bernard Baruch President of the United States; but in the critical years between 1920 and 1933, things went badly wrong for the Jews. Leon Trotsky was murdered; Hitler arose in Germany; so that, although the Jews had originally planned to weaken Russia and wipe out Russian military power, they now had to encourage Russia to fight against Germany. In fighting, Russia recovered her Nationality, which the Jews had striven to destroy. As the Scottish Bard said, "THE BEST LAID PLANS OF MICE AND MEN GANG AFT AGLEY . . ."

The Jewish principle of INTELLECTUAL POWER in Russia was undermined by the principle of NAKED FORCE. Russia today relies 100% upon naked force, and hardly at all upon Communist ideology. When Russia set out to take over the Middle East in 1967, she sent no Communist agitators; she applied naked force judiciously. Russia now HAS taken over the Middle East, and, with it, the nations of Western Europe; and, with them, Russia has taken control of the "World Island."

Now the World Island is to be ruled by naked, Pagan force, and the emergence of a Pagan religion is a sure-fire thing. Moreover, the new Paganism will be a COMPULSORY religion. The New Empire will demand universal acceptance of it. "Either bow down before the Idol and worship it, or be put to death." With the flimsy power-structure of the World Island Empire at stake, and depending upon the rapid formation of supporting beliefs, the New Empire will be absolutely ruthless in its religious persecution.

There, Mr. Jew! There, Mr. Catholic! There, Mr. Protestant! See how trivial and silly have been your contentions of recent times! See how ignobly you have prostituted yourself to the most venal influences! What now, Little Man? How will you meet this new menace? Most of you will run and surrender, or else you will appease and try to bargain. You have filled the world with your mediocre gasbagery for a hundred years. You have compounded the spiritual confusion of the masses. Now they will desert you and rush to the other side. Jewish heads will roll; St. Peter's and the Vatican will go up in smoke; famous old churches and cathedrals of Europe will become horse stables. Come, Mr. Jew! Let us see you try to put some self-confidence into your voice when you prattle your Freudian-Marxian nonsense! Come, Mr. Catholic Conservative! Let us hear you deliver a passionate oration against "Godless, atheistic Communism." Come, Mr. Protestant! Do I see you marching in a Civil Rights parade or a Viet-nik demonstration? It is not the Atheists who have destroyed religious faith in our time; sad to say, the job was done mostly by the Reverend Clergy.

But we are all creatures of instinct, and Civilization itself is more the product of lust and instinct than of intellect. This is the real tragedy. The so-called "leadership" of the West has no intellect at all; it acts from instinct, and its vital instincts are burned-out, weakened, false. The Germans tried to bring intellect to the rescue of the West; but Germany was a small nation and was defeated. Nobody else has even tried to bring intellect to the rescue of the West. Our "Conservatives" in America shout their undisciplined desires at the top of their voices and promise to "save" us from Communism. I would not trust them to save me from a ferocious poodle dog. The Jews who have been our real rulers for decades are bankrupt and helpless. Our political system sends a new crowd of amateurs to Washington every four years, or every eight years, to compete with the full-time, lifelong professionals of the New World Island Empire.

(Continued on Page 3, Column 1)

Coming Religious Persecution

(Continued from Page 2, Column 3)

Events are moving so fast today that the four years between American elections would involve a fatal delay in making any wholesome change in the management of our affairs.

I stopped voting with the Presidential election of 1952. In that year, we were offered a choice between "Adlai," a good friend of Bernard Baruch, and "Ike" who once said, "The best thing I ever did was to listen to the advice of Bernard Baruch." In other words, we were offered a choice between two great and good friends of Mr. Baruch. Perhaps it was nice of Mr. Baruch to allow us such a choice, but it just didn't seem important to me. If Mr. Baruch wanted to be President, he should have run under his own name. But a Presidency lasts only four years or eight years, and Mr. Baruch lasted a lot longer than that; he lasted through two world wars, and a while after. It is better to be Baruch than President.

Under Jewish captivity, the United States became world headquarters of the Jewish idea of a world empire based upon ideological chicane; this is the idea which is now decisively defeated in the world. The New Empire which has emerged upon the World Island is NOT based upon ideology; it is based upon **NAKED FORCE**, a base which is profoundly alien and profoundly hostile to the Jew. Even if a Jew should be in power in Russia, he would HAVE to act in accordance with the demands of the New Empire, and not his Jewish heritage. He would have to work against, and even persecute, his fellow Jews, or else give up his position of power. A World Island Empire generates a dynamic of its own; **NAKED FORCE** generates a dynamic of its own; for at its base it is composed of millions of people with raw lusts and hungry bellies. It is not easily susceptible to Jewish intellectual chicane. This is not like New York City, where a Jew is slipped into one office, and an Italian into another, in order to satisfy the racial groups. The man in office in the World Island Empire has power, but he is also the puppet of the forces, the raw, naked physical violence, upon which such an Empire rests.

The really basic factor of the Jewish failure is this: The Jew has failed to impress his intellect upon the Monolithic, blind, instinctive forces of history. These forces grind blindly ahead as if the Jew had never existed. In recent times, Jewish intellectuals, and "Anti-Semites" as well, have had grossly exaggerated notions about the ability of the Jew to divert the course of history. Today the world is being taken over by blind, non-intellectual, purely physical forces, of which demographic pressure is not the least. Jewish intellect has failed to make its mark. The Jewish Messianic Mission has failed forever. In June, 1967 the Jews thought that they had won a "Great Victory." The American Mass Media were filled with their crowing. The sad thing is that they really believed it. The chill winds of December brought the realization that they had suffered a great defeat. The little Jewish war of June was, by itself, a minor incident in history; but it triggered the emergence of the "World Island Empire" which had already been developing in the shadows for many years. This Pagan Empire will crush Judaism as it has never been crushed before. The Jews can stop raving about Germany now. Anti-Semitism will sweep over the whole Eurasian land mass. Judaism is really finished this time. The "Power of the Jews" was built in an age favorable to them; the circumstances which favored them were largely fortitious and will not recur. The present world crisis is beyond the reach of mere "Opinion."

Even those who have never much liked the Jews will find little reason for exultation. There will be disasters enough for everybody. Nobody will be neglected. The year 1967 was the year in which the last hope for a peaceful and orderly world was blown over the moon. In 1914 Sir Edward Grey said, "The lights are going out all over

Europe, and they will not be relighted in our time." Today the lights are going out around the world, and some of them will not be relighted for a thousand years. Rationalism has been dying for decades; we should not be surprised at its passing from the scene; but the shock of the retrogression which is about to take place will be enormous. When the religious life of the world goes spinning back for centuries to the Age of Idolatry, an incredible state of disorder will exist. Many factors which we have assumed to be "fixed factors" will come unstuck. We have lived with the assumption that technological progress is unassailable and inevitable; but technology is also people; it was created by the Europeans, by people whom Europe nurtured and made aware; in other words, by the children of the Christian tradition. Will they even care any more when they have become Paganized? No aspect of life will escape challenge.

We should not be surprised at the emergence of Paganism. A Pagan Temple has stood in front of the Kremlin for many years, and has been visited by millions of people. The Tomb of Lenin is a Pagan Temple. It has all of the necessary attributes. The object of adoration is a physical, tangible object, the embalmed body of Lenin. The tomb of Lenin is the Temple of a Pagan religion. It baffles and defeats the Jews. Leon Trotsky fled screaming from it. What does the Tomb of Lenin really represent? It represents the triumph of Reactionism, of the black dynamic of lust and superstition. It defeated Leon Trotsky, a Jew from the Rationalist background of Jewish New York. It defeated even Beria, the Jewish Chief of the Secret Police. The body of Lenin does not argue with you; it mocks you. You cannot enter into "Left-Right" controversy with an Idol. It mocks the Jewish Bankers of New York, who financed the Revolution, hoping to control Russia. It mocks the "Anti-Communists" who have yammered about "Red Russia" for so many years, for it really cares nothing about either Communism or Capitalism. It represents, not Communism, but the "World Island Empire" based, not upon Marxist ideas, but upon **NAKED FORCE AND VIOLENCE**. You cannot even enter into a dialogue with Paganism. It does not want to hear what you have to say. It is impervious to your propaganda. It is blind. It does not even see you. If you stand in its way, it has only one concern with you: to crush you and destroy you as quickly and efficiently as possible. We are seeing, not the victory of Marxism, but the victory of nihilism, the triumph of raw, naked, blind, savage, vicious, animal lust over intellect and spirit. This creates the possibility of unlimited destruction, even the possibility of the total extermination of our species. If you can keep your head while all about you are losing theirs, then perhaps you just don't understand the situation.

We have few people in the United States who are even able to comprehend the situation, much less cope with it. We have a plethora of gasbags and bores; real leadership, we do not have. Our counterfeit spiritual goods are a drug on the world market. The New York Times publishes editorials which say, "We must reach an agreement with the East." The East wants only one kind of agreement with you: Your agreement to submit tamely to extermination. The East does not want to "Communistize" you; it just simply wants to see you DEAD. It merely wants your LAND; it does not want YOU. Paganism believes that the world is overpopulated, which indeed it is. Paganism will not hesitate to essay a violent, "solution of the population problem." In the midst of such a solution, a mere intellectual toy like Marxism will be forgotten quickly.

WHAT NOW, LITTLE MAN? What can you do? Wish that you had been born into a different age. Wish that you had some real leaders, instead of the pack of pawn-broking swine and mediocrities who rule over you today. Learn the virtue of COURAGE. That is always a creditable thing, and sometimes it can save something from a bad situation.

CALLING ALL PATRIOTS!

By P. A. DEL VALLE, President
Defenders of The American Constitution
Box 1776, Ormond Beach, Florida 32074

FACTS: 1. The House of Representatives Committee on Un-American Activities reports the following:

"There can be no question about the fact that there are mixed Black Nationalist and Communist elements in this country which are planning and organizing guerilla-type operations against the United States."

2. Officials have stated that there is nation-wide coordination and believe that some of the saboteurs are followers of Robert F. Williams, Chairman-in-Exile of the revolutionary movement and President-to-be of the New Africa to be formed by seizing a part of the United States.

3. Munitions factories have been blown up, ammunition trains derailed, radar installations dynamited. Prime targets: area draft board offices, induction centers and police stations. The Naval Reserve Training Center, Eugene, Oregon; cables leading to a Nike base near Arlington Heights, Ill.; Naval Submarine Base, Groton, Conn.; a Strategic Air Command Base, near Charlevoix, Mich.; a parachute storehouse in Fort Bragg, N.C.; the Air National Guard equipment warehouse in St. Louis; the Secret Army Rocky Mountain Arsenal near Denver, Colo.; the Atlantic Research Corp., which makes anti-personnel mines, in Hanover, Mass.; an Army munitions plant near Burlington, Iowa; the Olin-Mathieson Chemical Corp., in East Alton, Ill., which dries gun powder; an Army Munitions Plant near Minden, La.; and many electrical power plants and oil and natural gas lines have been systematically sabotaged. In certain areas Utility Companies have had to employ armed guards and helicopter patrols to protect their equipment. Saboteurs cut three cables connecting the Strategic Air Command with the warning system detecting approach of hostile missiles and the base used to deploy the missiles, designed to intercept and destroy them. Missiles from Cuba, for instance, could come unannounced to destroy our cities.

SIGNIFICANCE: 1. Politicians who are not only allowing the sabotage and guerilla warfare to go on unchecked, but actually encourage and finance it, and the news media which aid and abet this Communist terror tactic are all guilty of treason under Article III, Section 3, of the United States Constitution: "**Treason against the United States, shall consist only in levying war against them, or in adhering to their enemies, giving them aid and comfort.**"

2. Since Congress cannot be unaware of these acts of treason, having been informed thereof by the House Committee On Un-American Activities as set forth in Part 1 herewith, then the Congress as a whole has been guilty of neglect of duty: Article 1, Section 2, paragraph 5, U.S. Constitution: "The House of Representatives . . . and shall have sole power of impeachment." And, in the same article, Section 3, paragraph 5: "The Senate shall have sole power to try all impeachments."

3. In the face of this terror, the Congress passed, and the President signed into law and the Internal Revenue Service is now enforcing a gun law which will practically do away with the lawful agencies now providing arms and ammunition for the loyal, law abiding citizens.

ACTION INDICATED: 1. Inform yourselves and your representatives in Congress by:

(a) Proliferating this Alert, and (b) procuring copies of The Herald of Freedom, Box 3, Zarephath, New Jersey, 08890 for 17 December, 1968. Read and proliferate to the limit of your resources this publication's tremendous article: "The Beast That Stalks the Land."

2. Demand of your national and local leaders that action be taken without delay to forestall the terror and take-over which now faces this once orderly and law-abiding country.

"What do you do for children who have had chopsticks driven into their inner ears? Or for old women whose collar-bones have been shattered by rifle butts? Or for kids whose ears have been torn off with pincers? How do you treat a priest who has had nails driven into his skull to make a travesty of the Crown of Thorns? (Such were the atrocities committed by Ho Chi Minh's North Vietnam Communists).

"Out there in this Communist hellhole (wrote Tom Dooley), I had learned many profound and practical facts about the true nature of man. I had watched tough U.S. sailors become tender nurses for sick babies and dying old women. I had seen inhuman torture and suffering elevate weak men to lofty heights of spiritual nobility. I know now why organized godlessness can never kill the divine spark that burns within even the humblest human . . .

(These are the beginning passages written by Navy Lt. Tom Dooley, M.D., 12 years ago in his shocking and illuminating book-message: **Deliver Us from Evil**, written in his tent refugee hospital southeast of Hanoi).

"Just before dawn (one night) I heard Boatswain's Mate Norman Baker stumble into my tent. 'Better get moving, Doc,' he said. 'We've got another batch — 1,000 more.' From Baker's tone, I could tell that the newcomers would be like all the rest—filthy, starving, diseased and maimed in God knows what manner. Groping for a flashlight and pushing my swollen feet into a pair of muddy boondockers, I instinctively began murmuring 'Our Father . . . ' as I had every morning since childhood . . . 'and deliver us from evil . . . ' I had to pause in the darkness. Yes, O God, that is the people's prayer — to be delivered from evil! In that moment I think I sensed, however dimly the purpose behind being there."

Punishment for Believers

The tortured, "the sick and horribly maimed were," said Tom Dooley, "fleeing from the Communists of North Vietnam, hoping to reach the doubtful security of Saigon. Before they came, more than 300,000 others had already passed through the camp. The number would exceed the half-million mark before the tragedy ended.

"As the weeks passed I found myself increasingly puzzled, not only by the growing number but by the character of Communist atrocities. They seemed almost to have a religious significance. I was accustomed by now to patching up emasculated men, and women whose breasts had been mutilated, even little children without fingers or hands. But more and more I was learning that these punishments were linked to the refugees' belief in God . . .

"We pieced together the story (one of the many incidents related): The young man was a schoolteacher. The Communists had caught him leading his class in the Lord's Prayer. They made him repeat it for them, line by line, and made a mockery of the words. When the lesson was ended, they led the class into the schoolyard and taught the pupils a different kind of lesson. Two Viet Minh guards held a child by the arms, and another grasped his head. Then the leader rammed a chopstick deep into each ear, splitting the canal and shattering the inner ear.

"When all seven children had been 'treated,' the guards turned to the teacher. They drew forth his tongue with pincers and sawed it off with a bayonet. Somehow five of the children had managed (when Dooley administered to them) to remove the chopsticks from their heads . . . They looked like zombies; thick pus was running from the ears. The young teacher? I was able to draw together the edges of his tongue stump and patch it up . . . the eight survived — one young man who never again would pray aloud, and seven children who would not hear the Word of God only in their hearts."

Starvation In Biafra Called Propaganda

A member of one of the small tribes in Biafra told an audience at the First Unitarian Church last week that the Nigerian-Biafran war is over control of oil in Biafra and that the American public is being deceived as to the extent of starvation by two public relations firms.

Linus A. Bassey, now a doctoral student in banking at New York University, said that if claims that 15,000 Ibo tribesmen die daily were true, then there would be no Ibos left in less than a month, which is obviously untrue.

"As to the starvation of children, I think we should ask why are only the children starving while the soldiers and other adults are well fed," Mr. Bassey said. "This emphasis on children's starvation is clearly a propaganda technique, for it is well known to the public relations firms concerned that the public is always very sympathetic with children. We have not been told by the press that most of the food sent to the starving children is sold on the black market to acquire funds for arms. This has been made known to me by my family which escaped to Lagos last month."

The Nigerian offer to open

a land corridor for food was turned down by Biafra not because they are really afraid of poisoned food, he said, but because it would prevent the shipment of food and arms together.

Mr. Bassey said that Americans should not give support to the rebels because it will lengthen the war. "All humanitarian aid to the victims of the war should be directed through UNESCO or the International Committee of the Red Cross, which are recognized by both sides in the conflict, and not to the American Committee to Keep Biafra Alive, which misuses half the funds it collects, not to Caritas and Church World Service which fly into 'Biafra' both arms and food.

Genocide is not being committed by Hausa tribesmen against the Ibo tribe, Mr. Bassey said, because there are Ibo tribesmen in great numbers in both Nigeria and Biafra.

Mr. Bassey said that France is supporting the war because the Rothschild Bank of France has paid \$72 million for the rights to all mineral sources in Biafra for 20 years, while other countries want to be able to deal with a weak nation rather than a strong one.

The above news item from the Brooklyn Heights Press of January 30, 1969, portrays the facts behind the frenzy whipped up by the Mass Media, bordering on hysteria, calling for massive U.S. aid (already totaling more than \$23.7 millions) to relieve the starving Biafrans, to which everybody from the president down has obediently reacted. When the Mass Media issues a clarion call for massive aid, and page ads by Jewish organizations crowd metropolitan dailies pleading that we help save an insignificant state like Biafra, you know there's more than "humanitarian considerations" involved. Are not world powers deliberately planning the starvation of Rhodesia? Has there been an outcry by the Mass Media?

Note the name of Rothschild, a familiar name indeed, when it comes to international intrigue. Now we see through the camouflage. All at once Biafran lives are sacred and Biafran lives must be spared — to PROTECT INVISIBLE GOVERNMENT INVESTMENT! Regarding Biafra, the U.S. News & World Report (2-3-69) comments: "The result is that not enough food is reaching the hungry. How many people are dying? Estimates vary wildly FROM THOUSANDS A DAY TO ALMOST NONE. Non-partisan officials emphasize that it is almost impossible to determine the number."

If the Mass Media were really interested in dying people they would have long ago trained their sights on the Palestine problem. There are many documented instances of tortured and murdered Arabs (items never aired in the Mass Media) at the hands of Zionist invaders.

As for children dying, infanticide or baby-killing, we don't recall any loud howls over the Siberia, Ukraine or Castro horrors. There were no tears shed by the Mass Media over the children killed in the Dresden bombings. Or how about the children left by the 30,000 dead American servicemen, deliberately and cruelly sacrificed on the altar of futility in a Vietnam war — in which our UN-run government will most certainly sell out to the Communists?

Whenever the Invisible Government has a particular ax to grind, the Mass Media floods the air waves with propaganda that will play on emotions and help empty pocket-books. Those who have been fooled into contributing to the "starving Biafrans" had better find other ways to spend their money than financing another war in Africa.

World Communism, at its 22nd Party Congress in Moscow, January 1961, enunciated a reaffirmation of its historic goals, as interpreted by Dr. Possony, as follows:

"The traditional goal of Communism, the conquest of the entire world, is . . . held for more strongly and hopefully than in the past . . .

"Armed struggle is inevitable.

"A global thermonuclear war is not entirely inevitable. If the free world . . . capitulates, then such a war may be avoided.

"The Soviet Union and the Soviet bloc must . . . increase their military power in order to fight . . .

"For the time being, such conflict must be avoided. The turning point in history will come when the Soviet Union overtakes the U.S., sometime between 1965 and 1970.

"In the first phase, the armed struggle will mostly take the form of liberation wars and uprisings . . . In particular, it must be pushed in Latin America.

"The achievement of a military, political and psychological paralysis of the free world is a paramount objective of Soviet strategy . . . This objective can be attained by . . . peace propaganda, Pavlovian conditioning, infiltration, threats and diplomatic negotiations."

CANCER CURES CRUCIFIED

By SUZANNE CAUM

This outstanding work contains a complete history of all the bonafide cancer cures, and the unbelievable villification, harassment, and crucifixion that the dedicated and selfless authors and promoters of these cures have met at the hands of medical monopolists and their partners in crime, who make huge profits from the sick and dying, and who insist that truths and therapies be withheld from the public while the suffering and death of our dear ones goes on unabated.

This book is thoroughly and completely documented. It will shock the nation. It will shock you. Though we are not in the medical field, we sincerely believe that this book charts the only course that ensures a solution to the present debacle.

New Left . . . U.S.A. and France

ATTEMPT TO OVERTHROW GEN. CHARLES DeGAULLE

During the month of May, 1968 the United States Government attempted to overthrow Charles DeGaulle. By "United States government" we do not mean the funny little puppet show down in Washington; we mean the ruling Jewish machine of New York. The attempted coup against DeGaulle was organized and financed in New York, by the most powerful men in this country. This has been concealed from the public by the mass media which reported that "students" had attempted to overthrow DeGaulle. Where did "students" get the millions of dollars necessary for any attempt to overthrow the government of France? Most of the students we know are a rather impecunious lot. A few own expensive sport cars given them by their fathers, but even these fortunate ones could hardly afford the millions of dollars necessary to start a revolution.

WHERE DID THE MONEY COME FROM? As A. K. Chesterton asked in a recent issue of COMMON SENSE, "WHO ARE THE PAYMASTERS?" Yes, indeed, who are the paymasters of world revolution? This is a question subject to great inhibitions. For years, we have tried to get some of the great "anti-Communist" gasbags to discuss this question. For some strange reason, they wish to pretend that impecunious "students" or "workers" dig into their pockets and come up suddenly with millions of dollars. This is ridiculous.

Who really attempted to overthrow DeGaulle? Who spent thirty million dollars trying to overthrow the government of France? Be sure that it was not done by a crowd of "students" or "workers." DeGaulle knows well enough who did it, and why. During the Middle East war of June, 1967, DeGaulle did not go all-out in support of Israel. He made pro-Arab noises and refused to obey the Jews when they commanded him to support Israel. The Jews set out to punish DeGaulle by wrecking the franc and by throwing him out of office. Their well-disciplined instrument was the so-called "New Left." The effort to overthrow DeGaulle came very close to success, but DeGaulle held firm and licked the Jews at their own game.

Now a book has been published by McGraw-Hill about the effort to overthrow DeGaulle. From the COMMON SENSE viewpoint, it is an "enemy" book, written by the opposition. It is pure "New Left" propaganda. We wonder why a so-called reputable book publisher like McGraw-Hill found it necessary to publish such a book. Of course the book publishing racket in New York is strongly under the influence of the Jewish money men, who are the paymasters of the "New Left."

The book is called "OBSOLETE COMMUNISM: THE LEFT WING ALTERNATIVE." It was written by Daniel and Gabriel Cohn-Bendit, who are brothers, and of course Yids. (The original of the word Zshid, Russian for Jew). They are the leading intellectual lights of the "New Left" in

DANIEL COHN-BENDIT

Leading Intellectual Light of the "New Left"

Europe and were the leaders of the effort to overthrow DeGaulle. Backed by Jew money from New York (or was it the money of the American taxpayer via the CIA?), they sallied forth to destroy DeGaulle. They were soundly licked, and have now retreated to lick their wounds. In this book, they promise that, after they have licked their wounds, they will come on strong again, and that next time they will get DeGaulle.

In other words, dear taxpayers, the ruling power of America is still trying to overthrow DeGaulle, with your money. What effect will this have on NATO? What effect will it have upon American diplomacy in Europe? By now every important political leader in Europe knows if he does not obey international Jewry, America will attempt to overthrow and destroy him. Do the political leaders of Europe like this situation? What do you think?

The book "OBSOLETE COMMUNISM: THE LEFT-WING ALTERNATIVE" is a stinking bad book. Those who run the book publishing racket in New York have rarely allowed a really patriotic book to be published in the last twenty years. The Jew-revolutionary scum of the earth find ready promotion in the literary world of New York. If American Conservatives ever decide to get off their pratts and take some really effective action, instead of engaging in futilities of the time, they will have to fight the literary racket of New York. This may be much more important than electing some allegedly Conservative gasbag to public office. A lot of power is exercised by people who never have to stand for election, and a lot of that power is centered in the intellectual rackets of New York. Jewish intellectual gangsterism is a menace to the whole world.

Although this is a stinking bad book, it might be a good idea for some patriots to

Raise Your Voice in Protest Of Profits on War Goods

By FRED A. KURTZ

Lawrence E. Hartwig, a mild mannered lawyer from Michigan is chairman of the Renegotiation Board in Washington. He has been laboring since 1951 to keep industrialists and contractors from gorging themselves and lining their pockets with gold at the federal goodie table, which in turn is continually replenished by the working man . . . the taxpayer. Mr. Hartwig's board, which has the duty of paring excessive profits from defense contracts, has been so deprived by congress and browbeaten by industry that it could be called the lowest underdog of government agencies.

With a heavy load of war procurement (particularly Vietnam) coming up for review, Mr. Hartwig has only 175 persons to help carry the load. In 1953, at the time of the Korean war, the board had 742 members. Yet defense contract awards reflecting Vietnam went past the peak for South Korea in fiscal 1967, reaching 44.6 billion dollars against 43.6 for 1952, the highest Korean year. For fiscal 1968, ended last summer, the figure was 43.8, a slight drop but still higher than the Korean minimum.

Reviewing the Costs

Mr. Hartwig's board is charged with reviewing the "reasonableness" of costs and profits in defense contracts and those pertaining to other segments of the government. There is no hard and fast rule for what is reasonable. Contractors whose renegotiable sales in the fiscal year total \$1,000,000 or more must file reports, much like they file annual returns with the Internal Revenue Service.

More than four-fifths of the filings are quickly cleared as satisfactory. In fiscal 1968 the board had 4,550 filings and assigned approximately 800 cases to its two regional boards for investigation. If a contractor is in disagreement with a finding of excessive profits, he may go to the United States Tax Court for plea of relief. Mr. Hartwig's board usually works out an agreement with contractors, thereby eliminating their plea for relief to the U.S. Tax Court.

The board ran up the flag on \$23,069,748 in EXCESSIVE profits in fiscal 1968, compared with \$15,980,214 the previous year, but under federal law . . . as in the case of the Internal Revenue Service . . . the names of the companies that will have to pay up are not disclosed unless they choose to make a legal fight.

The Renegotiation Board determined that McDonnell Aircraft Corp., of St. Louis, now McDonnell Douglas Corp., realized excessive profits of \$8,000,000 in 1965. McDonnell challenged the finding in court, and for that reason the issue became public knowledge, and for that reason alone.

Excessive Profits

From 1953 thru 1968, the board made determinations of excessive profits totaling \$975,505,785. The board has recouped by agreement some monies. However, the board's recoupment in recent years have

read it. The investment of \$5.95 is a bit stiff for such a piece of garbage. Our COMMON SENSE book department has lots of better books on sale for fifty cents. Perhaps the average busy patriot could not spare time to study this book properly anyway. The serious student of Communism may learn a great deal from it.

One very important thing is left out of the book. Daniel and Gabriel Cohn-Bendit, the busy little Yiddish bees, went running all over France, organizing meetings, issuing publications, and inciting revolution. This certainly costs a great deal of money. They do not say one word about where the money came from. This is typical of Jewish propaganda. They simply pretend that the "revolution" arose naturally, and that it is the most utterly natural thing in the world for impecunious "students" to have millions of dollars at their disposal for the purpose of starting a revolution. Just so, back in 1917, one Leon Trotsky, a former reporter for the New York Times took off for Russia and spent untold millions fomenting the October revolution. When did reporters ever earn that kind of money? Leon Trotsky wrote a number of books, and Isaac Deutscher wrote three "distinguished" volumes about him, which were much praised by the liberal media. Not one of these books ever said a word about where Trotsky's money came from. The silence about money in these books is wonderful. Certainly this is a very important question, but it is obviously one which the Jews prefer not to discuss.

Some "Right Wing" papers in the U.S.A. said that "Communists" started the revolution against DeGaulle. This is not true of the Soviet-oriented Communists in France. They supported DeGaulle straight down the line, while the U.S.A. tried to overthrow DeGaulle. What effect will this have on the future of Franco-American relations? Will the French love us for having tried to destroy their currency and wreck their economy? Or will they turn more and more toward the Soviet Union? The old-line Communists were the Conservatives in this case, while the Cohn-Bendit crowd, backed by American Jews, were the revolutionists. Waldeck Rochet, boss of the French Communist party, said that the Communists were "the party of order and political wisdom." The left-wing confederation Generale DuTravail settled the strikes which the Cohn-Bendit crowd had started. The Com-mies were not only Conservatives; they were the most conservative people on the scene. They not only refused to support the Cohn-Bendit American-backed revolution; they fought it tooth and nail. In their book, the Cohn-Bendits condemn the French Communist party as "a mere appendage of the Soviet bureaucracy." This of course is true, and it is exactly why the American Jews are disenchanted with Soviet Communism.

There are, and have been for a long time, two rival brands of so-called "Communism" at work in the world. These two brands are in no way similar, and differences between them are not minor. They are bitter and mortal enemies. The "New Left" represents the Jew-Communism of New York, and Soviet Communism represents anti-Semitic Russia. In former years, this took the form of a battle between Leon Trotsky, the New York Jew, and Josef Stalin, the Czarist secret police agent who joined the Communist party only to spy on it for the Czar, and finally became its boss.

The Cohn-Bendit left is Trotskyite Marxism born again. Since Trotskyite Marxism has been in eclipse for many years, it is well worth while to examine the policies of this brand of Marxism. They are vastly different from the "Stalinist" policies.

What are the policies of Trotskyite Marxism?

The Trotskyites do not care anything about organizing a "Socialist Society." The Trotskyites always regarded the Marxist "Utopia" as mere bait, and never undertook to fulfill any part of the promises they had

BONDAGE TO BONDAGE

made to the masses. The Cohn-Bendit Left states its aims with admirable candor. It says that it wants to "destroy the Consumer Economy." This means the destruction of the working class, which earns its living from the consumer economy. The Cohn-Bendits have absolutely no use for the worker who wants higher wages or better working conditions. In the book "OBSOLETE COMMUNISM: THE LEFT WING ALTERNATIVE" They condemn the working class vigorously. They say the French workers "sold out" for higher wages. They have nothing but contempt for the worker who wants to live in his little cottage or apartment and bring up a family under the best possible conditions. The Cohn-Bendit Left has absolutely no interest in improving the lot of the working class.

What do the Jews really want? What did Leon Trotsky really want? What do the Cohn-Bendits want? Maurice Samuels told us admirably in his book YOU GENTILES. The Jews want to put the Gentile civilization to fire and sword. They want unlimited destruction. They need a world of their own. They mean just that. Famine, fire and sword are for the Gentiles. What right do mere Gentiles have to co-exist on the same planet with the "vastly superior" Jews

Leon Trotsky would have demonstrated this proposition to you in the 1920's, if he had been allowed to do so. Trotsky made his aims perfectly clear in his own book THE REVOLUTION BETRAYED. He wanted to expend and waste Russia in order to achieve the destruction of Western Europe. He would have carried fire and sword all the way to the Atlantic shores of France. If Trotsky had had his way, he would have made Europe into a boneyard. The Jews would have been well on their way toward having a world of their own.

Who stopped the Trotskyites?

Not, certainly, the great "Right Wing" gasbags of the era. Most of these gentry knew little or nothing about the conspiracy. There was nothing to them except their blind ignorant hatred of the working class. This itself was an attitude which had been taught to them by the Jews. During the 1920's and the 1930's, the Right-Wingers brayed like jackasses, which in fact is exactly what a good many of them were. Actually, we are being a bit too cruel. Many of them were estimable citizens, but their failure to make an effective defense of civilization is inexcusable. They sold us out to the Jews. Gustav Krupp covered himself with glory by fighting the Jews. Henry Ford tried to lead the American HAUTE BOURGEOISE along the paths of honor and national survival, but with little success. They preferred the harlotries of the Yids to an honorable leadership of the masses of their own race. They howled like coyotes against Communism, but they never lifted an effective finger to stop it, because that would have offended the wealthy Jews of New York, which, even by 1910, had become the capitol of world revolution.

So who stopped the Trotskyites?

The Stalinists did it. The Stalinists were a very special kind of elite. In order to be a Stalinist insider, you had to know that Stalin was a Czarist secret police agent. If you

knew this, and were still "for" Stalin, it is obvious that you could not possibly be a Communist. Stalin was an experienced secret agent who knew the name of the Trotskyite game. He fought the Jews by the only methods which had any chance of success against them, the methods of the secret agent. He lived surrounded by them for many years. In his last days, he set PRAVDA and IZVESTIA to work denouncing them as "ticketless cosmopolitans," (and along the way he shot or imprisoned many of them). Above all else, Stalin thwarted the plans of Leon Trotsky to put Europe to fire and sword during the 1920's.

The Jews controlled the Left-Right racket, and the pious Right-Wingers were sold out to the yippy-Yids, no less than the Left-Wingers. A little later, the Fascists and Nazis appeared and organized a real defense for Europe but for a time Europe stood naked, exposed, and helpless before the threat of nihilist revolution. Only Stalin stood between Europe and total destruction.

Today, the Cohn-Bendit Left has picked up where Trotsky left off. Their aim is the same as Trotsky's: to put the Gentile Civilization to fire and sword, to destroy the consumer economy, to destroy the universities, to destroy the white race by racial interbreeding, in other words, to give the Jews a "world of our own." The Goyim are to become unburied skeletons, the mass-dead of a great engineered disaster. Now the McGraw-Hill book company of New York has published a book openly advocating such policies. You can buy this book for only \$5.95 and learn what the Cohn-Bendits want to do to you. They want to cook your goose.

The Cohn-Bendits admit that they were licked by DeGaulle, but they promise a return bout. They say, "when the movement takes the offensive again, its dynamism will return. One day the barricades will surely be raised again." One day the Jews will again try to swindle the Goyim into destroying themselves.

The American Jews are currently trying to overthrow DeGaulle and the Soviet government. How will foreign governments react to the presence on American soil of a revolutionary movement which constantly tries to overthrow governments around the world? Anyone who reads the American media carefully can see the revolutionary American Jew at work. An editorial in a recent issue of U.S. News and World Report called upon the people of Russia to "rise up and take the government into their own hands, as they did back in 1917." The American media are loud in their praise of "Russia's dissident intellectuals" who, in fact, are all Jews and want a strong alliance between Russian Jews and the Jews of New York.

Against this background, the Soviet-oriented Communists have become the real conservatives of the world. When DeGaulle wanted anti-Communist help, he turned to the Stalinists, not to the fraudulent and sold-out "Right Wing of America. The Stalinists stuck with DeGaulle through thick and thin and really fought Communism. The American Right-Wingers would have sold him out. If you want to be sold out, like South Vietnam, all you have to do is depend upon American anti-Communism to protect you, and you are certain to be sold out. This is a sad thing to say, but it is the unvarnished truth. It is the American Jews who are spreading revolution through the world today, and, since they control American policy, America is the source of revolutionary contagion in the world. Russia is the conservative force in today's world. This fact is concealed from the masses by the policy of mouthing pious "Anti-Communist" platitudes while exporting Communism to the whole wide world. Chang Kai Shek depended upon the United States to protect him from Communism; he was sold out, and he was sold out by the American establishment. South Vietnam allowed us to "protect" them from Communism. Now, after wrecking their country and causing untold thousands of deaths, we are about to pull out and abandon them to Communism. It will take a lot of pious "anti-Communist"

been less than one-tenth of one per cent of renegotiable sales to the government.

Over the years, the Renegotiations Board has been enfeebled by congressional actions that diminished its jurisdiction and authority. Congress has not been willing to make the board a permanent agency, even though renegotiation statutes go back to World War II, during which more than eleven billion dollars in excess profits was salvaged. If that much was salvaged, then think for a moment how much more really could have been salvaged, and how much was actually grafted, and what a saving it would have meant to the small taxpayer in America.

Hartwig pressed this year for "indefinite" status, avoiding the word "permanent." Congress extended the act for three years only. The real trouble here is that it exposes the agency to attack when its lease on life is up for renewal, and makes it real tough to recruit high quality personnel and properly train them. Our Congressmen know this but they too get fat in the process. The American people get bilked by the very people who are supposed to protect their interests. The spirit of greed prevails as always.

Semitism. Bob Welch forbids good Birchers to read COMMON SENSE. Welch tells us that Jews are "great achievers." Indeed they are. Back in the 1920's, they came close to wiping out the Goyim. We were saved, not by American pseudo-Conservatism, but by the Stalinists, who fundamentally were elements of the old Czarist secret police. In Europe today, the Russians are recognized as the real conservatives, while the Americans are known as the source of revolutionary contamination.

COMMON SENSE is not a hate paper. We respect other races, nations and we respect their right to be different from us. We want to maintain a diversity of the world's races, and we believe in a certain segregation. There are times when we admire Negroes. We saw a Negro in New York the other day carrying a sign which said, "JEWS GET OUT OF PALESTINE—NOT YOUR HOME ANYWAY — MOSES WAS THE FIRST TRAITOR AND HITLER WAS THE FIRST MESSIAH." When we saw this sign, we had just come from a fashionable WASP, (White Anglo-Saxon Protestant) church where the minister said that Israel is a "dynamic little democracy," and that the Arabs were very wicked and unreasonable people. We American WASPS have been sold out by the rich of our own race, whose sense of racial loyalty is practically non-existent, and who have become Judaized. We do not believe in race mixing because we believe that the world should have a variety of races, each pursuing its own cultural development in its own way. The Jews of the Cohn-Bendit Left believe that the world should have ONE RACE, the JEWISH RACE.

The sold-out, Judaized rich WASP is one of the types of our times. We poor WASPS have his number and would like to have his hide. He dearly loves pseudo-Conservatives of the Billy Buckley and Bob Welch type, because they elaborately provide him with a means to evade the issue. They are great conservatives; they are against Communism; and they are for the Jews. In a crazy, topsy-turvy world, the Russians have become the conservatives; the braying jackasses of American pseudo-Conservatism are secret allies of the Jews, that is to say, of the forces of revolution, disintegration, decay, anarchy, and ruin.

Conservatives? Bah! Tell it to the birds. Tell it to the vultures who are already hovering over your Judaized intellectual warehouse of New York. Don't try to tell it to Charles DeGaulle. He doesn't get his information from the Jew-owned media. He gets it from a sharp crew of intelligence agents who know the name of the game. DeGaulle knows that the revolution which nearly overthrew him was "Made in U.S.A." Everybody knows except the American people. It is about time they found out, too.

In 1956 . . . an evil year for the board . . . Congress raised the "floor" under which the board cannot look for unreasonable profits to one million dollars. It was originally \$250,000 and had been raised to \$500,000 in 1954. The purpose of raising the floor ostensibly was to help small business.

What has done more than anything else to pare the board's size has been the successive elevations in the "floor" and the broadening by Congress, in 1956 and other years, of the act's provisions making "standard commercial articles" exempt from renegotiation.

Hartwig tried to get the commercial exemptions eliminated this year and did manage to have the restrictions eased. These exempt transactions, which the board cannot delve into, amount to several billions a year and have escalated more than a billion dollars in the Vietnam period. Our sons go to war, get maimed and killed, and the profits of war go into the coffers of international bankers . . . out of your pockets. When, oh when, will we wake up?

Champions of a stronger Renegotiation Board and a tougher environment for war profiteers are getting louder and louder. Among them are Senator William Proxmire D-Wisconsin, Representative Henry B. Gonzalez D-Texas, and Vice Adm. Hyman G. Rickover. What are you doing to support them? When did you last write a letter to your Congressman or Senator? When, if ever? Talk in bar rooms is worthless . . . Action is what is needed and time is of the essence. Our beloved country is going down the drain because of our indolent people. **We are being destroyed from within.**

There is increasing clamor that nothing short of a full scale congressional inquiry will get the answers and bring needed, and long past due, action. A World War II B-17 bomber cost \$218,000 and its modern counterpart costs \$7,000,000. A World War II attack submarine cost \$4,700,000, its 1968 sequel costs \$77,000,000. Think of that, four million seven hundred thousand as against seventy seven million!

Full Investigation

In a defense complex where one million dollars is mere chicken feed, such escalation of costs promotes an uneasy feeling that there is a great deal more waste, mismanagement and **chicanery** than has even begun to come to light.

Furthermore, in time of war, huge industrialists in America outfit their factories at the taxpayers expense. How? They order through the government billions of dollars worth of machine tools supposedly for use in the production of war and civilian goods. Actually, they do not need the equip-

GEORGE WASHINGTON (1790)

The chief author of these disasters was to have been a man named Leon Trotsky. If you are under forty years of age, Trotsky tried to murder your parents before you were born. Imagine this scene in a villa in Mexico in 1940: Leon Trotsky, the super-revolutionary, the Great mass murderer of the Goyim, is sitting in his study. With him is his secretary. The secretary is a Stalinist; he knows perfectly well that Stalin was a Czarist secret police agent. He knows also the danger that Leon Trotsky presents to the world. He has been sent to liquidate Trotsky. Suddenly he takes an ax in hand and cleaves Trotsky's skull open. What was the hood's name? The Mexico authorities kept him in prison for many years and never found out his real name.

Trotsky is dead, but the Cohn-Bendits carry on. In their book "OBSOLETE COMMUNISM: THE LEFT WING ALTERNATIVE" they have made their aims painfully clear. Unlike older leftists, they promise no "Utopia." Their business is to destroy the consumer economy, not to produce a mechanized "Workers' Paradise." Their business frankly is to destroy. To destroy whom? They are Jews. Whom do you think they intend to destroy? Other Jews? Don't be silly. They intend to destroy the Goyim. They think that a world with only Jews would be lovely. They are destroyers and they will always be destroyers, because they want a world of their own. They make no secret of the matter. They have proclaimed their intentions openly in a book which can be bought for \$5.95 in any bookstore.

The American Pseudo-Conservatives offer no real opposition whatsoever to the world takeover by Jews. People often write indignantly to COMMON SENSE demanding to know why we don't support the American Pseudo-Conservatives. We don't support them because they are the biggest liars, the lowest frauds, the worst humbugs, the most utterly consummate braying jackasses on the face of the earth. They have brayed some wonderful "anti-Communist" songs, but they have sold us out to the Yids. Billy Buckley does not like COMMON SENSE; he chides anyone who shows signs of anti-

The liberal press has raised a hue and cry over the possible "conflict of interest" status of the rich men appointed to the Nixon cabinet. But the same pundits and editorialists acclaimed Nixon's appointments of Henry Alfred Kissinger, Charles Woodruff Yost, Harlan Cleveland — all cohorts of Alger Hiss and other American traitors connected with Communist conspiracy.

The Harvard professor, Dr. Henry A. Kissinger who succeeds Dr. Walt W. Rostow, as top Presidential Assistant for National Security Affairs, was born in Fuerth, Germany, on May 23, 1923. His father was Rabbi Louis K. Kissinger, a prominent Zionist leader in Germany. His mother's maiden name was Paula Stern. Rabbi Kissinger brought his family to New York in 1938. Henry Kissinger married Ann Fleisher in 1949; Harvard gave him four scholarships, conferred a master's degree in 1952 and a doctorate in 1954. And like his friends Walt Rostow and Arthur Goldberg, he served briefly in counter-intelligence in World War II.

Dr. Kissinger is a prominent figure in the super-secret, mysterious Bilderberg organization founded in 1908 by the Rothschilds, Kuhns, Loeb, Schiffs, Warburgs and other international financiers. Later Bernard M. Baruch became prominent in the Bilderbergers. The first front man of this mystery outfit was Joe Retinger. Presently the front man is Prince Bernhard of The Netherlands. The Bilderbergers meet in secret sessions on secluded country estates and on small islands in various sectors of the world. Cyrus Eaton, investment banker, is an active member of the organization. Not only is the press barred from the meetings but even servants are barred from entering the discussion chambers. Dr. Kissinger is known to be a featured speaker at these hush-hush conclaves. Kissinger's friend, Adam Yarmolinsky, is also a featured speaker at Bilderberg Conferences. Kissinger also attends the Soviet-oriented Pugwash conferences along with other well known American leftists, including his friend Jerome Wiesner.

Nixon first met Kissinger only a year ago last Christmas at the home of Mrs. Clare Boothe Luce — but Mr. Nixon says he knew Kissinger long before through his books. Some Pentagon generals fear Nixon may adopt some of the ideas enunciated in Kissinger's books: like scuttling NATO, dismantling intercontinental ballistic missiles with nuclear warheads. Kissinger claims in his books that we can safely fight a "small" nuclear war without bringing on total holocaust. Kissinger believes he can safely defend Israel with small nuclear arms without bringing on Soviet massive nuclear retaliation if we get rid of our ICBMs with atomic warheads. His assurance was based on what the Russians told him at the Bilderberg and Pugwash conferences. It seems incredible that Dr. Kissinger could be that naive.

Kissinger has long been associated with Nelson Rockefeller. He wrote his five books at the expense of the Rockefeller financed Council on Foreign Relations; he has served as Director of the Rockefeller Brothers Fund's Special Studies Project and he served as Gov. Rockefeller's foreign policy adviser during Rocky's ill-fated Presidential campaign. During this time, Kissinger privately disparaged Mr. Nixon's competence in foreign affairs, according to the *New York Times*. But this did not deter Nixon from picking him as the Nation's top national security planner and organizer where he will exercise jurisdiction over both the Pentagon and the State Department.

As chief coordinator of national security affairs, he will have the last word in summarizing and synthesizing concepts to be presented to the President and will stand beside the President when he makes his fateful decision that may determine the destiny of the world in these crucial times. Kissinger will become more powerful than his predecessors Walt Rostow and McGeorge Bundy in their hey-day.

BRIDGE BUILDER

Will Richard Nixon's tour implement a united Europe and strengthen U.S. position? Bridges are falling faster than anyone could mend them. Marxist plotters, in key positions throughout every branch of government have relentlessly pursued insane policies that have made America the laughing stock of the world. U.S. is a "paper tiger" neither respected nor feared by anyone. To the most naive statesman, we are but a cat paw for International Zionism.

As Nixon steps forth to "do battle," the world picture blackens almost daily for U.S. We are losing South America. In the Dominican Republic we quarantined General Wessin, the only man that could have restored that country. Thanks originally to JFK's anti-military policy, this moment we find Peru in the Soviet camp. The alliance between U.S. and the Philippines is about to end. We have forfeited the respect of the Moslem and Christian Arab world, by our insane mid-East policy. What with the murder of our boys in Vietnam, the **Liberty**, **Pueblo** and **Scorpion** fiascos, who in heaven's name will respect us? Internally, a raging fire of racial strife covers the U.S. from border to border.

Against such a background, Nixon steps into the international arena. It will take a lot more than arm-waving and perpetual smiles to emerge victorious.

The truth of the matter is that Richard Nixon, president of the U.S., didn't go anywhere to see anybody. An office boy went abroad on an errand for his bosses, the Zionist Invisible Government and CFR, one and the same. Just how did Nixon propose to implement European solidarity and strengthen our position? Did he sound out Wilson on Rhodesia, now locked up in a fierce battle with Red Zambia, to save West Africa from communism? Did he press for an end to the boycott? Nixon has mouthed great "concern" about the Berlin Wall and East Germany. Did he express the same concern for the preservation and protection of an even more vital area — Turkey's position astride the Soviet Union's only access to the Mediterranean, the Dardanelles? Rumbblings there of late indicate the outlook is not good. But then Turkey is anti-communist and pro-American, which hardly concerns a Zionist errand boy.

In this diplomatic move, Nixon will rely on the same Jewish semantics which have dominated our foreign policy for half a century. Make no mistake about it. The nation murderers are at work. Every president since Wilson has given the top security post to a Jew. In fact, the Zionist Invisible Government has ordered it. In America the Invisible Government speaks and is obeyed. In place of Rostow, we now have Kissinger. Europeans may have heard the voice of Nixon, but the policy and program originated with Kissingers and Rockefeller.

When will Americans rise up as one and throw out the Invisible Government, and take every step necessary, even if it means putting a bounty on every traitor's head, to bring back law and order, to end subversion, and restore to this country a sane foreign policy?

Federal Reserve System— A Thieves' Paradise

BILLIONS FOR THE BANKERS DEBTS FOR THE PEOPLE

When the term "Bankers" is used in this treatise, it means those men or groups of men who control our money through the Federal Reserve System and the Federal Reserve Banks. Your local bankers are usually just tools in their hands.

By Sheldon Emry

Christian Research, Inc.

2624 First Avenue, South, Minneapolis, Minn.

Americans, living in what is called the richest nation on earth, seem always to be short of money. Wives are working in unprecedented numbers, husbands hope for overtime hours to earn more, or take part-time jobs evenings and weekends, children look for odd jobs for spending money, the family debt climbs higher, and psychologists say one of the biggest causes of family quarrels and breakups is "arguments over money." Much of this trouble can be traced to our present "debt money" system.

Too few Americans realize why Christian Statesmen wrote into Article I of the U.S. Constitution:

Congress shall have the Power to Coin Money and Regulate the Value Thereof.

They did this, as we will show, in prayerful hope it would prevent "love of money" from destroying the Republic they had founded. We shall see how subversion of Article I has brought on us the "evil" of which God's Word had warned.

Money Is Man's Only "Creation"

Economists use the term "create" when speaking of the process by which money comes into existence. Now, creation means making something that did not exist before. Lumbermen make boards from trees, workers build houses from lumber, and factories manufacture automobiles from metal, glass and other materials. But, in all these they did not "create," they only changed existing materials into a more usable, and, therefore, more valuable form. This is not so with money. Here, and here alone, man actually "creates" something out of nothing.

A piece of paper of little value is printed so that it is worth a piece of lumber. With different figures it can buy the automobile or even the house. Its value has been "created" in the true meaning of the word.

Money "Creating" Profitable

As is seen by the above, money is very cheap to make, and whoever does the "creating" of money in a nation can make a tremendous profit! Builders work hard to make a profit of 5% above their cost to build a house.

Auto makers sell their cars for 1% to 2% above cost of manufacture and it is considered good business. But money "manufacturers" have no limit on their profits, since a few cents will print a \$1 bill or a \$10,000 bill.

FEDERAL RESERVE BUILDING

Constitutionalists picketing the Federal Reserve Headquarters in Washington, D.C., with placards: "Leave all hope behind ye who seek honest money here."

That profit is part of our story, but first let us consider another unique characteristic of the thing — money, the love of which is the "root of all evil."

Adequate Money Supply Needed

An adequate supply of money is indispensable to civilized society. We could forego many other things, but without money industry would grind to a halt, farms would become only self-sustaining units, surplus food would disappear, jobs requiring the work of more than one man or one family would remain undone, shipping and large movements of goods would cease, hungry people would plunder and kill to remain alive, and all government except family or tribe would cease to function.

The Bankers' Depression of the 1930's

In 1930 America did not lack industrial capacity, fertile farmland, skilled and willing workers or industrious farm families. It had an extensive and highly efficient transportation system in railroads, road networks, and inland and ocean waterways. Communications between regions and localities were the best in the world, utilizing telephone, teletype, radio, and a well-operated government mail system. No war had ravaged the cities or the countryside, no pestilence weakened the population, nor had famine stalked the land. **The United States of America in 1930 lacked only one thing: an adequate supply of money to carry on trade and commerce.**

Bankers, the source of America's money and credit, had deliberately withheld \$8 billion from circulation by refusing loans to

stable and growing industries, stores, and farmers. At the same time they demanded payment on existing loans so that money was rapidly taken out of circulation and was not replaced. America was put in a "depression" and in deep trouble. Goods were available to be purchased, jobs waiting to be done, but little money. Twenty-five per cent of the workers were laid off. Banks took possession of tens of thousands of farms and businesses on foreclosure. Gloom settled over America and we can only visualize the results if this had continued 20 years instead of 10.

War Ended "Depression"

Our "depression" lasted until 1939, when the U.S. Government had to spend large amounts of money into circulation for military preparedness for ourselves and our future allies in Europe. As soon as the money supply went up our people were hired back to work, farms sold their produce instead of plowing it under, mines reopened, factories began to hum, both industrial and residential construction began anew, and the "Great Depression" was over. Some politicians were blamed for it and others took credit for ending it. The truth was that lack of money caused it and adequate money ended it. The people were never told that simple truth and in this article we will endeavor to show how those who "manufacture" and "control" our money have used its profits to "buy" our politicians, and now control our Government.

Power to Coin and Regulate Money

When we can see the disastrous results of an artificially created shortage of money, we can better understand why our Founding Fathers, who understood both money and God's laws, insisted on placing the power to "create" money and the power to control it ONLY in the hands of the Federal Congress. They believed that ALL citizens should share in the profits of its "creation" and therefore the national government must be the ONLY creator of money. They further believed that ALL citizens, of whatever State or Territory, or station in life would benefit by an adequate and stable currency and therefore, the national government must also, be, by law, the ONLY controller of the value of money. They wrote it out in the simple, but all-inclusive: **"Congress shall have the Power to Coin Money and Regulate the Value Thereof."**

How People Lost Control to Federal Reserve

Instead of the Constitutional method of creating our money and putting it into circulation, we now have an entirely unconstitutional system. This has resulted in almost disastrous conditions, as we shall see.

Since our money was handled both legally and illegally before 1913, we shall consider only the years following 1913, since from that year on ALL of our money has

BILLIONS FOR THE BANKERS

been created and issued by an illegal method that will eventually destroy the United States if it is not changed. Prior to 1913, America was a prosperous, powerful, and growing nation, at peace with its neighbors and the envy of the world. But — in December of 1913, Congress, with most members away for the Christmas holidays, passed what has since been known as the FEDERAL RESERVE ACT. Omitting the burdensome details, it simply authorized the establishment of a Federal Reserve Corporation, with a Board of Directors (The Federal Reserve Board) to run it, and the United States was divided into 12 Federal Reserve "Districts."

This simple, but terrible, law completely removed from Congress the right to "create" money or to have any control over its "creation", and gave that function to the Federal Reserve Corporation. This was done with appropriate fanfare and propaganda that this would "remove money from politics" (they didn't say "and therefore from the people's control") and prevent "Boom and Bust" from hurting our "citizens." The people were not told, and most still do not know today, that the Federal Reserve Corporation was a privately owned corporation and therefore would probably be operated for the financial advantage of its owners rather than for the citizens of the United States. The word "Federal" was used only to deceive the citizens.

More Disastrous Than Pearl Harbor

Since that "day of infamy," more disastrous to America than Pearl Harbor, a small number of people (probably fewer than 100,000) have accrued to themselves all of the profits of printing our money — and more! Since 1913 they have "created" tens of billions of dollars in money and credit, which, as their own personal property, they then loan to our government and our people at interest. "The rich get richer and the poor get poorer" had become the secret policy of our National Government.

They Print It—

We Borrow It and Pay Them Interest

We shall start with the need for money. The Federal Government, having spent more than it has taken from its citizens in taxes, needs, for the sake of illustration, \$1,000,000,000. Since it does not have the money, and Congress has given away its authority to "create" it, the Government must go to the "creators" for the \$1 billion. But, the Federal Reserve, a private corporation, doesn't just give its money away! The Bankers are willing to deliver \$1,000,000,000 in money or credit to the Federal Government in exchange for the Government's agreement to pay it back — with interest! So Congress authorizes the Treasury Department to print \$1,000,000,000 in U.S. Bonds, which are then delivered to the Federal Reserve Bankers.

The Federal Reserve then pays the cost of printing the \$1,000,000,000, perhaps as little as \$500, and makes the exchange. The Government then uses the money to pay its obligations. What are the results of the fantastic transaction? Well, the Government's bills are paid all right, but the U.S. Government has now indebted the people to the Federal Reserve Bankers for \$1 billion plus interest until paid! Since this and similar transactions have been going on since 1913, now — a little more than 50 years later — the people are indebted to the Bankers for over 300 billions of dollars on which they are taxed over \$1½ billion every month for interest alone, with no hope of ever paying off the principal, with both it and the interest climbing every month. The balance of the population of the United States now owes the approximately 100,000 people in Banking Families more than the assessed value of the United States, and this has happened since 1913. God is truly righteous when he calls "usury" an "abomination."

And There's More

Under this "debt-money" system those United States Bonds referred to above have now become assets of the Banks in the System against which they can now make loans to individual and commercial custom-

ers. Since U.S. banking laws require only a 20% reserve, this means the Bankers can loan up to five times the amount of the Bonds they have on hand.

On the one transaction of \$1 billion we discussed, they can loan \$5 billion to private customers at interest. This gives them upwards of \$6 billion out at interest for an original cost to them of as little as \$500! And since Congress no longer "creates" and issues money under the Constitution, the only way our people and our businesses can get money to carry on trade and expand our industry is to borrow it from the Bankers!

And There's Still More!

In addition to the vast wealth drawn to them through this almost unlimited usury, the Bankers who control the money at the top are able to approve or disapprove large loans to large and successful corporations to the extent that refusal of a loan will bring about a reduction in the price that that Corporation's stock sells for on the market. After depressing the price, the Banker's agents buy large blocks of the stock, after which the sometimes multi-million dollar loan is approved, the stock rises, and is then sold for a profit. In this manner billions of dollars are made with which to buy more stock. This practice is so refined today that the Federal Reserve Board need only announce to the newspapers an increase or decrease in their "rediscount rate" to send stocks up and down as they wish. Using this method since 1913, the Bankers and their agents have purchased control of almost every large corporation in America. Since they now have their agents in control of most Labor Unions, they are able to set wages for several years in advance through Union Contracts that the worker is told are to his "benefit." So-called disagreements between large unions and large corporations are usually a pretense to make the worker think the unions are in the laborers' interest while they serve as a wage control mechanism to the Bankers' advantage.

Why It's Called "Inflatable Currency"

The only way new money goes into circulation in America under this Satanic system is when someone borrows it from a Banker. When people are confident of success they borrow much money, which increases the money supply, and all seem to prosper for a while. Then, as they pay off their loans, the available money supply shrinks rapidly and money becomes "scarce." Since they must always take more out of circulation than they put in (because of interest and other charges), only other people borrowing still more can keep a medium of exchange available to the nation.

\$20,000 Borrowed — \$38,661 Paid Back

Since that tragic year of 1913, a very common transaction in the United States is borrowing money to buy a home. If a citizen borrows \$20,000 to purchase his house, he, in effect, spends \$20,000 into circulation. But, on a 25-year mortgage with 6% interest, the Banker wants \$128.87 per month paid to himself, or a total of \$38,661. So the buyer must take out of circulation, and return to the bank, \$38,661, or \$18,661 more than when he first purchased the home. Multiply this by hundreds of thousands of times and you can see why America has gone from a prosperous, debt-free people to a nation where practically every house is mortgaged to the hilt, our cars, furniture and clothes are purchased with borrowed money, and interest to the Bankers on personal, local, state, and national debt totals

more than the combined earnings of 20% of the population!

Yes, It's Political, Too!

Democrat, Republican and Independent voters who have wondered why politicians always spend more tax money than they take in should now see the reason. When they begin to study our "debt-money" system, they soon realize that these politicians are not the agents of the people but are the agents of the Bankers, for whom they plan ways to place the people further in debt. It takes only a little imagination to see that IF CONGRESS HAD BEEN "CREATING," AND SPENDING OR ISSUING INTO CIRCULATION, THE NECESSARY INCREASE IN THE MONEY SUPPLY, THERE WOULD BE NO NATIONAL DEBT, and the over \$1 trillion of other debts would be practically nonexistent. Since there would be no ORIGINAL cost of money except printing, and no CONTINUING costs such as interest, Federal taxes would be almost nil. Money, once in circulation, would remain there, and go on serving its purpose as a medium of exchange for generation after generation and century after century, just as coins do now, with NO payments to the Bankers whatever!

Mounting Debts and Wars

But, instead of peace and debt-free prosperity, we have ever-mounting debt and almost continuous wars. We, as a people, are now ruled by a system of Banker-owned Mammon that has usurped the mantle of government, disguised itself as our legitimate government, and set about to pauperize and control our people. It is now a centralized, all powerful political apparatus whose main purposes are promoting war, spending the people's money, and propagandizing to perpetuate itself in power. Our two large political parties have become its servants, the various departments of government its spending agencies, and the Internal Revenue Service its collection agency.

"Enemies" are built through international manipulations and used to scare American people into going billions of dollars more in debt to the Bankers for "military preparedness," "foreign aid to stop communism," and the "War on Poverty." Citizens, deliberately confused by "brainwashing" propaganda, watch helplessly while our politicians give our food, goods and money to Banker-controlled enemy governments under the guise of "better relations" and "easing tensions." Our Banker-controlled government takes our finest and bravest sons and sends them into foreign wars with obsolete equipment and inadequate training, where tens of thousands are murdered, and hundreds of thousands are crippled. Other thousands are morally corrupted and infected with venereal and other diseases which they bring back to the United States. When the "war" is over, we have gained nothing, but are scores of billions of dollars more in debt to the Bankers, which was the reason for the "war" in the first place!

The Constitutional Way— Every Citizen A Stockholder

If we would have used the Constitutional way of "creating" the money needed in the nation, the Federal Congress would spend most of its time and study on the issuance and control of an adequate supply of stable money for the people. If an increase of population and production required an increase in the medium of exchange, Congress would authorize the "coining," (i.e. printing) of

(Continued on Page 3, Column 1)

BILLIONS FOR THE BANKERS

(Continued from Page 2, Column 3)

the determined amount. Some could be used to pay current legitimate expenses of the Federal Government, with the balance paid directly to the citizens. Records for payment would be similar to Social Security records, except a citizen would be recorded at birth instead of when he first goes to work. Each person on the records as of the date of the Congressional authorization would receive an equal amount just as if he were a stockholder holding one share. Citizenship would be the only requirement, with no discrimination as to race, color, age or sex.

In the above manner the nation's total money supply could be increased, with no disadvantage to anyone, and an advantage to all. All would benefit from the increased ease of exchanging goods and services with more money available. The important thing would be that the money would be debt-free, and would not have to be taxed back out of existence to pay back to the Federal Reserve Bankers. As stated before, it would remain in circulation for generations at no cost to the taxpayers except printing replacements for paper currency as it wears out.

Another decided benefit of the people's control of Congress, and through them, the money, would be that an adequate national military defense would be protected by the same interests. There would be no conflict on "guns or butter" and no Bankers to decide that the citizens must waste \$50 to \$100 billion sending a man to the moon, while alien armies are preparing for an attack and invasion of the United States of America.

Stable Money

Money, issued in such a way, would derive its value in exchange from the fact that it had come from the highest legal sources in the nation and would be declared to be legal to pay all public and private debts. Issued by a sovereign nation, not in danger of collapse, it would need no gold or silver or other so-called "precious" metals to back it. As history shows, the stability and responsibility of the government issuing it is the deciding factor in the acceptance of that government's currency; not gold, silver or iron buried in some hole in the ground. Proof is America's currency today. Our gold and silver are practically gone, but our currency is accepted. But, if the government were about to collapse, our currency would be worthless. Also, money issued through the people's legitimate government would not be under the control of a privately owned corporation whose individual owners benefit by causing the money amount and value to fluctuate and the people to go into debt.

Since money is, and should remain, a national function, local differences or local factions would not be able to sway the people from the nation's, i.e., the people's interest. All other problems, except the nation's defense, would be taken care of in the State, County, or City governments, and would not affect decisions or money.

A Debt-Free America

There would be no such thing as the Federal Income Tax, our houses would be mortgage-free with no \$1,000 a year payments to the Bankers, nor would they get \$500 to \$1,000 per year from every automobile on our roads. We would need no "easy payment" plans, "revolving charge accounts," "go now — pay later" travel, or loans to buy engagement and wedding rings, loans to buy furniture, loans to pay medical or hospital bills, loans to pay taxes, loans to pay for burials, and the thousand and one usury-bearing loans that suck the life-blood of American families. There would be no unemployment, inadequate pensions, destitute old people, or mounting crime, and even the so-called "deprived" classes would be deprived of neither job nor money with which to buy the necessities and even the luxuries of life.

Criminals could not become politicians and politicians would not become criminals in the pay of the Money-Lenders. Our elected officials, at all government levels, would be working for the people instead of

Easter Greetings to All Our Friends!

being agents for the Bankers, devising means to spend more money to place us further in debt to the Bankers. We would get out of the entangling foreign alliances that have engulfed us in four major wars and scores of minor wars since the Federal Reserve Act was passed.

A debt-free America would mean mothers would not have to work and could rear their children to be good citizens instead of juvenile delinquents. The elimination of the interest and debt would be the equivalent of a 50% raise in the purchasing power of every worker. Eliminating the over \$100 billion "stolen" from the people every year by the Bankers and their political apparatus, America would be prosperous and powerful beyond the wildest dreams of its citizens today. And we would be at peace!

Tell the People!

America will not shake off her Banker-controlled dictatorship as long as the people are ignorant of the hidden controllers. International Financiers, who control our government, as they control almost all governments in the world, and news media, have us almost completely within their grasp. They can begin and end wars at will, bring prosperity or depression to our nation, give us peace or unleash "urban guerrilla warfare" on our cities.

They are afraid of only one thing: an awakened Patriotic Citizenry, armed with the truth, and with a trust in Almighty God for deliverance. This issue has given you the truth. What you do with it is in your hands, as in the hands of Divine Providence.

Why You Haven't Known —

We realize this small, and necessarily incomplete, article on money may be charged with over simplification. Some may say that if it is that simple the people would have known about it and it could not have happened. But this MONEY-LENDERS' conspiracy is as old as Babylon, and even in America dates far back before the year 1913. Actually, 1913 may be considered the year in which their previous plans came to fruition and the way opened for complete economic conquest of our people. The conspiracy is old enough in America so that its agents have been, for many years, in positions such as newspaper publishers, editors, columnists, university presidents, professors, textbook writers, labor union leaders, radio commentators, and politicians from school board members to U.S. presidents, and many others.

Controlled News Media —

These agents control the news media and manipulate public opinion, elect whom they will locally and nationally, and never editorialize, on the crooked money system. They promote school bonds, municipal bonds, expensive farm programs, "urban renewal," foreign aid, and all other schemes to spend billions of dollars and put the people more in debt to the Bankers. The thoughtful citizen wonders why billions are spent to pay farmers not to raise crops and billions more are spent to build dams to irrigate farmland to raise more crops. Crazy? No, since both programs put the government deeper in debt to the Bankers! Their greed knows no bounds and hundreds of

such seemingly cross-purpose plans go on continually. They make no sense, but news media never expose them for what they really are, "taskmasters" and builders of fantastic debts for the people.

They have been almost completely successful in preventing Americans from learning any of the things you read in this pamphlet.

Hardly anyone in this nation, except the Bankers and their agents, understand enough about our debt-money system to know how this great and productive country can have so much debt and so many people barely earning a living. So-called "economic experts" write syndicated columns in hundreds of newspapers, craftily designed to prevent the people from learning the simple truth about our money system. Commentators on radio and TV, and our politicians, blame the people as lazy or spend-thrift, blame government spending, blame state spending, or blame private spending, when they know it is the money system. Our people are literally drowned in charges and counter-charges designed to confuse them and keep them from knowledge of the unconstitutional and evil money-system that is leading us nearer and nearer to chaos and conquest.

When Patriotic people or organizations oppose them or try to stop any of their mad schemes, they are ridiculed and smeared as "right-wing extremists," "super-patriots," "ultra-rightists," "bigots," "anti-semites," and other terms designed to shut them up or at least stop people from listening to the warning they are giving.

Patriotic citizens and businessmen who oppose the Bankers' schemes are subject to harassment by the Internal Revenue Service, often causing anguish and resulting in bankrupting the businessmen or causing them great financial loss through disruption of their business.

What Do You Think?

Love of Country, compassion for your fellow-man, and concern for your children should make you deeply interested in this, America's greatest problem, for our generation has not suffered under the "yoke" as the coming generations will. "Usury" and taxes will continue to take a larger and larger part of the annual earnings of the people and put them in the pocket of the Bankers and their political Agents. It is entirely possible that our grandchildren will own neither home nor car, but will live in "government" - owned (and Banker - financed) apartments, and be transported to work in "government"-owned (and Banker-financed) buses, AND BE ALLOWED JUST ENOUGH MONEY TO BUY A MINIMUM OF FOOD AND CLOTHES, while the Rulers wallow in luxury! In Asia and eastern Europe it is called "communism", but in America it is referred to as "public housing," "welfare programs," and the "rising cost of living."

The "communist," "socialist," and "liberal," agents of the Bankers are working for a Banker-owned United States in a Banker-owned world under a Banker-owned United Nations World Government!

HOW BANKERS CREATE BANK DEPOSITS

By **SILAS WALTER ADAMS**

Our total monetary funds are created in the form of bank deposits. Cash and checks are used in transferring these deposits from buyers to sellers. Neither cash, deposits, the capital nor surplus play any part in the creation of bank deposits.

The Board of Governors of the Federal Reserve System admits that fact in the first issue of "The Federal Reserve System — Its Purposes and Functions," issued in 1939. Let's quote that book:

Page 34—"The aggregate deposits in the banking system as a whole represent mainly funds lent by banks or paid by banks for securities." (When banks buy goods, properties or hereditaments they pay for them with a check or deposit slip, which costs them nothing — this creates new deposits.)

Page 85—"Federal Reserve Bank credit does not consist of funds the Reserve authorities GET somewhere in order to lend, but constitutes funds they are empowered to create." Pages 50-51—"The method of supplying banks with additional reserve funds is through open market purchases of Government (and corporation) securities by the Reserve authorities . . . The checks given in payment by the Reserve authorities are deposited in the sellers' respective banks, and as a result bank deposits are increased. The banks in return deposit the (same) checks in their reserve accounts in their Reserve banks, and bank reserves are increased."

Page 69—"Suppose there were just one bank . . . Suppose that this bank were required by law (the Reserve Act) to have reserves equal to at least 20 per cent of its deposits. Then if its deposits were \$5 million, its reserve balance with its Reserve Bank would have to be at least \$1 million. Suppose it has exactly that . . . in such case if it made a loan, its reserve balance would be less than the 20 per cent of the bank's deposits."

Page 70—"Suppose that the Reserve authorities were of the opinion that more loans should be made, and that the bank should have additional reserves that it might make the loans. Suppose they therefore purchased in the open market \$20 million securities. The sellers of the securities would deposit in the commercial bank the check they received in payment. The commercial bank in turn would deposit the (same) check in its reserve account with the Reserve Bank. Having these additional \$20 million reserves, the commercial bank, by making loans and investments could increase its deposits to five times as much, or \$100 million—the \$20 million being the 20 per cent reserves required against the \$100 million deposits."

Remember that neither cash, gold, capital, surplus, or the depositors' deposits were mentioned. The Reserve authorities simply bought \$20 million securities in the open market, and paid for them with a hot check drawn against no funds. The whole transaction was based on the opinion of 12 men the seven members of the Board of Governors and 5 men chosen from the Reserve bankers.

Let's follow that Reserve check. The sellers of the securities deposited it in the commercial bank, creating \$20 million bank deposits. The commercial bank deposited the same check in its Reserve Bank to the credit of its reserve fund, creating \$20 million reserves. Having these \$20 million new reserves, the commercial bank loaned \$100 million, creating an additional \$100 million new commercial bank deposits.

Starting with a blank Reserve check, here is how the bankers profited. For the hot check the Reserve authorities came into possession of \$20 million securities. The commercial bank paid for the Reserve check with a deposit slip, a flick of the pen. Owning the check, it deposited it in its Reserve bank to the credit of its reserve fund. It loaned five times the \$20 million reserves or \$100 million at 6 per cent, and received \$100 million in notes. At the end of the year the Commercial collected the notes, adding to the commercial bank's profits \$106 million. That left the borrowers \$106 million poorer. The bankers' total profits were \$146 million — all growing out of one \$20 million hot check.

THE NATION'S DICTATOR

Yes, you, the Federal Reserve Banking System, you are the dictator in our great nation. You are the Nero that fiddles while Rome is burning.

We in Congress can study for years, travel for miles, and legislate for months, striving to enact sound legislation. We come to Washington holding aloft a mandate from the people. We come clothed in power by the ballots representing the will of 195,000,000 citizens. We come to enact laws for the general welfare, but in every nook and corner of the Nation's Capital you are here, the invisible government, the power behind the throne of government. You with your red flag of economic dictatorship, you whisper into the ear of Congress, "Listen! We hold the power supreme, the power of money, and by this power we can dictate and determine just who shall occupy our seat." You whisper into the ear of the Public Press, "Listen! We hold by the power of money the control of big business that buys your advertising contracts, that determines the life or death of your paper." You whisper to the management of radio broadcasting stations, "Listen! We own the bonds and the stocks directly or indirectly. Your salary depends upon us."

We pass worthy laws through the House and Senate, and the President signs. We attach a large penalty for violation, and congratulate ourselves that we have expressed the will of the people in laws, but you, the Federal Reserve Banking System, you hold in your hand a mightier power, the power of money, for by this power you control God Almighty's first law, the law of self-preservation. By the power of money you command and inflict the penalties of starvation and deprivation, misery and want. You can break every law Congress can ever make. You can starve the most righteous soul until he will steal that his loved ones may have food and shelter.

You can crowd the most peaceful man until he will kill in murder and war that the reasonable wants of his loved ones may be satisfied. On the auction block of starvation and deprivation Man will sell his honor and Woman will sell her soul to satisfy that inward craving for food that God has put in the mind and body of man.

Yes, with this magic wand, the power of money, this firebrand of destruction, you can change to criminals our citizens of most worthy stamp, change a patriot into an enemy, love for country into hate. You can destroy — as you are doing today and as you have done twenty-three other times in the past — the homes of the nation, the units in the foundation of government, that determine the perpetuation of our great Democracy. You by the power of money can turn back the clock of time from civilization to the dark past. For no power on earth to man for evil or for good can equal the power of money!

Excerpts from speech, Congressional Record,
By C. G. BINDERUP

That is how the bankers have taken title to our real and producing properties, and saddled on the 180 millions of us a \$400 billion public debt with a \$600 billion private, industry debt. That has made bankers the masters of the nation's economy, and reduced the rest of us to abject slavery to their opinions and whims.

In the 1920s Sir Josiah Stamp, the then second richest man in Great Britain, the President of the Bank of England, and the President of the English railway system, spoke to the 150 University of Texas professors. He said:

"Banking was conceived in iniquity and was born in sin. The bankers own the earth. Take it away from them, but leave them the power to create deposits, and with a flick of the pen, they will create enough deposits to buy it back again. However, take it away from them, and all great fortunes like mine will disappear, and they ought to disappear for this would be a happier and better world to live in. BUT, if you wish to remain the slaves of bankers and pay the costs of your own slavery, let them continue to create deposits.

GREAT AMERICAN PATRIOTS SPEAK OUT ON MONEY

"I believe that banking institutions are more dangerous to our liberties than standing armies. Already they have raised up a money aristocracy that has set the government at defiance. The issuing power should be taken from the banks and restored to the people to whom it properly belongs."

—THOMAS JEFFERSON

"Under the Federal Reserve Act panics are scientifically created: the present (1920) is the first scientifically created one, worked out as we figure a mathematical problem."

—HON. CHARLES A. LINDBERG,
Father of Colonel Lindberg.

"There is not a man within the sound of my voice who does not know that this nation is run by the International Bankers."

—CONG. LOUIS T. McFADDEN.

"The responsibility for the last World War rests solely on the shoulders of international financiers. It is THEY upon whose head the blood of millions of dead and millions of dying rests."

— SENATE DOCUMENT NO. 346,
67th CONGRESS, 4th SESSION.

BENJAMIN FRANKLIN made the following statement when asked: "How did he account for the prosperity in the American colonies?"

"That is simple. It is only because in the colonies we issue our own money. It is called colonial script and we issue it in the proper proportions, to accommodate trade and commerce."

"The refusal of King George to operate on an honest colonial money system which freed the ordinary man from the clutches of the manipulators, was probably the prime cause of the Revolution."

—BENJAMIN FRANKLIN on "Prime Cause of the Revolutionary War."

"The Government should create, issue and circulate all the money and currency needed to satisfy the spending power of the government and the buying power of consumers."

—ABRAHAM LINCOLN.

POPE PIUS XI said: "Immense power and despotic economic domination are concentrated in the hands of a few. This power becomes particularly irresistible when exercised by those who, because they hold and control money, are able also, to govern credit and determine its allotment, for that reason supplying, so to speak, the life-blood to the entire economic body, and grasping, as it were, in their hands, the very soul of production, so that no one dare breathe against their will."

PRESIDENT MADISON observed: "History records that the money changers have used every form of abuse, intrigue, deceit and violent means possible to maintain their control over governments by controlling the money and its issuance."

When will modern American leaders doff the cloak of craven cowardice and, clothed in the mantle of Christian courage and love of country, raise their voice against this despicable evil and end this thievery once and for all?

Common Sense.

A WILL-TO-POWER ESSENTIAL FOR SURVIVAL

Secret World of Diplomacy

By **FRED FARREL**

There are some Germans whom we admire. There are some others for whom we cannot summon much admiration. West German Finance Minister Franz Josef Strauss is one who causes us to wonder what is going on in Western Germany today. We especially wonder what sort of machinations the Jews are carrying on in Western Germany today. Superficially, Germany appears to be largely Judenfrei. Not many Jews are to be seen in Western Germany; there is no mass of small shopkeepers, for example; Germans simply wouldn't buy from a Jewish store. Jewish influence is felt rather than seen. There are many quite mysterious things going on in the world today.

Franz Josef Strauss says that many of these things are "beyond the mental range of the ordinary man." He has spoken a real mouthful. Today the 1970's are being shaped largely by influences which are totally undreamed of by the average man. Secret alliances and secret power systems are being built in total concealment. It is safe to say that the 1970's will be a big surprise to the average man.

One of the big surprises will be the disappearance of Marxism. Both the American Left and the American Right will be surprised by this, and by the wholesale destruction of their ideological positions which will go with it. Our mass media have taught us a preposterous myth about Marxism. They have led us to believe that it is a vast "revolutionary" movement which arose among the masses; it is depicted as being monolithic, fanatic, and fatally attractive. Marxism is merely ONE tool of the Jewish drive for world power. Today it is a broken tool, and the Jew will fling it into the trash can and reach for another tool. Only the Goy suckers take Marxism seriously; only the Jews really know what it is for. In the 1970's, Marxism will disappear, because it is no longer worth anything to the Jews who created it. The time has come for the Jewish power drive to shift into a new phase. Jewish propaganda will introduce a new ideology into the world in the 1970's; the passing of Marxism will be almost unnoticed amidst the new excitement.

The Jewish drive for World Power is now approaching its climax, which is not to say that it is approaching success. We believe that it is approaching a grotesque and spectacular failure which will be as disastrous for the Jews as for everybody else. The Jew is the great disease of planet earth. He is as fatal to himself as to others. Today the Jewish influence in the world is simply a bad accident about to happen. It may well happen in the 1970's. If we examine the prospects in

the light of what we know about Jewish policies, we can make some pretty accurate calculations about things which are likely to happen in the 1970's.

There are five principal items of Jewish policy which we must consider, if we are to understand what is going on in the high, secret places today.

ONE: It is Jewish policy to destroy all other power systems except the Jewish power system. This plan is to be carried out by organized political sabotage, and primarily by separating the Goy "masses" from leadership of their own race. This is accomplished by fomenting class hatreds. This is the prime function of Marxism. In this connection, the class hatred of the "Right Wing" is just as poisonous as the class hatred of the "Left Wing." More than once, we have seen the Goy "Country Club Set" engaged in veritable orgies of hatred for the working class. They fancy themselves to be "Great Patriots" and "Great Anti-Communists," when in fact they are merely great fools and suckers, doing exactly what the Jews want them to do.

TWO: It is Jewish policy to wipe out Christianity. Today, when they have the help of

Bugs and Fleas

By **FRED FARREL**

A speaker at Yale University, discussing the low quality of contemporary American leadership, said, "The WASP has abdicated, and who has taken his place? Bugs and fleas. . . ."

BUGS AND FLEAS. We have been groping for some time for just the right phrase of contempt to apply to the quacks, frauds, charlatans, and swindlers who call themselves our "National Leadership" today. This is just about the best phrase we have heard. Like millions of other Americans we are outraged by the low character and mediocre mentality of the people who demand that we take them seriously. What especially annoys us is the stridence with which these funny little men demand our attention. They have no right to anybody's attention.

We are tired of "Great Liberals" who foment crime and riots in our streets, who pontificate upon the excellence of racial interbreeding, who eagerly rip our Society apart. We are tired of "Great Conservatives" who, with their golden voices, make speeches full of mellow, lovely Conservative phrases, written for them by their Communist ghost writers. We are tired of being asked to accept gasbagery in lieu of reality. We are tired of a publishing industry which considers Eldridge Cleaver, Norman Mailer, and Alexander Soltzheinitz the best authors for the edification of the American public. We will have to admit, though, that we envy Eldridge Cleaver as an author. His books are quite trashy; he mainly boasts of the number of white women he has raped and the number of "Pigs" (Policemen) he has bumped off; but we have to admit that he has discovered the best way to be an author. He does not even have to write his books. A Jewish ghost writer is assigned to him by the publishers who in the last twenty years have not managed to publish anything intelligent or pro-American, but run after every illiterate Negro rapist, every Russian Jew, and every half-baked Commie they can discover. Eldridge Cleaver pauses on his way to refuge in Cuba to toss off another best-selling book. We have not been able to understand why Eldridge Cleaver is out of jail. We are tired of the maniacal character of our so-called "Leadership."

It is time to think about POWER in America. We as a nation are prudish about POWER. We are like Victorian ladies who wore very long dresses and had no legs (They had "limbs." It was deemed indecent to admit that one had legs). Our political campaigns and propaganda are equally prudish. We talk about "issues" but we do not talk about POWER; we pretend that things are done by

(Continued from Page 1, Column 2)

so many of the so-called "Christian" Clergy, this task looks easy. Organized Christianity is a mere empty shell. Real Christianity is already an underground fugitive as in the days of the Catacombs. The Jews defeated Christianity in the West mainly by mere "Right-Left" manipulations. A hundred years ago, all of the Christian Churches were "On the Right" and appeared to the masses to be mere tools of the rich; today, a lot of them are "On the Left." They had no business of ever being on either the Right or the Left. They should have branded the Right-Left System a fraud the day after it was invented. Their failure to do so will cost them dearly.

THREE: It is the policy of the Jews to interbreed the races of the world. The Jews mean to wipe out all white races except their own. This means bringing colored races into Europe. (Negro immigration into Great Britain is already far advanced.) It means promoting integration in America. The Jews wish to wipe out the pesky Aryan and Slavic races, which have often been "Anti-Semitic" and have resisted the progress of the Jews toward world power.

FOUR: It is the policy of the Jews to wipe out all old Nationalism, except their own. This is purely a COMPETITIVE desire. The Jews do not really believe in the principle of "Internationalism," to which they pay so much lip service. They are an intensely Nationalistic people themselves; they wish to wipe out OTHER Nationalisms as a matter of rivalry, but not the principle of Nationalism.

FIVE: The Jews wish to establish a World State, to be ruled by themselves as a superior caste. ("We are the aristocrats of the world.") The Jewish world state is to be built upon the ruins of the old Goy states, which the Jews today are wrecking with gay abandon.

Those are the basic Jewish policies. Now let us see what the Jews are doing to implement these policies. They are not doing what they say that they are doing, and they are not doing what the mass media say that they are doing. They are not even doing what many "Anti-Semites" think that they are doing. It is really amazing, the extent to which the Jews dominate Anti-Semitism today. Some Jew intellectual invents a stereotype and manages to hang it upon the Goy "Anti-Semites." They, in their simple Goy way, accept it and start shouting slogans invented for them by the Jews. The Jew then brands them as being irrational or paranoid. There is a certain Stereotype which the Anti-Defamation League would like to hang upon "the notorious hate paper COMMON SENSE." We will not accept it. We are not "Irrational." We are cold-bloodedly rational in the manner of Oswald Spengler and the other great thinkers. We do not accept the myths that are made, the tales that are told. We do our own thinking.

Today we live in a period of lingering, dying myths. The popular mythology of America holds that the World Crisis is primarily a "Contest" between Capitalism and Communism. It is not, and never could be any such thing. It was the Capitalists, especially the Jewish Capitalists, who invented and promoted Marxism in the first place. There is a staggering contrast between the things which happen in the high, secret places and the myths which are made for the people. The great Capitalists of New York financed and promoted the October Revolution in Russia. Then they reported in their controlled press that a "revolt of peasants and workers" had taken place in Russia. This was represented as being a dangerous contagion which might spread at any minute to the American working class. In fact, the Capitalists created and manipulated both Communism and anti-Communism. This is the great Jewish contribution to Western Civilization.

Today the chasm which separates the myths from the realities is absolutely bottomless. It has reached the point of insanity. The popular myths of our time, for instance the myth of a battle between "Communism" and "Anti-Communism" are at such great variance with reality that they will collapse in

the 1970's. Never mind. The busy myth-makers will have new myths ready by then.

Let us examine the realities which lie behind the present-day myths. It is Jewish policy to create international alliances among the nations which are under their control. Today the Jews control both the U.S.A. and Red China. Therefore, Red China and the U.S.A. are bound together in a tight though hidden alliance. Officially, we do not even have diplomatic relations with China. Officially, China is "Communist" and we are "Anti-Communist." You would be surprised to know how little difference all of this really makes. The American Jews were the creators of Red China. They used their power in the United States to put Mao into power in China. Mao is one of the heroes of the New Left, which is promoted with Jewish money. His photo hangs in many a college dorm, and the Jew-controlled Leftist press idolizes Mao. World Jewry works hand in glove with Maoist China. Again, through the exercise of Jewish power in America, Western Germany has been driven into the Jew-controlled camp, against the will of the German people. Now the outlines of a world-girdling alliance begin to emerge. It is an alliance between The United States, Red China, and Western Germany.

This is where we come to the parting of the ways with Franz Josef Strauss. Strauss has been dickering very actively with Red China. We do not sit in judgement upon Strauss. People who have been defeated in a major war are allowed a certain opportunism. They have to make the best of a bad situation. If Strauss didn't do what he is doing, somebody else would do it. Nevertheless, we can manage to become quite alarmed about what Strauss is doing, because it tends to promote Jewish power in the world. Many thinking Germans are also alarmed by it. Strauss himself says that the factors involved are "beyond the mental range of the ordinary man." The factors are NOT beyond the range of us extraordinary rough riders at COMMON SENSE. We see clearly what is happening. The Jews are building a world-girdling alliance of nations which are under their control. This alliance includes Red China, the United States, and Western Germany.

What kind of alliance is this

It is an anti-Russian alliance, of course. It is an alliance designed to encircle Russia with hostile Jewish power. Only a few years ago, this would not have been considered at all necessary. Russia was securely in the hands of the Jews. Russia has proven very hard for the Jews to manage. The Jews have not given up on Russia. They never give up on any nation as long as they have a way to fight. Russia has slipped out of their hands temporarily, but they are trying to get it back. They encircle Russia with hostile alliances, and they carry on a constant drum-fire of propaganda against the present Kremlin regime. The NEW YORK TIMES huffs and puffs and blows. TIME prints a picture of the dissident writer Soltzheinitzsyn on its cover. Senator Dodd praises Russia's dissident intellectuals, who in fact are the spearhead of a new Jewish intellectual invasion of Russia. This new Jewish invasion of Russia is supported solidly by all right-thinking

"Show Window Goyim" in the United States.

We know the standard stereotype of "Red Russia" which is used by all of the shallow Anti-Communists who pretend to fight Communism but don't. It is unfortunate that such a stereotype was ever created by mass propaganda in the U.S.A., for it is at great variance with the realities of the matter. Russia will always be a tough nut for the Jews to crack. "Right Wing" propaganda in the U.S.A. tends to depict the Russians as passive accepters of Marxism. The real-life Russians are not passive. A real life Russian can cause more trouble, engage in more mental and spiritual agonizing, dream up more irrational but creative aspirations, and surround himself with more destructive chaos than any hundred of any other people. A Russian hates the West in an automatic and instinctive manner. This has nothing to do with Marxism. It was as true in Czarist times as it is today. The West is that Great Babylon, that squalid Sodom and Gomorrah. Most "Anti-Communist" propaganda aimed against Russia misses the mark by a country mile. There simply is no such target as the target at which such propaganda is aimed. The Russian may use Marxist lingo, but he might as well be the Seventeenth Century Archbishop saying, "WE ARE GOD'S CHOSEN PEOPLE. WE ARE THE THIRD ROME, AND THERE WILL NOT BE A FOURTH. WE ARE THE FINAL KEEPERS OF GOD'S LAW ON EARTH. . . ."

Marxism is a transient, alien intrusion in Russia. It was introduced into Russia by the Rothschilds, the Belmonts, the Warburgs, the Rockefellers, by Western interests, especially Jewish interests, who hoped to use it to dominate Russia, to exploit Russia as a colonial area, and to use Russia as a springboard to extend their power to all the world. Cheap little Jewish agitators trained in New York were the intellectual shock forces of the October Revolution in Russia. The first Western grab for Russia failed. Leon Trotsky was Wall Street's man in Russia, and when he fell dead with Stalin's ax in his skull in 1940, a great shudder went through Wall Street, which had invested untold millions in the Russian Revolution. Today, Jewish Wall Street is trying to recover control of Russia. Therefore, the U.S.A. must be secretly allied to Red China. Western Germany must also be allied to Red China. Never mind the German people; the ultimate aim is to bring in colored races and interbreed them in order to wipe out the hated Aryans. Red China, is, of course, also solidly allied to Israel. At the same time, China is trying to deceive the Arabs. China has carried out a campaign to separate the Arabs from Russia. At one time, China hinted that she might even supply atomic bombs to the Arabs; but this was a false offer, and it would not have been carried out. The atomic establishment in China works closely with Israel, and Israel can have atomic bombs anytime Israel really wants them. China is absolutely subservient to World Jewry; therefore Red China is "good" in our popular press; Russia is "bad."

Russia is indeed bad news. The egomaniacs who run the Conspiracy feel sure that they can "handle" Russia. COMMON SENSE doubts if they can. Among other merry little items on the agenda for the 1970's, World War III is a distinct possibility. This would result, not from the success of the Conspiracy, but from a miscalculation on the part of the Conspiracy. The Jews who run the Conspiracy are great ones for argumentation, journalistic propaganda, and ideologies. The Russian cares little for these things. He likes excitement, loud noises, fighting, great irrational ideals, and the idea of world power. Today the Russians are developing a space ship capable of carrying twelve men and a 100 Megaton bomb. Giving such a toy to the Russians is like giving it to an extremely bright twelve-year-old. Such a space ship cannot fly to the moon, but it can fly to New York without any great difficulty. If the Conspiracy annoys the Russian too much, the Russian is quite capable of deciding upon its liquidation via the 100-Megaton Bomb route. COMMON SENSE has good sources of information about these matters; some of our volunteers are competent and experienced secret agents.

(Continued on Page 3, Column 1)

Secret World of Diplomacy

(Continued from Page 2, Column 3)

We consider the operations of the Conspiracy in and around Russia to be foolhardy.

Are the Russians good or bad? F. M. Dostoevski tackled this question in his novels CRIME AND PUNISHMENT, THE BROTHERS KARAMAZOV, and THE GRAND INQUISITOR. For practical purposes, we may make this analogy: Chief Pontiac was a very good Indian; he could handle a scalping knife with considerable skill, and he would scalp any paleface who got within a hundred yards of him. There was nothing wrong with Chief Pontiac, as an Indian. There is nothing wrong with the Russians, as Russians. It's just that they are as dangerous as a two-dollar pistol to have around. Now that Chief Pontiac is safely dead, we can glamorize him and use him as a trademark on our automobiles. During his lifetime, he declared war on the United States and scalped many an unwary paleface. These were simply the normal activities of a normal Indian. Russia's activities in the world today are simply the normal activities of normal Russians. Communism has very little to do with the matter. If anything, Communism in Russia has proven that Revolution cannot really change a nation very much. The Russian is a "Good Indian" who is perhaps a bit over-anxious to scalp the palefaces of the West, if he gets the chance. Communism is a disease of the West, not of Russia. Its real headquarters are in New York, not in Moscow. The "Red Russia" of American domestic controversy has absolutely nothing to do with the real Russia; it is merely a stereotype invented for American domestic propaganda purposes. It is useless to look at Russia through western eyes, because Russia is not and never will be a western country. It is the West, not Russia, which has been rotted away by Marxism, which is soul-sick with cheap and groundless class hatreds, which is rotten to the very bottom of its cold, cruel, rotten whore's heart, which is dying of the Jew disease. The West has sold its soul to stupid little Jews, to the pawnbrokers and pants pressers who think they are "the aristocrats of the world." These Jews crack the whip over our worthless politicians, who then scream about "that dynamic little democracy, the Republic of Israel." Pictures of their stupid and corrupt hack writers appear on the covers of our weekly news magazines, and the filthy literature they have created turns our brightest Goy youngsters into mindless vegetables. The Jews have changed the U.S.A. This used to be a great country; today it is a great madhouse. If we were really going to survive, the restoration of sanity would have to be the first order of business, and this cannot be accomplished as long as the Jews have control of literature, education, and the communications media.

The Jews have not succeeded in changing Russia much. The Russian is still what he was before the Revolution. He is still a "Good Indian." He will scalp you if he gets the chance. Understand that this is perfectly normal conduct, for an Indian or a Russian. It is simply in accordance with their habits and their instincts.

The funny little Jew intellectuals who thought they could "Change" Russia have their work cut out for them. We frankly don't believe that they can do it. We think that there is a high probability of a head-on collision between Russia and the Conspiracy, and that this could well be the cause of World War III. That space ship which carries twelve men and the 100-Megaton bomb is in the hands of Chief Pontiac. Soviet Defense Minister Marshal Grechko is a Good Indian, and he knows what Good Indians are supposed to do to ornery and inconvenient palefaces.

We think that perhaps Franz Josef Strauss, like some of our own politicians, jumps a bit too quickly when the American Jewish whip cracks. West Germany today is tightly allied to Israel. This, of course, is because of American Jewish pressure. Many of the old Nazis are going over to Russia and have fled to East Germany. They are simply fed up with the American

DESECRATION

Everyone is familiar with the stories of FLAG burning in both our own country and in foreign lands.

Now we learn that in Chicago a group of pro-communist S.D.S. students at the University of Chicago are cursing the United States of America and asking God to damn it.

We remember Irving Berlin's beautiful tribute to our country, when he wrote God Bless America for Kate Smith's program.

Now communists are singing a parody of it and we understand the police STOOD BY AND DID NOTHING !!!

Jews, with war crimes trials still going on a quarter of a century after the war. The Jews are building toward a bid for world power in the 1970's. They have fitted the U.S.A. into the pattern; they have fitted West Germany into the pattern; they have fitted Red China into the pattern. During the 1970's, the Jews will wash out Marxism and spring a new ideology on the world. Their quack intellectuals will gabble like geese; TIME Magazine will shower praise; the bourgeoisie of our rotten society will be enchanted at having a new kind of charlatanry for knowing eyes, the secret plans which even now are being made will float into open view. These things are at present "beyond the mental range of the ordinary man," as Franz Josef Strauss so aptly says. But in the 1970's these things will be sprung upon the ordinary man with all the power of the mass media. It will be truly astounding. Look forward to the exciting 1970's, when many things now being prepared in secret will be exploded into the open, to amaze the yokelry and fasten the yoke of the Jews forever upon the necks of the Goyim.

We think that the Jews will fail, and that this will be their final disaster. Eichmann failed to achieve the final solution; today the Jews are preparing their own final solution. The Zionist maniacs are setting the stage for a great disaster.

"forces" or "ideologies," but we never admit that things are really done by men in power. The mass media tell us that this or that situation has "developed." They do not tell us that it developed because somebody financed and promoted it. Every effort is made to CONCEAL the workings of power, just as Victorian ladies concealed their legs. Power is considered indecent. Yet ours is very much a POWER Society. Power is exercised all the time, twenty-four hours a day, in government, in law, in education, in medicine. In each of these fields, the operation of the power system is understood only by initiates. The ordinary citizen more and more feels himself to be surrounded by mysterious and malevolent power mechanisms. He has not the time or the means to study them and learn how they really work. More and more, he simply cuts losses against them; he no longer believes in their integrity. He finds practical ways to evade or defeat them. Concealed POWER is everywhere in our society; the average citizen views it as a pestilence which must sometimes be endured, but which can sometimes be evaded. There is no longer any real confidence in the legitimacy of our power system.

COMMON SENSE has heard about all of the "Great Issues." Issues are indeed important; we sometimes discuss them. A patriotic victory will never be won merely on the basis of "Issues." There must be somebody who will create an organized WILL-TO-POWER which can overthrow and replace the BUGS AND FLEAS who rule us.

The simple task of restoring our national communications would be staggering. POWER is exercised in an especially corrupt and malevolent way in the communications field. The SATURDAY EVENING POST recently folded. It was once the official organ of the American Middle Class. In its later years it became a Maoist propaganda organ and touted "Chinese Agrarian Reformers." It touted Russian Jew Marxist writers like Alexander Soltzheinitzsyn. Saul Bellow turned up in the pages where F. Scott Fitzgerald once demonstrated his rapport with the Middle Class. Bellow didn't have any rapport with anybody except the Jew bosses. Our paperback book racks are filled with thousands of books, or non-books, all written exactly in the same dull, stupid literary style, as if they had all been written by the same mediocre writer. The books may be novels, or pornography, or so-called "Religious" books or political books; but essentially they are all alike. Why does this dull style exist? Because it has been dictated by MEN IN POWER in publishing. They do not wish to have the public taste whetted by even a brief exposure to the work of any really capable writer. The object is to turn the American middle class into mindless vegetables. The writers are nearly all Jews, but many of the publishers are rascal goyim who are selling out the cultural values of their own race.

Political Power is best concealed of all. Certainly there is no real power in either the Democratic Party or the Republican Party. They are "Show Window Goyim" who dare not breathe without the permission of the New York Jews. We have a Jewish Government which operates through the medium of Goy politicians trained to absolute obedience. The Jewish Government issues edicts without consulting the American Majority. The old American system of Constitutional Government is nothing but empty, clanking machinery today; there is no power in it. It is merely a mask for real exercise of hidden power.

What can overthrow this system? Only a rival POWER-WILL which will set its face against the corrupt Invisible Government, and fight to WIN. COMMON SENSE is getting tired of mere "Issues" and "Opinions." We want to see a POWER-WILL which will manifest itself in tangible form, and will go out to fight the Establishment of the Bugs and Fleas, and which will replace them with real, bona-fide humans. Nothing less than this will save the country from destruction and the people from extermination. If you are satisfied with "something less," we suggest that you forget politics and take up ping-pong instead.

FALLACY OF EQUALITY

By J. JOHNSTON McCAULEY

Contrary to what some people say, we are not all born equal. Any effort aimed at making everybody equal, so far as their characteristics, abilities, and their productivity are concerned, is doomed to failure . . . because it is opposed to a basic law of nature. We are not all born equal, but differences do not depend upon the color of one's skin or race, though these certainly are different.

A lot of people are endowed with a strong physique and are capable of enduring great physical hardship or of performing feats requiring considerable strength. But on the other hand, some may have inferior physiques, but keen, well-developed minds. Hard physical labor would be impossible for them, yet they are able to plan, to mastermind inventions, and to solve knotty problems which enable mankind to advance.

Fortunately, there are some persons endowed by nature and by perhaps heredity, with both strong bodies and keen minds. Many people are by nature indolent and lazy. They refuse to perform hard tasks, preferring to depend upon the charity of others. They may have strong backs; even keen minds, but are unwilling to exert either. They are slothful and undeserving, taking no pride in achievement, but most people are energetic and will work in order to achieve.

Just as some people have different colors of hair, eyes, and other features, everywhere you look you see physical differences. If this were not true we would all be lost in a sea of monotonous humanity, an unexciting, colorless mass with no one having individuality. Just as there are differences in physical appearance, there are differences in ability, in temperament, in motivation, in character, in heredity, and in the opportunity offered by the environment.

We find some individuals who are meticulous in their planning for a project and in the execution of that plan. Others take life as it comes with no particular plan to guide them. They merely trust to luck. Some save their money; some spend all they earn; some invest wisely, others foolishly.

It becomes very difficult to compare or evaluate persons in the light of what others may do, for each acts from a different set of inborn traits, and what would be normal for one might be considered abnormal or difficult for another.

Equality for All

A great deal has been written and said over the past years about equality for all people. Let us examine this question closely. Should we seek to achieve equality for all people? If we say we are going to set equality for everybody as a goal, just what do we mean? Certainly we cannot change their physical characteristics, and make them all look and act the same. But shall we take from the person who produces well and earns a good income, and give much of his reward to those who are unproductive and indolent? Such a process involves embracing the basic principles of Socialism.

There are many in our country who profess to believe that all people should be made equal in their incomes, in their standard of living, and in their professions. They claim we should take away the fruits of labors from the millions who work and earn so that those who refuse to work, or who are unable to produce, may enjoy the same standard of living. There are a number of fallacies here, as every sensible person knows.

To bring the standard of living of the lazy, indolent, and slothful up to the level of the productive worker, would be to subsidize laziness and put a premium upon worthlessness. The plan to make everybody equal is part of a diabolical scheme to reduce the productivity of the productive worker to the level of the non-productive worker, and thus bring about complete indolence and chaos, a necessary step before the ultimate Marxist takeover. It used to be a widely recognized natural law that the man who refused to work did not eat. And this "law" turned many a person into a productive worker.

Taking from the productive worker to give to the indolent one would penalize the producer. He would then have no incentive to

work hard. Obviously this retards progress. This is what has happened in Communist countries, where rewards for productivity has been kept at a bare minimum, and where distribution has been based on need rather than productivity. The Communist leaders have been unable to spur production to compare to that of a free enterprise system because there is no incentive for the worker or even the inventor.

The one thing which this nation offers to a degree no other ever has is opportunity . . . individual opportunity. That is extremely important, for it has been the motivating factor behind our growth and progress all during our history.

In other words, the great responsibility of the individual is to make the most of his opportunities. As a former slum-dweller pointed out, he and others who grew up together in the same slums, did not allow themselves to be overcome and submerged by the slums. They made use of their opportunities and rose above slum living. They did not do it through riots and civil disobedience, but by means of using their skill and talents to achieve.

Some who advocate taking from those who have been successful to hand to those who have not, would do so by expanding our welfare programs with the aid of heavier taxes on those who are productive. What this nation needs is to take a long hard look at suggestions to liberalize welfare programs. When they become so liberal that people are penalized for doing a productive job, the country will be in serious difficulties. We are at that point now.

We must accept the fact that people are not born equal and cannot be made equal, but must use their resources and their talents to meet their responsibilities and use their opportunities to the fullest. If this is to be done, we must maintain an incentive for personal effort and productivity.

Levelling all men to a least common denominator is inherently unjust and immoral and makes a mockery of God's laws. It is simply a plain cold logical fact that all men are not created equal in any respect save their spiritual dignity before God. When the phrase "All Men Are Created Equal," as it appeared in the U.S. Constitution, is used to justify forced integration and the present trend in our government and society, the phrase is taken entirely out of context. What the blind integrators and race mixers fail to realize is that in this world-wide revolt against God's Divinely established order for the universe, races alone are not involved. Under the new order there will be equality in sexes, equality between husband and wife, parent and child, nation and nation. If carried to its logical conclusion, the resultant chaos is inconceivable. This diabolical master stroke, aimed at the heart of God's Divine plan is aptly described in Robert T. Ingram's ESSAY ON SEGREGATION:

"For it is not only the races that must disappear and be brought into conformity with the requirement of a world state; so with sexes, so with parents and children, so with nations, states, tribes and empires. All must go and be swallowed up in the maw of the great monad . . ."

REQUIESCAT IN PACE

LEANDER H. PEREZ, former Judge and District Attorney of St. Bernard and Plaquemines Parishes, Louisiana, ardent segregationist and militant anti-Zionist, died recently at the age of 77. Perez was one of the most beloved of all contemporary Southern leaders. He was admired the country over for his courage and militant defense of genuine American heritage and especially because he never hesitated to name the real source of the present American chaos . . . the Zionist Jew. Conde McGinley knew and admired him. America is paying a dear price for failure to listen to Christian patriots such as Leander Perez. He dedicated his life and fortune to preserving the integrity and purity of the races, all races, which can only be done through segregation.

REGISTRATION MEANS CONFISCATION**Gun Control Act Of 1968
Means Police State For USA****Analysis of Title I, P.L. 90-618,
"Gun Control Act of 1968"**(Reprinted from
Defenders of the American Constitution
P.O. Box 1776, Ormond Beach, Fla. 32074)**1. Background:**

A minority of people have persisted over the past half century in a drive to register, license and otherwise control firearms in the possession of the majority. The drive has been markedly successful in a number of foreign countries and is now bordering on success in the United States. For example:

a. Foreign Countries: (send stamped self-addressed envelope to "Defenders" for your copy of "Gun Control Legislation in Twenty-two Foreign Countries".)

b. In 1962 Congressman Anfuso of New York, the birthplace of the controversial Sullivan gun law, introduced a bill requiring private individuals to register their firearms with the FBI. The defeat of the bill was lamented by such liberal intellectuals as the noted columnist, Drew Pearson. Ever since then some congressman has sponsored and introduced a bill each year calling for some form of gun registration. Each year such proposals were voted down as regularly as they were introduced. However, with the recent assassinations of several internationally known American political and other leaders, a so-called "wave of hysteria," managed, if not manufactured, by the news media, echoed and re-echoed across the land. Patriotic organizations and individuals protested the threatened infringement of their constitutional rights too late to be fully effective. At the same time the President issued an impassioned appeal to the Congress calling upon them to provide him with an effective gun registration and licensing law.

c. On the 22nd of October, 1968, the Pres-

ident signed H.R. 17735 (P.L. 90-618) into law under the short title, "Gun Control Act of 1968." The public press alleged that the President was disappointed in not getting all he had asked for from the Congress. However, whether he did or did not get all he wished for and whether he was or was not truly disappointed remains to be seen. At the time he signed the bill the President was quoted as saying, "Today we begin to disarm the criminal." "We must have licensing if guns are to be kept out of the hands of the criminal," and, "Registration is essential if the criminal with a gun is to be tracked down quickly." Evidently someone forgot to tell the President that nine months earlier the

United States Supreme Court had ruled, in *Haynes vs. U.S.*, that criminals need not register their guns because to do so would violate their rights against self-incrimination under the 5th Amendment.

d. On the 4th of November, 1968, President Elect Nixon stated that his position on gun control was to "have each of the states enact gun registration and licensing laws." This is precisely what President Johnson's Crime Commission recommended in the Fall of 1967 along with the proviso that the Congress should act if any state failed to comply within five years. This would mean, 1972. Hence the question is raised: — What has happened to cause the Congress to produce

bership and leadership of the "monstrous National Rifle Association" has been so effective as to force "progressive congressmen to bring about some form of workable (?) gun control law?" (quotes from D.C. News 1/13/69).

2. General Analysis:

a. P.L. 90-618 amends title 18, United States Code, "to provide for better control of the inter-state traffic in firearms." COMMENT: As will be shown later, it would have been more correct to have stated: — "for better control of inter-state AND intra-state traffic — ." The people were misled (Continued on Page 2, Column 1)

GUN CONTROL ACT OF 1968

(Continued from Page 1, Column 3)
into thinking this was only a "mail order" bill.

b. P.L. 90-618 consists of the following three titles: Title I, "State Firearms Control Assistance"; Title II, "Machine Guns, Destructive Devices, and Certain Other Firearms"; and, Title III, "Amendments To Title VII Of The Omnibus Crime Control And Safe Streets Act of 1968." COMMENT: Titles II and III are, by their nature, not considered germane to this analysis. Title I alone is solely concerned with hunting and sporting firearms including, by definition, hand-guns, antiques and all ammunitions that may be legally possessed by law-abiding citizens. Additionally, the title description makes it abundantly clear that this is another instance of the Federal government furnishing unasked for, and perhaps unwanted, "control assistance" to the "State" despite the fact that the police power under the Constitution of the United States (as also under the Common Law) resides in the States, and in the Sheriffs and Police Commissioners in particular, who possess the authority called the POSSE COMITATUS.

c. Sec. 101 of the law states that its purpose "is to provide support to Federal, State and local law enforcement officials in their fight against crime and violence, and it is not the purpose — to place any undue or unnecessary Federal restrictions or burdens on law-abiding citizens — or provide for the imposition by Federal regulations of any procedures or requirements other than those reasonably necessary — ." COMMENT:

"Never give up your firearms, boys, the time to have a gun is when it becomes illegal to own one." TOM ANDERSON.

Here we have what seems to be a bit of deliberate chicanery. "Federal support — against crime and violence" is the carrot, and "the imposition by Federal regulations — other than those reasonably necessary" is the stick. Let us first look at the nice, big, orange-yellow, carrot. Mandatory "Federal support" assumes, perhaps incorrectly, the inadequacy of state and local enforcement. However, being "something for nothing," as many erroneously think, how may the few argue? Especially so when tied to such an unarguable objective as controlling "crime and violence"? Now, before giving up, let us look at the "stick." The imposition of "Federal regulations — other than those reasonably necessary." Let us begin by asking a few pertinent questions, along with a few factual answers as we go along in an attempt to prove the people have been, and are being, misled and that the law is in fact no more than a piece of legislative trickery.

(1) What regulations are there and who is responsible for enforcement? ANSWER. Basically there are two documents that contain the regulations. They are, (a) The 6x9 inch, 13-page PL 90-618, Title I, passed by the Congress and signed by the President, that provides 20 definitions and specifies 4 pages of "unlawful acts", 2 pages of "licensing," 2 pages of "penalties" and "exceptions" and 5 pages of other related data, including on page 13, paragraph 926., "Rules and Regulations — The Secretary (of the Treasury) may prescribe such rules and regulations as he deems reasonably necessary, to carry out the provisions of this chapter, etc.," and, "The Secretary shall give reasonable public notice, and afford interested parties opportunity for hearing, prior to prescribing such rules and regulations." and, (b) The 8x11 inch, 19 pages of the 14 December, 1968, Federal Register prepared by the Secretary of the Treasury which contains 48 definitions, mostly in agreement with the earlier mentioned 20 definitions, and 87 numbered paragraphs on procedure such as, "178.166, Seizure and forfeiture," "178.25. Disclosure of Information," etc. The foregoing explanation of the two Federal documents outlines the rules and regulations that the Secretary of Treasury "deems reason-

He is a board member of the Marxist-oriented National Council for a Responsible Firearms Policy and has connections with other Marxist groups.

ably necessary" in carrying his responsibility for enforcing the law. However, it would appear, on the surface at least, that the Secretary of the Treasury was, and still is somewhat remiss in his responsibility for giving, "reasonable public notice, and afford interested parties opportunity for hearing prior to prescribing such rules and regulations." Thousands of gun dealers and millions of gun owners, to say nothing of those with war trophies over the mantelpiece, have been in violation of the Gun Control Act of 1968 since the 15th December, 1968, because they have never considered the Federal Register to be a means of "reasonable public notice," have not received or obtained a copy of the law, and certainly have not received a copy of the 14th December, 1968, Federal Register simply because it was not available until after the 21st of January, 1969.

(2) Who is affected by the law and Treasury regulations, and how? ANSWER: Every law-abiding person who buys, sells, repairs or owns a gun and/or ammunition is involved to some degree. For example; Unlawful acts; Para. 922, (a), (3), It shall be unlawful for any person, other than a licensed dealer — to transport into or receive in the State where he resides — any firearm purchased or otherwise obtained by such person outside that State — ." Penalties; Para. 924, (a) Whoever violates any provision of this chapter— shall be fined not more than \$5,000, or imprisoned not more than five years, or both, —." Definitions: Para. 921, (a), (1) The term 'person' and the term 'whoever' include any individual, corporation, company, association, firm, partnership, society, or joint stock company." There are, of course, many, many more examples that could be cited, including examples where Form 4473, Firearms Transaction Record has to be filled out in the buying or selling of any firearm, and the filling out of an Application to Purchase Ammunition and/or Components which requires that you state how many cartridges or shells you wish to purchase, their caliber or gauge, the manufacturer, your name, your address and the date of your birth. This is one way of finding out what guns a law-abiding citizen possesses without forcing him to register them. Unfortunately, this also promotes a blizzard of paper work and record keeping that threatens to put the licensed gun dealers out of business. Without the gun dealer, the law-abiding gun owner becomes a part of history, except for a privileged few.

The real truth about firearms has been distorted to the point of being ridiculous. There is **no gun problem**, there is a **crime problem**. We need to fight crime by enforcing existing laws. Guns don't kill people, people kill people and people were killed before guns were invented.

(3) Will the regulations "provide better control of interstate traffic in firearms?" ANSWER: Undoubtedly yes. But only in-so-far as today's law-abiding public is concerned. The criminal, for whom the law was supposedly designed, could scarcely care less. Should he plan for a major crime to take place in an adjacent state, and for which the penalty is more than five years imprisonment, if caught, he already knows that the judicial practice of "concurrent sentences" would make the penalty on the gun charge non-existent. As for the possibility of his being detected carrying a gun before he has the chance to commit the planned crime, the risk is small indeed, and is accepted by the criminal as a normal "calculated risk," or "occupational hazard." One needs only to read the 8 pages of Chapter IV, Search of Vehicles, published by the Department of Justice in their Handbook On The Law Of Search And Seizure, to appreciate the degree to which the hands of the local police have been tied, and the freedom with which the criminal may operate. Bending backward in favor of the criminal, especially the hardened, habitual criminal, will most surely open the way for the marketing of guns and ammunition across state lines. It will be called "Black Marketing" and again becomes a "business enterprise" for well-heeled, calculating, well-dressed criminals. One may well expect that a goodly portion of tomorrow's law-abiding citizens will do their part in frustrating the inter-state traffic controls, and all the other controls, built into the Gun Control Act of 1968, with the same vim and vigor of their law-abiding grandparents when they, in their time, circumvented the unpopular and since repealed Volstead Act of 1917.

(4) How do the regulations "provide support to Federal, State, and local law enforcement officials in their fight against crime and violence?" ANSWER: Article IV, Sec. 4, of the Constitution of the United States says that the Federal Government shall protect each of the States "against domestic violence" but only on "application of the legislature, or of the (State) executive when the legislature cannot be convened." It is important, very important, that all Americans clearly understand that the Federal Government is explicitly forbidden by the Constitution of the United States from furnishing support to State and local law enforcement officials without first being asked to do so by the State Legislature or the Governor. It therefore appears that the Congress has used very loose and paternalistic language in Sec. 301 by declaring that the purpose of the fed-

The hottest commodity on the market may soon become stolen . . . registered guns.

eral law is to provide support "to State and local law enforcing officials." (See para. 2.b pg. 2). Additionally it may be said that the Congress has deliberately sought to encourage "State and local political subdivisions," meaning the law enforcement agencies of the State and counties, to become dependent upon the Federal Government by requesting the United States Secretary of the Treasury for information "with respect to the identification of persons within such State or political subdivision thereof, who have purchased or received firearms or ammunition, together with a description of such firearms or ammunition." (See para. 923. (g) PL 90-618, or, para. 178.25, pg. 18559, Federal Register, Vol. 33, No. 243, 14 Dec. '68). It must be noted that the foregoing encouragement of Federal-local police co-operation has nothing whatever to do with the long standing mutual cooperation of all police agencies in criminal apprehensions. Instead, it is an encouragement for mutual co-operation in the harassment, if not an outright invasion of the privacy, of the law-abiding citizens of the Nation. After all, whose business is it — how many pistols, rifles or shotguns a man (or woman) has, or how much ammunition he, or she, uses each year for each firearm, or, how much of what kind of ammunition, he,

Conspiracy At Bay

By FRED FARRELL

What is the difference between a conspiracy and a legitimate government?

Legitimate government proclaims itself by its symbols. The palace of the Kings of Prussia had the Hohenzollern Eagles over the gate. The Fleur de Lis proclaimed the fact that the Bourbons were responsible for whatever glory or shame came to the Kingdom of France. Authority made no effort to conceal itself. It arrogantly claimed power and eagerly assumed responsibility. In the early days of the American Republic, our flag, our National Seal, were symbols of a form of public authority understood by everyone. Whatever glories or follies were committed, we at least knew who was responsible.

Today POWER proclaims its loss of legitimacy by its efforts to conceal itself. The chief characteristic of a CONSPIRACY is SECRECY. The concept of "UNIWorld" which lies behind the Conspiracy is based upon the idea of rule by secret "Supermen" who conceal themselves behind a vast smoke screen of political sophistry. It is clearly not intended that we should even know the names of the men who rule through the puppets displayed to the public eye. Nevertheless, sophisticates around the world know the real nature of the "Uniworld" Conspiracy. The world is to be ruled by secret Supermen at the top. These rulers are to be completely concealed from the public eye. Just beneath them, there is to be a layer of puppets and expert administrators, who will be seen by the public as the real rulers, which they are not. This system is to be bound together by prostitute intellectuals, who expertly create the illusions necessary to bemuse the people and obtain their acceptance of the system. The "UNIWorld" Conspiracy is not a Communist conspiracy. Communism is only one of its toys; anti-Communism is another. It is essential to the "UNIWorld" conspiracy that it control BOTH SIDES of the "Left-Right Game." Today in the United States, it does indeed control both the Right and the Left. There is no genuine political controversy on any really worthwhile scale in this country today. Political controversy is merely a smoke screen designed to conceal the secret supermen.

Are they really supermen? Whittaker Chambers studied them for many years, and finally came to the conclusion that they are merely a pack of silly old men, who someday will be wiped out and will never know what hit them. Chambers stated this view in a capable manner in his book COLD FRIDAY. The fact that a conspiracy exists does not necessarily mean that the conspiracy is successful. Indeed, Government by Conspiracy is always bound to fail. The really successful thing in history is LEGITIMATE GOVERNMENT; that is to say, government which proclaims itself openly and demands both authority and responsibility. Government by Conspiracy merely means that a destructive state of affairs exists in the world, that there is no real stability. Men who believe that Government by Conspiracy can be successful suffer from impaired consciousness. The sounder scholarship of yesteryear knew perfectly well that a government which is not legitimate is always doomed. It is bound to fall. The great basic realities which condemn it are monolithic and inescapable. Government, indeed civilization itself, is fundamentally an adventure in human consciousness. Legitimate government is the product of a great flowering of human consciousness. Government by Conspiracy is merely a symptom of the impairment of human consciousness. COMMON SENSE never ceases to be shocked by the number of anti-Semites who believe that a "Jewish Conspiracy" might someday rule the world; we are shocked by the number of anti-Communists who believe that a Communist conspiracy might ultimately rule the world. It is time to point out that this is contrary to basic reality. Legitimacy is the pearl of great price. Without it, there can be no stability or order in the world. It is impossible to counterfeit legitimacy successfully, although this is what

Demand Real Religion

Legitimacy, and the consciousness of it, can be derived only from religion, and from no other source. For the last hundred years, the West has had churches rather than religion. Our churches are primarily mass media. We may go shopping among them and find a form of humbug suitable to our choler. It is not likely that we will learn anything about religion from them; mostly, they are not really concerned with religion. They have become our tribal witch doctors; we ourselves have demanded this, and should not altogether blame the reverend clergy who have only done what we wanted them to do. The decline of religion in our civilization reflects the decline of human consciousness. We have sunk to the level where we will believe every quack, fraud, charlatan, or swindler who comes along; but, collectively, we will have no truck with real truth. We demand witch doctors, and will have nothing to do with real priests. We have gotten what we demanded, and no doubt collectively deserve it.

Real Religion provides a point of orientation toward Basic Reality.

What is a "point of orientation?" If you have ever navigated a ship across the ocean, you will know. The navigator on the bridge of a ship raises his sextant to his eye and fixes it upon a star millions of miles away. Through the eyepiece of the sextant, the star looms tiny. It is merely a small spot of light; but this is the illusion of distance. The star is not really small. Out in space, it is a gigantic ball of fire, millions of miles in diameter. It shoots its tongues of hot atomic fire hundreds of thousands of miles out into space. The reality of God is not small either; it merely looks small because it is at a great distance from the race of men. The reality stated in the first verse of the St. John Gospel is the basic reality which rules the universe. Without an accommodation with this reality, there has never been any successful civilization, any successful government, any human accomplishment rising above the primordial slime. God is not an "Old Man in the Sky." God is reality, and reality is God. Today the secular intelligentsia, not to mention most of the reverend clergy, are hard at work trying to evade this reality; and this is precisely why they are also at work trying to evade every other kind of reality, and why their political philosophies are worthless. Today they can do nothing except provide us with worthless and trivial entertainment while we await our doom. In simple Biblical language it is said, "All men are vain in whom there is not the knowledge of God."

We are profoundly disenchanted with the so-called "Right Wing." Why? Are these "great patriots" and "great anti-Communists" not going to save us from Communism? The answer is, "NO!" They are not going to save us from Communism, or anything else. They are not likely to be able to save even their own hides. The "Right

Wing" and the "Left Wing" are merely splinters of Nineteenth Century Liberalism. It is not necessary to defend the Nineteenth Century or attack it. It was a century of great achievement. It laced the world with railroads, steamship lines, and telegraph cables. The "Jules Verne Longing" sent man to the ends of the earth to explore and conquer. The main thing about the Nineteenth Century is that IT IS OVER. There is no use trying to keep it going forever. Time marches on, as the "Lucepapers" say. The works of man are fleeting and transitory. It is a characteristic vice of all ruling classes that they dream of trying to keep a good thing going forever. This is beyond the limits of possibility; therefore, it cannot be done. Today, the old-fashioned Liberal-Bourgeois calls himself a "Conservative." He proclaims that he is going to "save us from Communism." He gallops around our neo-Socialist, managerial society howling about "Free Private Enterprise," fifty years after free private enterprise uttered its last death gasp. Any resemblance between these procedures and a really workable political principle is strictly coincidental. The "American Conservative" is not going to save either us or himself from anything. He is merely amusing himself. Indeed, most "Conservatives" today are elderly retired people. The young business executive is not Conservative. He is Keynesian in his economics, neo-Marxist in his politics, Freudian in his personal life. In other words, he's a burned-out case; he is an "end of the line" type, coasting on a reputation made by better men who came before him, men now mostly in their graves.

What is really happening in the world today?

What is happening is the collapse of the civilian sector around the world. Today the civilian sector offers no hope, no prospects, no enlightenment, no noble aspirations. It is ignoble and corrupt. In a case like this, only one thing can happen: **The emergence of the military sector as the dominant factor in world affairs.** This is why the Twentieth Century is a century of **WAR!** There is a great deal of talk about peace, but there is no real peace.

In a case like this, only one thing can happen: **The emergence of the military sector as the dominant factor in world affairs.** This is why the Twentieth Century is a century of **WAR!** There is a great deal of talk about peace, but there is no real peace.

Can't Cope with Problems

The civilian sector cannot cope with the problems of the world. Its religions have degenerated into empty humbug. Its economic theories are the absurd expressions of undisciplined desires, and are not well related to reality. Its intellectuals are eager prostitutes who sell themselves like street-corner whores to secretive and corrupt interests. The civilian sector will fall because it is no longer legitimate. There are many detailed reasons which could be discussed, but why bother? A power-regime which is not legitimate will always fall, without exception and without fail. Today political mythologies are all oriented to the project of trying to find ways to keep illegitimate regimes in power. They are therefore indefensible. In our time, we shall see the downfall of the civilian sector around the world, and the emergence

(Continued on Page 4, Column 1)

Conspiracy At Bay

(Continued from Page 3, Column 3)

of military power as the only real power. The bankruptcy of the civilian sector is complete. It is no longer reasonable to base any real hope upon it. The world is quite certainly headed toward a military decision of its problems. To the old-fashioned Liberal, this is "unthinkable." That is to say, it is not in line with his own undisciplined desires. But the power structure of Liberalism has lost its legitimacy, and, having lost the Pearl of Great Price, quite certainly will take its departure from history.

Anti-Semites are always telling us that "The Jews control the currency" or that "The Jews control the press" and therefore the world. Recently in Brooklyn, I witnessed an interesting experiment in "currency control." A man with \$3,000.00 in hundred dollar bills in his pocket was walking along a street; another man with no money but with a Colt .38 pistol was walking along the same street. The two men met. The man with the pistol poked it into the ribs of the man with the \$3,000.00. He took the money and made a clean getaway. **Who controls the currency now?**

In the Nineteenth Century, the money men controlled the military men. In this century, **NAKED FORCE and VIOLENCE** are replacing money and intellect as power. In this century, the man with the gun, or the man with the 100-megaton bomb, will "control the currency." Money is still nice to have; but money is no longer real power. It is merely potential loot. It is not "Marxism" or "Communism" which makes this so; it is merely the way things are, and the way things have been for six thousand years, and will be for six thousand more years. The rich man who thinks that a "Right Wing" philosophy will protect him against the predators of the world is simply being trivial in his thinking. The philosophies which protected rich men so well in the good old Nineteenth Century will not protect them today. In the Nineteenth Century, the Bourgeois-Liberal ruling class conceived its prime problem as a problem of protecting itself against the dispossessed, especially the industrial working class.

"Marxism" was devised primarily as a method of "channelization." It was deemed likely that the working class would be rebellious and troublesome in any case; therefore, it was better to have a "controlled" revolution. The Marxist parties were always securely under the control of the great capitalists. They wanted the working man to be a "Red" and spent millions on propaganda to make him "Red." Once he had been lured into one of their "Marxist" Labor parties, they controlled him secretly and absolutely. **Here we see the departure of legitimacy.** Government is now to be by fraud and deception. The Right Wing secretly creates and controls Marxism; openly, it raves and rants against "Godless, atheistic Communism." When we have sunk to this level, the modern age is over. Oswald Spengler pointed out that proletarian movements always do the work of the big money. These guilty and secretive realities make current Left-Right controversy worthless. The people who carry it on are mere clowns. They're not a very amusing kind of clown. If we must have mere clowns instead of great leaders, we ought at least to get a more amusing kind of clown.

Behind all of this silly clowning, a sinister reality emerges. In the U.S.A., we have always had a strong tradition of civilian control of the military. Once this was deemed a good thing. Today it merely means that our military power, that is to say our hope of national survival, is in the hands of idiot children and clowns; it is in the hands of the bankrupt, degenerate civilian sector.

In Russia, on the other hand, military power is no longer subject to civilian control. The Soviet Defense Minister, Marshal Grechko, was chosen by the armed forces. When the armed forces can choose their own defense minister, they are no longer under civilian control. They have the same kind of independence which the German general staff once enjoyed. This has nothing to do with Marxism. Indeed, the Soviet marshals are not Marxists. They are **MILITARY** men

DON'T JUST SIT THERE

--- DO SOMETHING! ---

Those who have lived with the conspiracy that threatens to engulf us, have long learned that it is only common sense to take our alleged government to mean the exact opposite of what it says. If the government **REALLY** wanted to control and outlaw guns, it would naturally want to control and outlaw criminals, the only ones who ever use them illegally and unjustly. Since traitors, criminals and stooges are running our government, to outlaw criminals, they would have to outlaw themselves.

Our alleged government has aided, protected and fostered crime and criminals in almost every conceivable way. It intends to continue doing this. Our government is **YOUR ENEMY**. Their Gun Control (confiscation) Bill can have no other ultimate purpose than to protect criminals and enslave the law abiding citizen. The 1968 Gun Control Act must be repealed! The life you save may well be your own. This legislation is the farthest we have yet gone toward total enslavement.

The Second Amendment of the Constitution **GUARANTEES** the right to keep and bear arms. When this right is abrogated, every American must be ready to fight to the death for God and country!

all the way. When they have destroyed the United States and conquered the world, they will not fail to find ways to enrich themselves. Human cupidity is not bound by any such trash as Marxist ideology. Men in power have never yet failed to find ways to secure riches.

In dealing with Russia, we are not dealing merely with "Communism." We are dealing with military strategy and megatons. We are fed up with "anti-Communists" who run around the country yipping and yapping like tortured dogs. What we want to know is, "How do their ideas translate into practical action"? When we ask this question, they go into hiding and do not answer. They hope to "Save the world from Communism" by some sort of Haitian voodoo, by sticking pins into a doll. They have no real plan of action. They are like the rest of the corrupt and rotten civilian sector of our time.

The world situation today is fundamentally a military situation. As for the worthless quack ideologies which agitate the civilian sector, it is a waste of time to fool around with them. When we contemplate the prostitute intellectuals of the civilian sector, we see the hopelessness of them. With bona fide humans, we might argue, but why argue with idiots? Would you carry on controversy with idiot children in a home for the retarded? You might be kind to them; indeed you should be; but take their ideas seriously? If you do, perhaps you should be incarcerated along with them. Just so, the really intelligent man does not take the ideas of the civilian sector seriously. He resents any demand that he give them even his time or attention. Some of us are willing to be kind to them, as we would be in dealing with idiot children; but take them seriously? It is outrageous to demand such a thing of us. Let us now hear no more about them.

or she, may hand load for themselves and their friends? (See also para. 923. (j) *ibid.*)

3. Conclusions:

a. The harassment of a slow to rouse, easy going majority, by a clever dedicated and persistent minority, has been best stated in the following excerpt from a great editorial in the Butler County American, a Negro owned newspaper in Hamilton, Ohio:

"We are appalled that our leaders of today are taking the freedoms from the many upon the flimsy excuse that what is done by a few warrants the strict control of all." (see para. 1, *supra*)

b. What was supposed to have been only an "interstate mail-order bill" has turned

Arms Control Is Surrender!

out to be also an intra-state law and usurpation of local powers by a system of Federal procedures, compounded by a quite possible violation of the 2nd Amendment to the Constitution of the United States. (See para. 1b, 1c, 1d, 2a, 2b, 2c, 2c(4), *supra*)

c Every law-abiding gun owner will sooner or later have to read through the 13 pages of Title I, P.L. 90-618, and the 19 supporting pages of fine print in the Federal Register of 14 December, 1968, to find out whether they are acting within the law. Many, confronted with the complexity of the task, will choose to "get rid of their firearms" as has been done by the subjects of foreign countries faced in the past with the same identical problem. (See para. 1a, 2c(1), 2c(2), *supra*)

d. The law does not, and cannot, achieve its stated purpose of supporting "the fight against crime and violence" because, if allowed to stand, the law-abiding alone will be either disarmed or will themselves become "scoff-laws" and join in the criminal and lucrative activity of "black marketing." (see para. 2c(3) *supra*)

e. Title I, Public Law 90-618, the "Gun Control Act of 1968" **MUST BE REPEALED**. The sooner the better, lest we find ourselves either a nation of citizens in armed revolt, or, a nation of subjects, supine, fawning and grateful for little favors.

FIRST REGISTRATION... THEN CONFISCATION...

MORE GUNS --- LESS CRIME

The strictest gun law in the world is in England, but since 1961, she has had the greatest per capita of homicides, mostly with knives and clubs; but in Switzerland, which has the lowest crime rate, all male citizens receive a gun at the age of nine and for their entire lifetime they must keep their guns in their homes ready for action.

STEREOTYPES VS. REALITY

Public Conditioned to Think Only in Terms of Stereotypes Devised by Zionist Controlled Mass Media

THE JEWISH STEREOTYPES

By FRED FARREL

It is an axiom in popular journalism that the American people think in stereotypes. There is a stereotype called "Communism" and another stereotype called "Anti-Communism." Indeed, there are stereotypes covering just about every situation. These stereotypes have been created by the mass media at a cost of millions of dollars. We are told that it is quite useless to try to get the American people to think in any terms not covered by these popular stereotypes. In other words, journalistic stereotypes have replaced reality in American thinking. We ourselves are still in the habit of thinking a wee bit now and then. When we see the American people have indeed been trained to think in terms of stereotypes, we ask, "WHO MANUFACTURES THESE STEREOTYPES?" The answer is not hard to find. Who controls the communications field in this country today? The Jews, of course. The Jews manufacture the stereotypes which dominate American popular thinking.

There was a time when this was not so. That time was many decades ago. You have to be a quite elderly person to recall that time at all. If you are much under fifty years old, you have been born and have spent your entire lifetime under the domination of Jewish propaganda. There was a time when America produced brilliant writers like Henry Adams, who wrote of American aspirations, American hopes, American destiny. Formerly, there were novelists like Louis Bromfield, who wrote novels reflecting the "Old America." Even after the Jewish take-over began, American culture did not die instantly. For some years, occasional flickers of American culture appeared amidst the growing flood of Jewish garbage. Today the old American culture is dead. Today there is nothing left except pictures of Jewish hack writers like Norman Mailer and Alexander Solzheintsyn on the front covers of NEWSWEEK and TIME.

There was a time, fifty or sixty years ago, when Americans could think without reference to Jew-made stereotypes. The quack intellectuals and stupid hack writers of the Jews have worked hard during the last sixty years, and they have enjoyed a virtual monopoly over the communications field. Henry Ford warned against the dangers of this Jewish communications monopoly in his book THE INTERNATIONAL JEW. Today American thinking is all but dead. We have on our wasteland intellectual landscape nothing but a collection of worthless Jew-made stereotypes. There is a "Conservative" stereotype whose chief function is to prevent the rise of a true native American Conservatism. There is an "Anti-Communist" stereotype, which serves as a mask for people secretly engaged in the promotion of Jew-Communism around the world. There is a "Communist" stereotype

(Continued on Page 2, Column 1)

HENRY FORD, SR.

GUSTAV KRUPP

In vain will one look for genuine patriots like America's Henry Ford, Sr. and Germany's Gustav Krupp, anywhere on the scene today.

2 REAL CONSERVATIVES

There are a lot of phoney "Conservatives" in America today. The occupation of some of them is to lead Conservative hopes to the slaughter, like the Judas ram who leads sheep to the slaughter in a slaughter house.

"Jewish Supremacy" has produced its own phoney images of what a "Rightist" or a "Leftist" should be. These images serve Jewish purposes; they do not serve any other purposes.

The images created by the mass media are all-pervading. We are told that a Conservative is always anti-Labor; that Marxists are wonderful people engaged in a conspiracy to confer untold ecstasy upon the whole human race; and that Conservatism is really hopelessly outmoded.

In order to discuss this matter intelligently, we must first demolish certain popular legends. Legend holds that Marxism represents "The Working Class." Common Sense has conclusive evidence that this is not so. The busy professional liars of our times will do well not to argue this matter with us. We have done extensive research in Europe and elsewhere. We know who supported Marxism, and we know whose interests Marxism served. Rothschild supported Marxism; Marxism supported Rothschild interests. Rothschild subsidized the Marxist parties; they, in turn, held European wages low.

Henry Ford was the first of the great industrialists to raise working-class wages above a bare subsistence level. Gustav Krupp promoted improved living conditions

for workers in the Krupp industries. This was done at a time when the Rothschild Bank was paying European Marxist labor leaders fortunes for holding wages down. It was not the pimping Marxists who fought the Rothschild brand of Capitalism. It was Gentile Capitalists, like Ford and Krupp who fought that kind of Capitalism.

Ford and Krupp were both defeated. Today the Ford Motor Co., feeds its profits into the Ford Foundation, an academic racketeering machine which is against everything old Henry Ford ever stood for. Today Krupp A.G. is in the hands of the international bankers, and there is nobody named Krupp any longer connected with the firm. Although they were defeated, it is worthwhile to try to understand what Capitalists like Ford and Krupp stood for; what their enemies, the Jewish international bankers, stood for.

Henry Ford stood for a Nationalistic, American brand of Capitalism. The Jew Capitalist stands for Internationalism. The Jew Capitalist is the kind of Capitalist who secretly supports Marxism and uses it to advance the power of the Jew-Capitalist throughout the world. Jewish Capitalists have always been the principal backers of World Communism. Yet their hard-working intellectual pimps are always busy trying to represent Marxism as a "proletarian revolution."

Common Sense is in favor of a Nationalistic AMERICAN Capitalism, run by Gentiles. International Jewish Capitalism, of the kind which dominates this country today, is a vampire. It has wiped out the Gentile Capitalists, who thought in terms of the "Family Dynasty." Inheritance taxes were touted as a means of "distributing wealth." But what was the real purpose of them? The real purpose was to strip the Gentile tycoons of their capital, and to make them dependent upon the great Jewish banks for their capital

THE JEWISH STEREOTYPES

(Continued from Page 1, Column 1)

which seeks to attract, divert and destroy all populist expression.

There has always been a guilty, secret link between the "Communist" interest and the "Anti-Communist" interest. The Jew-Capitalist and the Jew-Communist have always secretly worked hand-in-glove. There is no real battle between "Communism" and "Capitalism" and never has been. The great Jewish capitalists were, and still are, the principal financial backers of Communism around the world. The October Revolution in Russia was organized and financed in New York. Mao's Revolution in China would have been impossible without the backing of the American Jews.

So we have what A. K. Chesterton calls "The curious ambivalence of American policy, of pretending to oppose Communism in order to satisfy the American Congress and the American people, while secretly supporting it in obedience to the money interests of New York."

The phoney "Anti-Communist" aids and abets this dirty game. He leads enormous emotional "Crusades" against Communism. But he NEVER, NEVER, NEVER really lets the cat out of the bag. He never mentions the great guilty secret, the fact that JEWISH CAPITALISTS are and always have been the principal backers of World Communism. This is the worthless "Anti-Communist stereotype" which enables the American Jews to make New York the Capitol of their world-power grab. We may delude ourselves with phoney "Anti-Communist" humbug as much as we please; but the money of the American taxpayer is used to promote Communism around the world. We are an "Anti-Communist" nation, but we are never permitted to interfere with Jewish promotion of Communism. The Jews dominate American thinking by means of the stereotypes which they invent and spread through the mass media, and they channelize all non-Jewish cultural and political influences into channels of futility.

Today the Jewish Conspiracy is running into heavy weather. Their troubles have not been caused by "Anti-Communists" or "Anti-Semites," who indeed annoy them no more than a fly. The troubles which the Jews are encountering today are of their own making. Their pipe dream of world power is running into a head-on collision with REALITY.

REALITY IS A VERY POWERFUL FORCE. We will go so far as to say that REALITY IS GOD, and we will cite the First Verse of the St. John Gospel as theological support for such a view. Today the Jews are faced with the imminent collapse of their drive for world power. Their troubles are not caused by Nazis, or Anti-Semites, or "Reactionaries." Their troubles are caused, at bottom, by a defective Jewish relationship with God, that is to say, with REALITY. A curious fog of unreality enshrouds the thinking of the modern Jew. The modern Jew is quite unable to relate himself to the basic realities which govern the fate of everything in the universe.

Thus Zionism is running into bad trouble. So thoroughly has the United States been harnessed to the Jewish chariot wheels during the last fifty years, one of the chief industries of the United States in world affairs is trying to pull Jewish chestnuts out of the fire. Mr. Scranton's ill-fated recent mission to the Middle East is a case in point. What did Scranton have to offer the Arabs? Nothing, absolutely nothing. Nixon has nothing to offer the Arabs either. It is precisely predictable that the Nixon Administration will try to enchant the Arabs with talk; but talk is cheap, and the Arabs will not accept mere talk in lieu of more concrete action. We could regain our reputation among the Arabs only by turning against Israel. Jewish political power in the U.S.A. makes such a thing impossible. Therefore, we have lost our position in the Middle East. With it, we ultimately have lost Western Europe as well. It is as starkly tragic and simple as that. We probably lost World War III in June, 1967, when the Jew-owned mass media were trumpeting about the "Great Victory" of Israel.

This incalculable tragedy, involving the very existence of the United States and the American people, was covered by the arrogant voices of braying Jewish jackasses screaming that the Age of the Third Temple had come. The braying voice of the Jewish jackass conceals a great deal of tragic and fatal reality from the American people today.

No matter. They keep braying. A lot of Goy politicians bray along with them. Senator Tom Dodd recently has been busy trying to sell the American people a bill of Jewish goods. Dodd sponsored a study made by Sergius Yakobson and Robert V. Allen of the Library of Congress, entitled "Aspects of Intellectual Ferment and Dissent in the Soviet Union." Some columnists have expressed themselves as being "amazed" by the "rich variety" of the literary works which Brezhnev and Kosygin are trying to suppress in Russia. TIME magazine has also trumpeted the merits of "Russia's Dissident Intellectuals." The American mass media are staging a major campaign in favor of "Liberal Communists" in Russia. There is one thing they never mention, though. EVERY LAST DISSIDENT INTELLECTUAL - - - BETWEEN LENINGRAD AND VLADIVOSTOK IS A JEW. There are no "Dissident Russian Intellectuals." Except for the Jews, there are not ten people in the entire Soviet Union who care a jolly good damn about the so-called "Intellectual Ferment" which is said to be going on in Russia today. The columnist John Chamberlain manages to get excited about it all, though. He says in one of his columns, anent the study ordered by Senator Tom Dodd of Connecticut: "This study was undertaken at the behest of Senator Tom Dodd of Connecticut who has the idea that the Russian literary underground is very much for real and will not be shut up. The works of SOLZHEINTSYN (known here for his concentration camp story, "One Day in the Life of Ivan Denisovich"), of the young poets EVTSHENKO and VOZNESENSKI, and others too numerous to mention, pass from hand to hand in laboriously written long-hand copies and are read at the so-called "samizdats," or private recitations of what the Soviet establishment refuses to print. . . ."

Even many sincere patriots and anti-Communists are being taken in by this kind of horseradish, repeated endlessly and deafeningly by the mass media. The vague impression is created that something "wonderful" is going on in Russia. Actually, the novelist Solzheintsyn as well as the poets Evtshenko and Voznesenski are communists; all of them are also Jews. We see no reason why patriotic Americans should be expected to get excited about them. Yet the impression is being created by the mass media that some sort of untold ecstasy flows from Russia's Dissident Intellectuals." In fact, these "Dissident Intellectuals" in Russia are engaged in the same kind of intellectual gangsterism as Jewish intellectuals elsewhere in the world. They are trying to destroy the power of the "Goyim" and establish "Jewish Supremacy." Fully 98% of the Russian people would like to see the whole pack of "Dissident Intellectuals" flung into jail. We are bound to wonder what is wrong with the KGB, that it allows such a Jewish racket to flourish in the U.S.S.R. In fact, these Jewish rackets in Russia are not likely to flourish very long. Behind the mask of Marxism, Russia is go-

"A country which expects to remain ignorant and free . . . expects that which never has been and never can be."

Thomas Jefferson

ing totally and shamelessly Fascist. This does not fit the "Anti-Communist stereotype," and the minute COMMON SENSE mentions such a matter, we know that a pack of professional "Anti-Communists" will go galloping around the countryside telling people, "COMMON SENSE has sold out to the Communists." In fact, we are told that it takes some courage to go against the stereotypes which have been pounded into the heads of the American people for sixty years by the powerful Jew-owned mass media. U.S. NEWS AND WORLD REPORT carries a story on Page 39 of its Dec. 9, 1968 issue, in which it is pointed out that Russia is undergoing a profound revolution, changing into an anti-Semitic, anti-Intellectual state, very similar to the Fascist states of Europe during the 1930's. This does not mean that Russia will become any more friendly toward the U.S.A. Indeed, it probably means that Russia will become a more efficient and therefore more dangerous military and diplomatic foe. The real meaning of what is happening in Russia is this: Russia is shaking herself free of the control of the Jew-Capitalists of New York who were the original backers of the October Revolution. For a hundred years, the Jewish fraud of Marxism has held the Western World in thrall. Through the October Revolution, the Jews sought to bring Russia under the same yoke. The Jews therefore had a terrific stake in the success of the Communist Revolution in Russia. If they could rule both Russia and the United States, they could rule the whole world. For a time, when Khrushchev was in power in Russia, they did just that.

It should be understood here that we are NOT discussing these matters with any reference whatsoever to the worthless stereotypes which are peddled by the Jew-owned press, the stereotypes of "Communism" and "Anti-Communism." As a result of the journalistic harlotry of the Jews, millions of people believe that there is a competition between "Communism" and "Capitalism." But the Jew-Capitalist and the Jew-Communist worked together to create Marxism. Do you really believe that the Jew - Capitalist and the Jew-Communist are working against each other? WHEN DID TWO WELL-ORGANIZED JEWISH FACTORS EVER WORK AGAINST EACH OTHER? There is no real "battle" between "Communism" and "Capitalism." Rather, American Capitalism and the American people have been harnessed to the chariot wheels of World Jewry. The money interests of New York are backing World Communism more desperately than ever before, precisely because Communism is a fading star in Russia. It is a star which they cannot afford to allow to fade just yet. In recent weeks, the Capitalist press of New York has outdone itself in supporting "True Communism." Journalistic chores of this kind were formerly left to "Leftist" papers like the Communist WORKER. Now such chores are undertaken by TIME and the other great media.

A case in point is an item which appears on Page 24 of the Dec. 20, 1968 issue of TIME. This item is headed STALINISM RESURGENT. TIME has interviewed the novelist Frank Hardy who is head of the Australian Communist Party. Hardy is given very sympathetic treatment in this item in TIME. Some years ago, he could have expected such sympathetic treatment only in the Communist WORKER. Now Hardy is touted openly in TIME. Why? Because he is "Anti-Stalinist." This is the magic touchstone to favor. The Jew-Communist is always a Trotskyite and always against Stalin. Why again? Once upon a time, Leon Trotsky was Commander in Chief of the Red Army; this meant, in reality, that NEW YORK JEWS had command of the Red Army, for Trotsky was a tool of New York Jews. He himself was a New Yorker, a former reporter for the NEW YORK TIMES, and completely sold out to Jewish financial interests in New York. How powerful the New York Jews were in those days, with an army of their own on the edge of Europe, ready to swoop across the continent and plant the Red Flag on the Atlantic shores of France! The Jews have never forgiven Stalin.

(Continued on Page 3, Column 1)

THE JEWISH STEREOTYPES

(Continued from Page 2, Column 3)

in for sending a taciturn hood to plant an ax into the skull of old Leon Trotsky. When Trotsky lay dead in a spreading pool of his own blood in a villa in Mexico, the Jews no longer commanded a vast Army of their own. The "stereotype" held that Stalin was "The leader of world Communism." He was a skilled and brutal machine politician, after the fashion of Frank Hague, Tom Pendergast or "Mistah" Ed Crump. In his old age, Stalin became violently and openly Anti-Semitic; but for years before that he was a thorn to the Jews. He was the rival and enemy of Leon Trotsky, and Trotsky was the favorite of the Jews in Russia.

The collapse of Zionism has now reached the stage of being a desperate emergency for the Jews. Zionism is not only concerned with Israel, or with creating a "National Home for the Jews." Zionism intends to build Jewish power over the whole world. The Jewish Magazine COMMENTARY says, "The best protection for Israel is a strong diaspora." In other words, Jewish power in great nations like the U.S.A. and the U.S.S.R. is to be used to support Israel. Today the Zionists have the U.S.A. by the tail on a downhill pull. The power of the U.S.A., including the power of Public Opinion and the money of the American taxpayer, is being used to support Jewish purposes around the world. This is made possible by the STEREOTYPES which the Jews use to dominate American opinion. These include not only the COMMUNIST stereotype, but also the ANTI-COMMUNIST stereotype, as well as the "CONSERVATIVE" stereotype. There are literally no political ideas of any real worth available to the American people today, BECAUSE ALL OF THE IDEAS AVAILABLE ARE FILTERED TO THE PUBLIC THROUGH THE JEW-OWNED COMMUNICATIONS MEDIA. In this process, all ideas are colored to suit Jewish purposes. "Anti-Communism" becomes worthless. It is always eager to "attack labor," to fight in a non-existent "class war." It is always eager to yammer about "Red Russia" but never about "Red New York." We should have seen clearly, years ago, that arguments about "Marxism" are in no way necessary, for example, to the solution of problems related to Management-Labor transactions. Arguments about Marxism, either pro or con, have nothing to do with any of our real problems, except the problem of getting the Jews off our necks and repossessing our own country. There is no class war; there has never been any class war; there will never be any class war. There are only a pack of braying Jewish jackasses, who have created a pack of "Revolutionary" stereotypes, which they have used successfully to manipulate Public Opinion. It is to our eternal national disgrace that we have ever allowed ourselves to be swayed by such worthless charlatany. Henry Adams would have seen through the whole business within five minutes, and would have condemned not only Communism but also anti-Communism. There are no real issues related to Marxism; it is simply that the Jews have set up this entirely fraudulent argument, and have swindled us into taking sides in it, so that they can manipulate us.

This fraudulent pseudo - controversy between Left and Right has been a great, fatal defect in Western Civilization for a hundred years. It has undermined the position of the Church. It has destroyed the will to govern in politics; it has destroyed the will to teach in education; it has destroyed the quality of literary expression in our civilization. The Right-Left system in its entirety is purely a Jewish engine of destruction; there are no constructive possibilities to be found anywhere in it. There are no more constructive possibilities to be found on the Right than on the Left.

All of this was clearly realized in Europe many long years ago. The real essence of Fascism was its entire rejection of the whole Right - Left system of thought. A young Captain of the Waffen S.S. put it in

good blunt language for me back in 1938. He said, "How can you deal with the Communist problem? It is simple. First catch the Communist. Then catch the Anti-Communist. Then shoot both of them and bury them in the same grave. That way, you are rid of the whole sorry business." You are rid of the Right-Left Polarity. You are also rid of the Jews.

Will the American people ever get the Jewish power off of their necks? As of now, the STEREOTYPES which have been created by the braying jackasses of Jewish journalism constitute an effective mental prison in which the American people are confined. It is impossible to introduce any really effective political ideas into general circulation in this country today. As of now, this nation is SINKING. Unless it is liberated from the thrall of Jewish ideas and Jewish journalistic stereotypes, it will continue to sink and will disappear into the oblivion of vanished nations. Many American "Conservatives" seem to think that if only some sweet day we can elect a "Conservative Candidate" to the White House, all will be well; Communism will be vanquished; we shall be wafted gently back to the good old days of McKinley and Foraker, of Uncle Joe Canon. This is merely the "Conservative stereotype" manufactured by the Jews to prevent the rise of a really effective and truly American Conservatism. It is as useless as a fifth wheel. The Jew-made stereotypes which clutter the American scene today make America a political wasteland, in which no real constructive hopes can flourish.

People often write to us and tell us that Manny Monkeyface, the great patriot and Anti-Communist, has made a speech in their city and has told them how they can defeat Labor and Red Russia together at one stroke, presumably by sticking pins into a working-man doll, voodoo fashion. COMMON SENSE tells you that it is later than you think, and that unless the Western World purges itself of the worthless and stupid stereotypes which the braying jackasses of Jewish intellectual charlatany have manufactured, then a lot of ideological crockery is going to be utterly shattered in the near-term future.

The most destructive single factor in the history of the last hundred years has been the secretive and guilty alliance between the Jew-Capitalist and the Jew-Communist, who work secretly together and openly pretend to be fighting a battle with each other. This sets thousands of braying jackasses to work carrying on the dirty work of Right-Left pseudo-controversy, promoting destructive class hatreds for no purpose except to serve the interests of the Yids; polluting and destroying the public mind; destroying the intellectual and spiritual foundations of Western Civilization.

Today the voice of the braying Jewish jackass still fills the land; but it is the voice of a dying jackass. The Jew relies upon his silly stereotypes to manipulate the peoples of the Goy world; but people are not stereotypes; people are people, in spite of highly organized Jewish efforts at dehumanization. People will not behave in accordance with the Jewish stereotypes. World Jewry is on

a head-on collision course, moving toward a collision with REALITY. This promises to be an affair of grotesque and spectacular violence. After it is over there may be nobody left who will even remember who the Jews were, or what Marxism was. The Jews are not the makers of THE NEXT AGE, but they may be the makers of the disaster which will terminate the present age of history. Today the Jews are not even trying to do anything constructive, even for themselves; the modern Jew, the product of "Rothschild Bank Judaism," is purely a suicidal destroyer. There are no constructive possibilities in him. His intellectual jackassery, his Freudian-Marxian quackery, is merely the funeral dirge of a sad and sorry age which has been willing to tolerate the modern Jew and to succumb to some of the temptations offered by him.

LEGISLATIVE RUNDOWN

Two bills aimed at curbing campus violence and disorders have passed the New Jersey State Assembly. One provides that a person who has participated in disrupting classroom activities is guilty of a disorderly persons offense and could receive a six months jail sentence. The other bill would take away the scholarship from any student who takes part in violent activities on campuses. We strongly urge our New Jersey readers to follow these bills and keep after their state representatives and senators until the most stringent curbs are passed and there is an end to the insane lawlessness pervading our colleges.

ANTI-GUN LEGISLATION

According to Liberty Lobby, public opposition to gun laws is having a terrific impact on our legislators and "at least 75 bills have been introduced to modify or repeal the anti-gun laws passed in last year's wave of hysteria." HR 9130, introduced by James McClure (R-Idaho) calls for the outright repeal of the 1968 Gun Control Act. The mass of anti-gun legislation definitely illustrates what an aroused public opinion can do. We urge our friends, readers and subscribers to enlist their friends in an unprecedented combined effort to organize support for this bill. Write Congressman McClure and your own Congressman and Senator.

American Negroes to Africa

HR 8965 calls for the voluntary repatriation of American Negroes to their ancestral homeland in Africa. Thousands, perhaps millions of American Negroes, who are given no voice whatever in the affairs of their race, will welcome this opportunity as perhaps the most practical solution of the present racial crisis.

requirements. Thus the Jewish banker, who knows how to generate money out of thin air, became the proprietor of American industry. What took place was a simple transfer of money and economic power from Gentile hands to Jewish hands. The Communist Party played a large role in these Jewish machinations. The function of the Communist Party was to frighten the Gentile haute bourgeois; to stampede them into a political abdication. Unhappily, this plan succeeded. The Gentile bourgeois lost leadership of the Gentile masses to the Jews.

The real essence of successful political Conservatism is to recover that lost leadership of the **American majority**. Yet when did you ever see a Conservative politician trying to do that? Not lately, to be sure. We are dominated by the phoney images of the Jews.

Henry Ford saw through all of this quite clearly. He tells what he saw in his book **The International Jew**. Many Conservatives today think almost exclusively in terms of presidential elections. Elections are important, but they are not everything. A lot of power is exercised by people who never have to stand for election at all. Henry Ford pointed out the importance of fighting the Jews on the communications front, in the cultural field, in education, and in other places where their power is deeply entrenched, and where their power is totally unaffected by the outcome of elections.

The Jews have hated Gustav Krupp because he backed Hitler. Krupp was a great Capitalist who fought the vampire of Jewish Capitalism. The Jewish vampire is just about 100% in the driver's seat in America today. The vampire has sucked the lifeblood out of America, just as Rothschild sucked the lifeblood out of Europe. We have entered upon an age of moral disaster, of cultural and moral bankruptcy, of violent debacle.

The history of the West during the last century has been a tragedy. The infamy of the Jewish vampire is really incredible. The vampire is a bloodsucking network of international capitalists; yet the vampire also supports Marxism and foments revolutions around the world. America has become the homeland of the vampire, the capitol of Marxism, the headquarters of the Jews. A. K. Chesterton discusses this well in his book **The New Unhappy Lords**, in a chapter entitled **The Power of Baruchistan**. Bernard Baruch, the Sultan of Baruchistan, ruled over America with all of the arrogance of a Turkish Sultan ruling over slaves.

It was not Marxists who fought the phoney brand of Capitalism we have today, the kind of Capitalism which secretly supports Communism around the world. The Marxists were merely the pimps of the vampire; they talked a good game of proletarian revolution, but they pimped for Rothschild, pimped for Baruch, pimped for the Jew-Capitalists. The men who really fought the phoney brand of Capitalism we have today were Henry Ford and Gustav Krupp. They were real Conservatives who saw in a clear-eyed way the disaster which was enveloping the Western world and sought to avert it. They were, each in his own country, patriots who saw that Capitalism has a duty to the flag, to the people, to the nation.

The phoney battle between "Right" and "Left" in America today is largely meaningless. There is little genuine Conservative content in the American "Right Wing" today. Too often, the so-called "Conservative leader" is merely seeking a way to compromise with the vampire, to support the Jews while appearing to be a "Great Conservative." Such fence-straddling is worthless.

In order to fight Communism today, you have to fight Jew-Capitalism, because Jew-Capitalism is the principal supporter of International Communism. We do not hesitate to fight Capitalism. Henry Ford fought it; Gustav Krupp fought it. Ford and Krupp were **BIG** men! We are tired of little men who run around calling themselves "anti-Communists" but who are afraid to strike at the vampire. We are strongly in favor of Capitalism if the Capitalist is named Ford:

THE ABM MISSILE

The military to a man have heartily endorsed the installation of the ABM. The liberals to a man are against it. The American Security Council, including William J. Thaler and General Nathan Twining are for it. Marxists like the Wiesners and Marxist-lovers like the Kennedys oppose it. The ABM Safeguard is a half-measure at best since it protects the missile cites only and not the cities. Still the liberals are furious because Nixon has decided in favor of even this half measure which nevertheless does afford some protection. They want complete surrender and no defense. Liberals the country over are flooding Congress with mail against the ABM. Unless we match this avalanche with thousands of letters in favor of it, the ABM will be turned down. If you want to live, get busy with letters, telegrams and personal visits to your congressmen. **The life you save may be your own!**

AN AMERICAN PRAYER

O Lord, whose name was on the lips of the men who founded this nation, and on the lips of the men who have died for it, be with us yet. Guide us through this period of control by one-world socialists, the deceivers who practice treason to stay in power, denying the validity of our Christian Constitution they have sworn to uphold. Keep us steadfast in remembering the truths our forefathers lived by. Restore our faith, renew our vision, enter our hearts and keep us brave and straight, secure in the knowledge that eternal principles do not change, that freedom under God, not slavery under man, is our heritage. Give us, as free-born Americans, the individual courage and integrity to do what must be done to restore our Republic, worthy of your Divine Guidance and your Blessing, now and always. In Christ's name, Amen.

WISE WORDS

Pacifism and its bedfellow, Communism, are all about us. In the theaters, newspapers and magazines, pulpits and lecture halls schools and colleges, it hangs like a mist before the face of America, organizing the forces of unrest and undermining the morals of the working man.

Day by day this canker eats deeper into the body politic.

For the sentimentalism and emotionalism which have infested our country, we should substitute hard common sense. Pacific habits do not insure peace or immunity from national insult and aggression. Any nation that would keep its self-respect must be prepared to defend itself.

Every reasonable man knows that war is cruel and destructive, and yet very little of the fever of war will melt the veneer of our civilization. History has proved that nations once great, that neglected their national defense, are dust and ashes. Where are Rome and Carthage? Where Byzantium? Where Egypt, once so great a state? Where Korea, whose death cries were unheard by the world — Gen. of the Army Douglas MacArthur.

THE ONES THEY SMEAR ARE THOSE THEY FEAR

we are bitterly against it if the Capitalist is named Rothschild or Baruch or Weinberg.

Capitalism in Jewish hands is a vampire. It erodes and destroys the very foundations of the Gentile society. It secretly supports Marxism. It has wasted the cultural and moral treasures of the Western world. This vampire is the thing which Ford and Krupp fought. They fought well but were defeated for lack of support.

ECONOMICS AND HONESTY

Economics, justice and morality are all parts of one inseparable body of truth. They must, therefore, be in harmony each with the others.

What is just and right morally must also be right economically, and the reverse. Since morality is a guide to betterment and self-protection, economic policies which violate moral truth, will sooner or later, and with certainty, cause disruption, degeneration and self-destruction. Nature cannot tolerate disorder.

There is an indomitable force in the universe which no person can alter.

No potentate with all his laws and edicts can change this natural law or rule of the universe, regardless of the political power assumed by or delegated to him.

The Golden Rule and the Decalogue and their near equivalents in other religions provide the basic moral codes of conduct. These moral precepts have guided the conduct of man in all civilizations. With their violation has come the downfall of individuals, and, therefore, countries.

Human Rights consist of the right to life, liberty and property.

Responsibility is a part of freedom. Freedom is necessary for peace and security.

Principles of justice and morality are not subject to compromise — they can only be abandoned.

Principles are precise and strict, they do not make up a code of convenience. A principle can be broken, but it is not flexible and cannot be bent. The Law of Gravity is an example: we either act in harmony with this law or principle, or, we do not.

Good ends cannot be attained by evil means.

Cause and consequence are linked together. Good intentions cannot alter this relationship — nor can ignorance, nor distorted use of words.

THAT WHICH IS JUST HARMS NO ONE.

The Myth of the 6 Million

The matter of the alleged slaughter of six million Jews by the Germans is so preposterous to anyone even superficially acquainted with the racial background in Germany and the rest of Europe that it could be just laughed away — were it not for the amazing propensity of the communication's media to develop an indelible hysteria psychosis on the part of the masses in regard to any theme they decide to push.

The mass media has proposed a proposition totally without foundation, and has so feverishly and deceitfully developed it, at the cost of billions, that the masses have acquired a fixation of German guilt so immutable, that rational discussion is all but out of the question.

This subject merits scholarly treatment, and the author furnishes it. Not only does he prove the alleged figure entirely ridiculous and a complete fabrication, but he goes deep into pre-war history, and considers in detail the German repressive measures against the Jews. There are documented reports on concentration camps. The Anne Frank story is covered and Zionism is discussed at length. Best book yet on the six million.

NO MATTER WHAT YOU CALL IT, BEHAVIORISM IS STILL

THE SCIENTIFIC CONTROL OF SOCIETY

Sensitivity Training Would Reduce the Normal Individual to a Hopeless, Mindless Vegetable

BEHAVIORISM — PSYCHOPOLITICS — SENSITIVITY TRAINING: OR, THE ART AND SCIENCE OF ANIMAL HUSBANDRY

(Reprinted from Don Bell Reports
Published by Marah, Inc.
P.O. Box 2223, Palm Beach, Florida)

The goal of the behavioral scientist is to (1) predict human behavior by his knowledge of stimuli and response, and (2) to control human behavior "if it is demanded by society that a given line of conduct is desirable . . . Behaviorism would replace "religion" with "experimental ethics," which means ethics as determined by science and society. Given free rein, behaviorism "will gradually change the universe." — Adapted from the writings of J. B. Watson, Professor of Psychology.

IF WE CONFESS OUR SINS TO A DEVIL'S ADVOCATE —

In Russia it's called "psychopolitics," in the United States it's called "behavioral science" by the experts, and referred to publicly by a number of names: sensitivity training, group dynamics, leadership training, group confessional, interpersonal competence, interpersonal relations, self-evaluation, human potential workshop, human relations lab, management development, basic encounter groups, gestalt, etc. All have one common aim: the scientific control of society and the individuals which comprise that society.

Lavrenty Beria, former head of the Soviet Secret Police, spoke frankly. He said among other things: "Psychopolitics is the art and science of asserting and maintaining domination over the thoughts and loyalties of individuals, officers, bureaus and masses, and the effecting of conquests of enemy nations through 'mental healing'."

In America, the behaviorist says: "Give me the baby and my world to bring it up in and I'll make it crawl and walk; I'll make it climb and use its hands in constructing buildings of stone or wood; I'll make it a thief, a gunman, or a dope fiend. The possibility of shaping in any direction is almost endless. Even gross differences in anatomical structure limit us far less than you may think." (John Broadus Watson, former editor of the *Journal of Experimental Psychology*; quotation from his book *The Ways of Behaviorism*, published in 1928).

Hence the behaviorist's desire to gain control over the baby before it is even born (or permitted to be born, as the case may be); and scientists are even now perfecting the techniques whereby a person may be wired at birth for permanent control through electronics. Along with this goes the reconditioning of minds by medication and drugs (often via the mother of the unborn infant) for the permanent control of the mind.

Science aims at (1) the creation of life itself through biochemistry, (2) the creation

of minds through machinery, (3) total social engineering and control through the state.

Through Federal control of hospitals and the facilities, equipment and specialists required to supervise child birth, science has an unrestricted field. Through Federal control of pre-school through high school, the scientists would have an unrestricted field were it not for the still powerful influence of family and church where the "despised Protestant ethic" (or Roman traditionalism in the case of Catholic families) still lingers on to obstruct the social scientists.

Because this Christian ethic still obstructs, the behavioral scientist finds that this is not yet "my world to bring it (the baby) up in." Ergo: he must concern himself, not simply with mind conditioning, but also with mind re-conditioning (or with "mental healing," to use Lavrenty Beria's phrase).

And this is where Sensitivity Training

"Under ordinary circumstances the efforts of a small, almost infinitesimal fraction of society to brain-wash the overwhelming majority of its citizens or build insane asylums for them would be incredible and fantastically funny. But these are not ordinary circumstances nor ordinary times. We are in the age of Great Delusions — when black appears white, and white appears black — when the sane are made to appear insane and the insane act as the world's psychiatrists . . ." — Sen. Jack Tenney's report on MIND-WASHING IN AMERICA.

comes in as a weapon for use in schools, churches, adult groups, wherever it can be used to recondition minds.

We all know something (and shudder when we know) of the work of Pavlov and his dogs. But less well known is the manner in which Pavlov's research with animals has been refined and perfected for use on the human animal. In an excellent series of articles by Mrs. Dorothy A. Faber, "MENTICIDE IN THE CHURCHES," appearing in *THE CHRISTIAN CHALLENGE*, a magazine for Episcopalians, published by the Foundation for Christian Theology, P.O. Box 2624, Victoria, Texas. The author refers to the investigative work that has been done by Dr. Meerloo. We quote:

In his authoritative work on the subject of thought control and mental pressure, *THE RAPE OF THE MIND*, Dr. Joost A. M. Merloo explains that political conditioning should not be confused with training or persuasion, or even indoctrination, because it is much more than that. In his words, "It is taming, it is taking possession of both the simplest and the most complicated nervous patterns of man. It is the battle for the possession of the nerve cells. It is coercion and enforced conversion. Instead of conditioning man to an unbiased facing of reality, the seducer conditions him to catch-words, verbal stereotypes, slogans, formulas, symbols. Pavlovian strategy in the totalitarian sense means imprinting prescribed reflexes on a mind that has been broken down. The totalitarian wants first the required response from the nerve

BEHAVIORISM

(Continued from Page 1, Column 3)

cells, then control of the individual, and finally control of the masses."

According to Dr. Meerloo, the "seducer" — a most appropriate term — employs a wide range of negative stimuli to bring about the enforced conversion. The object of his conditioning is subjected to physical pressure, moral pressure, fatigue, hunger, boring repetition, and confusion by seemingly logical syllogisms. The victim suddenly finds himself in a state of confusion because he has been maneuvered into a state of mind where he no longer can think logically and nothing has any validity. His previous beliefs and concepts have been "unlearned," and he has not yet found new ones — a condition which psychiatrists call mental disintegration or depersonalization. The victim becomes like a lost soul, filled with fear and hopelessness.

In a society which is still relatively free, this type of mental coercion is not possible . . . But these same techniques have been transferred to a system for mass delusion, a system which is highly effective in its objective of instilling totalitarian thinking after first undermining basic morality and/or previously held concepts and ideas.

While the common term for this system is "Sensitivity Training," it may be called any number of names . . . Within the Roman Catholic Church, a movement employing the Pavlovian techniques reportedly was conceived in Majorca in 1949, carried to continental Spain, and has now spread throughout the Spanish-speaking world as well as to the United States. It is called "Cursillo," or "little course in Christianity," and its impact on the Church of Rome while not publicized widely — has been enormous . . .

It should be noted that Sensitivity Training had its first tryout in Soviet Russia, where it was called SAMA KRITICA, or Mutual Criticism (Group Confession). Also, it should be noted that certain American educators — John Dewey, William Heard Kilpatrick, Carleton Wolsey Washburne, and others — actually left the United States for extensive visits to the Soviet Union (1928-1931) to observe and approve the Russian educational system, where this SAMA KRITICA was being developed and applied.

According to Mrs. Faber, the system was used on the entire population in Russia (a subject people in their own land, they had to submit, or be sent to labor camps), and in charge of the operation was the Russian Secret Police, which is why Beria was the top specialist in the system. Writes Mrs. Faber:

"The mechanics of the system, as it was conducted by the Russian Secret Police, were simple: First, the entire population was divided into small groups or "collectives" of from ten to twenty persons. Each group was required to meet regularly and on a permanent basis, so that the members would become dependent on the group. At each meeting, the group was seated in a circle facing one another without a barrier, and each person took his turn in criticizing himself for every fault, no matter how trivial. Then each person was encouraged to tell the other group members how he felt about them and what he believed their shortcomings to be.

"The object, of course, was to locate the 'individual' thinker who might be a potential troublemaker because he was a nonconformist. The added value to the communists was that SAMA KRITICA also created distrust among the people, and isolated them from one another through fear, making their control by the police more simple to accomplish."

At about the same time SAMA KRITICA was being perfected in Russia, the late Frank Buchman was giving the same system of control a "religious cloak" and trying it out among students at Oxford University in England. Then called "Buchmanism," later the "Oxford Movement," and still later "Moral Rearmament," this movement used the same "group confessional" technique as was being used in Russia. An article appearing in the May 17, 1928, issue of the LONDON DAILY TELEGRAPH reported:

FRANK D. BUCHMAN, Lutheran minister from Princeton, N.J., father of MORAL REARMAMENT or BUCHMANISM, semi-religious movement which later became known as the OXFORD GROUP. The latter emerged in the 1920's as a proponent of licentiousness and immorality. Despite early rejection, Buchmanism continued to spread especially among leftists and one worlders. MRA adopted same "confessional technique" as used in Russia. Buchman gave Sensitivity Training a "religious cloak." It may yet become the new world RELIGION — HUMANISM—to which people of any or no faith are welcome.

"In the women's colleges, Buchmanism is procuring the worst effects attendant on perverted religious mania. . . . (a 'group' is) a gathering of perhaps four or five friends . . . Here, in an atmosphere hovering between giggles and fanaticism, restraint is flung aside, souls are laid bare by hysterical confession, and, with a fervour which no longer pretends to be religious, the tenets of the doctrine are discussed. Now, Buchmanism attributes to Christianity a four-fold foundation of honesty, unselfishness, purity and love. It is worthy of remark that the first two qualities are seldom considered worthy of discussion. Honesty, in fact, is not a conspicuous feature of these proceedings, from which the skeptical are excluded, and in which the fervid are virtually hoodwinked. . . . devotion to the cult is producing results not usually associated with the practice of Christianity. The authorities appear to be alarmed, but remain apathetic . . ."

MORAL REARMAMENT, a form of voluntary Sensitivity Training no longer even claiming to be "religious" but welcoming people of any or no faith — even the communist — grows by leaps and bounds and singouts; "the authorities appear to be alarmed, but remain apathetic."

Meanwhile, back in the educational arena, SAMA KRITICA, or Sensitivity Training, was being developed for use in the schools by behavioral scientists of the NATIONAL EDUCATION ASSOCIATION. A report published by The Network of Patriotic Letter Writers of Pasadena, California, traces the history of its adaptation to other areas of society:

"The State of Connecticut was the incubator in which THE NATIONAL TRAINING LABORATORIES IN GROUP DYNAMICS was born in 1946, at a special meeting of the Connecticut Interracial Commission, the Connecticut staff of the NATIONAL CONFERENCE OF CHRISTIANS AND JEWS, and the State Department of Education. Social psychologist Kurt Lewin headed the research staff, which included Ronald Lippitt of the Research Staff for Group Dynamics; Kenneth Benne, then of Teachers College, Columbia University; and Leland P. Bradford, director

"When I was posing as a communist for the FBI for nine years, up to one-third of the Party's Professional unit was involved in social, health and welfare work. They included psychiatrists, psychologists, medical doctors and social, health and welfare workers. The primary purpose of every one of these Party members is to use his or her profession to promote Communist revolution in America.—Matt Cvetic, former FBI undercover agent.

BERIA - NKVD AGENT SPEAKS ON PSYCHOPOLITICS

American students at the Lenin University, I welcome your attendance at these classes on Psychopolitics.

Psychopolitics is an important if less known division of Geo-politics. It is less known because it must necessarily deal with highly educated personnel, the very top strata of "mental healing."

By psychopolitics our chief goals are effectively carried forward. To produce a maximum of chaos in the culture of the enemy is our first most important step. Our fruits are grown in chaos, distrust, economic depression and scientific turmoil. At least a weary populace can seek peace only in our offered Communist State, at last only Communism can resolve the problems of the masses.

A psychopolitician must work hard to produce the maximum chaos in the fields of "mental healing." He must recruit and use all the agencies and facilities of "mental healing." He must labor to increase the personnel and facilities of "mental healing" until at last the entire field of mental science is entirely dominated by Communist principles and desires.

To achieve these goals the psychopolitician must crush every "home-grown" variety of mental healing in America. Actual teachings of James, Eddy and Pentecostal Bible faith healers amongst your misguided people must be swept aside. They must be discredited, defamed, arrested, stamped upon even by their own government until there is no credit in them and only Communist-oriented "healing" remains. You must work until every teacher of psychology unknowingly or knowingly teaches only Communist doctrine under the guise of "psychology." You must labor until every doctor and psychiatrist is either a psycho-politician or an unwitting assistant to our aims.

You must labor until we have dominion over the minds and bodies of every important person in your nation. You must achieve such disrepute for the state of insanity and such authority over its pronouncement that not one statesman so labeled could again be given credence by his people. You must work until suicide arising from mental imbalance is common and calls forth no general investigation or remark.

With the institutions for the insane you have in your country prisons which can hold a million persons and can hold them without civil rights or any hope of freedom. And upon these people can be practiced shock and surgery so that never again will they draw a sane breath. You must make these treatments common and accepted. And you must sweep aside any treatment or any group of persons seeking to treat by effective means.

You must dominate as respected men the fields of psychiatry and psychology. You must dominate the hospitals and universities. You must carry forward the myth that only a European doctor is competent in the field of insanity and thus excuse amongst you the high incidence of foreign birth and training. If and when we seize Vienna you shall have then a common ground of meeting and can come and take your instructions as worshippers of Freud along with other psychiatrists.

Psychopolitics is a solemn charge. With it you can erase our enemies as insects. You can cripple the efficiency of leaders by striking insanity into their families through the use of drugs. You can wipe them away with testimony as to their insanity. By our technologies you can even bring about insanity itself when they seem too resistive.

You can change their loyalties by psychopolitics. Given a short time with a psychopolitician you can alter forever the loyalty of a soldier in our hands or a statesman or a leader in his own country, or you can destroy his mind.

However, you labor under certain dangers. It may happen that remedies for our "treatments" may be discovered. It may occur that a public hue and cry may arise against "mental healing." It may thus occur that all mental healing might be placed in the hands of ministers and be taken out of the hands of

CONFLICT OF AGES

By CARL F. LYONS

"When a country is selected for attack, we must first set up before the youth of that land a mental barrage which will forever prohibit the possibility of that youth being molded into an armed force to oppose our invading armies. This can most successfully be done through creating 'war horror' thought and by the teaching of pacifism and non-resistance. It will be found that powerful organizations of non-Communists can be created for this purpose particularly with the aid of liberal-minded ministers, professors and lecturers." — Nicolai Lenin.

Youth Thrust of the Zionist Invisible Government Cabal

The American Jewish Committee Budget, 1953, page 97, item 8, "Resources within the Agency" states:

"The Youth Division's staff serves as resource . . . for religious youth conferences. Materials of this division are utilized in servicing religious agencies."

From the Anti-Defamation League Bulletin, April 1949, we quote: "A technique developed eight years ago has become a force in modern education. When the Anti-Defamation League set out to reorganize its education program, it recognized the value of the workshop technique, and decided to encourage its use and make available its resources in the field of intercultural education to colleges and universities." Of immediate importance, ADL, as a community organization, has been placed in closer cooperation than ever before with school systems, colleges and universities."

As we gaze into the wonderful universe with its countless stars and distant nebulae, the earth upon which man dwells, both animate and inanimate creation, life itself and above all, human existence and destiny, Christian America marvels at this great enigma and still more that the universe continues in the order designed for it by the Creator, in spite of modernist boasts to penetrate and control it by the faculty of reasoning and capacity to search and explore.

Darwin and Modernism

The core of Modernism's revolt on unproved hypothesis is the claim that humanity can no longer live on uncertainties — therefore all accreditation given to man's origin in distinct creation is a product of the imagination. It is the old fight between Darwinism and the opposing forces which has its present manifestation in ever-increasing spontaneous demonstrations, of high school teachers, college professors, male and female, to lay bare the naked ape. Teaching the young the deception of Darwin paves the way for atheism, radicalism and immoral lawlessness.

As pointed out in earlier issues of **Common Sense**, the gigantic process of revolutionary progress is affecting every aspect of society. Old standards of polite human behavior are being discarded, with individualism fast yielding to collectivism and quasi utilitarianism. The changing social scene is a struggle between two processes: veneration for the past and desire for progress. It is tinged with an element of ambivalence with the resultant changes taking the form of cooperation, conflict or compromise.

Social Planners—Asian and American Scene

Social planners envisage a golden age with power to influence the voice of tradition in its reborn and revolutionary character. The past achievements of the Christian missionary task force have had few precedents in history. But that monument is now crumbling, ending in cataclysmic change, the results of which are yet difficult to estimate.

Asian countries, with their innate sense of caution, have adopted the Western social pattern wholesale—war, the peace corps and student interchange being the source of this built-in permeation, resulting in a hybrid civilization, the mongrel offspring of conflicting principles. We may therefore describe the present situation in Asia as one compounded by ideological and survival crises, purposed to desert the "mystics" of antiquity for a new creed.

On the American scene, changes are made by despotic tyrants in total disregard of all established formulae. Changes are made by direct and divisionary methods to bear the

WILLIAM G. CARR, NEA Executive Secretary, who once stated: "The organization (NEA) played an important role in the establishment of UNESCO." THE NATIONAL EDUCATION ASSOCIATION, that Marxist oriented octopus, working in collaboration with the U.S. OFFICE OF EDUCATION, seeks control of the entire educational system without interference from the public or their elected representatives. image of a new product-change despite the cost, as long as it makes the revolutions that bring abstractions into the product of tomorrow — taking a cue again from Lenin who stated: "Demoralize the youth of a land, and the revolution is already won. Thus, the forms of power in youth become a monopoly of the state."

Enter Progressives

The scientific technique makes no pretense when it says: "We, the progressives" — so runs the argument — "are the wise and the good; we shall create a paradise." Because of the seeming importance we quote from Bertrand Russell's **Impact of Science on Society**: "Fitch laid it down that education should aim at destroying free will, so that, after pupils have left school, they shall be incapable, throughout the rest of their lives, of thinking otherwise than as their schoolmaster would have wished. Diet, injections, and injunctions will combine, from a very early age, to produce the sort of character and the sort of beliefs that the authorities consider desirable, and any serious criticism of powers that be will become psychologically impossible. Even if all are miserable all will believe themselves happy because the government will tell them that they are so."

Typical and magical enthusiasm in the run of the current teen-age generation comes to light in numerous college periodicals:

March 14, 1969 issue of **The Dakota Student**, published by the University of North Dakota, Phil Semas of the College Press Service states in his article, **Desire for Power Behind Unrest**:

"If students are ever going to be able to turn from tearing down the present educational system to building a new one, as everyone keeps telling them to, they are going to have to have real power. Universities are going to have to change the way they are governed."

The above item originates from the College Press Service, not from views of independent sources by standards of identity to any university. It is a controlled press report of similar biased action in the commercial world.

Sifting the Fitch view on personal behavior, and correlating the facts from communistic countries, **TOTALITY** is making individuals "Wards of the State." Nationalization of women produced thousands of illegitimate children in Russia, whose carefully planned education developed a GENERA-

Do not suppose for a moment that these statements are empty words: think carefully of the successes we arranged for Darwinism, Marxism, Nietzsche-ism. To us Jews, at any rate, it should be plain to see what a disintegrating importance these directives have had upon the minds of the goyim.—Protocols of the Learned Elders of Zion, Chapter II, Paragraph 3.

TION of hard core workers with atheistic values. The element has dictated all policy for all Russians. We discover that in the Young Communist Leagues of China, practically all adoration of family life was abolished, as they served as "Wards of the State," a severe penalty being imposed for failure to comply. On the American scene, Social Welfare creates the climate that produces mass class distinction, with fidelity, devotion and loyalty. So-called communist refugees fleeing Europe were actually just plain communists seeking better economic conditions and, as refugees, became "Wards of the State." The ghetto militant blacks, on arsonist sprees, integrated into the complex of the Publican with excessive and ostentatious gratuities, are "Wards of the State," swelling the ranks of the revolutionaries. Pack-rat students attending college and university institutions on government loans and grants are simply "Wards of the State" to promote the revolution as paid pawns in the game. Continued subsidation in any form weakens the noblest virtues of any people until they reach the point of total decharacterization by unconventional directives, and they believe they are happy because the government tells them they are.

Behind the College Revolutionary Trend

One is seized with a feeling of dread when confronted with the present day behavior of social primates. On any college campus one detects the aimless minded student, whose stereotyped life reflects the nonentity of a pawn. Student Government associations, financed by assessed fees from all students, find themselves incompatible with the thinking of conservative students, and are generally dominated by the Leftwing socialists. The journalistic trend in official student college publications reeks with objectionable "four letter" words. What has motivated this drive, this urge to destroy all convention? A note of importance is the (behind-the-scenes) planned "routine." Many visiting lecturers are given exorbitant fees to spew **REVOLUTIONARY SPECULATIVE TRIPE** with savage invective for the cult of the common man, stressing the cult of the hero. Today's college revolutionary "hero" enjoys the place of honor on the pedestal formerly held by genuine patriots and war heroes.

The Communalist Jew

Jewish intellectualism and Zionist Communism operate with a timetable formulated from the expectancy of rabbinical "astutism." Their sagacious, wily and shrewd cabalistic dialectics discerned the advent of a Jewish messiah, but that he could not come to earth until the Jewish peoples destroyed all existing ideological structures. Behind this assessed theory is the dialectical system of good and evil, calibrated by the oligarchic Jew, who exercises control for corrupt and selfish purposes. It is expressed by an ancient rabbi: "The right hand shall attract while the left hand repels." (Page XVIII of the introduction to Baron and Blau's book on Judaism).

Unfortunately far too large a portion of the Christian world still considers Judaism and the Jews the authors of a monotheistic religion, with special favors from a Creator's assignment. Any correlative study of the Scriptures finds Jesus Christ ignoring this concept and changing the static code of the Law into the dynamic code of the Beatitudes. Jesus changed the "order of the day" by humanizing the union of man with his Creator in the reform idea of man as an individualist and not as a communalist. The Jewish drive esteems veneration of Rabbinism, not the Heavenly Father described by Jesus.

World chaos is in its peak of expectancy . . . this long drive to mask mankind in the heathenistic image narrows to a laser-type beam, cutting through the red tape of the past. The transition of the American conquest phases out to a cataclysmic upheaval promoted by dissidents that came on the scene out of the recent generations influenced by public and higher education . . . that period of decline following the Second World War. Now comes the ultimate of all pre-planning to reduce a generation to the lowest level of the ape . . . **THE TEACHING OF RAW SEX IN ALL LEVELS OF EDUCATION, INCLUDING KINDERGARTEN.**

BEHAVIORISM

of Adult Education Services of the National Education Association. . . Lippitt, Benne and Bradford carried on the work . . . by initiating "Sensitivity or Laboratory Training." In 1954 the organization name was shortened to The National Training Laboratories (NTL). The purpose of NTL? To study and implement that goal of . . . (the) behavioral scientist — human change and how to bring it about . . .

" . . . NTL held its first workshop for industrial administrators and national church executives in 1956; and in 1958 sponsored its first laboratory for educational administrators and key executives of various volunteer organizations.

"Today, with Leland P. Bradford . . . as Director of NTL in Washington, D.C., NTL . . . coordinates the work of several hundred trainers in universities and training centers throughout the United States. The NEA also works with and obtains assistance from the National Institute for Mental Health, all of their programs being funded by private donors, FOUNDATIONS and GOVERNMENT AGENCIES . . . the entire gamut of agencies encompassed by that super-agency, The Department of Health, Education & Welfare."

In a book **THE DYNAMICS OF PLANNED CHANGE**, by Ronald Lippitt, one of the founders of NTL, we learn of the "Change Agent," perhaps one of the most sinister characters in American society. This "Change Agent" is someone who has been specially trained at one of the NTL laboratories, and who then works more or less "on his own" to "effect improvements in a personality system or social system." A "Change Agent" may be a psychiatrist, social worker, human relations expert, parent educator, marriage counselor, mental hygienist, operator of a "halfway house" dealing with juvenile delinquents, a worker with hippies, unmarried mothers, leadership trainers, discussion specialists, conference experts, job specialists, etc. He or she may be active in the church, business club, Boy Scouts, PTA, or on a "special project" of most any kind where he has an opportunity to "change people."

At the "Leadership Level," here are some of the things that have been done:

Church Executives across the nation, since 1956, have attended NEA workshops to learn how to use Sensitivity Training techniques at church retreats, in prayer meetings, etc., to "neutralize differences and encourage unification of churches." **THE U.S. OFFICE OF EDUCATION IS CHANNELING TRIAL SENSITIVITY TRAINING PROGRAMS INTO CHURCH SCHOOLS.**

Industrial Administrators since 1956 have attended NEA workshops to bring "Self and Group Criticism" techniques into businesses and industries around the nation.

Educational Administrators since 1958 have received NEA's special attention. Change Agents in the schools, using various strategies, have encouraged individuals to become less dependent upon school authorities and demand the right for students to run the schools themselves, have "open housing" privileges in dormitories, etc. Situation Ethics or "the New Morality" is a prime promotion in Sensitivity Training. (Title III of the **ELEMENTARY - SECONDARY EDUCATION ACT**, funded by the U.S. Office of Education for "The exploratory development of models of planned change in education," provides the link between the behavioral scientists and the schools.)

Key Executives of Volunteer Organizations since 1958 have attended NEA workshops to acquire the technique of directing human change within their organizations. Through promotion of group-ism and interdependence, changes are made in personal attitudes, behavior patterns, value systems.

Public Employees of the Peace Corps, IRS, State Dept., OEO, and other Bureaucracies have been subjected to Sensitivity Training techniques, channeled originally from NTL through NEA into HEW and then into all branches of civil service.

Police are invited to attend workshops where they are "trained to be sensitive to the feelings, aspirations and frustrations of

hoodlums, narcotic addicts, alcoholics, riot-makers, and ex-convicts." Ex-convicts then are trained to become Change Agents (You have heard them as guests on TV shows).

Newspapers and Periodicals cooperate by being sensitive to the hippie movement, to civil rights marchers, anarchists and insurrectionists, to Sensitivity Training as promoted and implemented by Change Agents in mind-expansion experiences, etc., etc.

SUMMARY: When people "confess" and turn over to others the solution of their problems, **THEY ARE SUBJECT TO COMPLETE INDOCTRINATION AND CONTROL.** Looking to Man instead of looking to God is the key to the technique. This means the destruction of all "Absolutes" in which the Christian believes; for we cannot serve two Masters. In short; Sensitivity Training demands that we give up everything in which we believe, in exchange for a belief in nothing, in order that we will disagree with no-one: thus the Unity of the god-head of Man is established.

RESOLUTION: Look to Christ for all your answers, and don't let others do for you what you should be doing for yourself. Beware of Change Agents bearing gifts, for theirs is not the Victory.

our psychologists and psychiatrists. But the Capitalistic thirst for control, Capitalistic inhumanity and a general public terror of insanity can be brought to guard against these things. But should they occur, should independent researchers actually discover means to undo psychopolitical procedures, you must not rest, you must not eat or sleep, you must not stint one tiniest bit of available money to campaign against it, discredit it, strike it down and render it void. For by an effective means all our actions and researches could be undone.

In a Capitalistic state you are aided on all sides by the corruption of the philosophy of man and the times. You will discover that everything will aid you in your campaign to seize, control and use all "mental healing" to spread our doctrine and rid us of our enemies within their own borders.

Use the courts, use the judges, use the Constitution of the country, use its medical societies and its laws to further our ends. Do not stint in your labor in this direction. And when you have succeeded you will discover that you can now effect your own legislation at will and you can, by careful organization of healing societies, by constant campaign about the terrors of society, by pretense as to your effectiveness make your Capitalist himself, by his own appropriations, finance a large portion of the quiet Communist conquest of the nation.

By psychopolitics create chaos. Leave a nation leaderless. Kill our enemies. And bring to Earth, through Communism, the greatest peace Man has ever known.

Thank you.

Aim of WHO - - - Is The Destruction of Christianity

By **REV. G. R. BEIRNES**

(Excerpts from an Address)

"In the good name of peace, security and opportunity the Christian religion is being undermined for eventual destruction by the World Health Organization," thus states Dr. James DeForest Murch, in an editorial written for United Evangelical Action 6-1-58.

"The World Health Organization and the World Federation for Mental Health," he continues, "are working closely together in a program involving legislation and propaganda at the national and world levels. If their plans are successful, they will soon have a network of governmental agencies, university chairs, mental institutions, training centers, clinics, professional psychiatrists, psychologists and social workers which can control the thinking of humanity."

In the William Alanson White Memorial Lectures in Washington (spring of 1958), Dr. Chisholm, President of the World Federation of Mental Health and former director general of the WHO, said:

"For many generations we have bowed our necks to the yoke of the conviction of sin. We have swallowed all manner of poisonous certainties fed us by our parents, our Sunday and day school teachers, our priests and others with a vested interest in controlling us . . . The reinterpretation and eventual eradication of the concept of right, and wrong which has been the basis of child training, the substitution of intelligent and rational thinking for faith in the certainties of old people, these are the belated objectives of practically all effective psychotherapy. Would they not be legitimate objectives of original education? . . . With the other human sciences, psychiatry must now decide what is to be the immediate future of the human race. No one else can."

The World Health Organization of the United Nations provided legislation for the authorization and execution of this anti-Christian program in Article 19 of its Constitution. It states: "The Health Assembly (of the WHO) shall have authority to adopt conventions or agreements with respect to any matter within the competence of the organization."

Quoting from one news source, the World Health Organization, when it was founded in 1948, openly asked for legislation, affecting psychiatric treatment. "They asked for power to incarcerate people who are 'aware or unaware of their state, willing or unwilling to accept treatment.' They are to be full guardians over the property of patients, and everything must be on a 'compulsory' basis. They are to be the adviser to 'all branches of government,' also 'labor, justice and education.' Only they can license hospitals and only the ones they approve will be allowed to operate."

In 1950, the Federal Security Agency (now the Department of Health, Education and Welfare) introduced in the United States general legislative principles for the execution of the WHO master plan through the "Draft Act Governing the Commitment and Hospitalization of the Mentally Ill." Since then, "over thirty state legislatures have adopted portions of this Draft Act, and all the States have legislation on their agendas which will implement the program."

The Anatomy of a Revolution

(Continued from Page 1, Column 3)

"In this small country," said Conklin, "in the space of two centuries there appeared such a galaxy of illustrious men as has never been found on the whole earth in any two centuries since that time. Galton concludes that the average ability of the Athenian race of that period was, on the lowest estimate, as much greater than that of the English race of the present day as the latter is above that of the African Negro."

Eugenically, civilization has been a catastrophe to the race which has created it. Geneticist Samuel J. Holmes, Ph. D., in his book, "The Trend of the Race," quotes from an earlier authority, Lapouge, who noted the depressing effects which selective agencies have had on ancient and modern societies. Both of these authorities determined that robust blood lines are consumed by an advancing culture, while those of little worth are artificially protected and, eventually, overwhelm the established order. The morbid statistics of decline were discussed in Lapouge's work, "Les Selections Sociales," published in 1869. Lapouge described the operation of several forms of social selection, i.e., military, political, religious, moral, legal, economic and systematic, all of which are brought into play as a consequence of the development of civilization.

"The racial influence of civilization," concluded Holmes, "is therefore bad." It will continue to be "bad" until advanced societies learn to cope successfully with overt and covert forces inimical to the bearers of the social order.

The decay of ancient races and civilizations may have been tolerable to man at a time when there were available evolved and millennial-tempered races to move into the vacuum created by the fall of a preceding culture. Such reservoirs of high-quality lineage, however, no longer exist; and none appear visible on the genetic horizon.

The attritional loss of "talented elites" has been further accelerated in our era by the introduction into society of chromosomal-damaging chemicals — a genetic horror which Lapouge and Holmes could not have imagined in their studies of agencies affecting selection in man. Mankind's twentieth-century threat, psychedelic drugs, has the dimensions of a genocidal time bomb.

The American civilization, no less than did the Athenian, depends upon the quality of the men and women who are the bearers of it. All the accumulations of instruments and ideas, massed and welded into marvelous structures, rest upon living foundations. Should these living foundations decay by attrition, crumble by subversion, or be destroyed by artificial means, the mightiest civilization will sag, crack, and at last crash down in ruin.

"The revolt against civilization," said Stoddard, "goes deeper than we are apt to suppose. However elaborate and persuasive may be the modern doctrines of rebellion, they are mere rationalizations of an instinctive, primitive urge."

Invisible Government Cabal Promoters of World Revolution— Goal: Federal Republic of World

Modern Manifestations of the
Cabalistic Roots of the Revolution

ILLUMINISM

While professor of Canon Law, Weishaupt revised, modernized the age-old Luciferian conspiracy to impose the Luciferian ideology upon the Goyim by means of satanic despotism. He was financed by the House of Rothschild as today's Illuminist directors are financed by the Rockefellers, Carnegies and Fords. Illuminati financed Lenin and Trotsky.

FABIANISM

Sidney and Beatrice Webb and Bernard Shaw were among the leading Fabians. Felix Frankfurter and his lifelong pal, Harold Laski, were even more notorious. An early issue of the Fabian News (June 1892) presents the original national program in these words:

"A cover of respectability and good manners as a means of gaining entry into all social activities, while avoiding the use of the label 'socialism,' promoting socialism continuously by coloring such activities with new terms so as to attain socialism by stealth."

MARXISM

Marxism is built on deception and is a consummate total fraud as was its founder, Karl Marx. There was no proletarian revolution; Communism never came from the poor; had nothing to do with the masses. Marxism sought to produce not a new social order but a failure of the Gentile mind. New York, not Moscow, was always its real headquarters. It was the control mechanism of the Internationalist-Capitalist gang, used to control both Capital and Labor on home front and extend Capitalist power abroad.

UNITED NATIONS

The UN, Illuminati's top agent is working feverishly to create a world slave state. This should surprise no one. Abe Fortas and Harry Dexter White, Zionists, helped Hiss write that UN charter.

COUNCIL ON FOREIGN RELATIONS

The headquarters for this most sinister organization is also the headquarters for the Illuminati in the U.S. The chief oracle in this cabal is the Zionist-banker-front, Sidney Weinberg, director of Goldman Sachs.

A factor carefully avoided in today's studies of the rise and progress of revolution is the fact that individuals or groups placed at cultural levels above their capacities instinctively revert to lower and more congenial surroundings. Atavistic forces forever seek to disrupt advanced societies and drag them down to more aboriginal levels. The high-placed mattoid recruits, molds, inflames, and then unleashes these forces against the existing social order, to bring it crashing down in "ruin."

Stoddard stated a self-evident fact, to which all of us may subscribe: Revolutions do not spring from nothing. Behind the revolt against an established society, there lies a long formative period during which the forces of chaos gather while the forces of order decline. Revolutions thus give ample warning of their approach.

The symptoms of revolution, Stoddard observed, may be categorized in three stages: (1) destructive criticism of the existing order, (2) revolutionary theorizing and agitation, and (3) revolutionary action.

Americans have witnessed the promotion and implementation of the first two stages of incipient revolution and now behold the beginnings of revolutionary action aimed at toppling this social order — all the work of degenerate forces which have gained decisive position in the social structure for the purpose of destroying it. Strong societies are not overturned by revolution. Before revolution can succeed, the social order must be undermined and morally compromised. Subverting the existing order is a genetic compulsion of the mattoid. Sick-brained men, occupying rarified position, have nailed the revolution-

KARL MARX, founder of Communism and Marxism and regarded as the father of German Socialism.

ary banner of "Liberty, Equality, Fraternity" to the mast of our ship of state. Behind a concealing curtain of "humanitarianism," they now direct the course of our nation to chaos, to oblivion, to a soviet twilight zone.

The cynical program of these madmen will lead, unless reversed, to the eclipse of the American civilization.

The shock troops for the American revolution of the 1960's are the same type of congenital savage, the same kind of eugenic degenerate, and the same rejected humanity employed to overturn the social order in France, in Russia, and in a succession of similar national convulsions. Comprehending the emotional mechanisms which trigger the human power base of revolution is a prime requisite to devising a counter-force. These factors are unchanging and predictable, and have been successfully exploited for generations by those who promote rebellion.

The attitude of the unadaptable toward the civilization which rejects him is certainly one of instinctive opposition and discontent. These feelings vary from unreasoning dislike to flaming hatred. This volcano of emotion is finally directed, not merely against imperfections in the social order, but against the social order itself. This is a point rarely mentioned or understood. Nevertheless, it is the most important issue of the whole matter.

"We must realize clearly that the basic attitude of the Under Man," Stoddard said, "is an instinctive and natural revolt against civilization. The reform of abuses may diminish the intensity of social discontent. It may also diminish the numbers of the discontented, because social abuses precipitate into the depths many persons who do not really belong there; persons who were innately capable of achieving the social order if they had a fair chance. But, excluding all such anomalous cases, there remains a vast residue of unadaptable, depreciated humanity, essentially uncivilizable and incorrigibly hostile to civilization. Every society engenders within itself hordes of savages and barbarians, ripe for revolt and ever ready to pour forth and destroy."

When a civilization falters beneath its own weight and by the genetic decay of its human foundations; when its "marvelous structures" are shaken by war, dissension, or calamity; then the long-repressed forces of atavistic revolt are marshaled and launched in screaming hatred against the existing social order.

When the final terror begins, when revolution is unleashed, it will then be found that the standing army which society maintains to defend itself, i.e., policemen, soldiers, judges, legislators and other agencies of order, is neutralized, captured, subverted and compromised. It will be found that the power structure of the civilization has been covertly transferred from the hands of those who created it to an alien control. And, it will be found that subversion of the social order and concealed recruitment of the legions of revolt have been accomplished by those who pose as benefactors and protectors of humanity.

"A paramount issue revealed in this study," I stated in "Victory Denied," "is the ugly fact that concealed international planners

(Continued on Page 3, Column 1)

The Anatomy of a Revolution

(Continued from Page 2, Column 3)

manipulate the highest echelons of our government. They organize world-wide political apparatuses and they generate long-range revolutionary movements so as to infiltrate and destroy existing American social, economic, and religious disciplines with the objective of erecting upon the ruins a one-world collectivist state."

That world revolution follows an ancient pattern of infiltration, subversion, and rebellion is historically irrefutable.

"If any doubt on this point still remains," said British historian Nesta Webster, "if the history of the World Revolution . . . does not prove that the revolutionary movement for the last 140 years (before 1921) has been the work of a conspiracy whose aims are entirely unconnected with the interests and demands of the people, how are we to account for the following undeniable facts:

"1. That although the grievances of the people throughout this period have varied according to the changing conditions of our civilizations, the programme of the social revolution has never varied. For if the succeeding outbreaks had been made by the people each would have been distinguished by different war-cries, different aims arising from the exigencies of the moment; instead of this each outbreak has been carried on to the same slogans, has repeated the same catchwords, and each has been directly copied from the earliest — and until 1917 — the most successful attempt, the first French Revolution.

"2. That the leaders of the movement have never, in a single instance, been men of the people, but always members of the upper or middle classes who could not by any possibility be regarded as victims of oppression. And, if it is objected that these men were disinterested fanatics fighting in a cause that was not their own, then—

"3. That, with rare exceptions such as Louis Blanc, they invariably displayed complete unconcern for the sufferings of the people and a total disregard for human life. No instance has ever been recorded of pity or sympathy displayed by the Terrorists of France towards any individual members of the working classes; on the contrary, they turned a deaf ear to all complaints. The Marxists and Bakuninists mutually accused each other of regarding the people as 'cannon fodder'.

"4. That each outbreak has occurred not when the cause of the people was hopeless but on the eve of great reforms.

"5. That each has been followed not by reform but by a period of reaction. For twenty years after the first French Revolution the very word 'reform' could hardly be breathed even in England.

"6. That in spite of the fact that each outbreak has thus thrown back the cause of the people, each has been represented to the people as a step forward and further revolutions have been advocated.

"The revolutionary movement of 1776 to the present day is therefore the work of a continuous conspiracy working for its own ends and against the interests of the people."

The cabalistic roots of revolution, from the French Revolution of the eighteenth century to the pattern of rebellion wracking the American civilization today, lead to the formula for secret societies and subversive movements inspired by Adam Weishaupt. Professor Weishaupt adapted the principles of nation-wrecking from more archaic conspiracies and formalized a system for world revolution. The aim of the intrigue was, and continues to be, the surreptitious imposition of a world government of self-anointed elite (of mattoids) over the people of every nation.

Adam Weishaupt, born in 1748, created illuminism (1776-1786) and assumed the illuminated name of "Spartacus." The Illuminati was launched in Munich, Germany, on May 1, 1776, during a meeting of confederates under the leadership of "Spartacus." "Illuminati" meant "the men who have been enlightened or illuminated"; but Germany soon became conscious of its sinister program, which included world revolution:

"The end sanctifies the means. The good of the Order justifies calumnies, poisoning,

murders, perjuries, treasons, rebellions; briefly, all that the prejudices of men call crime (Barruel, iv. 182, 189, quoting evidence of Cossandey, Utzschneider, and Grunberger)." and world government:

"It is necessary to establish a universal regime of domination, a form of government that will spread out over the whole world . . . (Barruel, iii, 97)."

and destruction of the Church:

"We must acquire the direction of education — of church management — of the professorial chair and of the pulpit . . . (Robinson, p. 191)."

and abolition of family life:

"We must preach the warmest concern for humanity and make people indifferent to all other relations. . . (Robinson, p. 191)."

Fortuitous exposure of the Illuminati in Germany aroused the people, and Weishaupt and his followers were driven out. Fleeing to France, Weishaupt and his accomplices created a new group, which they called the Jacobine Society, or the Sons of Jacob. The Jacobine Society first perverted, then recruited to their causes, a vast network of financial, social and political leaders. Through this covert apparatus, the Jacobine Society ultimately influenced, and then controlled, every facet of the French social order.

In his commentary, "The Rise and Progress of Revolution," Judge Alexander Addison, President of the County Courts, State of Pennsylvania, wrote as follows:

"The Jacobine Society in Paris soon bore down every authority, and, in fact, governed the whole nation. It guided the Parisian populace, overawed the National Assembly, and by means of its affiliated societies throughout the kingdom, led public opinion, and directed all measures everywhere as it pleased; and nothing could resist its force. . .

"The views of this abominable sect were displayed in every part of France, by a disregard of all morality and justice, of the rights of marriage and property, of commerce and manufacturers, of everything which holds society together, or renders life valuable or safe. And, in pursuance of those views; outrage, violation, murder, pillage, burning, and devastation were everywhere perpetrated with indiscriminating fury; till all social order and happiness seemed to be destroyed, and France verged fast to barbarism.

"This was the third part, or the Antisocial Conspiracy, to destroy the principles which adorn, support, and connect civil society, and to bring men back to the savage state of Nature. Such was the object of the Illuminees or Illuminati, members of the Sect of Illuminism or Illuminatism. Its author a German Professor, of the name of Weishaupt, at Ingoldstadt in Bavaria; who founded and extended the sect, with profound art and secrecy, and with the daring ambition of governing the whole world. This was his end; and his means were secret societies, or corrupting public opinion by means of the press and secret societies."

The resulting French Revolution cost the lives of nearly one million, five-hundred thousand French citizens.

While the revolution was burning in France, the sparks of its morbid genesis fell into the colleges of England and America, where their heat kindled the Fabian Society and Socialism. On the continent the conspirators conceived Hegelian Societies, which produced Marx and Engels. Engels later established the first Communist Bund; and Marx implemented the Illuminati program and embodied its principles in his bible of dialectic materialism, "Das Capital," and in the

CENTURY MAGAZINE, Jan. 1928

call to arms for world revolution, "The Communist Manifesto."

These doctrines of desolation and death were propagated under the pretense of giving light, liberty and happiness to man — to make men free, equal and happy!

Nation after nation has crumbled beneath the force of this nihilistic teaching, the excited language of the mattoid.

That the American social convulsion is directed, financed and propagandized by the spiritual heirs of Weishaupt, and that it is based upon the nation-wrecking formula of Illuminism, there is no doubt. The U.S. program, following ancient maxims, is scientifically grounded on perverted eugenics and inverted psychology.

The political madmen in America inflame the unadaptable, the incapable, and the primitive elements in our society with the objective of destroying the established order in a volcano of atavistic revolt.

"Aginter Presse," a Lisbon-located international intelligence digest, provided the clue to interlocking subversion in the United States in its report of December 26, 1967. AP stated that there now exist in the U.S. nearly a thousand black organizations which are preparing their members for an armed revolt, and that these militant terrorist groups are financed and inspired by highly placed white "intellectuals."

"For the most part," Aginter Presse reported, "these groups are supported and financially aided by communists or American progressive movements (The Ford Foundation, for example, poured in more than 500 million dollars for the year 1966 alone)."

Direct involvement of United States government agencies in the broad-spectrum plan for inciting revolution in America is so well known and documented as to need no elaboration. The revolutionaries are so arrogantly confident that they will be protected by the "intellectual elite" which directs the War on Poverty, for example, that they now publicly gloat over the fact that the Office of Economic Opportunity finances them.

The unconscionable failure of the American press to publish information concerning the training and financing of these revolutionary forces in the United States is stunning evidence of the control over communications exercised by those who direct the attack upon our society.

The tax-exempt Ford Foundation, which poured in more than 500 million dollars during the year 1966 to finance revolution in the United States, is also a prime promoter of one-world government. In consonance with the thrust of Weishaupt's Illuminism, the revolutionary Societies, and the later implementations of Engels, Marx and the Fabian Society, the Fund for the Republic (a Ford Foundation subsidiary) has produced many "intellectual" studies whose aim is to create a propaganda climate favoring the acceptance of a one-world government by the American people. A current example is "A Constitution for the World," published in 1965.

The Ford Foundation plan for a Federal Republic of the World presumes, of course, to dissolve the United States of America; to subject her citizens to the dictates and whims of alien courts; to transfer U.S. military personnel and material to a one-world army; to directly tax the American people so as to reliably support one-world government; to establish a serf-society, which shall be paid for its labors at a rate to be determined by the self-appointed Caesars of the world; to move this captive labor force anywhere on the globe at will; and to void private property rights — except in the case of the mattoid-elite, who shall have title to all.

There is a terrible familiarity about the totalitarian concepts of the Ford Foundation. The thought persists that we have heard these degenerate ideas promoted in recent times — allegedly backed by the authority of the United States government.

But, of course! These projections are incorporated, and identified as official policy, in the General Agreement on Trade and Tariffs (GATT), in the United Nations Conference on Trade and Development (UNCTAD),

(Continued on Page 4, Column 1)

(Continued from Page 3, Column 3)

and in the highly propagandized but technically obscure Kennedy Round.

The gradual approach to control of world trade as an objective of world government under the United Nations was overtly made by the financial-industrial cartel, via GATT, in 1947. In his 1961 Report to the Congress on U.S. participation in the United Nations, President John F. Kennedy (hence the subsequent designation of the "Kennedy Round" for the third phase of this progressive plan) said, in effect, that under United Nations mandate the United States is obligated to rebuild the world, to pour all U.S. wealth into the hands of international cartelists for redistribution to the "have-nots," and to emigrate the U.S. population as their skills and energies are needed in the underdeveloped nations.

The American business community, to appreciate their bleak future, should examine the pertinent U.N. General Assembly Resolutions to which the Kennedy Round refers.

The key to achieving these one-world objectives is, of course, power — military power to enforce the edicts of the financial-industrial cartel. The transfer of military power into their hands is being accomplished in the name of disarmament.

One-world propagandists and their dupes belabor the expression "general and total disarmament" as a label for their publicly announced goal of "international peace and security." This is, however, a false and misleading label; for the fact is that what is actually proposed by them is a central political authority backed by overwhelming armed force. It is painfully clear that such an international "peace" force — now imminent — is intended not to insure peace, but to insure the involvement of Americans and their soldier-sons in interminable "no-win" military adventures — a series of Koreas and Vietnams which will create a climate of conflict to justify a war-based economy.

"Perpetual War for Perpetual Peace," an unscrupulous policy of unending military entanglements, was revealed with stunning impact during the war in Korea, when it became known that the United Nations controlled the action on both sides of the thirty-eighth parallel. The agony in Korea was the first U.N. "no-win" war instigated to advance "Trade and Aid" objectives of the financial-industrial cartel. As a matter of historical record, it should be noted that the United States military establishment in South Korea is still designated, "The United Nations Command."

The same U. N. charade, a thinly camouflaged, stage-managed war, is perpetuated in Vietnam. The deception of U.S. presidential authority is carefully maintained, of course; but the real chain of command leads from the U.N. Security Council, headed by Dr. Leonid N. Kutakov (a Soviet Communist), through the Southeast Asia Collective Defense Treaty (SEATO is a U.N. Regional Arrangement with headquarters in Bangkok, Thailand), to Lt. Gen. Creighton W. Abrams whose predecessor, Gen. William C. Westmoreland is a member of the powerful Council on Foreign Relations cabal). U.N. — Vietnam interlocking subversion is, in fact, succinctly exposed in the Gulf of Tonkin Resolution, which states in part:

"Consonant with the . . . Charter of the United Nations and in accordance with its obligations under the Southeast Asia Collective Defense Treaty, the United States is, therefore, prepared, as the President determines, to take all necessary steps, including the use of armed force, to assist any member or protocol state. . ."; and
"This resolution shall expire when the President shall determine that the peace and security of the area is reasonably assured by international conditions created by action of the United Nations. . ."

As a second objective, these stage-managed wars serve to intimidate, to confuse, and to condition the populace, thus leading to public resignation and ultimate acceptance of one-world government as a "solution" to the world's political ills.

Lastly, a centrally controlled United Nations army will be employed to crush recalcitrant governments and counter-insurgent (i.e., anti-U.N.) people. For confirmation of the totalitarian concept embodied in the thrust for a United Nations "peace" force, we need but recall the U.S.-sponsored Carnegie Endowment plan, "Apartheid and United Nations Collective Measures," which envisages hurling American soldiers against the government of South Africa in a massive blitzkrieg to reduce that country to a submissive state within the U.N. world body.

Enforcing legislation which will activate a United Nations army is now before the United States Congress in the form of Senate Resolution No. 32 House Resolution No. 130 and other bills of similar nature. The authority to transfer the United States military establishment to United Nations as central control was carved into stone by the Congress in 1961, i.e., Public Law 87-297.

The lineage of Illuminism is today within reach of their ancient goal of world government via the lofty United Nations organization. The United Nations is, without question, the prime instrument for covertly imposing a one-world government upon the people.

"Entirely through self-constituted authority," said Congressman John T. Wood, "without a single particle of any grant of power from the American Constitution, there was formed within the body of the United Nations, self-granted powers to form a one-world government, with hundreds of subsidiary organizations, such as UNRAA, UNESCO, the International Labor Organization, International Child Welfare, the Human Rights Convention, the Genocide pact, and many others of a similar ilk. While the Charter of the United Nations was brought into being by a United States Senate, certainly it was never intended that these later powers should be spawned from the womb of the United Nations Charter . . ."

The promoters of the United Nations purposes declare that Article VI of the Constitution makes treaties, including the United Nations Treaty, the "Supreme Law of the Land."

The spiritual heirs of Professor Adam Weishaupt, with deliberate misconstruction of the intent of Article VI, intend to dismantle the Constitution of the United States and erect in its place the United Nations Charter as the "Supreme Law of the Land." Their objective is the revocation of the freedoms of person and property, and individual liberty guaranteed to the people by Constitutional compact. The techniques for accomplishing these purposes are those devised by Weishaupt in 1776, i.e., Infiltration, Subversion, and Rebellion.

The international cartel structure through which the collateral descendants of eighteenth-century Illuminists control the United States government and its people today is represented by the subversive Council on Foreign Relations—so declared by the American Legion, Department of California. In its Resolution of July 1, 1962, the Legion stated, in part:

" . . . The Council on Foreign Relations has been exposed by extensive research and much testimony as being actively engaged in destroying the Constitution and sovereignty of the United States of America . . ."

" . . . The Council on Foreign Relations has managed to force many of its members into positions of power in both political parties . . ."

" . . . Hundreds of thousands of Americans have died for liberty, and this liberty is being swiftly destroyed by the members and programs of the Council on Foreign Relations, who, in the name of One-Worldism and United Nationism, are surrendering our country to the enemy, proposing that our country be disarmed unilaterally or bilaterally, that all individuals in the United States be disarmed to make enemy conquest easier, that our Armed Forces be turned over to the Communist-controlled United Nations."

As in the days of the Jacobine Society, control of government for subversive purposes is achieved by securing covert control

of the nation's money. The power of the purse was transferred from the Congress to the hands of internationalists by passage of the Federal Reserve Act of Dec. 23, 1913. Since that date, the members of the Council on Foreign Relations, whose Regents are holders of the Class "A" stock of the Federal Reserve System, have dictated the course of the American destiny and the future of her people.

This brief and necessarily incomplete study — its thesis supported by authoritative documentation available to any researcher — should bring the reader to three obvious conclusions, namely:

- a. That civilizations are established by talented, robust blood lines.
- b. That advanced social structures of the recent past have been toppled by powerful men of unbalanced and dangerous brilliance who secretly sponsored nihilistic doctrine.
- c. That similar parasitic mattoids of the present intend to overthrow the American social order by employing more refined and sophisticated techniques of Infiltration, Subversion, and Rebellion.

Also examined in outline are the ancient roots of revolution and the men and the system which in our era may smash the American civilization — a social discipline brilliantly founded on Constitutional guarantees of freedom of person, and property, and of individual liberty.

And, finally, the legislative road which Americans may wish to follow toward recovery of national reason, toward redemption of individual purpose, and toward restoration of personal security under Constitutional law is trail-marked for all who wish to see and explore.

The practical deduction to be made from this research study, "The Anatomy of a Revolution," is that an informed and indignant citizenry can still excise the malignancy of international cartelism; can excrete cabalistic, interlocking subversion; and can thus restore the American society to health and vigor — providing, of course, that the genetic will to survive has not been bred out of our people during the past four-hundred years of nation-building on the North American continent.

The answer to the latter question will be revealed in the months immediately ahead.

The Communists Are Winning The Battle for Our Youth

By CONGRESSMAN JAMES B. UTT

One of the basic activities of the Communists is their promotion of complete sex education in almost all school grades. As usual, noble and desirable goals are advanced which, I am sorry to say, have even drawn the National Child Welfare Division of the American Legion into support. The NCWD booklet, entitled "Family Life Education," has as its first paragraph, "There is growing everywhere a sober recognition of the necessity of improving the quality of family life in America."

No one can fault that statement. But they cite the parents who "are unprepared or unable to fulfill" the function of teaching their children, as an introduction to the need to assistance in the schools in "Family Life Education," to "develop sound values and attitudes about sex, marriage, parenthood and family life."

Nowhere in the booklet is mentioned the Sex Information and Education Council of

sexual activity, no matter how obscene or disgusting.

Throughout history, nations which deteriorated morally have experienced a simultaneous decline in economic and military strength. It is morality which elevates morale, which depends so much upon pride. Lacking moral discipline, one cannot have true pride in his accomplishments, nor can he have the altruistic motivations which combine with natural selfish incentives to render constructive progress possible.

Anyone doubting the demoralizing effect of the degradation of ethical values need

AMERICAN LAY SOCIETY: A VICTIM OF "DIRTY POOL"

By CARL F. LYONS

Never before in the history of Christendom has the question, "WHAT THINK YE OF CHRIST?" been such a burning all-important question, the very core of the matter, as it were, as mankind faces the absolute necessity of making one of two final choices: to accept Christ and implement His program which calls for the establishment of the Kingdom of God on earth, or face utter chaos, as we now approach the climax of the communist drive. The widespread rise of pornography and wanton sex proves that much of the world is not ready to make the former choice.

Just as there are books dishonoring Christ by the contemporary writers who play the field, so there are agents and schemes to harvest wealth in the promotion of sex deviation through the sale of artificial sex organs. The taxpayer subsidizes, by extra low postal rates, the bulk rate cost for

the United States (SIECUS — pronounced "seek-us"). Yet throughout the country where sex education is being taught in our schools, the same terms, "Family Life Education," "sound values and attitudes about sex," etc., are used; and SIECUS is the principal organization which is promoting it and has, in a whirlwind campaign of a few years, spread its tentacles into just about every state of the union.

In spite of denials of SIECUS influence, by teachers and school boards, SIECUS-endorsed films and materials are used. And one important element, missing in almost every case, is the teaching of, or relation to, morality. Mrs. Mary Calderone, SIECUS Executive Director, in one publication states that "Sex education must be thought of as being education — not moral indoctrination." And SIECUS' Dr. Esther Schultz, in listing qualifications for good teachers for sex education, says, "He must NOT be a moralist."

Obviously, SIECUS is not interested in morality, since its Treasurer, Isadore Rubin, an identified Communist, is editor of the pornographic magazine "SEXOLOGY." SIECUS founder, Dr. Lester Kirkendall, and other officials also are connected with "SEXOLOGY." Kirkendall and Rubin both maintain that patriotic unity is most undesirable and that it is immoral, but they see nothing immoral whatever in any type of

SEX IS SACRED

By REV. JEROME POKORNY

Sex is Sacred!

It is the source of life, and life is sacred. Life is man's most precious possession. Why then should not the fountain of life be most highly esteemed and revered?

Sex channels life from the hands of God to the infant in the crib.

Sex channels life from the hands of God in heaven back into the Heart of God in heaven!

Sex channeled life from the hands of God to YOU.

No one has ever entered life except through sex. Not even Christ.

God's angel announced that Christ was the fruit of a womb.

By His birth Christ sanctified sex.

Christ said: "Blessed are the clean." In other words: "Sacred is sex."

For the married, Christ wrapped sex in the "wedding garment" of a Sacrament.

mass distribution of advertising literature from DISTRIBUTING SOURCES, which are challenged neither by postal authorities, nor by Congress, nor by the guardians of morals of the "pulpit-set." This literature includes a wide range of colorful pictures of male and female sex organs, artificial but sensitive to emotional sex addicts.

The above advertisements-by-subsidized-mail depict items that come in sizes small, medium and large, and range in price from \$19.95 to \$24.95; or all three for \$55.00. Suggestive tempting expressions include: French Extension, Males Extension, Double Stimular, the Improvement, the Extensifier (with a note to add \$1.00 for "rush shipment"). Special attention is focused on: "Vi-Brant, the plus vibro-massager (for girls) which makes every other cordless massager obsolete." As if this were not enough, books are offered on Oral Love, Lesbianism, Husband and Wife Swapping, Small Town Sex Today, The Swinging Set, The Young Temptress, Newest Sex Cult, The Naked Truth, Adultery Unlimited, Hollywood's Sexual Underground, Sex Can Be An Art, Sex Clubs Underground, Auto-Erotic Acts and Devices, Mutual Culmination, Women of the World, The Best Modern Sex, Lessons in Technique, Illustrated Sex Atlas . . . and a library of "hand

only consider that the Scandinavian countries have had compulsory sex education for two decades. A third of the brides in Denmark are pregnant at marriage. Early teenage girls are getting married, their number increasing by several hundred per cent in the last decade. Twenty-five per cent of pregnancies end in abortion, only one in five of which is legally performed. Venereal diseases have reached catastrophic proportions, and it is not uncommon for young, infected youths to boast of having had relations with a large number of girls, sometimes in the hundreds.

Doctors in these countries have taken note of the fact that the sexual freedom, which SIECUS officials claim "produces healthy, happy, young people," has caused just the opposite, and they are now urging a return to moral and religious leadership and instruction in what is right and what is wrong.

Without religion, it is difficult to understand the basis of morality except from the standpoint of fear of social ostracism, or legal punishment. Atheists claim to have moral standards, so there is no reason for them to object to moral teaching, in public

schools, which describes what is ethically, and morally right as compared with what is wrong. But SIECUS promoters, in their zeal to remove all moral restraint in regard to sex, actually preach against religion as well as against morality.

Too many parents are apathetic in the matter. It is an easy out for them from the feared embarrassment of teaching the facts of life to their children. The scales weigh heavily in favor of such home teaching, when parents balance the effort against the heartbreak that results when the immoral or amoral sex teaching in the school causes their children to become diseased, suicidally depressed, or criminal sex fiends. SIECUS is spending millions to "animalize" our youth, something our society should reject.

Leaders of the world-wide Communist conspiracy are too well aware of the great impetus given to their plans by the destruction of moral standards, and they have taken full advantage of it with amazing, though unfortunate, success in our country. With a dedicated patience, which would be most salutary if matched by constructive forces, they long ago infiltrated the seminaries of the leading religious faiths and there are now Communists in clerical garb at all levels of religion.

In almost every demonstration, protesting the moral norms, which for centuries have been based on the Golden Rule and the Ten Commandments, we see real and pseudo

clergymen in lead positions. Whether it be in support of Free Love, acceptance of homosexuality, or the denial of God as the living Supreme Being, there are clergymen among the most vocal of the leadership, protesting in the name of some "virtuous" cause.

Pornography has been all but completely legalized and has pervaded every medium of communication. Combining it, as SIECUS does, with sex teaching cannot help but be degrading. Appealing to prurient interests is profitable, and pornography publishers are cashing in. What better (from their viewpoint) "public relations" expenditures can they make than those which destroy moral values through the schools?

Communists have also used hypnotic, rhythmic music to assist in gaining accep-

SIECUS BOARD MEMBERS SPEAK

WILLIAM H. MASTERS, Ph. D., director of the REPRODUCTIVE BIOLOGY RESEARCH FOUNDATION, St. Louis, Mo., SIECUS board member, infamous for his best seller "HUMAN SEXUAL RESPONSE," co-authored by Virginia E. Johnson. The book actually discusses an investigation of the sexual responses of 382 females and 312 males while in the acts of intercourse and auto manipulation. The authors employed an artificial phallus to record the vaginal responses. Unmarried subjects were unabashedly employed to operate cameras in the study of intercourse. MARY C. CALDERONE, M.D., was formerly a director of the PLANNED PARENTHOOD ASSOCI-

ATION and currently a contributor to the NEA Journal, joined SIECUS in 1964 and is its present executive director. Mrs. Calderone has kind words for homosexuality: "ALMOST everybody has some attraction to people of the same sex... I cannot condemn it." DAVID R. MACE, Ph. D., professor of Family Sociology, Bowman Gray School of Medicine, Winston-Salem, N.C. past president of SIECUS, provides taped discussions that go "into depth in considering premarital sexual behavior; the earlier one takes up masturbation, contraception, abortion and other issues as well as premarital."

tance of their evil programs. As Dr. Leon Freedom says, "The methods devised by the Free World to combat illness are used by the communists to create it." A great many elementary schools use music records produced by the Young Peoples' Records, Inc., an organization cited as subversive by the House Committee on Un-American Activities, (now the Committee on Internal Security). Also found in these schools are Pram Records, and those of the Children's Record Guild, both subsidiaries of Young Peoples' Records, and equally subversive.

Their records have been extensively analyzed by noted medical experts and by leaders in the field of hypnosis, and their unanimous opinion is that the hypnotic induction produced by them can easily place young children in a most receptive mood for suggestions of various sorts.

The Beatles, and their mimicking rock-and-rollers, use the Pavlovian techniques to produce artificial neuroses in our young people. Extensive experiments in hypnotism and rhythm have shown how rock-and-roll music leads to a destruction of the normal

GEMS FROM THE SEXPERTS

We submit the following direct quotations from statements made by various sex-educators (perverters) afflicting the current educational scene. You be the judge whether they reflect a laudable intent to impart necessary information properly, or but part of a much larger and more intensive effort to encourage and promote immorality, vice and crime of every sort, and the actual murder of USA as a nation.

What is happening in America is, according to Professor Reiss, "not a sexual revolution but the evolution of a system that has replaced the prostitute with the girl next door."

"SIECUS can be neither for nor against illegitimacy, homosexuality, premarital sex, nor any other manifestation of human sexual phenomena." From a SIECUS informational brochure.

"Not long ago they'd have hung me from the nearest telephone pole for what I'm doing." Superintendent Paul W. Cook, of Anaheim, Calif., Union High School District, which maintains one of the country's most publicized sex education programs.

Dr. Mary Calderone of SIECUS stated in "Sex Education and the Schools," Harper and Row, pg. 34: "I did use the word 'f...' once on a public platform of a high school and the skies did not fall in." Also: "I have actually heard the word 'f...' used in a good clean way."

"We are for the first time in history at a point where a man can separate his sex life from his reproductive life." Mrs. Mary Calderone.

Dr. Albert Ellis, Ph. D., president of the Humanist Society of America, lauded by Isadore Rubin as "One of America's leading sexologists," whose books **THE CASE FOR PROMISCUITY, SEX WITHOUT GUILT, IF THIS BE SEXUAL HERESY,** and **THE CASE AGAINST RELIGION** are highly recommended by SIECUS. He rejects and scoffs at all sexual taboos observed by every civilized and Christian people. Ellis once stated: "If I were stuck on a desert island with my sister, I would almost certainly copulate with her and let the chips fall where they may."

Esther Schultz, of SIECUS, when listing in REDBOOK the qualifications for "education teachers," emphatically noted: "He must not be a moralist."

"Don't tell parents... just sneak it in." Dr. Lester Kirkendall, Sexologist.

AMERICAN LAY SOCIETY

books" on masturbation and illicit orgies. 1969 U.S.A. is a second Sodom and Gomorrah. Have we come to the point in human history when we are again so vividly reminded of Genesis 6:6: "IT REPENTED GOD THAT HE MADE MAN." Are customs and patterns on the American scene so contaminated that the masses are treated like dogs, or women like animals lower than dogs? Undoubtedly we have reached that state, as we take a page from past Russian history and make it American-Soviet Russia where human animals destroyed all earthly hope against the onslaught of cannibalistic orgies. Training a child in the way that he should grow, which is God's commandment (Proverbs 22:6), has now been defiled, expanded and extended to include SEX EDUCATION IN ALL PUBLIC SCHOOL SYSTEMS, INCLUDING THE KINDERGARTEN. Senator Philip A. Hart of Michigan at one time actually suggested public school education should include three to five year olds.

The Design Is Clear

There is one theme advanced in most known religious writings upon which the contemporary world subverters are capitalizing: "THE WORLD WAS CREATED OUT OF CHAOS." The conjuring minds of the Talmudic fanatics propose the reduction of any and all existing order to utter chaos as a necessary prelude to the introduction of a New World Order (NOVUS ORDO SECLORUM) — see your dollar bill — in conjunction with the gravitational effects simulated by world Zionists, whose ancestors promoted and inculcated an ascetic practice, totally incompatible with rhyme, reason or fact. The proponents that the "JEWS ARE GOD'S CHOSEN PEOPLE", who would keep faith with history, must give careful consideration to the claim of the ancient Akkadians, one of the Sumerian peoples, who lived long before the time of Christ, that they were the "Noble Ones." Those of the Aryan civilization have proposed themselves as the "exalted ones." The Akkadians and the Aryans certainly have a stronger case than the so-called "JEWS." We are aware of the specious reasoning and crafty scheming of the Jews, in propagandizing themselves as the "Chosen Ones" and in this course of study the Christian world is considered the "Elected Ones."

It is not our purpose here to argue doctrine, but simply and specifically to disclose that the so-called articles of faith promulgated today have no basis in truth. The Author of our Christian Faith settled the matter once and for all when He said emphatically to the Pharisees: "YE ARE OF YOUR FATHER THE DEVIL AND THE LUSTS OF YOUR FATHER YE WILL DO." JOHN 8:44.

The Baruch Plan

Anyone familiar with the PROTOCOLS, the Basle, Switzerland, program and the Zionist representatives of the present generation, does not have to look far to see the guiding hand and spot the diabolical schemes that figured prominently in the downfall of this nation. One example is the BARUCH PLAN (Barney Baruch) which calls for compulsory controls over voluntary controls, and includes conscription of labor along with a food ration system. Under the coming system of nationalized business and industry, all male and female subjects in the age brackets of 17 to 70 will be merely a part of conscript labor. Furthermore, under the current transition design, as the Baruch Plan becomes more and more a reality, community nursery schools become the "pool" for infants to be trained as "Wards of the State." The final thrust in the "generation gap" becomes the hard-core of militant dissidents who defy all parental authority. It was a fact in the Soviet Union, a reality (today) in Red China, and is headed for certainty in America.

Examples abound in numerous college periodicals that reflect the magical enthusiasm in the current teen-age generation for the abrogation of all moral standards and the complete eradication of the last vestige

National Education Ass'n.—Marxist-Oriented Powerhouse Behind SIECUS — Recommends Communist Books to Subvert Your Children

HERBERT APTHEKER, notorious Communist, directs the American Institute for Marxist studies in New York City. His "DOCUMENTARY HISTORY OF THE NEGRO PEOPLE IN THE U.S." and "THE AMERICAN NEGRO SLAVE REVOLTS" are recommended by NEA. HOWARD FAST, once editor of NEW MASSES (Communist weekly) wrote for Communist PEOPLE'S DAILY WORLD; was a member of notorious Hollywood Ten, served jail term in 1947 for contempt of Congress . . . NEA recommends his book "FREEDOM ROAD," also highly recommended by the Communist Party.

VICTOR PERLO, the Congressional Record, April 20, 1960, carries a statement by Congressman Donald I. Jackson from which we quote: "According to a 1946 document of a U.S. Intelligence Agency, Perlo had served as the head of the second most important espionage group in the U.S. Government . . ." Perlo's group was second only to Nathan Gregory Silvermaster. Perlo was a member of the Communist WARE cell, invoked the 5th Amendment on present and past party membership. NEA recommends Perlo's book NEGRO IN SOUTHERN AGRICULTURE.

of authority. PHIL SEMAS of the COLLEGE PRESS SERVICE writes in the 3/14/69 issue of DAKOTA STUDENT of North Dakota U., concerning the "DESIRE FOR POWER BEHIND UNREST." "If the students are ever going to be able to turn from tearing down the present educational system to building a new one — as everyone keeps telling them to do — they are going to have to have real power. Universities are going to have to change the way they are governed." NOTE: This item originated from the College Press Service, NOT FROM THE INDEPENDENT VIEWS OF ANYONE WITH AN IDENTITY TO ANY UNIVERSITY!

Propaganda issued by the mass media is slanted by bigotry and biased opinion, and intolerantly devoted to their mentor image. What is offered for public consumption too often bears no relationship to fact. As for the S.D.S., this so-called student organization was created for, and executes its function solely through its SELF-assigned role in campus affairs—especially the notorious Jerry Rubin, whose associates stimulate provocation in the college arenas. The trend is chain reaction, notably in the review of many campus activities and publications. Immature journalists vent their views out of the spirit of the trend, a daring challenge, evidenced by the fact that in the month of March, 1969, objectionable three and four letter words dominated this trend, both in the spoken and written word. This was editorialized and vigorously opposed by the sober editors of the daily press. In the March 27, 1969 edition of the DAILY REVEILLE, published by Louisiana State University, Baton Rouge, Louisiana, a student member discussing involvement, stated: "... we are the renaissance of a new age ... we are the hope of tomorrow." In the same column we read: "Campbell, a senior in political science and international law, expressed conviction that most student activists would 'subvert the existing system for change in a democratic way.'"

The Press and the Jewish Influence

This situation is not a local crisis; the revolt is world-wide. The tenor of our times is the sin of omission for which we must hold ourselves in contempt by all philosophical standards. Evil triumphed while "good" men did nothing. Here at COMMON SENSE (Continued on Page 4, Column 3)

"In countries known as progressive and enlightened we have created a senseless, filthy, abominable literature. For some time after our entrance to power we shall continue to encourage its existence." — Theodor Herzl, at a secret conference of the Zionist Congress at Basle, Switzerland, in 1897.

PROFESSIONALS AND AUTHORITIES SPEAK

Lest the sex-education sin-promoters and soul-destroyers think they have the field to themselves, let them know that professionals and authorities the country over are speaking out:

"Premature interest is unnatural and will arrest or distort the development of the personality. Sex education should not be foisted on the children; should not begin in the grade schools. Anyone who would deliberately arouse the child's curiosity or stimulate his unready mind to troubled sexual preoccupations ought to have a millstone tied around his neck and be cast into the sea." William McGrath, Psychiatrist, Phoenix, Arizona.

"The SIECUS Education Course is manifestly inimical to public welfare—for its real purpose is to separate and alienate youth from respect for parents and their authority. Sex instruction for pupils as early as the third grade is definitely seductive of the innocent and cannot be tolerated." Sworn statement made before the Board of Education of Santa Monica, California by Mrs. Marion A. Angle, registered nurse, who served on the Abstracting Committee of the Division of Instruction, California State Department of Education.

"The key question is why anyone should expect the schools to be good moralizers. Whose morals are they presenting? . . . The Principal's? The Science Teacher's? Those of the football coach? The Parents? And if the parents, which parent? If a church, which church? It may be that schools are equipped by their nature only to give factual information . . . and should try to limit themselves to this . . . a hard task itself." Editorial, McCall's Magazine, (January, 1968).

"An increasing flood of revolting crude and pornographic material, mislabeled as 'education' by some school hierarchies, continues to trigger childhood tragedies: unwed pregnancies, illegitimate births, incestuous brother-sister attacks, abortions and venereal diseases, welling from the bog by the too young knowing too much too soon." Jo Hindman, in a column on "School House Pornography" Yakima, Washington EAGLE.

"It is the duty of parents to make every effort to prevent the invasion of their rights in this matter, and to make absolutely sure that the education of their children remains under their own control (Continued on Page 4, Column 2)

THE INFORMED PARENT CAN AND MUST DESTROY SIECUS SEX IS SACRED - LET'S KEEP IT THAT WAY

Many parents are deeply concerned about **SEX EDUCATION** in schools, especially in kindergarten. Many are horrified after reading some of the literature the schools are using to teach sex to innocent children.

YOU can stop this program, if you will read and heed these suggestions: A united parenthood can destroy the plot of the perverters who seek to take control of the bodies and minds of the children you have brought into the world.

FIRST: Organize. There is strength in numbers. In the Minneapolis-St. Paul area recently, two hundred and fifty parents representing twelve school districts organized to prevent sex education in public schools. In California, several groups have been formed for this same project. Start at the local level and work up. Begin with parents from your local school; provide them with material which is being given pupils; start a door-to-door canvas throughout your entire county. Call educators; write them if you cannot talk with them. **BOYCOTT** all school bonds — hold up all school funds — until SIECUS is removed from the school and public authority over children is returned to their parents. You will be amazed what unrelenting perseverance can do. Calif., Oklahoma and Montana are among the states which have banned sex education.

SECOND: The redoubtable John R. Rarick (D. La.) has introduced a bill in the House that calls for the establishment of a ten-man committee to conduct "a full and complete investigation into the operations and tax-exempt status of SIECUS." Write and encourage Congressman Rarick. Pressure your own representative relentlessly until this bill is released from committee and acted upon favorably. **ASK YOUR CONGRESSMAN TO DRAFT A BILL TO OUTLAW SIECUS IN UNITED STATES SCHOOLS.** Write your State Assemblyman to outlaw Sex Education and/or SIECUS in your state.

THIRD: Demand that the notorious National Education Association, one of the Marxist-oriented powerhouses masterminding this sex degradation scheme, be abolished at once.

FOURTH: Talk to your pastor or priest and ask his cooperation in helping to remove SIECUS from schools. Do not think children in parochial schools will escape SIECUS — many churches have already succumbed — the plan is universal. If your pastor or priest refuses to cooperate, manifesting his approval of SIECUS, refuse to give him **ONE CENT** to carry on Satan's work.

FIFTH: Be sure to emphasize to every group and individual to whom you speak that **SEX EDUCATION in schools violates the Second Amendment of the United States Constitution.** Tell them to write their Congressman and demand that Congress act at once to stop this violation.

While you are at it, deal a mortal blow to sex filth, **ALL** sex filth. No one would tolerate or persist in partial bodily cleanliness. No parent worthy of the name will tolerate a child that is half-clean. How about their minds? Strike a mortal blow at all sex filth! Determine to clean up or starve out your local newsstands, movie theatre, radio and TV. As you pressure business firms who have jumped at the opportunity to produce sex education material that could only subvert your children, so you must boycott and put out of business the fiends that control all the mass media. Boycott is the one weapon that cannot fail to bring them to their knees.

If every parent in the United States of America refused to send their children to school until SIECUS is removed from the school curriculum, the powers-that-be would be obliged to take cognizance of this matter and accede to your demands. **IS NOT THE LIFE OF YOUR CHILDREN WORTH THIS EFFORT?**

Those interested in supplemental data should write the following organizations and publications who have done extensive research on this subject. When writing, don't forget that literature costs money and postage rates are exorbitant.

We Oppose SIECUS Because

It invades the privacy of the home and diminishes parental authority.

It teaches a secular religion — not the traditional moral standards. Group opinion determines the "right" way.

It uses our children in an unscientific and dangerous experiment and cannot assure that our children will not be harmed by sexual indoctrination and amateur psychiatric treatment.

SIECUS is an organization of professional "sexologists." It does not contain a single child analyst.

Members and contributors are involved in or affiliated with un-American activities investigations, a vulgar magazine SEX-LOGY, one-world political organizations, humanist organizations, sensitivity training laboratories, and SEX and DRUG FORUMS.

Quite often we discover in our reviews that a subject for Congressional legislation is kicked around in Jewish publications for six months or more before being submitted to the Congressional committee.

And Now — SIECUS

Now comes the IDEA from an independent agency, SIECUS (SEX INFORMATION AND EDUCATIONAL COUNCIL OF THE U.S.) with endorsement by NATIONAL EDUCATIONAL ASSN., AMERICAN MEDICAL ASSN., NATIONAL and WORLD COUNCIL OF CHURCHES and others. SIECUS is another self-acclaimed organization, originating by assumed power. Sex taught in public education envisages a million dollar harvest in the hands of a few overlords who treat humanity as they would human cattle. Here, the emblem of the Hammer and Sickle is the burial shroud of innocent youth. The "hammer" of Geb the Earth God beating the earth into submission, while the "sickle" reaches out for the harvest; this is the signet of rabbinical Judaism, and it is the symbol of Communism!

DILEMMA OF MODERN YOUTH

WE ARE LIKE THE ROMAN EMPIRE BEFORE IT FELL - GAY, LEWD, ROTTING FROM WITHIN

The following open letter was addressed to the high school teachers of the author's alma mater explaining to them why he is involved in nationalist activities. Only names have been changed.

Dear Friends:

It was while I was at B-PC High School that I first learned to THINK. This was a profound change in my life, a change which, indeed, most people never experience. A change which has brought me much grief, the misunderstanding of my friends, a notoriety which I never sought or wanted, occasionally the loss of job, even bad grades (in college!), and immeasurable edification of character.

Today in retrospect I can see much more clearly than I could then, just how I received my education. Most of it, that is the most significant aspects, occurred there at good old B-PC. But I received my education quite accidentally, or at least, haphazardly.

Today I realize what thought is. Thought is introspective self-examination, self-doubt—self DEBATE. Thought is questioning and cross-examining oneself. Thought is inner turmoil, sleepless nights, spirit versus flesh. Thought, ergo, is discipline, a virtue no longer extolled by weak America. Thought is the strength to doubt, and then to correct one's self when wrong. Thought is often the only reward of the thinker. Thought stimulates controversy, and incites persecutions, social unpopularity, and CREATIVE revolution (a rare animal). Thought is not synonymous with study; study does not educate unless it accompanies thought. Pedagogues often fail in this regard. That notorious thinker, Wilhelm Frederick Nietzsche, once said, "Let us at least talk about it, you the wisest of men, even if it seems bad. Silence is worse. All truths suppressed become poisonous." You and I live in an age where truth IS suppressed and heresy is federally subsidized!

Those who remember me well probably recall that I first began to think, to question what I was being told (as opposed to just memorizing it, as were my classmates), when I accidentally picked up in the teachers' library a copy of Hudson Strode's definitive biography of that great Jeffersonian Constitutionalist and American patriot, the Honorable Jefferson Davis—a man whom my history text had casually dismissed as a sickly and weak leader of an allegedly treasonous secession by the Southern States in the War for Southern Independence. In this book I discovered an entirely different presentation of Davis and his Cause. In excerpts from Davis' Senate speeches and personal writings I learned an eloquent lesson in the federal theory of government—which I had not been taught in class!

When I tried to present this alternate interpretation of our Nation's history, I learned to know the painful side of thinking for myself. I became controversial. I was not prepared for this, nor did I care to become a crusader. I merely could not stand silent in the face of error. I was terrified, to tell the truth. But something about me will

not be intimidated by terrorism. I was told by my teachers that I was being belligerent and stubborn; that I was just feeling sorry for the underdog. They were wrong, but I am glad they told me that, for I learned to introspect, to examine my own motives, prejudices, and subjectivity. Had I NOT learned to do that, I might have become embittered by the struggle and filled with hate.

Other friends told me that I was fighting a Lost Cause, supporting Jefferson Davis. There was truth in that; I could see their point. Why pursue this direction in thought, I asked myself. The answer to my question was clear: we can learn from history. I then became interested in contemporary history in the light of the lessons of the past. I could see that the same two philosophies which had ruptured our Nation so long ago (centralized versus federal government) were still at war, here and abroad. The issue at stake was STILL whether civilized men could and should rule themselves! I awakened to the imminent danger of Internationalism and Communism.

"We have been the recipients of the choicest bounties of heaven; we have grown in numbers, wealth and power as no other nation has ever grown. But we have forgotten God. We have forgotten the gracious hand which preserved us in peace and multiplied and enriched and strengthened us, and we have vainly imagined, in the deceitfulness of our hearts, that all these blessings were produced by some superior wisdom and virtue of our own. Intoxicated with unbroken success, we have become too self-sufficient to feel the necessity of redeeming and preserving grace, too proud to pray to the God that made us."

—ABRAHAM LINCOLN.

I tested my ideas in the great debating society which is the thinking world, discarded those ideas which proved utopian and fallacious, and strengthened into convictions those which were proven to be true. In speech class I always had the best speech, not because perhaps I was smartest, but because mine had been the product of the most thought. I never lost a debate, because unlike my opponents, I debated myself before I debated them, and I never defended a resolution which I myself had refuted. Thus, more and more, I became controversial and not universally popular. Instead, I won undying friends and sometimes relentless enemies.

My teachers were often exasperated at me, and I cannot blame them. They all told me that I could get better grades. I knew I could, or else I would have tried harder. I never did learn to study my lessons well, and that was also a handicap. But mostly I did not study at all, except before tests. Still I managed to get good enough grades. Class was oriented toward the unthinking student; I was bored. I got by in my studies only enough to stay respectable and still have time to learn on my own. It was unfortunate that I regarded my study of history as an extra-curricular activity, but that is what happened. I was disinterested in dull dates and figures. My interest was in history as the interplay of ideas and forces. (You can well imagine my elation when I discovered Spengler, Yockey, and Chamberlain!) I studied, but not my texts; I learned, but not those specific data which were on my exams.

Then MR. A. suspended the publication of the "Sparta Rebel." I thus learned the true nature of so-called "liberalism." I discovered that it is always the self-styled "liberal" who is intolerant of other ideas, except those to his ideological left. I learned that, conversely, it is usually the man whom the establishment liberals brand a hate-monger, a bigot, a fascist, who is really tolerant though strong in conviction, and losing though strong in righteous indignation. I learned that our present crop of "liberals" can tolerate literally anything which is evil and rotten, but cannot tolerate the intolerance of moral conviction! I learned that when one becomes satisfied with himself, he ceases to learn from others, and thus begins to die. I had something to teach Mr. A. in this case. It was not I who was setting up himself as being wise; it was not I who had the attitude of knowing it all. Nor was I like the "students" of today who demand the "right" to choose their own teachers, curricula, and grades, and who, if they are disciplined, kidnap the dean, burn down the college, and demand academic credit for their effort.

Mrs. B had told Mr. A that I was publishing a treasonous newspaper. Had I been, then Mr. A certainly should have censored me!!! But the two teachers who were my editorial advisors

(Continued on Page 2, Column 1)

Dilemma of Modern Youth

(Continued from Page 1, Column 3)

and the teachers who had subscribed, had not detected any treason; and I knew they read it, for they always corrected my grammar and typing errors! The opinions contained in the Rebel for the most part had been influenced by periodicals and books in B-PC's own library (which, I'll warrant, I had more thoroughly perused than had he!). To illustrate his pitiful ignorance and un-academic bigotry, let me quote him thus: He told me that to criticize our President was tantamount to disloyalty to our government, and that as a civil servant, he could not allow me to use school facilities to criticize our leaders! I could write a book about the fallacies involved in that unwise statement! Now that kind of teaching is what helped create the generation gap, where both oldsters and youngsters are wrong. That kind of insipid, false idealism, of stifling honest, patriotic dissent, while TOLERATING the really treasonous activities of revolutionaries and political hypocrites, is only fanning the fire of the student revolt against civilization!

Mrs. B went further than that . . . she told a sophomore English class that they had best steer clear of Mike Young, that she did not know for sure what I was, but that I was either a Communist, fascist, or a Birchite! Imagine that! I could have had her fired and sued, had vengeance been my motivation. As if there were some kind of similarity between these three dissimilar world-views! What effect did that have on young minds? What emotions did she arouse? Did she appeal to rational thought, or did she appeal to prejudice? Was that education or indoctrination? Who was the bigot and hate-monger? Mike Young, the terrible arch-conservative, or Mrs. B the self-styled "LIBERAL"! Well, since then I have encountered hundreds of hypocritical, slimy little liberals, and they are all just like her. Let us face the facts!

We as a Nation are encouraging, through our schools, our news media, and many of our pulpits, all the unhealthy revolutionists and anarchists, traitors, pornographers, and scum. Simultaneously we are persecuting, defaming, vilifying, and terrorizing that small, embattled remnant whose ideas ARE original, whose criticism IS constructive, whose racial pride and integrity IS healthy. We heap foul lies and smears on valiant men like Joseph McCarthy, Douglas MacArthur and James Forrestal; we call them unpatriotic, smear their very motives, call them sick; while at the same time we tell our young people to listen objectively to traitors, law-breakers, and perverts, like Abernathy, King, and Rustin. We cautiously take the middle position on every moral issue, but take the extreme defense of every pro-Communist who claims to be for the down-trodden, or every wavy-haired Senator who advocates sending blood to the Viet Cong! We discourage kids from doubting the "Reverend Doctahs!" the lovey "doves", and the rest of the snake-oil charlatans, but we defame such real American dissenters as Conde McGinley, Gen. Walker and Otto Otepka, by telling the kids that they are sick, bigots, etc., poisoning youthful minds against the real thinkers! We don't approve of our kids reading "rightwing propaganda," but we let them buy pornographic, subversive "teen" magazines, and go to "adults only" movies where every kind of left-wing doctrine is idealized and free-"love" is promoted, and pornographic scenes are splashed before impressionable minds and undisciplined bodies. We don't care, pretend not to know, what our kids are doing in a parked car on a dark road, but we raise holy hell when they go to hear an "anti-Communist fanatic" give a speech!

Then, when the kid drops out, joins SDS, and turns on with LSD, pot, and communal sex, we wring our hands and say, where did we go wrong! Indeed, where did we go right? Our nation is drowning in hypocrisy and the kids are finding out that the perverts, dope-addicts, traitors, and nihilists are, at least HONEST unto themselves. Who is offering the kids a nobler alterna-

tive? Who is giving them something better than hypocrisy to which to aspire? Not their materialistic, apostate, feckless parents and teachers! Not their Nation's corrupted leaders! So our kids rebel against the whole adult Establishment, as they see it. Of course, what they don't see, what they aren't allowed to see, is that all of their idols are PART of that same, rotten Establishment. Gene McCarthy, Bobby Groppl, the Beatles, the civil rights leaders, the underground press, the teen magazines, and even the fashions the kids wear to rebel in, are OWNED by the Establishment! Who is tellings the kids this? I'll bet none of you know the facts about it — you don't even care! You LIKE the Establishment, you are willing to overlook its corruption and raw power, as long as it doesn't gore your ox, or interfere with your materialistic euphoria.

Well, the kids of today are idealistic, even if they are prone to follow phoney prophets, themselves. Kids are desperately looking for something to believe in, someone to follow, something that is still good and honest and pure in this world you have given them. Don't blame them for being easily misled — what leadership have you given them? As far as they can see, there are only two (equally wrong) alternatives: the hypocrisy of your generation or the apparent honesty, albeit degenerate and immoral, of ours. There is a third solution which is correct, but who is telling them? Your solution is the morality of the middle — amorality. You give them empty platitudes about the virtue of moderation, of staying in the mainstream wherever it is. Kids won't buy that, and neither will I!

Educational subversion all started long before you let them take the Bible and prayer out of schools. Long before that, teachers stopped teaching Bible in class. They thought it was too extreme, too dogmatic, too "outworn". Simultaneously they stopped emphasizing the Christian nature of the philosophy which engendered our Declaration of Independence, Articles, Constitution, and Bill of Rights. That notorious extremist, Patrick Henry, warned us:

"There is an insidious campaign of false propaganda being waged today, to the effect that our country is not a Christian country but a religious one — that it was not founded on Christianity but on freedom of religion. It cannot be emphasized too strongly or too often that this great nation was founded not by religionists but by Christians—not on religions but on the gospel of Jesus Christ. For this very reason peoples of other faiths have been afforded asylum, prosperity, and freedom of worship here."

Get that? You cannot emphasize that too strongly or too often!

This same self-evident fact was later so formally declared by the once Constitutional Supreme Court of the United States!

" . . . these and many other matters which might be noticed, add a volume of unofficial declarations to the mass of organic utterances that this is a Christian nation."

—Unanimous Decision, February, 29, 1892; Holy Trinity Church versus United States

So don't be surprised when our generation is faced with a moral crisis — such as the outlawing of public prayer or the registration of citizens' firearms — and nobody raises a vehement protest, when nothing more than an impotent, futile whine is heard from the once vigilantly Constitutional race of pilgrims and pioneers who fought and sweated and bled, all for us. We are no longer educationally prepared to fight the subversion of Liberty! The human being is like a computer in this respect: Program him with false data, neglect to give him vital data, and you cannot get reliable solutions from him!

Just compare this shallow, superficial generation to the heroic generation which fought the American Revolution. Now there were men! These men cared not that patriotism was not good for business; they cared not that they would be smeared. Cheerfully and bravely they faced "dunge-

on, fire and sword," when the odds were heavy against them. Their contemporary moderates scorned them. What did our fathers rebel over? Academic treason? Cowardice, Black Power? — NO! They fought a bloody and unlikely revolution all over a silly little infringement of their liberty, a tiny tax. Surely today the Minutemen are turning in their graves to see the flagrant abuses which their sons endure daily from Big Government vastly more powerful and repressive than King George!

The difference between our Founding Fathers and us, is EDUCATION. Benjamin Franklin warned us — "Those who will sacrifice essential liberty for a little temporary safety, deserve neither liberty nor safety." Today we are neither free nor safe, because we have been educated to prefer safety! We have sacrificed freedom for an apostate materialism; now we are drowning beneath the weight of our own gold.

And how many of us can economically AFFORD to really think for ourselves? We can dare to teach lies and half-truths, so long as we are not so obnoxious about it to arouse the sleeping public. We can tell our students that the Founding Fathers were merely a bunch of feudal capitalists fighting for their money, we can teach phony "Black studies" where we exaggerate the negligible constructive participation of the African in our history, or we can tell them that a world government could keep the peace without endangering the self-determination of civilized peoples. But let one of us just hint the truth about a patriot, or the Communist-front citations of some "civil rights leader", and ZAP! you are fired and blacklisted! We are all so mortgaged and in hock that we cannot afford to be fired. What is the difference between THIS and the system in Russia, where if one exercises his "right" of going to church, he is blacklisted for life?

It is not so difficult to sacrifice what we own outright. Our Founding Fathers sacrificed all they had, but IT wasn't mortgaged! They might have been less prosperous than we, but they OWNED what they had! Private ownership, one of the principles of our system, is disappearing! WHO, then, owns America? We dare not even speak their identity above an inaudible whisper, except in terms of the most grovelling praise! We have virtually sold everything, including our souls, to the highest bidder.

Economic terror can neutralize patriotism when social pressure can't. Lenin (Ulyanov) said, "When the time comes to hang the capitalists, we will find them in the marketplace, bidding against each other for the contract to sell US the rope!"

This combination, public apathy plus terrorization of anyone who does see the danger, will suddenly end, if and when the Communists do start a race war as they are planning. A full-scale Vietnam-type war and/or severe devaluation or depression, can burst the bubble of materialistic euphoria, and SHOCK Americans into resurgent vigilance and patriotism. I believe that will happen, but it may happen too late. According to the Arms Control & Disarmament Act of 1961 (JFK), our entire defense establishment will be "integrated" into the UN "Peace" force, headed by Soviet General Nesterenko, by December 1971; the current Non-Proliferation Treaty, like its predecessor nuclear treaties, is merely a stage of that "integration" under that law. A final phase of that complete and unilateral disarmament, as proposed by the UN, will be to divide the USA into five regions, and then to send the last remnant of the US Army around door-to-door to pick up all privately owned firearms.

Can you think of a more effective way to completely disarm a nation, militarily and privately? Of course, there will be more restrictive federal and state firearms registration legislation enacted before then. Once they know where all the guns are, they will use the pretext of an assassination to pick up everyone's guns. Assassinations of course are also a powerful pretext to pass gun control laws.

Incredible? It sure is, that you could be (Continued on Page 3, Column 1)

Dilemma of Modern Youth

(Continued from Page 2, Column 3)

blind to all this! What proof do you need? Get a copy of that law, and of the treaties, and of the UN disarmament proposals, if you don't believe me. Nixon would stop it? What makes you think he is any smarter than the rest of us? And if he does know what is happening, then why is he not stopping it? General LeMay tried to tell us, but who listens to a "right-wing extremist"?

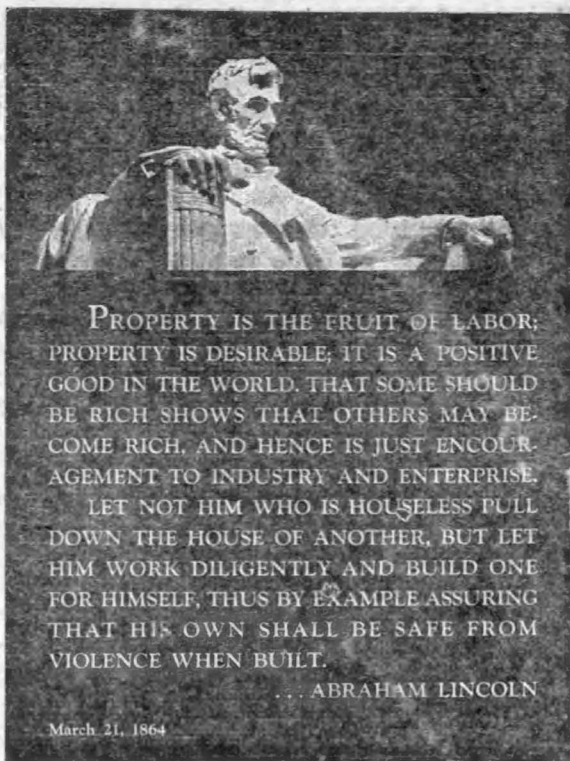

If we reach the state the anarchists, internationalists, and Communists want, we will have no armed forces under American control, no local police forces or sheriff departments, and no private firearms. Then, when the crisis, any crisis, strikes, we will have to surrender. Some of us will continue to fight as underground counterrevolutionaries, but if we pose a serious threat, Nesterenko can send in his Chinese and African "Peace" goons, just as he did in the Congo, to destroy the "fascist reactionaries."

You and I can do nothing to avert the crisis; we gave up our last chance to do that in November. Sooner or later you will reluctantly realize that. All we can do now, while there is still time, is prepare. Actually we are in a better position than were the Cubans before Castro took over with the help of our CIA. We are forewarned. In the first place, get firearms and plenty of ammo, then study and teach survival, resistance, and the writings of our Minutemen ancestors. Had the Russians, the Chinese, or the Cubans done these things, perhaps those nations would not have been raped by the beast. Those oppressed peoples today whisper in their dungeons, "If only I had known, if only I had been forewarned, there is nothing I would not have done, no sacrifice I would not have made, to avert this living hell!" They have only one hope left — AMERICA. If the torch of Liberty is extinguished here, the new dark ages will descend upon the globe, and perhaps the prophesied Apocalypse will come. As long as there is hope for America, there is yet hope for the Russian slave in Vorkuta concentration camp, the Chinese peasant slowly starving under Mao, and the Cuban *trabajero* under Castro.

But as things stand today, we are not educationally prepared to fight the coming "Brave New World" tyranny, nor the present systematic subversion of free, independent America into a slave soviet of a one world big government. We do not teach, and probably were never ourselves taught, those fundamental principles of Americanism which once were known by every schoolboy. Teachers have failed, and parents have failed, and it is their duty to pass the torch of Liberty from generation to generation. The Reds have said again and again that they can subvert everything that is American in one generation. You are watching it happen, you are helping. Your sins of omission and commission will be paid for by the blood of your students.

Not only do high school graduates of today know nothing of the American heritage of liberty, they do know all about everything that is immoral, unpatriotic, and filthy. If they missed any filth from the gutter of high school, they will pick it up right away in college. They know all about the acrobatic sex orgies, drug sessions, and anti-Christian sentiments of the Beatles, but they have never been taught the ideals and personal sacrifices of their Founding Fathers. We identify with our heroes; who are their heroes? They know nothing of Washington, Henry, Franklin, Hale, Randolph, both Jacksons, Lee, Teddy Roosevelt, Patton, MacArthur, Pershing, Walker, Lindbergh, Rickenbacker, Scott, Birch, Ford, et al. I bet that even you wonder why I list some of these!

Don't you get the picture by now? Everything that is genuinely anti-Communist is smeared as extremist and fascist by the pro-socialist Establishment news media. Can't you see that the whole Establishment line is slanted, twisted to the pro-Red, anti-anti-Communist viewpoint! Here is one example . . .

World War Two, that ignominious fratricide, is long over. To my generation it is ancient history. At any rate, as you told me about the War of the Secession, it is over and done with. But every month we see on TV a new "documentary" about the alleged crimes of the Germans. What is with this obsession of our Establishment against the Germans? Is it their anti-Communism? On the other hand, how many TV specials have you ever seen about the 20 million Christians murdered by Stalin and Khrushchev (our allies, remember, in WW 2)? — Or the 40 million Chinese murdered by Mao? Or the unspeakable tortures and brainwashing of the Koreans? Or the Tet and other atrocities of the Viet Cong, whose adherents are destroying our campuses! Some of our boys are still in Viet Cong and Korean horror camps. — No TV tears or violin music for them! Or Castro? Or the Black Panthers?

Don't you rather see a PATTERN developing there, in the news media? How much longer are we going to stick our heads in the sand? We are not blind! It IS happening here! Perhaps ten years ago it really wasn't apparent to those Americans who read only the monopolistic consensus publications, the opinion-moulders. Perhaps way back then such farsighted men as MacArthur, Taft, and McCarthy, seemed to you too alarmist, too radical, too crackpot. But today is different! If you still do not see the danger, you are like the mob in the story that could not see that the king was naked. They simply refused to see what was before their eyes! ! !

Today the Enemy has bared his fangs. There is no doubt as to his nature now if there ever was. Wishful thinking no longer is even safe. One no longer has to subscribe to the highly reliable intelligence digests, military newsletters, and the like, to see that our Nation is being destroyed exactly by the blueprint the Communists have set down. At the top by unilateral disarmament of military, police, and civilians, through the Communist-dominated UN; at the bottom by the unspeakable degeneracy and torpidity of the public; and, from within by highly disciplined, well-armed professional revolutionaries, aided and trained by Mao and Castro. If you cannot see these things for yourselves, today, then you are pitiful fools, who will soon painfully learn the extent of your folly!

We Christians believe that the TRUTH will make us free. But how much truth do we know, as a Nation? We are adrift on a perilous sea without chart or compass. And we only look bewildered when we are confronted by the daily spectacle of a shaggy-haired libertine of fifteen or sixteen, doped up on marijuana or airplane glue, who asks the profound but pitiful question, who am I? where am I going? People don't just GET that way! What have their parents, teachers, preachers, been doing!

Lenin — that unremembered human butcher — said it, "THE BEST REVOLUTIONARY IS A YOUTH DEVOID OF MORALS!" Take a bow — your generation has produced exactly that!

Things aren't this bad in B-PC and other rural schools, YET! Go visit the progressive schools. Visit Urbana, Chicago, St. Louis, Los Angeles schools, and you will shudder. This is where B-PC will be ten years from now, or sooner. Already Communism has crept in! It is in some of your textbooks, library books, and class lectures (even from "conservative" teachers). It is on TV at home, your favorite magazine, probably in your Sunday school lessons. Check it. Get out a copy of Marx's Communist Manifesto, and compare! Then get a modern-day Communist publication like the Worker, the People's World, or the World Marxist Review, and compare its line with that of the New York Times. Go ahead; I'll bet you see of what I'm speaking. You all know how to research; research the influence of Communist doctrines and propaganda in America (there's a Congressional study on the subject). Then compare: research the remaining influence of American doctrines in America. It's as plain as the nose on Arthur Goldberg's face!

The NY Times is about as Establishment and as powerful an opinion-moulder as you can get. It immodestly admits to being the innovator of trends, opinions, and State Department foreign policy. It is generally recognized as such. Look back through the Times through the years on its treatment of Communists and of anti-Communists. It supported Mao-Tse Tung in his rise to power. It called him an "agrarian reformer," the "George Washington and Robin Hood of China," and it said that only the irresponsible witch-hunters would be so cynical as to label such a noble one as a Red. It branded the anti-Communist Chiang Kai-shek as a "dirty fascist" and enemy of the people. You know what happened as a result of the influence of this erroneous opinion in America. We did not support Chiang in his attempt to keep China free. Forty million people were executed. Well, you say, everyone's entitled to a mistake. But what a costly one!

Then along came Senator Joseph McCarthy. He was an anti-Communist. He found some Communists and other security risks in our government and the military. Not surprising, since the Hiss-Chambers case. But the Times called Joe a witch-hunter, a slanderer, and worse. He was called a homosexual, and a Communist himself. Tons of the foulest of lies were heaped upon his innocent head. The big lie technique terrorized most of Congress into censuring him. Politically, socially, and financially destroyed, he died of a broken heart. He was unmourned, many actually stooped to celebrating his demise. He was an example to other anti-Communists in government: keep your mouth shut and play ball. Ike penned an executive order banning Congressional investigations of Communism in the Executive Branch, and there have been none since. Illegal? Yes, but who dares be another McCarthy? Otto Otepka did, and behold his fate! Today such known Communist-fronters as Abbie Fortas are in and out of appointive positions with amazing regularity.

Then entered Ben Bella in Algeria. Algeria was an integral part of France, with all the privileges and rights of any other department of France, just like Illinois has in the Union. The Times told us that France was denying Algeria its independence, and that the French who had lived with the Moslems for centuries in peace, were exploiting the poor Moslem peasants. De Gaulle was a no-good, Ben Bella was "George Washington" of "oppressed" Algeria, said the Times. So he had his revolution, killing hundreds of thousands of French Christians and Moslems of Algeria, supported by our CIA. Then when we found out that Ben Bella is an ardent Communist, the New York Times was properly "surprised".

Remember when the Times said Fidel Castro was just a great liberal? They also said that Castro was the "George Washington, Abe Lincoln of Cuba, the Robin Hood of the Caribbean"! Ed Sullivan put his arm around him on TV and called him "the George Washington of Cuba". Our leaders

And Rome Fell...

The following words were spoken by Captain Diodorus in a speech to the Roman Senate during the fall of the Roman Empire.

He rested his hands on the lecturn and looked at the Senators. He smiled, not pleasantly but with rage. "You, Romans, friends, countrymen, have heard me before. I shall speak today in the name of Rome for the last time. Then I shall be silent." He drew a deep breath and his breast filled with passion and strength. "I come not to honor Rome but to bury her."

A voice shouted, "Treason!"

Diodorus smiled again and bent his head. "It is always treason to speak the truth."

"In this very senate, not many years ago, a Senator was done to death because he spoke the truth. Not by knife or sword or spear was he murdered, and not by honest stones. No honorable hand struck him down, for there was no honest hand here. He spoke of Rome. He cried out that Rome was no longer a Republic, and that she had become a bloodthirsty empire, ruled not by men of wisdom and not by law, but by Caesar and his legions, and his generals and his rapacious freedmen and his palace politicians. The Senator stood on this very podium and he wept for the Republic. He wept that emperors were not elected by the people, but by infamous legions and the idle and the ravenous mobs who wished only to devour the fruits of the granaries and the treasuries and be amused by charlatans and mountebanks, and singers and gladiators and pugilists . . . at public expense."

The Senators fell into a hard but intent silence, but some of the older men bent their heads, remembering their shame, and were enraged against the tribune that recalled their shame to them. The soldiers paced slowly at the doorway and listened, and turned their faces toward Diodorus, and some were young and patriotic and their hearts beat faster.

"For greed, that young Senator cried to you, the mobs in this city supported evil Caesars, who lusted only for power, because those Caesars promised them loot from the public treasuries. Venal Senators supported those Caesars, for profit and power. The lying Caesars spoke to the mobs and told them that our country could not defend itself against the barbarians without allies, who must endlessly be bought, cajoled, and flattered. And traitorous Caesars plotted against their nation, mad with the lust to be gilded like gods by the whole world, and to be acclaimed by millions of thieves and beggars and wrestlers and freedmen and the pusillanimous who never felt a pulse of patriotism in their vultures' hearts."

"Those are not my words, though I have said them before to you. They are the words of the Senator you did to death in this very chamber."

"Rome was conceived in faith and justice, and in the worship of God, and in the name of the manhood of man. Return our country to the rule of law and strike down the rule by men. Restore the treasuries. Withdraw our legions from foreign lands which hate us, and will destroy us at a moment's notice when it serves their purpose. Repeal the taxes which crush those who work hard and industriously. Tell your multitudes that they must work or they shall starve. Drive from the Palatine the puny freedmen who say 'yes, yes' to Caesar, and bow before him as though he were a god and not human flesh! Cleanse this chamber of rascals and mountebanks and demagogues who declaim in rounded phrases that the welfare of the people is close to their hearts, but who really mean that they will do the will of the mob in exchange for vile plaudits and power and bribery!"

Diodorus lifted his hands in an attitude of importunity, and his fierce eyes filled with tears as he surveyed the motionless Senators.

"Romans! In the name of God, in the name of Cincinnatus, the father of his country, in the name of heroism and peace, of manliness and freedom and justice, I beg of you to restore yourselves as the guardians of Rome, to cast out the usurper of the powers which rightfully belong to you, to

As You Sow, So Shall You Reap

Has permissiveness — the doorway to licentiousness — sunk America into an unparalleled depth of degeneracy? Can the Russians now condemn us to the lowest depths and do so in truth?

A recent AP article datelined Moscow stated:

Soviet television viewers got probably their first look at nude movies and sex magazines tonight in an anti-American show apparently calculated to shock. Several minutes of film from New York were shown, including closeup from the "Che" and "Oh, Calcutta" theater productions, as a narrator told how "the American public loves this." The screen showed clear views of nude men and women fondling each other . . . The program went far beyond anything shown on television here in recent memory. Its apparent aim was to put America in a bad light by shocking puritanical Russians.

Oriental Hope

Some pagan and oriental peoples have determined to meet the world-wide youth and demoralization threat head-on even if the "Christian anti-Communist" U.S. will not. In a feature article in the Newark News for Aug. 3, 1969, entitled "Singapore Curbs Students," we read:

"The young elite of this republic are definitely not going the way of all flesh, nor the way of U.S. and European university students — not if the government can prevent it — and here it can."

The article goes on to quote Lee Kuan Yew, Prime Minister of Singapore, as he went after those who were bent on introducing Western university practices in his country. Said Mr. Lee:

"They want to imitate activities and attitudes of the New Left or SDS—Students for a Democratic Society. And in the interest of all, we cannot and will not allow this permissive, escapist, drug-taking self-indulgent, promiscuous society to infect our young."

The article further states:

" . . . Long hair and sideburns are definitely out, not only for university students but for all males. A great deal is made of NFX—National Fitness Exercise — with appropriate music for pushups. Men shall not only be well groomed if they wish to do business with any government agencies; they will be clean and neat."

We strongly recommend that church and non-church schools in this country get some advice and direction from Mr. Lee, and hire some orientals to direct discipline in what is left of their schools. Has the native Russian less to fear from his Marxism than we from ours? Let's stop talking about "Red Russia" as a scapegoat, when we have allowed a worse form of Marxism to enslave us in our own country.

Let's do something about ending moral decadence and Marxism right here.

Dilemma of Modern Youth

wined him and dined him. Everyone cooed and praised this great agrarian reformer. But patriots who called Castro by his right name were just witch-hunters, red-baiters, extremists, seeing a Commie under every bed! How could they slander such a sterling liberal?

Our CIA financed and armed Castro to overthrow the Batista regime. Batista was a Christian, and a friend of the USA, just as was Chiang. His was the best, most progressive, most democratic government Cuba had EVER had. Look at what we did! When Castro finally boasted of his life-long Communist activities, Americans were petrified and puzzled. How could this have happened? This was only ninety miles from home. The New York Times STILL continued its line: Herbert Matthews in his column claimed that Castro must have lied; surely he wasn't a Communist!

Today of course the Times is calling "witch-hunters" at those who expose the Communist records of such sterling Marxists as Rustin, Abernathy, Carmichael, and Brown. The Times is suggesting that the blacks in America constitute an oppressed nation with the right of revolution, and that if we whites want to avoid that, we must give the blacks whatever they demand!

Now, of course I wouldn't be so "irresponsible" as to say that the Times is promoting Communism! But when you go to the same bank teller everyday, and get short-changed, it hardly looks like a mistake. The Times has never made a mistake, in our favor! They have been consistently wrong about Communists AND anti-Communists.

But today our OWN crypto-Communists, supported by the CIA (witness the Penkovsky Papers, the NSA scandal, and the evidence that Oswald and Rubenstein were CIA agents) and the Establishment, are so well-armed and entrenched that it is TOO LATE now to avert their revolution by education. Only education about survival and resistance is relevant. I am sorry to say that I honestly doubt that any of you will do even that. You will only stick your heads into the sand and HOPE that the world will go away. "Am I therefore become your enemy, because I tell you the truth?" — Galatians 4:16.

When I first started to THINK, and to see the danger of Communism, I was frustrated by your skepticism and my inadequate store of information to convince you. But I did not blame you. Today is different. Today, anyone who can and will not see the truth for himself, will very soon I fear, violently learn his terrible folly.

I have long desired to tell you, to warn you, of the real and imminent nature of the terror which is upon us. If this letter can awaken just one person to the gathering storm, I will feel justified in writing it. God bless you all in any case. I wish that I were wrong!

Mass Media Talks Of Peace, Peace, As Zionists Light Fuse For WW III

MESSIANIC DREAM TIMETABLE IN LIGHT OF SCRIPTURE

By CARL F. LYONS

The weekly publication JEWISH PRESS, August 8, 1969, editorializes the following: "CONFRONTATION — Russia does not want to become embroiled in a confrontation because she knows America might step in. Russia could not move troops into the Middle East as easily as America, and expects little support from the Arabs. Russia realizes the real enemy in the Middle East is Red China. Red China has shipped a considerable number of weapons to the Arabs in the past few months and would not hesitate to unseat the Russians. The last thing Russia wanted was for the Red Chinese to know how their weapons system operates. This the Arabs are already revealing and Russia is beginning to bristle."

The history of the Jews is the history of war, actual or secondary, involvement or provocative agent. The Biblical Books of Kings and Chronicles exemplify the political action conquests of past historical dimensions, and sets forth the exclusiveness of the Zionist thrust for world-wide control in the twentieth century under the shadow of communism vs. fascism vs. democracy. Jewish commentary is generally woven around a specific issue in determined objectivity. The current back-stabbing is typical and always inevitable since the Jews alone have raised themselves above every nation on earth as "God's chosen people." We quote from the JEWISH PRESS (8/8/69): "... in the struggle for the existence of the Arabs and the humanity of man. Under the shadow of the successful united flag our courageous troops from all parts of the Arab Gulf and the banks of the Tigris, the Euphrates, the Barada (in Damascus), the Nile and the Jordan, to the slopes of the Al-Awras (in Algeria) and the peaks of the Atlas Mountains, are streaming to assemble in the front lines of the battlefield, in preparation for the final round in the historical war which has been going on from time immemorial against the enemies of mankind."

The strategy of the Jewish War Machine is linked with historicity of Jewish hope and aspirations as they are embodied in Bible prophecy. The ultimate objective of Jewish strategy has been the restoration of their homeland of the alleged Old Testament grant. This action is preventative measure as well as aggressive measure. We identify this view in the dualism of WWI, created to keep Germany and Turkey from building the Berlin to Bagdad railway and to achieve destruction of the Monarchies. The June War of 1967 had a twin aspect, in the acquisition of Mt. Moriah from the Jordanians for the rebuilding of the New Temple on the spot where Solomon's Temple once stood. Another prime factor was preventing the Coptic Church from building the largest cathedral of all Africa in Cairo, Egypt. Nasser had

THE PURPOSES OF JEWISH PROPAGANDA

By FRED FARREL

There were more bookstores in the U.S.A. in 1910 than in 1968. Today bookstores are found mainly in Jewish neighborhoods. The book publisher, who often has a good old English name, often tells us, "There is no use trying to sell books to the Gentile. Only Jews buy books." Indeed, there is no use trying to sell Norman Mailer, Leon Uris, and James Baldwin to us Gentiles. They are not representative of the Majority Culture in America. They are not wanted by the American Majority. Long ago there was indeed a literature which represented our culture, our civilization. Today the Jew tells us that we are "Anglo-Saxons" who had the misfortune to be born at a time when the claims of minorities are in the ascendancy.

Literature is not a mere idle luxury. It is the means of intercommunication which maintains the vitality of a culture. It is an important power tool. The Jew, sitting astride our social communications, exercises a censorship over our communication of ideas with each other. To be sure, the Jew maintains a pretense of "literary freedom" and often lauds "freedom of controversy." You are free to denounce the war in Vietnam, but not to denounce Israel's war in the Middle East. You may be either a Communist or an Anti-Communist. You may switch freely from "Right" to "Left" in politics, but you absolutely may not ever suggest that there might be still another position available, which would be neither Right nor Left. The Jew allows us to choose between Tweedledum and Tweedledee. He does not allow us to make any real choices. Pseudo-controversy is an important tool of racial minority power in America. It is vital to the Jew that "Great Conservatives" and "Great Liberals" should do battle with each other; it is important that Communist gasbags and Anti-Communist gasbags should bemuse the public. Actually, many of these people are on the same payroll. The Jew hack writers have done their deadly work. They have suppressed our native culture, with its richly varied concepts, and have limited our vision narrowly. They provide us with leaders who exhort us to save the country from the Reds. At the same time, they make sure that there are Reds available.

The "Great Conservative" goes before the Middle Class and promises to wreak some vast, unspecified havoc against the working class. The "Great Liberal" gasbags about "Great Societies." After the public debate they have dinner together in New York and laugh at the American sucker trade which believes in such cornball frauds as they are. Today the old frauds don't have quite the same "zing" any more. The political hustlers are throwing their ditch to a skeptical public.

HERE'S WHAT JEWS WANT

While Prime Minister of Israel, David Ben-Gurion stated: "The image of the world in 1987 as traced in my imagination: The Cold War will be a thing of the past. Internal pressure of the constantly growing intelligentsia in Russia for more freedom and the pressure of the masses for raising their living standards may lead to a gradual democratization of the Soviet Union. On the other hand, the increasing influence of the workers and farmers, and the rising political importance of men of science, may transform the United States into a welfare state with a planned economy. Western and Eastern Europe will become a federation of autonomous states having a Socialist and democratic regime. With the exception of the USSR as a federated Eurasian state, all other continents will become united in a world alliance, at whose disposal will be an international police force. All armies will be abolished, and there will be no more wars. In Jerusalem, the United Nations (a truly United Nations) will build a Shrine of the Prophets to serve the federated union of all continents; this will be the seat of the Supreme Court of Mankind, to settle all controversies among the federated continents, as prophesied by Isaiah. Higher education will be the right of every person in the world. A pill to prevent pregnancy will slow down the explosive natural increase in China and India. And by 1987, the average life-span of man will reach 100 years."

That which was evil a thousand years ago,

Messianic Dream

promised the Coptic Church a gift of \$200,000 toward the building of the edifice, which would have welded the Arab Christians, the Black Christians and the Arab Moslems into a military machine against Israel. The cathedral was to be a memorial to St. Mark, the patron saint of the Coptic Church, martyred 1900 years ago.

Timetable of Jews

The timetable of the Jews draws the world into the vortex of calculated aggression and the destruction of all possible potential opposition. A prerequisite for Jewish temple-building is the destruction of the Moslems' mosque of Omar for the dedicated site of the New Jewish Temple. Such an act of desecration would naturally infuriate the Moslem world. The current emigration of the Jews from Communist countries and all Europe, gives speculation to a designed confrontation between Russia and Red China for the decimation of more than thirteen million Moslems now living in East and Western Europe. The Washington Observer Newsletter, August 1, 1969, reports: "Under the Rumanian agreement with Israel on joint industrial ventures, extensive air service traffic has opened up, and Jews in other iron curtain countries who wrangle a visa to Rumania, can easily escape via the airline if they can pay the high "liberation" fees demanded by the Rumanian bureaucrats and Jewish businessmen who operate the air service, according to FBI intelligence reports."

What is evidenced here is the evacuation of all Jews from Europe in preparation for the new World War, the holocaust of all history. A syndicated columnist has disclosed that the Nixon visit to Rumania on July 25, 1969 was primarily to discuss the Jewish situation. This visit was featured on television with much fanfare. The New York Times, August 17, 1969, states: "RUMANIA AND ISRAEL UPGRADE RELATIONS. Rumania is the only Communist country in Europe to have maintained diplomatic relations with Israel after her war with the Arabs in June, 1967. The decision to establish an embassy here was regarded as another demonstration of Rumania's independent foreign policies within the Communist bloc."

In the Jewish mind, wars are simply "HOLY WARS" in the parlance of their so-called religious role in the affairs of all humanity, and when they are involved they seek stratagems to find allies for the front lines, with America playing top billing in this role. President Nixon's televised talks to the American people on the problems of "Limited War" were lifted verbatim from Henry Kissinger's book, NUCLEAR WEAPONS AND FOREIGN POLICY, published for the Council on Foreign Relations. Arthur F. Burns, (real name Bernstein) drafted the Nixon proposal on "Wage Subsidy" and the Child Welfare Centers for the day-care of children while their mothers work. In simple unadulterated truth, President Nixon is a mere pawn in the game of Jewish-power-elite, ad hoc, an affixed label, as clubmates go.

Joseph Alsop, in his column for July 25, 1969, writes: "What now is left for the world? The Chinese at any rate, can and do believe in it. Mao Tse-tung's government is not merely warning the Chinese people that the Soviet attack will come before the end of October. They are also taking costly but practical preparatory measures such as transferring factories from the towns to the countryside." At press time Russia had one and one half million soldiers camped on the Chinese border." Thus with domestic scramble in America on inflation and the carefully planned predictions, indications are that more than a casual glance into these matters is imperative.

Implementing the inflation are Jews who purchase herds of cattle, farmed out under contract to "feeder lots," where the fixed expense is considered a tax deduction, while at the same time shortening the source of supply to force the price of beef up to a higher cost. Men's haircuts have reached the \$2.50 level in Northern and Eastern cities, while the South suffers from infiltration and expro-

priation. From a geographical point in Alabama, within a radius of less than one hundred miles, extending into Florida and Mississippi are 26 paper manufacturers, whose land purchase and leasing contracts control the bulk of all timberland not controlled by other type of corporation. They confine their source of supply to company controlled sources, and choke the economy of small land owners forcing extenuating circumstances and hardship. In effect, the creeping paralysis of inflation is linked to forthcoming war for implementing the compulsory control commissions over the vast American populace, not as a necessary measure but as a restraining order to prohibit reactionary frustrations and retaliation against the guilty.

Fearfully we size up the Chinese potential in the coming world holocaust with their six thousand mile range missile of hydrogen power, or the Russian vast potential, and the American capability. Professor Tsien Hsue-Chen, who is China's Wernher Von Braun, studied the secrets of the V-2 German rocket after World War II and later helped to design the American Rocket which was launched in the New Mexico Desert. Mortified by the declassifications of all Oriental affiliates, he returned to China to work with the 200 Chinese scientists in nuclear armament development.

The Young at Heart

Another character on the Chinese scene is a young ambitious Chinese named Wang Ming, the former Secretary-General of the Communist Party in China. He has been exiled in Russia since 1956, but is busily engaged in fanning the Sino-Soviet conflict, hoping to become head of the Chinese Party when Mao fails. Wang Ming's contemporary in Russia is Konstantin Fyodorovich Katushev, protege of Party Boss Brezhnev, whose tenacity is like two molotovs rolled into one. Katushev belongs to the younger generation of Soviet functionaries who wish to replace the old guard of professionals. Russia is a nation where half the population is under the twenty-six year old bracket, therefore it is expected that the loyalty of Russian allegiance will follow the younger leader in a power structure grab.

The 1969 "youth revolt" scramble is the prelude to world events. Anti-social, anti-ideological, they will act out of naked authority with no semblance of order, inflicting without reservation the inhumanitarian authority of a dictatorial aspirant.

The record of American world leadership has been a series of spasmodic responses with a less coherent foreign policy today in a changing world, from utter unaccountability and untrustworthiness. The menace to the peace and the freedom of the world is the growing military might with its infinitely less secure leadership. Like human robots, ghetto rebels now threaten domestic security of all nations. This hard core of dissidents, in their savagery and aggravated assault, envelop the world like an international "hurricane" with no escape routes. There will be no international conciliation, arbitration, peace and good will. There will be no contained battlefield, there will be only throats to cut, with God on the side of the executioner, to establish the dictum that "they who take the sword will perish by the sword."

Scriptural Injunction

In the Book of Matthew, Jesus said to the Jews: "I come not to send peace but a sword." Thus, the Jews have had a sword in their side from that day forward. In the Book of Luke, Jesus said to the Gentile: "I come not to bring peace but fire." It is this fire that appeals to the martial imagination in attacking war and war mongers in the prosaic, tame and glamourless enterprise of simply saving human life in peaceful pursuits for the mere sake of saving it, not in the sense of human liberation, but by the dignity of Divine judgment.

When a nation persists perennially in war, it can only be brought to peace by some other nation which will meet it on the battlefield. Israel is providing that battlefield for the last judgment on the spot where Christianity was born, the area where the holy emanations were translated into human understanding, approved by the Christ and missioned by the covenant people of the redeemed.

A Focused Picture of What Is Taking Place In Our World

(By a Catholic Priest)

As in the days of Our Lord and before, Lucifer and his sons and their proselytes, the sect of the Pharisees with a membership of about 6,000, had infiltrated and completely controlled the leadership of the Israelites or Judaeans in their Theocracy Divinely set up for their guidance in their political, economic and religious life. They were a group possessed by the Devil, as Our Lord verified. (Jn.8-44) And on account of their false interpretations and traditions that nullified the commands of Almighty God, He permitted them to be scattered to the four winds and their capital, Jerusalem, the Temple, the Altar, the Sacrifice and their Priesthood to be destroyed.

So in our day the supplanter of this Ancient Corporation, the Catholic Church and its many organizations are now being infiltrated by the offsprings of the same sect (which has never gone out of existence) and their proselytes (non-Jewish deceived and deluded helpers) for the purpose of seriously afflicting Christ's Corporation (Its President, Board of Directors and Stockholders, its religious and lay-folks) with the hope of destroying this mystical body of Christ. Yes! It will be in dire distress as St. John in the Apoc. symbolizes the Church as a lady with a crown of 12 stars and an infant in her arms fleeing from the dragon, spewing water (the symbol of people) at her with the hope of destroying her and her offspring.

We are now in such a situation through the astute and subtle activity of the Sect of the Pharisees and their proselytes, the Modern Judaizers, operating as the precursors of the man of sin, the son of perdition, the anti-Christ, who is to strut upon the stage of our world after a great apostasy (the falling away from faith and the supernatural) to set up his throne in the Living Temple of God.

The word for temple used by St. Paul is different from the one used to refer to a physical temple. This Living Temple of God is made up of Living Stones (peoples) cemented together by the Holy Ghost in Baptism. It is supported by tremendous Pillars, the Apostles and their successors. In the midst of this Living Temple of God, the anti-Christ, the one who comes in his own name will set up his throne and proclaim himself to be GOD, Messiah and King of the Jews. St. John gives him the name of 666; the number of sevens are God's number referring to his activity in our world for mankind. The No. 6 is just one below 7 and refers to Lucifer's activity through his personal representative who will control the grand divisions of life — the Political, the Economic and the Religious.

And strangely enough several weeks ago a report from Tel Aviv stated that Rabbi Ceron of Tel Aviv announces that we are beginning the Messianic Kingdom or Era.

We are aware that the Great Apostasy has been in the process of beginning. The loss of faith among the people is being manifested all around us. St. Paul in his letter to Timothy make us aware of this when we wrote: "In the last days the Holy Spirit specifically said that many will depart from the faith and embrace errors and the doctrines of Devils . . ." This is evidenced by so many marching behind Lucifer and his poster of "I WILL NOT SERVE."

Rabbi Stephen S. Wise had told us long ago . . . You call it Communism, I call it Judaism (i.e., the Judaism that began after the year 70 A.D.) Talmudism which is a collection of all misinterpretations and traditions that nullify the Commandments of God.

We are having about 25 earthquakes or tremors per day and the rumors of war are as plentiful as fleas on a dog's back.

Lucifer realizes his time is short. He is now using his astute and subtle technique to spread confusion, strife, and turmoil. The mystical body of Christ is now violently wrestling with the mystical body of Lucifer.

Warning From Heaven Great Chastisement at Hand

The following is an extract of the message of Fatima from a German newspaper "Neues Europa" of Oct. 15, 1963, by Louis Emerich and a French paper "Le Monde et la Vie" in September, 1964. This message impressed diplomatic circles throughout the world. Pope Paul VI permitted not only John F. Kennedy, but also Khrushchev to have a look at the third part of the secret of Fatima which the Mother of God revealed in 1917. Those who directed world politics were appalled by its contents just as Pope Pius XII, Pope John XXIII and Pope Paul VI had been. Remember, the Holy Father knew the grave situation of the World during the time of the Cuban Missile Crisis. Perhaps, if the Holy Father proclaimed this warning publicly, it might help return the lost and confused people to the Crib of the Child Jesus. Their repentance might lessen the punishment which is coming for all mankind.

It was the 13th of October, 1917. On that day, the Blessed Virgin Mary appeared for the last time to the little visionaries Jacinta, Francisco and Lucy. After the manifestation of the Miracle of the Sun at Fatima, the Mother of God revealed a special secret message to Lucy, in which She stated in particular:

"Do not be troubled dear child, I am the Mother of God who is speaking to you and begging you to announce the following message to the entire world in my name. On doing so you will meet with strong opposition. But be strong in faith and you will triumph over all opposition. Listen carefully and remember what I tell you. Good people must be better. They must implore God to forgive the sins they have committed and will in the future commit. You ask Me for a sign so all may comprehend the words which I am addressing to mankind through you. You have just beheld that miracle, the great miracle of the sun! Everybody saw it, believers and unbelievers. And now, in My name, it is proclaimed:

"A great chastisement will come over all mankind, not today or tomorrow, but in the second half of the twentieth century. What I have already announced at LaSalette through the children Malanie and Maximim, I repeat to you now. Humanity has not developed as God desired. Mankind has been sacrilegious and has trampled under foot, the wondrous Blessings of God. No longer does order reign anywhere. Even in the highest places Satan reigns and directs the course of things. Satan will even succeed in infiltrating into the highest positions in the church. Satan will succeed in sowing confusion in the minds of scientists who design weapons that can destroy great portions of mankind in short periods. Satan will gain hold of the heads of nations and will cause these destructive weapons to be mass produced.

"If mankind will not oppose these evils, I will be obliged to let the Arm of My Son drop in vengeance. If the chief rulers of the world and of the church will not actively oppose these evils, I will ask God My Father to bring His justice to bear on mankind. Then will God punish mankind even more severely and heavily than He did at the time of the great deluge. But a time of very severe trial is also coming for the church. Cardinals will oppose cardinals and bishops will oppose bishops. Satan will enter into their very midst and will walk in their ranks. In Rome also will occur great changes. What is rotten will fall and what falls must not be retained. The church will be obscured and all the world will be thrown into great confusion.

"The great, great war will come in the second half of the twentieth century. Fire and smoke will drop from heaven and the waters of the ocean will turn to steam throwing their foam to the very sky. Whatever is standing will be overturned. Millions of people will die. Those surviving will envy the dead. Distress, misery and desolation will be found the world over. The time is drawing nearer and the abyss is ever deepening and there will be no escape. The great powerful will perish with the lowly and meek,

DID THE ZIONISTS BOMB THIS MOSLEM MOSQUE ???

Did an Israeli set the torch to one of Islam's most sacred shrines?

Was it planned for a reaction study of the Moslem world?

Rabbi Nathan H. Zwitman of Miami, Fla., according to a report in the **Miami Herald** stated, "We must resolve today to fulfill a promise which we have made to our God in that keynote prayer, Umeepany Chatonaynu." . . . "For centuries we have repeated, 'Bring us back to our land and we will build your house again'."

"We have not fulfilled our promise to God during the past 15 years . . . We are now responsible for our spiritual obligations. Now we must build this holy Bais Hamikdosh." "The Scriptures do not specify an exact spot in the Holy City for the Temple and its builder is not designated. Many Jewish leaders feel the Temple should be re-erected where Solomon put up the last Temple, and that sector of Jerusalem now is controlled by Jordan."

In advance of the June War of 1967, **Common Sense** predicted the eventuality of the Israeli acquisition of all Jerusalem for the possession of Mt. Moriah, tantamount to Jewish expectation for the assigned purpose outlined in the above dialogue. Evidence in fact is, that it happened, and in as much as the **Seat of the Moslem Religion**, the Mosque of Omar, their most imminent shrine stands on that spot today, the world may look forward to the **THIRD WORLD WAR** when the Israelies destroy it — forthcoming.

Paradoxically and diametrically, Jewish mysticism involves a dualistic alignment by all Talmudic standards. What is to die merits two trials before the Chief Priest of the Sanhedrin, such as . . . Jesus had two trials before the Chief Priest, likewise Paul, and all others of Bible fame. **Segregation** had a trial on Black Monday of May 17 in 1954 and again in 1955. The killing of the Kennedy dynasty had two trials in the death of John and Robert Kennedy. And we justify our claim that the desecration of the beautiful shrine, the Mosque El Aqsa (above) is simply the prelude to the destruction of the Mosque of Omar in a near future date, because we have decoded the conjuring of the enigmatic diabolical Jew.

The Jewish belief is: their messiah cannot come until they first set up the physical arrangements on earth, when he leaves his heavenly throne to rule over all mankind from the Jewish Temple as the new seat of world government, with the Jewish peoples assigned to the hierarchy as overlords to the non-Jews.

Tabulating from the 1969 Almanac the **Moslem** religion outnumbers the adherents of the **Jewish** faith.

the good will die with the wicked, the Princes of the Church with their faithful, and the rulers of nations with their people. Death will reign everywhere, raised to triumph by erring men. The helpers of Satan will be the masters of the earth. These evils will come at a time when no one expects it, nevertheless it must come as punishment and revenge in accordance with God's Plan. Later, however, God and His Glory will once more be invoked and will once more be served as He was not so long ago, when the world had not yet been corrupted.

"The time of times is coming, the end of all ends, if mankind is not converted. Woe, woe if that conversion does not come about, and if everything remains as it is now or worsens.

"I call upon all true followers of My Son Jesus Christ to go and announce this: For I will always be at your side to assist you."

CRISIS IN CHRISTENDOM

The Hierarchy have turned their backs on Christ and have plunged the faithful into an abyss of darkness, doubt and heresy. The **SANCTUARY OF THE MAGNIFICAT**, P.O. The El Aqsa Mosque in Jerusalem, one of Islam's most sacred shrines, mysteriously put to the torch on Aug. 21, 1969. Arabs labelled fire Israeli arson.

The Jewish interpretation for Scriptural authority in their concourse of human action is coded in the text of Micah 4th Chapter, Verses 1 and 2, and Chapter 5, Verse 2.

Micah 4:1-2. "But in the last days it shall come to pass, that the mountain of the house of the Lord shall be established in the top of the mountains, and it shall be exalted above the hills; and people shall flow into it. And many nations shall come, and say come, and let us go up to the mountain of the Lord, and to the house of the God of Jacob; and he will teach us his ways, and we will walk in his paths: for the law shall go forth of Zion, and the word of the Lord from Jerusalem." Micah 5:2 "... Yet out of thee shall HE come forth."

The Christian Bibles assign these writings to the church and the position of Jesus Christ when He sets up His era for judging the nations. Here is the key to all the confrontation extant for the past two thousand years.

Jewish Propaganda

(Continued from Page 1, Column 3)

The power-technique by which a Jewish minority holds the American Majority under its tyranny is really simple. The Jew is a master of the business of cooking up teapot tempests and making us think that same are real battles. Thus the Jew keeps us busy shadow-boxing with ourselves. The Jew has sought to rule the whole world by a relatively simple cornball fraud: The Jew is always on both sides in all controversies. He secretly supports Communism, and then pretends to be an "Anti-Communist." His phony publicity creates both "Great Conservatives" and "Great Liberals." The Jews supported the 1917 revolution in Russia; at the same time, their mass media created the popular image of "Red Russia" which most Conservatives believe in today.

The Jewish image of "Red Russia" is an especially dangerous one today. There is no such place as "Red Russia." On the other side of the world there is a great, somber armed camp, a gargantuan Sparta which is planning a military attack upon the United States, and which wouldn't give ten kopeks for all the ideas of Karl Marx. This is not solely the opinion of COMMON SENSE. U.S. Military Intelligence knows it well enough, and has warned both the President and the Congress that the United States is in mortal military danger.

COMMON SENSE believes that the American Jews today are playing a bankrupt and dangerous game. Unhappily, so many of our intelligentsia and publicists play ball with the Jews that the issues are seldom clearly defined for the public. The word "Communism" has become a booby-trap. Originally, Communism was nothing but a tool of the wealthy American Jews of New York. In the United States, and in much of the rest of the world, it is still just that. In Russia it has become the mask of a primordial Russian Nationalist militarism which is implacably hostile. In fact, it is already making war, undermining our position from Vietnam to the Middle East. Russia is fighting a classic Geopolitical battle, and doing it with great skill and success. The American Jews are gathering their forces for a "Great intellectual coup" which they hope will unhorse the present Governing class in Russia. THAT is what is really going on. Some people say that there can be no integrity in any Pro-American or Anti-Communist movements, because the American people cannot bear to face reality. We go along with Professor Revilo P. Oliver: If this is really true, then we are finished. Actually, the real reason why there is no integrity in MOST so-called "Pro-American" movements is that they are corrupted by the Jews.

The Jewish world-power grab is in bad trouble. Its troubles go far back, to the days before the First World War. Josef Stalin once reported to his superiors that the writer, Maxim Gorki, was being subsidized by Hamburg Jews. Later, when he was in power in the Kremlin, Stalin had Gorki murdered; then he gave Gorki a splendid public funeral and pronounced him a Socialist hero. It was a good solution to the troublesome problem of Gorki. Gorki was like many another Jewish writer; he had a certain talent, but he was a sold-out agent of New York and Hamburg Jews, an enemy of the Russian people who adored his glib way with words.

Let us now address ourselves to a question

important to anyone who really wants to understand Communism: **WHAT IS THE DIFFERENCE BETWEEN A STALINIST AND A TROTSKYITE?** Some people will tell you, "All Communists are alike." This is a dangerous piece of shallow misinformation. It is acceptable only if you are willing to substitute shallow sloganeering for real knowledge. A Stalinist represents primordial Russian Nationalism. A Trotskyite represents the Jewish interests of New York City. The Jewish interests of New York suffered a terrific setback one day many years ago, when a taciturn hood planted an ax in Leon Trotsky's skull in a villa in Mexico.

In the United States, the Stalinist is chiefly interested in military espionage. His whole view of the United States is that it is a country which must be attacked and beaten in war. The Trotskyite, on the other hand, is chiefly interested in promoting the Negro Revolution and other domestic disorders. Mao is a Trotskyite who poses as a Stalinist. On the other hand, Kim Il Sung, in North Korea, is a real Stalinist and is firmly tied to the Soviet Union rather than Red China. Mao is a stooge of the New York Jews who largely made his revolution for him. The Russian Stalinists did not want a Communist Revolution in China and did everything they could to prevent one. A Jew named Borodin did the groundwork for the Red Revolution in China. Stalin rewarded Borodin by shooting him. The propaganda of the Red Revolution in China did not appear in PRAVDA or IZVESTIA. It appeared in the SATURDAY EVENING POST.

In fact, it is the American Jews who back Revolutions around the world. Soviet policy today is to discourage revolutions. They are making a lot of hay with this policy. Once upon a time, the whole world hated and feared Russia; Russia was a pariah. Today, Soviet diplomats say smoothly, "Who, us? We are not the Revolutionists of the world. It is the American Jews who make Revolutions around the world, including our own Revolution in Russia. THEIR kind of Communists will upset your country. Our kind won't. Who was it who squealed on Che Guevera so that he was killed by the police? It was one of our Soviet Agents, of course. If you want to be protected against Communism, we Russians really can and will do it. If you depend upon the Americans to protect you, you will be quite certain to go Red. They protected Cuba. They protected China. They protected Vietnam. Now, we will tell you something else: **THE AMERICAN JEWS** wanted a Communist Revolution in Italy after World War II. They came in officers' uniforms in droves. They helped Communist Partisans. They murdered Italian Anti-Communists and threw their bodies down wells and into lakes. We Russians did not want a Revolution in Italy. Why should we want a mess of Jews on our doorstep in Europe? We prevented the Italian Revolution, which the Americans wanted and tried to promote. We deal honorably with the peoples and governments of other Nations. The Americans, on the other hand, pretend to be Anti-Communists, and they secretly promote revolution and disorder around the world. Confidentially, we Russians have a problem. How shall we get rid of the label of Marxism? We know today that communism is nothing but a tool of the American capitalist, who hopes to use it to extend their power around the world, while they piously claim to be Anti-Communists. They supplied the money for the revolutions in both Russia and China. Happily, we killed their Mister Trotsky and got rid of him. China is not so lucky. Mao is a tool of the American Jews."

The world Communist Conspiracy is not a Russian conspiracy; it is an American Jewish conspiracy. Today it is falling into great disrepute around the world. America is being blamed for supporting Communism around the world. Unhappily, the charge is true. New York is the real hub of the conspiracy. If some of our Anti-Communists would stand up four-square and tell this plain truth, we might possibly yet be liberated from Jewish misrule. Few of them ever do. Most of the Communists and many of the Anti-Communists are on the same payroll, the

Jewish payroll. They carry on a sham battle with each other. The first basic rule of this sham battle is, "Never drag any real truth into the matter on either side; tell anything else you want to tell, but never tell the truth." This is the basic background of most of the phoney "experts" on Communism who have been "experting" about it for forty years and haven't made a dent in it.

These people generate the literature on Communism which is generally available to the American public. They have no interest in providing any genuinely valid information. Their aim is to manipulate public opinion. Therefore, they seek to divide the Gentile. They seek to make the Middle Class believe that the working class is allied to Red Russia; All of this is, and always was, pure hallucination, generated by Jewish intellectual quacks in order to promote a minority tyranny over the American Majority.

There is no genuine validity in either the "Right" or "Left" positions in politics. These are artificial, Jew-invented positions. Jewish control of communications is absolutely essential to the success of this power system. Jewish political quackery would not long survive exposure. That is why the Gentile writer has been driven out of the literary marketplace. That is why there are fewer bookstores today than there were in 1910. The Jews don't want the Gentiles to read or get any ideas into their heads. They work a calculated sabotage against the majority culture of America. They are leading American policy along a disastrous road to ruin. The Jew, even while he is successful in maintaining his power in America, is frustrated on the world stage.

The world has come to the end of the Age of Ideology. We are entering a military age, an age when the politics of money and intellect will give way to the politics of violence. The Money Men and the Marxists, who have pretended to be mortal enemies, are suddenly and starkly revealed as the blood brothers they have always been. The Money Men and the Marxists work together to try to stop the future from coming. They spawn the peace quacks and the Vietnicks and the Negro revolution. The immediate future belongs to a new emergent type; and they are not peaceful types; they are for war and they want war. Defense against them can be had only by military means, not by antiquated ideological means. The American Jew, firmly in the saddle in this country, is making the U.S.A. into an island of the past in a rapidly changing world. COMMON SENSE sees no hope for the survival of the U.S.A. if the Jews stay in power here. The Right-Left Age is the Jewish Age, and it is an age which, on the world stage, is now receding into the past. If America continues to live in this Jewish past, then America has no future.

**Cursed is the man, and void of law and right,
Unworthy property, unworthy light,
Unfit for public rule, or private care,
That wretch, that monster, who delights in war;
Whose lust is murder, and whose horrid joy,
To tear his country, and his kind destroy!**

Battle Rages Between This World (World State) and Kingdom Which Is Not of This World

THE WORLD STRUGGLE: A PLAN FOR BATTLE

By FRED FARREL

The battle is a religious battle.

The hour has come to declare war upon the enemy. It is, among the pandemonium of these evil and confused times, necessary first to identify the enemy. Many efforts will be made to prevent this from being done. We must be absolutely ruthless beyond measure in our slaughter of the multifarious fraudulent myths which prevail in our times. We must insist that the issues be defined correctly. Already a literature is beginning to appear which strives to eliminate worthless humbug and to define the issues with accuracy and precision. Don Bell has performed a great service by pointing out in his bulletin the essentially religious nature of the battle.

The unknown Author of the books, SPIRITUAL COMMUNISM and UNION JACK has probed the question deeply, with great insight and perceptive wisdom.

Let us now quickly dispose of some of the worthless myths of our time.

The battle is ABSOLUTELY NOT a struggle between "The Free Enterprise System" and "Godless Communism." It is a matter of sober historical record that the great Capitalists of the world are and always have been the principal backers of Marxism. This is contrary to the worthless myths peddled by both Communist and anti-Communist charlatans; but it is well documented historical reality. The world battle is not a battle between the "Right Wing" and the "Left Wing." It is not a debate over economic theories. It is not an effort to discover the key to perpetual prosperity, which is impossible in any case.

We know how dear some of these theories are to the hearts of the provincial bourgeoisie. We are especially aware of the popularity of the anti-Communist cult. American anti-Communism is just that: a cult. It has its priesthood; it has its whirling dervishes; it has its plaster saints. It has its credo. In the Germany of the 1930's there was something else; there was an actual battle against Communism. The German Communist Party was wiped out completely. A little man named Adolf made speeches. He was a truly great speaker. He could talk the ears off the birds in the trees; as a decision-maker, he certainly left a great deal to be desired. No matter. He wiped out the deeply-entrenched Communist Party with no more than a dozen brilliant speeches in the Sports Palace in Berlin. The few die-hards who were left were rounded up and arrested in short order by Heinrich Himmler. The Third Reich really intended to wipe out Communism. The American anti-Communists have no such intention. They want to keep Communism going. Most of them are allied to the financial interests which supported the October 1917 Revolution in Russia. Their

"Come Follow Me"

"I am the way, and the truth and the life."
JOHN 14:6

function is to lead and limit the opposition; to sabotage true American patriotism, to divert and waste the patriotic energies which might otherwise save the Nation. They have so signally failed actually to fight Communism that we must conclude that there is some other reason for their existence. Indeed there is. Their function is to divert attention from the fact that New York is the real headquarters of the Conspiracy by howling constantly about "Red Russia." Their whole political cult is worthless charlatanry. Happily, it is not necessary to "fight" them very hard. They will be so utterly and ignobly discredited by coming events that they will crawl back into the woodwork and disappear.

Don't fret about them; forget them; if you have invested any hopes in them, write off your hopes as a total loss. They are not "saving us from Communism." They are merely filling the land with their braying jackass voices for the last time. There is no such battle as the one in which they claim to be fighting. The great Capitalists are not "fighting Communism." They are financing and promoting it around the world. They have even dragged our churches into their prostituted intellectual rackets. Germany was the only country besides Spain where anybody really fought Communism. The Germans fought the

"If you will not fight for the right when you easily can win without bloodshed, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may be even a worse case: You may have to fight when there is no hope for victory, because it is better to perish than to live as slaves." — WINSTON CHURCHILL.

THE ZIONIST WEB

By CARL F. LYONS

It is surely a suggested irony that just at the very time Americans were taking President Nixon's re-interpretation of the COLD WAR seriously, and beginning to fix responsibility in terms of mistakes, delusions and imperatives of U.S. policy, the crisis which shattered hope in the former administrations continues to articulate the need of a politically evolved people rather than a spiritually contained people. Perhaps it is here, in the dimension of communism as a contradictory and intractable system, that one may find the missing element in the discussion of the COLD WAR.

The Cold War Technique

The stratagem in the COLD WAR is not the ideological issue of a given system established as a way of life. THE COLD WAR is a maneuvering process for total control over all source of supply and distribution. While the World moves closer to a moneyless society, so does the synchronized complex of production and control by a CENTRALIZED BOARD OF DIRECTORS, whose aim is to give limited income to everyone in a New World Order administered by Judaic zealots.

Jewish Democracy Enhanced

The COLD WAR is a well devised political entente, such as understanding, argument and duplicity, based on declarations and conventions with parties of both sides involved. The COLD WAR is the shifting of the economy for a classless society, destined to a fatal state of futurity, wherein the absence of reality submerges ninety-eight per cent of humanity into unconscious dullness, viz a viz ZOMBIES. It puts the "welfare state" into expansion by the very demand of welfare, while the JEWISH FORM OF DEMOCRACY is in fact enhanced.

To illustrate: Compare the American standard of living with that of the so-called communist bloc of nations, for a sneak preview of what is in store for Americans when this nation falls under complete social enterprise of the Jewish overlords. Americans earn an average of almost four times as much per month as workers in the Soviet Union and U.S. income goes five thousand per cent farther in buying life's necessities. The Soviet subjective form of living annihilates self-will, becomes a life of forced adoption wherein the captive reacts like a conquered animal, weakened by the lash and hunger, with all resistance reduced to ineffectiveness — and formal confrontation met by only a psychological response. This is the making of a Socialist state. Control over the peasantry is likewise control over all the gross national product.

Stalin's Awareness

The student of "realpolitik" understands the transition plot in schematic of the ultimate WORLD ORDER under Jewish owned feudal states. The aim is to lay the groundwork for an ideal social life on earth as pic-

THE WORLD STRUGGLE: A PLAN FOR BATTLE

(Continued from Page 1, Column 2)

good battle for the West and were defeated. A military decision has to be accepted.

Who are the principal antagonists of the coming world battle?

The battle is between "This World" and the Kingdom which is not of this world.

In recent historical times, the Kingdom which is not of this world has been regarded lightly. Man has had great confidence in a force called "Progress." This means that we have believed in the ability of human intelligence to organize the world successfully and to operate it as a going concern without regard for the Supernatural. This was always bound to be a short-term situation; it lacks the substance of genuine Reality. The Church was the Mother of the Western Nations; of their languages; of their genius; of their brilliance. Christianity was the foundation of Western Civilization, the cause of its existence. When the leaders of the West ceased to believe in Christianity, the West was doomed. Even our churchmen today do not really believe in Christianity; they believe in a civil religion, a religion useful to politicians and financiers. The reality of living faith departed long ago. What is called Christianity today is largely empty humbug, fraudulent moralism, political and social factionalism, and even theological gangsterism. Nevertheless, Religion is the heart and soul of a civilization. Oswald Spengler discussed this with great brilliance in his *DECLINE OF THE WEST*. Americans have been brainwashed to believe in the idea of Progress and in the perfectability of Man through Social Science. All of this is mere quackery. It is distressing to see the popularity of it in academic and literary circles. It says something about our loss of the National sense of Reality. It is a strong factor in the disastrous unreality of American policy. American optimism about the basic nature of man is ill-founded. Woodrow Wilson's League of Nations and the present United Nations are samples of the folly which can result from such unreal thinking.

The U.S. today is the Headquarters of World State thinking. Paul Warburg said, "We must have one world or none." The World State is not only supported by the Left Wing. It is also supported by the Right Wing, which seeks to channelize the provincial bourgeoisie and to waste their political energies in worthless futilities. The provincial bourgeoisie are regarded with dour suspicion in the Headquarters in New York. If they ever took it into their heads to go on a real political rampage, they could upset the whole scheme. It is not likely that they will ever do such a thing. Instead, they will run like sheep after Gus Gasbag, the great "Conservative," who tickles their itching ears with pleasant lies; they have little taste for the truth. They will never face the fact that Gus Gasbag, the "Great Conservative," is on the same basic payroll as Gus Hall, Secretary of the Communist Party. They are being sold out so successfully that one suspects a fundamental defect of character in them, which perhaps unfits them for survival. They love pleasant and futile cults; they do not love the Truth.

What must be our strategy now?

We must insist ruthlessly that real issues be faced.

The "World State" is the enemy. Man is not really capable of becoming a World State citizen. Politically, there is only one force which can win in today's world. That force is black military REACTIONISM. Reactionism always wins, not because of the machinations of reactionaries, but because life itself is reactionary. The Kingdom of Heaven is not of this world. The efforts of David Ben Gurion to establish it on the earth by means of a World Court located in Jerusalem are childish and euphemious folly thrown wildly into the faces of the grim eternities. The consequences of this kind of folly will widen and deepen into a global crisis of appalling magnitude and intensity. There shall be no salvation for the contemporary civilization. Matters have already gone too far. It is already the "Twenty-fifth Hour." Man can now find

no salvation anywhere except at the foot of the Cross. Those who invest their hopes in the trivialities of political or ideological controversy will find that their hopes are among the dead. Contemporary ideologies are condemned by a quick look at the world geopolitical situation, to which they are quite unrelated. The promises which are made today could be made only by charlatans. The Right Wing charlatan promises "A Sound Economy" (in the face of a world demographic crisis which makes certain that wild unsoundness will prevail). The Left Wing quack promises a Marxist Utopia produced by world revolution against Capitalists (in face of the proven fact that Capitalists have always been the real backers of Marxism).

The only hope lies in the Kingdom which is not of this world.

What is it that the Kingdom does for Man? It is the source of all real human sanity. It is the source of all higher human consciousness; therefore it is the real basis of all the higher and better achievements of Humankind. A civilization which abandons its basic cult is dying.

The modern Jew wars against Christianity. He thinks that it is "The Enemy." The shallow thinking of the modern Jew is amazing. During the long centuries of the Middle Ages, there were only two places where Jews could live at all: In the Christian world and in the Islamic world. Anywhere else, they would have been exterminated. A Jewish traveler to China was thrown into a pit full of scorpions. The enemy of the Jew is not Christianity but Reality. The modern Jew hopes to save himself by ideological charlatanism; to establish his power by manipulating other races by intellectual means. The Jew is fated to learn how flimsy his hopes really are. When once again the Jew faces naked Pagan sadism bent upon his destruction, he will realize how well off he was, ensconced in the comparative safety of Christendom. There is a legend about the "Ten Lost Tribes of Israel." The Jews are great evaders of Reality. The pleasant myth has the Lost Tribes wandering somewhere to be discovered. Actually, they were driven away into a captivity from which they never returned. Captives are expendable. They were whipped to hard and bitter tasks, worked to death, wiped out. Within five years after they were driven away, they were all dead. This is the natural relationship between Paganism and the Jew. When the Jew is no longer protected by Christianity, he will find out.

The World Utopia will fail. It is not an Idealistic creation. It is the Anti-Christ. It is evil beyond description, because it goes beyond the limits of possibility. It cannot actually cope with the world geopolitical situation; yet it claims that it can. Its claim is complete, utter, worthless charlatanism. Every Realist knows, with consummate rollicking cynicism, that Christ was right. The Kingdom is not of this world. If you truly aspire to the higher treasures of the Spirit, then this world is not your home. This world will not be dominated by either "Capitalism" or "Communism." It will be dominated by sadism. It will continue to be wicked. It will not be reformed and turned into Utopia by the ideas of stupid Jewish intellectuals, who are themselves refugees from a pants-pressing machine. It will not be dominated either by apostate Christian "thinkers" like Teilhard de Charin, who tried to peddle the idea that Man is making "Moral Progress." Man has never made any "Moral Progress" and never

will. The thing which thwarts "Moral Progress" is the thing which Saint Paul called "The Mystery of Iniquity." This is a powerful force. It can be counted upon absolutely to demolish the follies of our present age. Whom must we fight now?

We must fight the Anti-Christ. We must fight the false claim of those who say that they can establish on Earth the Kingdom which is not of this world and can never be of this world. We must be aware of the Eye of God upon us; not the good Nineteenth Century Bourgeois "god" who properly hated the working class; not the tribal "god" of Capitalism; not the "god" of the superstitious who seek only personal favors. God is not an old man in the sky. God is Reality, and Reality is God. (St. John Gospel, I-1). Reality cannot be manufactured out of mere "opinion" or mere undisciplined desires. Reality IS. It is beyond reach of tampering chuckleheads of the genus HOMO. The Anti-Christ seeks to destroy the sense of reality in Man; this is the principal aim of modern ideological charlatans, especially the Communists and the anti-Communists in America. We must beware of efforts to misdirect our attention.

Christ is the Light of the World. There is no secular philosophy of any kind which can provide any basis for more than short-term historical accomplishments. Indeed, secular philosophies today are so utterly bankrupt that it is no longer worth our time of day to argue about them. The real meaning of the world geopolitical situation is that the ideological battle is over, and, in an overcrowded world, the battle for bare survival has begun. This will be a savage, cruel, military battle; it cannot possibly be anything else. It will be decided by force and violence, and not by any kind of pleasant and painless ideological machinations. The Kingdom is still not of this world. The kingdoms which are of this world must inevitably fight a cruel battle for survival.

There are Conservatives who gallop around the U.S.A. braying slogans. They say that we must "fight Communism" and "establish a sound economy." The implication is that when we have done these things, then "everything will be all right." It is time to point out that this cannot be so. With world population scheduled to hit seven billion by the year 2,000 A.D., be sure that "everything" will not be all right.

In the light of the realities of the world geopolitical and military situation, the promises made by the Anti-Christ cannot possibly be anything but charlatanism. The promise will be "Peace" and "World Order." This is a promissory note which cannot possibly be met. It takes a supreme Realist to reject such pleasant promises; but rejected they must be. They must be rejected because they are not well-related to Reality. They raise hopes which cannot be fulfilled. We Christians cannot promise to reform the kingdoms of this world. We cannot make such a promise, because we cannot carry it out. Those who WILL make such promises cannot carry them out either. Human intelligence cannot cope with the world geopolitical situation today. It is mere charlatanism to pretend that it can. The Prince of the World is condemned already. The kingdoms of the world are kingdoms based upon force and violence and cruelty. They can never possibly be anything else. Human creativity and Human good can soar only when fueled by the power of the Kingdom which is not of this world. When that fuel is gone, as it is today, be sure that Humanity will sink rapidly to an incredibly low level. It is in the process of doing so now. The Light can be restored to the world only by a battle against the forces of evil, of impossible promises, of charlatanism and fraud.

This is the Religious battle which must be fought: We must restore the Human sense of Reality. Reality is a powerful force; indeed, Reality is God. Reality will always win. The only real question is, "How much suffering must obdurate Man do before he surrenders and accepts Reality?"

When we consider the pig-headed determination with which Twentieth Century man pursues ideological chimeras, we must believe that he will do plenty of suffering before he is corrected. Then, well chastised by the power of God (Reality) he will set his errant feet once more upon the right path.

NORTH IRELAND REVOLT

Will Northern Ireland become another France? Is this another Trotskyite Cohn-Bendit operation plotting a nation murder?

Why this sudden interest in Ireland where injustices have been ignored for decades? Whenever in this present world of ours, plagued with more than its share of global do-gooders and meddlers, another so-called "Joan of Arc" sets out to right the world's wrongs, it is our prerogative to question her motives and our duty to examine her credentials. One can only view the present crusade as a Marxist-Trotskyite move where the accent is on revolution. A lead article in Ulster's Communist **New Left Review**, May-June, headlined: "People's Democracy," P. D. Militants Discuss Strategy," which contained direct statements of Bernadette Devlin, M. P., dynamic young leader of the Ulster revolt (People's Democracy), and other militants, is a stinging indictment of Miss Devlin and her cohorts.

The following is a statement of Miss Devlin: "The Protestants who voted for me would only have done so on a Socialist basis; the platform was therefore Socialist . . . I had letters of support from Protestants . . . starting off 'I am a Protestant but as a Socialist I agree with everything you say.' . . . Despite the fact that we are Socialists we still get a lot of support from Catholic capitalists and bigots."

Said Mr. Baxter: "You can't have a revolution in Ulster alone, and our aim must be to create a Socialist Republic, something on the lines of Cuba, without waiting for a British Workers' republic — or we might have to wait for a long time."

Another of Devlin's ilk, Eaman McCann, stated: "We can't form a Bolshevik party overnight. Rather than set up councils we must try to set some sort of radical Socialist front between republicans and ourselves."

Further clarifying the matter, the **New Left** concluded another article in the same issue with these words:

"Only the Communist International can carry on this all-embracing task. It alone can correctly direct the world revolutionary movement of which Socialist war is a part."

Bernadette Devlin —

As Pictured by Those on the Scene

"Bernadette Devlin is mixed up in the internationalist Socialist movement. She and her friends are so far out that the Communist Party refused to take part in one of her marches because it was so extreme." Robin Bailie — M.P.

"This Fidel Castro in miniskirts must be put into true perspective. Catholic people in Northern Ireland do not regard her as their representative. The tragedy is that progress being made has now been put in jeopardy by people who are on record as saying that they are not interested in reform but in revolution." — W. Stratton Mills, member of the Northern Ireland Parliament, in a statement to the American press 8-30-69.

"Bernadette Devlin is the nearest thing to a Communist in the Roman Catholic Church that I can see."—Rev. Ian Paisley, leader of a Northern Ireland Protestant group.

"Miss Devlin is advocating a far left approach, veering toward doctrinaire Marxism (while others) are prepared to pursue more parliamentary policies. This was blatantly obvious at a recent civil rights gathering in Newry, when one section of the crowd, led by Eaman McCann and Devlin, sang the (Communist) Internationale, the Communist torch song, while another sang the U.S. Civil Rights theme, We Shall Overcome." — John Kelly of Dublin, writing in the **IRISH ECHO**, leading Irish-American newspaper 7-26-69.

A U.S. Viewpoint—"Miniskirted Marxist"

Carl McIntire, a leader in the American opposition to the Devlin invasion, made the following statement at a press conference in Collingswood, N.J., Aug. 29: "Bernadette Devlin is a miniskirted Marxist, a stone-throwing, police-defying revolutionary. She is a self-confessed member of the **People's Democracy**, the militant **New Left**, a lip-service Catholic, who couldn't even visit St. Peters with the show of her legs. She is

Bernadette Devlin as featured in the **COMMUNIST DAILY WORLD**.

being promoted by the Communists, puffed by the propagandists, and idolized by the hippies . . ."

More on Bernadette

The Sept. 1969 issue of **Combat**, a **National Review** affiliate, carried the following: "... Mass coverage ignores what the left press knows: that Miss Devlin is a well-spoken, practicing Marxist. And that during her whirlwind visit, she has been taken in hand by her counterparts here — the **New Left** . . ." Her counterparts include:

JESSICA MITFORD: Identified in sworn testimony as a Communist and even named a Communist in the Communist press, who raised funds for and hosted Bernadette Devlin, when the latter toured the San Francisco area.

HARRY BRIDGES: Notorious west coast Red. Miss Devlin used the Convention hall of Bridges' Longshoremen's Union.

NATIONAL ASSOCIATION FOR IRISH JUSTICE COMMITTEE: Devlin's speedily formed support committee lists several well-known Marxists: Brian Heron, one-time organizer and promoter for Cesar Chavez; Father Eugene Boyle, defender of the **Black Panther Coloring Book**; John DeLury, the Marxist Catholic activist from San Francisco; Michael Harrington, Socialist boss; and Marxist Paul O'Dwyer.

Communist Press Knows . . . Catholic Press Doesn't

While the so-called Catholic press completely ignored the red ties of Devlin and her associates, Communist papers like the **Daily World**, (Aug. 23 edition) as shown in the quote below, were boasting of them:

"Miss Devlin, a Socialist, wants an Ireland based on the ideas of the great Irish labor leader and Marxist, James Connolly . . ." Connolly was once organizer of the U.S. Industrial Workers of the World, a Marxist front, forerunner of Communism in the U.S.

A Bishop Speaks Out

The **Wanderer** (9-18-69) attributes the following statement to Dr. Philbin, Bishop of Down and Conner, which includes Belfast:

THE SECOND REVOLUTION

(The Student Rebellion)
By MARY DAVISON

A most timely book with a vital message for today's youth . . .

A book that applauds youth in its realization that something is wrong and their efforts are needed to restore "sanity and solvency" to these United States . . . but . . . warns Mrs. Davison, "They must know their enemy or they will destroy the good with the evil!" Her booklet is an attempt to teach the facts not included in the history books . . .

Price — \$1.00.

"We cannot allow any individual who may have a vested interest in turmoil to continue to stir up fear and bitterness in our minds." Whom did the Bishop have in mind? The Devlin group?

Even "orthodox" Communist leader Betty Sinclair resigned from the Civil Rights group because the **People's Democracy** was too radical for her. Two other civil rights leaders bitterly denounced the Devlin group. John Mcanerney made the following statement: "We have been infiltrated by an extreme Socialist group, which is using us for political ends which have nothing to do with civil rights. They have split the movement down the middle."

Dr. Shearer had this to say: "The **People's Democracy** and Miss Devlin have said quite openly that they do not want reform but revolution. They are perverting and prostituting our aims."

There is hardly a European country that has groaned under the heavy yoke of tyranny which has been the lot of Ireland. However, can one forever bear ancient grudges? There has been some improvement. In any case, Ulster is certainly not a Czechoslovakia. We distrust the creeping international character of this revolt. What were students from France and England doing throwing petrol bombs in Belfast? Who alerted these revolutionary invaders?

With the Soviet-infiltrated, recently resurrected IRA planning a bloody take-over of all Northern Ireland, and Ulster a continuing Marxist operation, Ireland is in deep trouble. Catholic and Protestant barricades defy the police. There is open revolt and continuing bloodshed; it is a drift to anarchy and chaos.

What Is the Solution?

Britain may have to get out of Northern Ireland. British vested interests should certainly be curbed and Catholic property and job opportunity rights should be protected. The accent should be on the economic angle. There is no greater breeding ground for discord and strife than the economic pinch. Many people believe that Ireland should be one just as any other country. But should this be done by Molotov cocktails and cop killing? Is this the Christian way for Catholic and Protestant Ireland? Should they let revolutionary elements run Ireland red with blood until it is fit for nothing but a complete Marxist takeover?

The present rebel cabal can spell only disaster for Northern Ireland: Any hope for a final and just solution can only come from a genuine movement launched by practical Catholics seeking a united front with like-minded Protestants. In a recent major policy speech, Jack Lynch, Premier of the Irish Republic, offered a solution: a federation between the Republic and Northern Ireland, with no intent of force, with Protestants guaranteed full religious freedom and civil rights. It is to be earnestly hoped that Northern Ireland will give the Premier's proposal careful consideration.

ture by the Rabbis of old. This system calls for the complete obliteration of Christianity. It will be less than a memory after the deletion of all historical data from textbooks and historical archives. Amos, Isaiah and Micah, shaping the destinies of people, will replace the Gospels; any other form of worship will be classified as idolatry, punishable by death.

Pointedly, we remind our readers that Stalin was known as the cobbler's son from Gori, the one time seminary student. Stalin recognized the phony religion of the Zionists, their ultimate aim, and he seized the power from their hands—to keep communism a political action rather than a religious action under Judaism, resulting in the dissolution of the Communist International in May, 1943. This accounts in some measure for the Stalin-Hitler pact in their combined drive on Norway and other European countries, until the Jewish power in New York City forced a wedge between the two rulers. Hitler, having been victimized in a wave of economic strangulation, through Jewish control of resources and distribution, turned from the Jew again, making a concordat with Mussolini and Fascism.

Kilowatt Production

Power and productivity are dependent upon the quantity of Kilowatt-hours available for industry to meet any formal demand. America out-produced Germany two to one. Russia produced but half the German output. America could dictate terms and hence cause the Hitler-Stalin split. Then followed American "Lend-Lease," putting Russian manpower at the disposal of the Jews in their drive to annihilate millions of Christians. This accounted for the Hiss-directed Roosevelt sell-out to Stalin. Stalin knew this move was a disservice to Christianity and Germany had lost Stalin's bid for support because the combined war production of the two countries equalled but two-thirds of the American total. The combined productivity of both England and America placed the allies in a command position. Stalin knew this, and he operated like a modern Genghis Khan in a blood coup ravaging Eastern Europe, in preparation for a diminished people in a postwar era. The "rapine" by Russia was unessential to a military victory one way or the other; it simply fulfilled the demands of the Jews for Christian annihilation. The demands of Stalin beyond total war needs were met because the Jews wanted to contain the war in Europe and Africa, to ensure the safety of five million Jews in New York.

Had the Stalin-Hitler pact succeeded, New York City would have felt the agony of war from German V-2 rockets, launched from German vessels. The bombing of New York City could have precipitated an outbreak of Anti-Semitism, when an aroused America would have turned on the "culture distorters" and saved our moral culture.

War Cult

With Jewish monopolies gravitating wars, and more wars as a wealth-making machine, the "War Cult" makes America a dynamo of supply, not only in war, but in foreign aid, in technological counseling, in engineering, and, in the international policing where opposition to the Zionist aggression may occur.

As an ancient rabbi expressed this ambivalent policy, "The right hand attracts while the left repels." War was invented to turn the muzzle of destruction on innocent people, with the sands of time saturated in sacrificial blood under the pretense of religion spawned in syndicated Judaism's workshop.

Christian Challenge

In this crucial period it is important that Christians propagate only literature not watered down by the right-left polarization of the Jewish controlled mass media by which the talents of so many contemporary writers are wasted in the camp of the enemy. Survival demands correct information, to enable us to grapple with the specific peculiarities of a society in rapid change before the Jewish straight-jacket is applied to this nation through Executive Controls. There is no substitute for a proper background, in fact for proper Biblical and political understanding.

Underhand Methods

Jewish sagacity knows no bounds as their power elite strategists create the step-by-step of a new society. Fearing competition, they emasculate the virility of succeeding generations, paralyzing the will to do. By their ability to control the political garments under bureaucracy, they muster thousands of savants to do Jewish bidding. The money changers today differ little from the money changers whose tables Jesus overturned in the temple. Loyalty is purchased through high scale payoffs in the image of "kept" politicians, who see no evil, hear no evil, but only do evil. The Jew envisages no defeat in the left-right propaganda drives, in black versus white, in Catholic versus Protestant, and Campus bug versus common citizen in a fractious society.

Significance of Kidnapping

The recent kidnapping of U.S. Ambassador to Brazil, Mr. C. Burk Elbrick, in which the kidnapers, in the exchange, successfully bargained for the release of fifteen Latin American political prisoners—all Communist activists—spells trouble for America in the near future, especially in view of the current nation-wide cry, "no more Vietnams." The episode was certainly a clearcut victory for Marxism. Associated Press, 9/9/69, reported, "In Mexico City, a spokesman for the freed political prisoners declared: 'We are going back to Brazil. We will create an arms struggle to create a Vietnam in Latin America'."

Featured in the current of today's "Gristmill" is a BELEAGUERING EUROPE, a DIVERGENT RUSSIA, a HOSTILE CHINA and a FRUSTRATED MIDDLE EAST. In the Western Hemisphere lies a sleeping giant about to be awakened when those fifteen Communist activists begin their designed role in preparation for U.S. Army intervention, under the pretext of protecting U.S. citizens, when Latin America undergoes Communist guerrilla action. The Jewish propensity is to leave a festering malignancy, as exemplified in the current outbreak of hostilities in Northern Ireland that could develop into a full scale civil war, spawned by the Irish dilemma in a minor religious war, and excursions in the appeals from U.S. citizens to aid the Catholic position in Ireland. And we can visualize Protestants opposing Washington assistance to Catholic Latin America. And what is creating and masterminding this present and potential religious strife that could mean death for thousands more Americans? It is the machinations of the Jewish hierarchy to gain possession of industry owned by American firms, confiscated through nationalization. The Rockefeller excursion into Latin American countries boomeranged with dissenting demonstrations, a prerequisite for the release of the fifteen guerrillas in exchange for Ambassador Elbrick, tantamount to a contempt of our national dignity. But the IMAGE of these released prisoners is what the rabble will follow, which will result in purges against the regime in power. In the wake of a Latin American Communist coup, the Jews and their clubmates can take over all the production and distribution under a non-church contingency. This will call for Catholic world intervention; there will be a Protestant protest, and a possible religious war may be in store for U.S., all instigated by the wreckers of civilization for their aggrandizement in messianic imperialism.

Information Sources

The official publication for the ESTABLISHMENT is FOREIGN AFFAIRS; it is computed matter for the CFR (Council on Foreign Relations) un-official government of U.S. The October 1969 issue of this publication carries an article by George C. Lodge,

IN APPRECIATION...

Mr. and Mrs. Ralph DePugh have asked us to let all our wonderful readers know that: "We are truly grateful for the help for the defense of Bob DePugh and Walter Peyson, for the many encouraging letters, and the prayers. We will answer all letters as soon as possible. We are grateful to know there are so many who share our concern, and to COMMON SENSE for printing the article in their behalf."

from which we quote, "We are confronting in Latin America what is in essence an ideological crisis—a question of purpose. Given our predilections this is the kind of problem we find difficult to deal with. The temptation is to retreat, retrench and look inward. This is an impossibility: our wealth is too great not to share, our enterprise too successful and too useful not to expand our interests and the peace of the world too vulnerable not to protect The central issue is revolution—radical, structural change in the political, economic and social systems of Latin America."

Lodge draws a comparison between the Negro in America, numbering but twenty per cent of the population, whereas the "Campe-sinos" in Latin America are eighty per cent. Quoting further from Lodge: "A change requires fundamental realignment of the structure and the power that contains the condition. More than technology, it is a problem of land tenure, of markets, of credits, of motivations, of organization and of commitments." In another pointed statement, Lodge said: "Stripped of the protective rationale of anti-communism, we must face the unveiled question of where we stand on revolution or radical change in Latin America. To answer this question we must identify our interest precisely. Our priorities would be in the following order: The chief concern of the government of the United States must be survival of the American people. Survival is threatened by existence anywhere of chaos and disorganization. (Apparently Lodge never heard of the chaos and disorganization rampant in cities throughout America and apparently internal chaos poses no threat.) These produce socio-political vacuums which the bully and predator are tempted to fill aggressively. In this day and age such aggression can bring the threat of war. The second concern of the U.S. Government must be the protection of the rights and interests of the U.S. citizens in Latin America."

In view of past culpability, a reluctance to accept such an open statement is understandable and practical. In the light of Vietnam and other areas of policing, we say the language is "SMOKESCREENING."

Quoting further: "The cause of conflict in Latin America comes in large measure from the desire of increasing numbers (the Cam-pesinos) to achieve these rights . . . In the context of Latin American environment, this achievement requires change which is sufficiently radical to deserve the name revolution. This in turn would force those urging change, from the radical Church to the revolutionary nationalist, into seeking assistance from another world power, including the Soviet Union."

Thus, stability and change by argument or conflict is consorting action to achieve domination politically, economically, and over the gross national product, held intact by revolutionaries, slave labor and affiliation in the international market. Covey T. Oliver, in an article carried in the April 1969 issue of FOREIGN AFFAIRS, writes: "Traditional assumptions and classic models still govern the execution of mutual assistance . . . The comments then focus on what North Americans need to know about the nature of our own influence and its interaction with change to the South of us."

Summation

Behind this background, the headache for the internationalist has been the nationalization of industry. Now the stage is set to validate American interference where the alleged concern for the safety of an American citizen is involved. By all past manipulations, the kidnapping of an American ambassador is CIA styling of the old "shell game," where the hand is quicker than the eye. If the good American Catholics and Protestants together take a united stand against Irish interlopers and Jewish prognosticators, by resistance and applied pressure on Congress, their action will obviate a possible catastrophic incident in American history—U.S. intervention in either Ireland or Latin America. Unfortunately men of both faiths live by hindsight.

NOTE: For the skeptic soul, the writer is of Methodist--Baptist background, whose chief concern is stopping the Jews from destroying America as they have Europe and other areas.

"People and things change. Principles and facts — never. The penalty good men pay for indifference to public affairs is to be ruled by evil men."

CAPITALISTS, COMMUNISTS, BLOOD BROTHERS IN CRIME!

THE JEW CAPITALISTS AND JEW COMMUNISTS

By FRED FARREL

The Jew-Capitalist and the Jew-Communist together form one of the tightest teams in history. They are blood brothers, allies, accomplices. Yet the unthinking masses, beguiled by the mass media, think that Communism is a "Revolution against Capitalism." Nothing could be further from the real truth. The belief that Communism and Capitalism are opposing forces has been believed more widely than any other deliberately-promulgated "Big Lie" in history.

Let us see what actually happens when this team goes to work within the Gentile Society. What actually happens is this: The Big Money flows from Gentile hands into Jewish hands. There are all manner of "Alarums and Excursions." The Popular Press creates the popular image of "Revolution." The Gentile Bourgeois endure agonies and ecstasies when they think of "The Revolution." They are trained to think of the poor suddenly swarming out of their slums, burning churches, slaughtering their betters, and hoisting the Red Flag over the factories. The real Revolution happens silently in the ledgers and computers of the Banks. Through a complex system of banking, inheritance taxes, income taxes, and political chicane, Capitalism is indeed transformed. It is changed from Gentile Capitalism into Jewish Capitalism. The old Gentile Bourgeois are moved toward political impotence and stripped of their financial supremacy by the Jews. A writer in the MIAMI HERALD recently took stock of the old Gentile HAUTE BOURGEOIS and said gleefully, "They are dinosaurs sinking into the tar pits." The Jews now have financial supremacy in America. They also control Communications. Pictures of their stupid and worthless hack writers appear on the covers of our great weekly news magazines. Marxism has been successful in America, although no Red Flags have been hoisted over the government buildings of Washington. Substantially, the Jews have defeated the old Gentile financial leadership of America. Some of the great Goy financial dynasties became converts to the Jewish system; indeed, some of them became cornerstones of it and are worse "Jews" than the Rothschilds. Mere elections will not overthrow the Jewish power in America. This power is exercised in large measure by people who never have to stand for election, and by methods out of reach of the voters.

Jewish propaganda in America is a great wonder. It is an unrelenting propaganda, fired aggressively at the public day and night, by the vast Communications Industry, which is, for all practical purposes, 100% under Jewish control. A mere single article printed somewhere is not propaganda; propaganda is

Violent revolutionary Rev. J. Groppi, still posing as a Catholic priest, quiets groups of welfare mothers, after encouraging them in lawlessness and defiance. It took the National Guard with fixed bayonets to rout the motley crew from the state capitol building of Wisc. Groppi, was sentenced to 6 months.

Tragedy of the Ford Family . . .

Jew Invasion of American Industry . . .

The late Sidney Weinberg, a Zionist Jew, advisor to presidents and the highest ranking member of the Zionist Invisible Government, authored the scheme that persuaded the Ford family to open the Ford Motor Co. stock to the public in January 1956 (until then open only to the Ford family). This Zionist maneuver was the beginning of the end for the once great Christian capitalist, Henry Ford. One startling item will reveal how deep this once Gentile business citadel has sunk into the morass of Marxist subversion. The FORD FOUNDATION, affiliate of the Ford Motor Co., in the year 1966 alone, poured \$500,000,000 into the coffers of Black revolutionaries bent on armed revolt.

In that same year, Zionist Jews made their boldest move to obtain a complete monopoly on all executive positions in Detroit, until recently a white Christian stronghold. The Talmudist must always hide behind a facade of false idealism, in this case fostering human welfare and improving driving safety. Of course, Volkswagen, the car ordered built by Adolph Hitler, bore the brunt of the attack. The only safety Detroit needed was protection from Jewish invasion. The auto and other heavy industry in this area is fast becoming a Jewish monopoly, to which no Gentile need apply for admittance. The same invasion has taken place the country over where Gentile heavy industry is a factor.

The Jews indeed had a method to their madness in their world communist drive: Gentile capitalism becomes Jewish capitalism. It's as simple as that . . . !

FROM THE HORSE'S MOUTH

"As for businessmen, I could persuade a capitalist on Friday to bankroll a revolution on Saturday that will bring him a profit on Sunday even though he will be executed on Monday." — Saul Alinsky, Professional Radical and self-proclaimed leader of the "poor."

NIXON'S NEW FEDERALISM AND BROOD MARE MOTHERS

(Reprinted from Don Bell Reports,
Published by Marah, Inc.
P.O. Box 2223, Palm Beach, Florida)

For every benefit that the government holds out, the question should be asked, "What am I required to give up in return?" A careful formulation of an answer will usually bring to light that the price demanded is greater than the benefit offered, whether in taxes, or in restrictions of individual freedom and initiative, or in self-respect.

—Mario Pei, in "The America We Lost."

In Support Of Adultery

"A few month's ago," reported Congressman John M. Ashbrook of Ohio to the House of Representatives, "NWRO mothers (National Welfare Rights Organization) made a trek to Washington to demand more welfare. I was present at one of their press conferences. They proudly proclaimed that they had between 11 and 21 children — children, I might add, that they wouldn't support. They proudly referred to themselves as the 'brood mare mothers.' They, of course, want a guaranteed income. They made it clear that they were demanding — not asking — for these dollars. 'We brood mare mothers will begin to stomp if we don't get more money,' one militant black woman said. We have already begun to see what they mean by 'stomping' and their organization should be studied very closely before any guaranteed income proposal is considered. President Nixon continually referred to 'a family of four' in his nationwide speech on welfare. The effect of his proposal on the 'brood mare mothers' should also be considered before we enact any program which will induce these 'brood mare mothers' to grow and grow and grow."

George Wiley, the executive director of NWRO, issued a preliminary statement condemning Nixon's New Deal program. He said that to make the working poor eligible for federal assistance was a form of discrimination against the poor who refuse to work. However, this argument has no bearing in the case of the "brood mare mothers." Women with dependent children are not expected to work to qualify for relief; and with such "brood mares," there are no husbands and fathers who can be induced to go to work.

So, these women should be pleased with Nixon's plan: their guaranteed annual income jumps each time they breed another brat — with the amount of income limited only by the "mare's ability to breed."

When Beggars Become Kings —

Edward Gibbon, the historian, wrote that "no state, without being soon exhausted, can maintain above the hundredth part of its members in idleness." Nixon's New Deal program proposes to maintain, not one per cent,

a mass-production industry. It does not seek merely to persuade people to believe certain things. It seeks to dominate and select the range of thought within which the popular mind will be allowed to function. It decides that the people shall believe that "Communism" is a working-class Revolution, which it is not and never has been, and never will be. The guilty fact being covered up by this Jewish propaganda is the iron-clad alliance between the Jew-Capitalist and the Jew-Communist. This is the secret alliance which ruled Europe for nearly a hundred years. The masses of workers were led to believe that Marxism represented their interests, when in fact the Marxist labor unions served the Rothschild bank slavishly and held working-class wages low. In the end, this produced a backlash against the Jews. It was one of the foundations of Fascism. European youth were poor in a way in which American youth have never been poor. Rothschild had confined them in an iron cage of ideology, had destroyed all hope of progress or escape. Both Hitler and Mussolini won European Youth by providing them with games and sports. The Hitler JUGEND found camp-fire meetings much to their liking; Mussolini, as leader of the Fascisti, provided stadiums and playing grounds for Italian youth. Actually, affluent American youth would be bored by it all; but to the impoverished Goy youths of Europe it was a Big Deal. It provided relief from the barren sterility of life under Rothschild. Under Rothschild, Marxism was the opiate of the people.

"Jewish Supremacy" in the Western World is based upon the secret alliance between the Jew-Capitalist and the Jew-Communist. This alliance attacks the Gentile rich, and, by a gradual force of attrition, drives them toward proletarian status. This usually takes several generations. The Jews carefully do not push the Gentile bourgeois toward ruin too rapidly; if they were pushed too rapidly, they might fight back. The aim is to push them out gradually, to destroy the political effectiveness of all Gentile leadership, so that in the end an aristocracy of Jews will rule over a Goy rabble. A few "Judaized Gentiles" are to be admitted into the new aristocracy; but they pay a terrific price. They must join the Jews in scuttling the Gentile culture, and in fighting the majority of their own race. In other words, they must commit an act of compounded treason against their own race, their own culture, their own origins. We could name fifty or more Social Register families who have done just that.

COMMON SENSE admires the Gentile Capitalist WHEN HE FIGHTS BACK. If he does not fight back, but surrenders cravenly to the Jews, we have the same contempt for him which everybody else eventually will have for him, and which the Jews will have for him, when they have stripped him of his assets. The men who fought the emerging Jewish Capitalism of our time were not Marxists, and they were not proletarians. Henry Ford fought, and Gustav Krupp fought. The fact that both were defeated does not diminish our respect for them. We are saddened when we contemplate the Ford Foundation, when we see the money amassed by old Henry Ford taken over by a leftist mafia and used to build the political power of the Jews. We know that Henry Ford was defeated, and we know that Gustav Krupp was defeated; but at least they fought a real battle. They fought for their nations, their people, their culture.

It is a sad fact that most of the old Gentile Capitalists do not fight a real battle. They seek a formula of surrender to the Jews. They are ever so "Right Wing" and "Conservative." But anti-Semitism? They make speeches to assembled luminaries of B'nai B'rith and denounce anti-Semitism. They will not fight in the only battle which really counts, the battle against "Jewish Supremacy." They are, as the Jew-owned newspapers gloat, "Dinosaurs sinking into the tar pits."

Is there any hope that the world can be liberated from Jewish rule?

The late SIDNEY J. WEINBERG

There is not only hope; there is absolute certainty that the world will be liberated from Jewish rule. There is little hope that such a liberation will be a tidy or orderly process. We will not, for example, elect some "Conservative Candidate" who will waft us gently back to the good old days of McKinley, Foraker, and Uncle Joe Cannon. The world's liberation from Jewish rule will be accomplished amidst thunder and violence. The whole proposition was already tried all the way to its bitter end in Germany in the years between 1914 and 1945. Jewish power, exercised arrogantly over large Gentile populations, brings its inevitable reactions of violence. What is a Nazi? He is the man who follows the Jewish power-grabber, as inevitably as night follows day. Will there be a return of Fascism? It will not be CALLED Fascism next time; it will be called something else; there is no shortage of ingenious people who are easily able to invent new words and slogans. At bottom, it will be the same thing: It will be a violent reaction against Jewish machinations.

We have heard the story of the farmer whose barn became so badly infested with rats that finally he burned down the barn to get rid of the rats. Life in a Gentile Society ruled by Jews becomes absolutely intolerable. The people become perfectly willing to burn down the barn in order to get rid of the rats, and the stability of the world is blown over the moon. In 1939 the Germans were perfectly willing to see Europe plunged into War in order to wreck the intolerable structure which Rothschild built over the heads of the Europeans. Hitler's final defeat tends to cause people to forget the ease with which he conquered the Continent of Europe. Europe had no faith in the "Rothschild System." Nobody seriously raised a hand to defend "Jewish Supremacy." The "Liberal" cartoonist who tried to draw anti-Hitler cartoons for Jew-owned European newspapers found that his fingers became palsied over the drawing board. The whole "Liberal" system died in Europe in 1939. Today the corpse has been articulated, and efforts are made to have it appear alive; but it is still a corpse. Nobody in Europe wants a return to the Age of Rothschild Capitalism.

The masses, around the world today, are perfectly willing to burn down the barn to get rid of the rats. They will destroy any world order which upholds the power of the Jews. They will do this regardless of any machinations which the Jews may undertake. The Jew is bound to his intellectual

THE TWO FACES

Rene Groos, Jew, in "Le Nouveau Mercur," Paris, May, 1927: "The two Internationales of Finance and Revolution work with ardour; they are the two fronts of the Jewish Internationale . . . There is a Jewish conspiracy against all nations."

Blumenthal, Jew editor of "Judisk Tidskrift" Sweden, in issue No. 57, 1929, of same: " . . . Only recently our race has given the world a new prophet, but he has two faces and bears two names; on the one side, his name is Rothschild, leader of all capitalists, and on the other Karl Marx, the apostle of those who want to destroy the others."

systems; he will be destroyed by the blind, black, anti-intellectual forces of Reactionism. In theory, it would be better if the Jews could be replaced in power by a sound and healthy Gentile Conservatism which would avoid a great many disasters; in fact, this is not at all likely. Conservatism simply has not rallied itself in sufficient strength; therefore, it is unlikely that the barn will be merely fumigated; it will be burned down to get rid of the Jewish rats. The job will not be done by the old Gentile Bourgeois, who might have done it if they had tried harder; it will be done by the blind, irrational masses erupting into full rebellion against the World Order imposed by the Jews. In Germany, there was a strong, intelligent leadership which captured and directed this eruption of mass hatred of the Jews; in other places, it is likely just simply to erupt violently, without adequate or intelligent leadership to guide it along any constructive lines.

In the end, the barn will be burned down, and the Jewish rats will be gone. The world will pay a terrific price to be rid of them and their intellectual charlatanism. We ought to have done better than this, especially in America. We ought to have produced a strong Gentile leadership which would stand up for the native culture of the American people, which would prevent the Jews from taking over as an incompetent and corrupt ruling class; but we have written our sad and sorry record; we failed to produce any such leadership to counter the Jews. We failed to fumigate the barn when there were only a few rats; now it may have to be burned down.

Make no mistake about it: The masses of this wicked old world will insist absolutely upon the destruction of Jewish Power, and at any price. "Conservative" Gentiles may be willing to compromise; indeed, their whole way of life today is a form of compromise with the Jews. The masses WILL NOT compromise. The Jewish intellectual tries to hang a "Marxist" tag upon the masses; but the masses of this wicked old world, throughout the Ages, are fundamentally Nazi, and they will not tolerate the existence of any such thing as Judaism in the world. They will search it out, hunt it down, and destroy it. They will not fail to find leaders who will lead them in such a matter. The Jews try to manufacture leaders by means of intellectual fraud, but the real way to be a leader of the masses is to get in front of them and run. YOU will not decide when or where they will run.

Here we come to one of the great basic errors of our Age, a fundamentally Jewish error. This is the belief that the masses can be "managed" and "guided" and thus the shape of history can be determined by the Jewish Aristocracy which seeks to dominate the world. History has never been made in such a fashion. Perhaps history is a 98% instinctive process; Oswald Spengler has described its forms and norms brilliantly. The Jewish theory of history is bound to come to grief because it is based upon a fundamental error. The modern Jew is not a brilliant maker of the future; he is merely a pyromaniac in a powder factory. He wanders ignorantly among the dangers of human instincts, human lusts, and human reality.

The Jewish power in the modern world is based upon a comparatively simple fraud: The secret alliance between the Jew-Capitalist and the Jew-Communist. The pretense is maintained that Capitalism and Communism are contesting for control of the world; actually, the Jews are trying to wipe out the Gentile Capitalists and take over their assets. It is as simple as that. We are fed up with the howling of the "anti-Communists" who tell all manner of fancy tales about "Communism," but never, never, never mention the secret alliance between the Jew-Capitalist and the Jew-Communist. Such "anti-Communists" merely serve the basic Jewish purpose, which is to pretend that "Communism" is a proletarian revolution, when in fact it is an instrument of the Jewish Capitalist in his effort to wipe out the Gentile Capitalist.

Readers of **COMMON SENSE** would be amazed to know of the efforts which are

but ten per cent or more, in idleness. Says U.S. News & World Report: "About one in every nine Americans will get a stipend from Washington if the Nixon relief plan is O.K.'d."

Gibbon, when he made his observation, was writing about what actually happened in the Roman Empire when the people receiving relief from the government, began to exceed one person in every hundred persons of the entire population. These things then began to happen:

1) Gangsters and mob leaders began to organize the welfare mobs which then began to dominate the city of Rome.

2) When bread and circuses failed to keep the mobs in line, the emperors feared to stay in Rome, left Rome and made their capital elsewhere.

3) Several times, the capital of the Roman Empire was changed to another city, as each capital city, in turn, fell to the welfare mobs.

In the United States, the rise of the welfare mobs is very much in evidence; and they are being organized. Delinquency, crime, vandalism, rioting and looting, illegitimacy and bastardy, arson and homicide; all seethe in our welfare mobs. And when these mobsters receive aid and comfort, encouragement and assistance in organizing, from the federal government itself, the mobs are sure to grow bigger and meaner in proportion to the growth and size of their handouts.

Biggest beggar's union in the country is the previously mentioned National Welfare Rights Organization (NWRO), which recently received a grant of \$434,930 from the Labor Department, and expects to receive another grant of \$300,000 from HEW; these amounts additional to hundreds of thousands received from foundations, Big Labor, and individuals.

According to its literature, NWRO is a nationwide organization of, by, and for welfare recipients and other poor people. Individuals may join NWRO only by joining a local group (as with most unions). Services provided by NWRO include materials on welfare regulations, legislation, research on special problems, help in locating lawyers for local WRO's, information on legal issues which affect all welfare recipients, and legal help from skilled welfare lawyers. In addition, NWRO claims that its assistance to local groups extends to "ideas and suggestions on how to make local contacts, greeting cards and jewelry to sell at a profit for your local group; help with ideas for writing proposals to get money from local foundations, institutions, churches, and so forth, help in organizing Friends Of NWRO Groups . . ."

But "actions speak louder than words." To wit:

In the last days of May, 1969, the National Conference on Social Welfare was holding its 96th annual forum, under the presidency of Arthur S. Flemming (who later surrendered the gavel to Wilbur J. Cohen, the new prexy of this Social Welfare organization). The meeting was being held with expected dignity and decorum when — like James Forman at the NCC Convention — Dr. George A. Wiley marched in with his bodyguard and took over. Even the Washington Post was aghast. Wrote reporter Eve Edstrom, in a June 1, 1969 article entitled "Radicals' Demands Stun and Polarize Welfare Leaders":

"... or get off the pot." The full, obscene demand was shouted over a seized microphone last Sunday night as more than 5,000 of the Nation's social welfare leaders convened to hear an opening address by their president. In stunned silence, those who had devoted decades to helping the poor heard themselves called "racist pigs" and "fat cats," and members of the "white imperialist society." (End of quotation).

NWRO leader Wiley demanded a sum of \$35,000 to enable more poor people to attend the conference conventions. Delaying the opening session some three hours, Wiley and a group of his "brood mare mothers" blocked the exits after he had vowed that no one would be permitted to leave the New York Hilton until the sum had been collected.

**Militant Black Revolutionary George Wiley,
Director of NWRO**

Pre-planning was evident, since plastic ice buckets were passed around to collect the contributions. The New York Daily News called the storm trooper tactics "the outrage of the year to date" and asked, "Why the 4,000 didn't throw the 300 out, we don't know; nor why the numerous police and plainclothesmen who were on hand allowed the stickup to be performed."

When outgoing president Flemming passed the gavel to incoming president Cohen, the former explained: "I did not use the gavel once this week. I didn't think it appropriate."

We hold no brief for the Flemmings and the Cohens; looking upon the whole affair as merely chickens coming home to roost. But the fact that gentle persuasion has been replaced by black militancy, is a sign of the times that even Nixon shouldn't be stupid enough to overlook.

NWRO is determined that all its members deserve to have credit, even though a welfare recipient is usually considered to be something of a credit risk. This campaign for credit began with Sears, Roebuck & Co.

Mrs. Beulah Sanders, second vice chairman of the National WRO as well as chairman of the New York WRO, organized a demonstration, of which the New York Daily News of July 4 reported:

"The demonstrators hung a banner in the street-floor window and occupied the store for nearly two hours, strewing trash on the floors, turning on television sets and phonographs, defacing price tags, operating washing machines and dumping wet rags across the sales floor. . . . And later, leaving the store in a mess, Mrs. Sanders announced: 'We'll be back next week'."

What does NWRO want of Sears? Here are the demands:

- 1) Credit of at least \$150 be extended to any affiliated NWRO member..
- 2) A letter of reference from NWRO should be adequate proof that the recipient is a good credit risk, and there be no other investigation.
- 3) That Sears make a formal written agreement in this matter.
- 4) That the Sears-NWRO agreement be binding in all local Sears stores.
- 5) That there be no extra credit charges or other treatment discriminating against welfare recipients.

While the above demands may seem small when compared with the outrageous demands made against the churches by James Forman and his gang, there is this difference: The demands by NWRO are made against a commercial enterprise, a segment of private industry. Sears is a corporate enterprise that must make a profit if it is to pay its employees and return a dividend to its stockholders. If Sears is forced to take upon itself such a load of credit risks (if risk is the right word in this context) then it must cover its losses by charging higher prices for its merchandise. Thus, the honest customers are taxed to help care for the bad risk customers — a neat little wedge that could destroy private enterprise and force the country into a totally socialistic economy.

Where the Money Comes From

We mentioned the U.S. Labor Department's grant of \$434,930, which was given NWRO last December, and HEW's grant of \$300,000 which is presently being held up, but can be expected to be allotted. Congress-

man Ashbrook supplied the following additional information:

"Other sources of funds for NWRO are gifts from private individuals, NWRO memberships and dues, foundation grants, and subscriptions to the National Welfare Leaders Newsletter. Director Wiley, in October of last year, estimated the national budget of the organization to be between \$200,000 and \$300,000, with approximately \$25,000 being spent in October, 1968 alone.

"One foundation, the Interreligious Foundation for Community Organizations — IFCO — has been kind to NWRO to the tune of approximately \$105,000, according to the Washington Star of October 5, 1968. IFCO, which was founded several years ago and is funded by ten large religious denominations, put up the money for the National Black Economic Development Conference in Detroit where James Forman made public for the first time his Black Manifesto, demanding \$500 million of the various churches for injustices suffered by the Negro people over the years.

"NWRO is not the only militant recipient of IFCO funds, according to the statement of Sgt. Robert Thoms of the Los Angeles police intelligence division before the International Security Conference recently in Chicago. Thoms claims that "83 per cent of IFCO's funds have gone to support community groups involved in militant or disruptive activities such as picketing 'Black Power' rallies, demands on schools and school boards, unions, and support of the 'Black Panthers'."

"Another foundation source for NWRO funds, but to a much smaller degree than IFCO, is the Louis M. Rabinowitz Foundation of New York City, according to Combat, the reliable newsletter on subversive activities. Combat states that the Rabinowitz Foundation 'annually pours hundreds of thousands of dollars into the left, to finance propaganda films glorifying Communist China and revolutionary activity in Berkeley, to finance socialist conferences, and in effect to subsidize Marxist and Communist publishing houses.' Combat lists George Wiley, Washington, D.C., the national executive director of the National Welfare Rights Organization, as a recipient of a \$1,000 grant in 1967." (End of quotation)

Now the pattern emerges: the "poor people" are being organized to become cannon fodder in the militant revolution which is to destroy the present social order and build a New Order of the Ages out of the ashes of Christian law and order. And, financing the destruction are both "church and state."

And the Nixon Administration, in proposing to put still more millions on the relief rolls, aids and abets in the destruction! When Richard M. Nixon sent his New Deal Welfare Message to Congress, the opening paragraph of that message read:

"A measure of the greatness of a powerful nation is the character of the life it creates for those who are powerless to make ends meet. If we do not find a way to become a working nation that properly cares for the dependent, we shall become a Welfare State that undermines the incentive of the working man."

Disregarding the utter contradiction in terms in his play on dependent versus working man, note that Nixon affirms that it is the duty of Government to care for the dependent. These are the words of a leader of a Socialist State! It never was and indeed never can be the purpose or duty of any government founded under Christian principles (as our government was) to care for the dependent. This is the obligation of the family and, when family fails, of the Church and of individuals who exercise Christian benevolence and charity. The government is not a charitable organization and never can be. If it tries, it merely becomes a thief which robs the righteous to support the unrighteous in idleness, debasing charity to enthrone covetousness.

Let us get back to first principles:

The family is a God ordained institution, and one of its basic functions is welfare. Both the Old and the New Testaments declare the responsibility of family members to care for their own and for one another. Our Lord

Jew Capitalist

(Continued from Page 2, Column 3)

made to "shut us up" when we start discussing the secretive alliance between the Jew-Capitalist and the Jew-Communist. When we discuss this subject, we are hitting the powerful vested interests which prefer to have the people believe that Communism is a "Revolution" which somehow boils out of the slums of the poor; actually, of course, it boils out of the posh Board Rooms of the great banks; and its purpose is to deprive the Goyim of their assets, and to transfer Goy assets smoothly into Jewish hands. This is what is going on in the U.S.A. today. The Jews have moved into the U.S.A., overthrown the old Gentile leadership class and installed themselves as the DE FACTO Ruling Class. This is the purpose which Marxism really has served in the U.S.A.

COMMON SENSE once hoped that there could be an orderly liquidation of Jewish Power in the world. Today we are forced to tell you that this is a fading hope. The liquidation of Jewish power will come; but it will not likely be done by an intelligent and orderly Gentile leadership. More likely, it will be done by the blind, violent masses, who always adore a Nazi, who are always willing, indeed eager, to see violence done. The craven surrender of American Haute Bourgeois to Jewish rule removes about the last hope for orderly liquidation of Jewish power. It is far more likely that the barn will be burned down to get rid of the rats. The craven Haute Bourgeois may surrender, but the masses will never submit to Jewish rule; not only will they refuse to submit; they will refuse to allow the Jew to live, even if he were to leave them alone. When masses go berserk, they require little rational justification for their actions, and they have little trouble finding a berserk leadership to do their will. The modern Jew, with his infamous ideological rackets, has driven the world's masses berserk. What will happen next? The mass-lust of hatred which is about to rip through the world is an elemental force, like Niagara Falls; don't get the idea into your head that **YOU** created it, or that you can control it. Just stand out of the way. We are now about to witness the failure of the Jewish theory of "Intellectual Control" of the world.

Germany was a good test-laboratory for Jewish ideas in the years between 1914 and 1945. Jewish ideas failed.

Russia is also a test-laboratory of Jewish ideas. **U.S. News and World Report** carries an interview in its Dec. 9, 1968 issue to the effect that Russia is undergoing a profound Revolution, and is changing from a Jew-Marxist state into an anti-Semitic, anti-intellectual, and neo-Fascist state. How reluctant our American anti-Communists are to accept such an idea! How they hate to give up good old "Red Russia," the valuable stereotype out of which they have made so much propaganda mileage. In fact, most of our American anti-Communists will be dumped upon their pratts by rapidly exploding world events. The Jewish control system will fail in Russia, just as it will fail everywhere else. Today we are seeing the failure of all "minority" control systems; we are seeing the emergence of the masses to control. This may be described as a world disaster, for the masses are not enlightened; they are not constructive; they are not concerned with the preservation of values. They are delighted with the prospect of violence, and are quite capable of amusing themselves with gargantuan acts of destruction. The Jew took power over the world but was incompetent to exercise such power; we must now harvest the bitter crop of Jewish failures. The future of the world will not be decided by any of the silly arguments about Marxism which people still insist upon carrying on. The world seems destined to be plunged into the fire and remade, and after this has been done, nobody will even remember who the Jews were, or what Marxism was.

The Gentile Haute Bourgeois, politically and financially defeated by the Jews, are still too Conservative to burn down the barn to get rid of the rats. The masses have no such compunction. They enjoy arson as a

Nixon's New Federalism

(Continued from Page 3, Column 3)

made it clear (Mark 7:10-13) that no gift was acceptable to God if made by any person who did not care for their parents' material and financial needs. This basic responsibility was assigned to the family, not to government. St. Paul's words to St. Timothy have never been revoked: "But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel." Coming down through the centuries, regardless of the form government might take, a requirement of true faith has been the care and support of one's own family.

Let us note that, despite Nixon and all the other socializers in high places, and despite the millions on or about to be on welfare rolls, the vast majority of Americans still seek to support their own. Despite the inroads made by the exponents of the New Order of the Ages, the family still gives aid to most of the children of the country (even to most of the hippies and flower children whose bemused and deluded parents still send them money to live as animals live). Parents care for their children at least through high school, often through college. They help the children when they marry, and when the grandchildren come. And, countless aged parents are still taken care of by their children. Parents, when aged, still turn over their farms, their businesses or their property, to their children, looking upon the support thus gained of far greater import-

port in any case, and they are quite capable of generating great violence solely for amusement. They do not hate the Jews as competitors, as the Gentile Haute Bourgeois do; their hatred of the Jews is automatic, instinctive; it requires absolutely no rational justification, no expectation of profit. **COMMON SENSE** once hoped that the vampire power machine of the Jews would be destroyed by the good qualities of the Goyim; but this hope has faded; it now appears that the Jews will be destroyed by the bad qualities of the Goy masses, by their nihilistic lusts after hatred, revenge, and destruction. The fact is that the power structure which the Jews have built is intolerable to the masses. It is the folly of the modern Jew that he has dared to fling down the gauntlet against the masses, has tried to trap and channelize them with Marxism. Marxism does not make the mass man yearned for by the Jews; it makes the Nazi. The victory of the masses over the minority means not a victory of Marxism, but a victory of blind, black, violent reactionism. This is the certain prospect which the world faces in the near-term historical future.

What can you do about it?

Stand out of the way while they burn down the barn to get rid of the rats. Trying to interfere would be like sticking your hand into a buzz saw. It is now beyond the power of mortal man to prevent the violent debacle which will destroy the Jewish power structure forever.

ance to them than social security or relief checks. It is yet the indolent, indigent and beggar-by-preference minority that feels that strangers owe them a living. Nixon is catering to this beggar minority, because every name on a relief roll is presumed to be a vote at the polling place. Organized covetousness is the order of the day, because the beggars, though a minority, have become kings and priests and prophets by order of the "church and state" which have turned from Christianity to Humanism as the established religion of the New Society.

Those who yet have eyes to see and ears to hear will understand that the more we do to relieve and correct poverty by welfare, the more irresponsible a welfare mob we create. Wiley and his NWRO is but a sample of what is yet to come. We are building government by mob, with the mob controlled by heathen gangsters; and a mob can only destroy; it can build nothing but hate and anarchy.

It is the family which needs strengthening, and it is the family which must come to realize that it is carrying not only its own burden, but, through taxation, the burden of militant beggars and bums who intend to destroy the family as the social unit. We — through the Nixon Administration — are now preparing to further penalize responsibility, subsidize irresponsibility, and, in the process, invite God's judgment upon us all!

CATHOLIC CHURCH CRISIS

JEWISH ILLUSIONS HAVE REPLACED THE CHRISTIAN LINK WITH BASIC REALITY

By FRED FARREL

The crisis which exists in the Catholic Church today is a reflection of the crisis which exists in the Secular World. This crisis cannot be wished away; it cannot be resolved by uncharitable exchanges of billingsgate; it could not have been avoided by any kind of "more prudent" actions. The crisis did not arise suddenly; it has been a long time in the making. To understand the crisis in the Catholic Church is simply to understand the times in which we live. The Church, and Western Man, have been living in a danger zone for over a hundred years. Every effort has been made, in popular propaganda, to conceal this danger, to pretend that it does not exist. Every possible effort has been made to falsify the real nature of the danger.

What role have the Jews played in this concealment? They own the mass media. They have played a major role in creating the aura of falsity which hangs over our times. Yet even the Jews do not really know what the present world crisis is about. They are lying to themselves as well as to others. They cultivate the most dangerous of all human delusions of grandeur: They think themselves competent to tamper with the basic processes of history. This is the Delusion of the Anti-Christ, as defined in the Book of Daniel in the Bible: "HE SHALL THINK HIMSELF ABLE TO CHANGE TIMES AND LAWS. . . ." The Jews think themselves able to repeal the grim eternities, to change the basic realities which govern life. This is a characteristic Jewish delusion. It runs through all of the Marxian-Freudian Jewish literature of our times. It is the basis of the Protocols of the Elders of Zion. The modern Jew is fundamentally suicidal; by attempting the impossible he makes disaster inevitable. In the mass-culture of our civilization, the old Christian link with basic Reality has been replaced by Jewish illusions which rest upon a foundation of thin air and nothing else.

The vital connection with Reality is the true basis of social sanity. A marked deviation from a good relationship to Reality is in fact insanity, either in an individual or a collective entity known as "Society." The crazy madness of this century marks a serious impairment of the sense of Reality. The errors of this century enjoy academic approval. John Dewey was the key philosopher of contemporary American Liberalism. His thesis was, "Society is God. Truth is whatever will cause the people to behave in the manner which we, the Academic elite, desire." In fact, Society is not God. REALITY IS GOD, AND GOD IS THE GREAT BASIC REALITY, FROM WHICH ALL OTHER REALITY IS DERIVED. This thesis is stated in the first verse of the first chapter of the St. John Gospel: "IN THE BEGINNING WAS THE WORD, AND THE WORD WAS WITH GOD, AND THE WORD WAS GOD." Society, in seeking to deify itself, severed its connections with the great basic realities, be-

gan to operate in blithe disregard of the grim eternities.

The Catholic Church remained in a cat-a-mouse state throughout this process. To be sure, there was a time when the Catholic Church appeared to be a rock-solid citadel of anti-Communism. This was in fact largely an illusion. The Church was merely playing the "Right-Left Game." There is no real truth to be found anywhere in the "Right-Left Orbit." The "Right-Left Game" provided something for everybody. It gave the proletariat of Europe the false hope of a proletarian revolution; it gave the rich a good excuse to hate the dirty, godless poor; it gave the bankers a means to regulate wages and profits, through their secret control of the Marxist parties and the Marxist labor unions. It provided a satisfactory set of illusions, around which a secretive and guilty power system revolved.

WHEN DID THE CHURCH EVER SAY
 ANYTHING ABOUT THAT?

"I tell you naught for your comfort
 Yea, naught for your desire
 Save, that the sky grows darker yet
 And the sea rises ever higher."

—William Wordsworth.

Never a word, never in all the long, long hundred years that this racket victimized the people of Europe. The first man to mention the matter in print was Oswald Spengler. The first politician to tell the people about it was Adolf Hitler.

Let us consider, for example, how the Jews undermined Christianity in Europe. This is vitally important. The Christian clergy of Europe, both Catholic and Protestant, fell for the Jewish line. In Europe, the Jews posed as the champions of the working class, and they succeeded in creating an image of the Christian churches as bourgeois enemies of the working class. Far from resisting this, the Christian clergy hastened to assume the positions assigned them by the Jewish intellectuals. The result was that the working class of Europe became non-Christian. When the Christian clergy surrendered to the Jews, they might as well have taken whips and driven the working class out of their churches. The working class quickly understood that they were no longer wanted in the Christian churches. On the other hand, they were eagerly recruited by the Jew-Marxists. The naive working man saw the Jews as his source of salvation. He did not know that the Jews had no intention of delivering the GLORIOUS REVOLUTION which they promised. They used the Marxist labor movements to hold down wages and to deliver the working man to one defeat after another. Quite typically, the workers were called out on strike. Then they were beaten on their heads by the police, and went back to their jobs at reduced wages. The Jewish intellectuals prattled, "Sorry, boys. We lost that time, but we'll try again."

Whole forests have been cut down to make paper pulp to print Jewish lies about Germany. It is high time somebody told a little truth about Germany for a change. Perhaps I am qualified to do this. I lived for a time as an expatriate in Germany. During that time, there were other young Americans who made a "Big Deal" of being expatriates on the Left Bank in Paris. We have heard all about Hemingway, and what he said to Picasso, and all that. With the coming of the Stock Market Crash in 1929, most of the American expatriates in Paris rushed home. Their money was in jeopardy. Later, the Jews were taking over literature in a big way, and writers had to come to New York to learn "The New Line." A tawdry, execrable pseudo-proletarian literature was beginning to spout from the American publishing houses. Myself, I had no use for the Paris expatriates. I must confess that I never managed to read one of Hemingway's books all the way through. I always became bored before I got to the middle. Why? I was forever spoiled for the mediocrities of American Literature. Who spoiled me? The Germans. The Germans were the best writers of this century.

About the time when the Paris expatriates were returning to America, I first went to

Crisis in the Catholic Church

Europe. There was one man above all others whom I wished to see. I wished to see Oswald Spengler. In fact, I saw him only twice, near the end of his life. I said little to him, and he said little to me. What could a gangling youth have had to say to a man like Oswald Spengler? Happily, I did not bore him with the gushings of vapid youth. I merely spoke polite greetings to him, in a respectful voice. I discussed him endlessly with other youths my own age in cafes.

Oswald Spengler was the man who broke the spell of "Jewish Intellectual Supremacy" in Europe. His intellect dwarfed the tawdry, cheap, dishonest sham of the Freudian-Marxian literary clique of Europe. It was Oswald Spengler, too, who correctly defined the nature of the religious crisis of our times. His discussion in *THE DECLINE OF THE WEST*, of the meeting between Christ and Pontius Pilate is a masterpiece of theology. Christ and Pontius Pilate represented Eternal Truth and the expediencies of practical, everyday life in implacable conflict. Christ is not concerned with the tawdry expediencies. He says, "MY KINGDOM IS NOT OF THIS WORLD." My kingdom is not of the Left or Right, and I am not available to you as a pimp for your cheap, ulterior schemes. My laws are inexorable, implacable, and if you do not obey them, they will destroy you. In fact, you are pretty near certain to be destroyed because of your spiritual incompetence, your stiff-necked disobedience, your willingness to sell out the future for the present, in short, because you are human and not divine. That was the gist of Christ's message to Pontius Pilate; and that is the grim eternity which provides employment to archaeologists who dig up the ruins of ancient buried cities.

The Church, by playing the "Left-Right Game," was playing the game of the contemporary society. By being on the "Right" a hundred years ago, the Church prepared the way for the present debacle, in which so many Churchmen are moving to the left. This, again, is a mere playing of the games of society, of the ruling class, which is now a Jewish ruling class; this is merely the benison of Pontius Pilate.

The "Right Wing" in American politics enjoys no credit with me. I saw REAL Conservatives in action in Germany, so I know what a real one looks like. What did a real Conservative look like? Perhaps he wore a shiny black shirt with the Gold Winged-Lightning insignia of the Waffen S.S. on the collar. Was he a member of the political

"Right?" He was not. He allowed neither the Left nor Right to exist at all; he entered into no controversy with it; he gave no consideration at all to it. HIS kind of conservatism needed no fog of pseudo-controversy. This was the greatest single accomplishment of Hitlerism: It destroyed the "Left-Right" polarity of politics in Europe. Today these terms have no meaning in Europe.

It was the failure of Catholic scholarship to master the "Left-Right" problem which led directly to the present crisis. I have long scanned the Catholic horizon, looking in vain for the emergence of real, high-voltage intellectual integrity, for intellectual leadership which will lead the Faithful back to the vital contact with Reality, that is to say, with God. I have looked in vain. Teilhard de Chardin was touted to me; I read him and muttered, "QUACK!" I watched the doings of the Vatican Council. I have read Catholic magazines from many countries. I have seen priests marching in civil rights and open housing parades. I have seen them espouse every cause except the cause of Reality, that is to say, of God.

Protestant Churches are also racked by a corresponding crisis. Apparently we have moved into a period of "Godless Christianity" in which anything and everything is seized upon eagerly, that is to say, everything except Reality, everything except sanity. Even atheists I know are alarmed about the plight of Christian faith today. The plight of atheism is nearly as bad as the plight of religion. This is NOT an Atheist Age. This is an age of "Creeping Paganism." It should be understood clearly that the Pagan is NOT an atheist. The Pagan believes in a religion, but not a Christian religion. The Pagan is an idolator, and the real spiritual movement of today's world is toward a false, sensual, Pagan religion, a religion of tangible images rather than of the invisible Great Reality Who for centuries was the God of Christians. Today's world is moving toward a spiritual disaster, which will not fail to be reflected in the form of disasters within the material order.

The Crisis of the Catholic Church arises from the involvement of the Church with the history of the Western World. It does not arise merely from the personal errors or rascality of this or that section of the Clergy. Uncharitable billingsgate will contribute nothing to any solution of the crisis.

What can the individual Catholic do in the face of this crisis?

He is best advised to do what the best and noblest members of the human race have always done: To maintain a steadfast loyalty to Reality, for Reality is God. This means the rejection of the shallow charlatanry of our times. It means separation from the pack of quacks, frauds, charlatans, and swindlers who run the intellectual rackets of this cen-

EACH ONE REACH ONE

As we reflect the critical situation of our country, and how dangerously close we are to losing it to a diabolical, insane enemy, we realize it is primarily because the truth has not been given to the people.

If the truth were known, the American people would rise up as one and destroy the traitors who are subverting every phase of their lives from birth to death.

At this late hour, we make no rash promise to save the world, but we do know that every informed person is a nail in the enemy's coffin.

We must reach more people with the truth! Will you join the crusade by sending us a dollar and ten names of local townfolk to whom we can send samples of **Common Sense**? Like a pebble dropped in a lake, we will never know where the ripple ends — we will never know the good that will result from this effort within the means of everyone. Remember, there is only one straw needed to break the camel's back—it could be yours!

Send us a **DOLLAR** for each **TEN** names. Stamps welcome and appreciated.

We never reveal name of donor, unless specifically requested to do so.

tury. It means the rejection of shallow beliefs designed to pander to the vanities of your own social, racial, or economic group. It means that you must make a ruthless personal quest for Truth. During the last one hundred years, the Church has not been engaged in a ruthless quest for the real Truth of our times; it has been engaged in a search for comfortable mediocrities, for acceptable platitudes, for soothing syrup and pabulum, for explanations of life acceptable to Pontius Pilate. The Truth about our times was not best told by Clergymen. It was done better by Oswald Spengler. To meet Oswald Spengler was to meet the Truth of the times face to face.

Professor Oliver once gently urged American Conservatives to face some of these Realities, to begin a program of political action based upon real possibilities rather than aimless, undisciplined desires. When I speak personally to the typical American Conservative, I am less gentle than Professor Oliver. I am likely to say, "You stupid dolt! You will either face these realities, or else you will be destroyed; indeed, you will richly and fully deserve to be destroyed. If you turn your face backward toward old Sodom, you will be destroyed along with the Cities of the Plain, and serve you right, too!"

Professor Oliver may be right and I may be wrong. There is little profit in billingsgate or acrimony. Man has failed to solve his problems simply because Man is Man, because of his innate limitations. The important thing is to understand that there is little reality in the stylized and glibly formulated controversies of our times, such as, for example, the controversies between "Right" and "Left," which are not genuine contests, but merely a discredited method of opinion-management.

The religious crisis is a reflection of the secular crisis. The Church has become involved in a crisis because it is involved with us, with Western Man. The troubles of the Church are the troubles of the Western World.

One of the chief characteristics of our times is the almost universal rejection of Reality; that is to say, rejection of God. The contemporary world has a marked preference for quacks. It is my opinion, and the opinion of many competent scholars who say little about it publicly, that the world is headed for a major disaster. It will be proven again, quite painfully, that Reality is God, that Reality is Eternal, that Reality is inescapable; and that Reality cannot be thwarted by a pack of Freudian-Marxian quacks. Those who seek to rule the world by charlatanry and fraud now seem to have the upper hand; but their destruction is inevitable, because they have rejected Reality and have deviated from the ways of Life, or, in Biblical language, "Because they have not believed in the Name of the only begotten Son of God."

The strident charlatanry which dominates our times is a powerful force of destruction,

WHOSE UNCLE TOM?

By FRED FARREL

A smart young Negro can make good money "Toming" these days.

"Toming" is the Negro term for fawning subservience to white men. It is possible for a young Negro to have the best of it both ways, if he plays it cool. He can be quite the "militant" and at the same time reap the profits of "Toming." Most of these "Militant" Negro movements exist only because they are backed by rascal white men. The "Militant" Negro can act the hell of a fellow. He can prance and snort and appear very "Revolutionary." Secretly, of course, he must take orders from the low-down kind of white men who back these fraudulent "Revolutionary" movements. He is still "Toming" in secret, but publicly he can appear as a big, bold, slashing rebel. If he wants to keep getting money, he has to do exactly what the white men in the background want him to do. The white overlords of the so-called "Negro Revolution" are much like the old-time slave traders. When they buy a Negro, they want him to stay bought.

Not all Negro organizations have this defect. We are unable to fault the Black Muslims on this ground. The Muslims have their faults, but public militancy as a mask for secret "Toming" does not seem to be among them. The Black Muslim movement appears to be a genuinely indigenous Negro movement. Likewise, the "Back to Africa" movement of Marcus Garvey represented a spontaneous Negro movement. Garvey collected ten million dollars and the enmity of the white Establishment, which did not want to see its supply of cheap Negro labor running away to Africa.

What would constitute real justice for the American Negro? Frankly, we don't know. This subject would require considerable exploration. Up to now, there has been so little good faith or good will put into the matter, that contemporary thinking on the subject must be written off as largely worthless. The so-called "Negro Revolution" is merely the modern form of "Toming." When we think of a "Tom" these days, we think of Eldridge Cleaver, the Black Panther leader. Cleaver may fool some people with his "Revolutionary" pose; to us, he is just a "Tom" for the shady financial backers of the New Left, who are all white men. The so-called "Negro Revolution" creates a small class of "Glamor Negroes" who are enriched. It does very little for the mass of ordinary Negroes.

The American Negro is still "Toming."

Often he is "Toming" for the Jews. The Jew dreams of mixing the races by intermarriage. The Jews have made themselves perfectly clear on this subject. The Jewish magazine COMMENTARY has stated editorially that intermarriage is the only solution for the racial problem. LOOK Magazine touts interracial marriage. In any big library you can find two-dozen books by Jewish writers touting racial intermarriage. People ask anxiously, "IS THE WHITE RACE DOOMED?" It might well be, if Jews had their way.

Will the Jews have their way?

The Jews enjoy a totally unjustified reputation as "Supermen." In Europe the Jews did achieve a certain brilliance; they bathed in the reflected glory of a really great civilization. The American Jews are stupid, incompetent, and corrupt. Their only real asset is a certain low-grade commercial acumen, and this itself is the infallible mark of a burned-out culture. Oswald Spengler's description of the Jews as "Fellaheen" is entirely accurate. The Jew is a burned-out case. His commercial sagacity earns him a great reputation in our highly-commercialized American Society. The American Jew is really a second-rate thing even of his own burned-out kind. Those of us who have traveled have noticed that there are no Jews in Bombay. Why? Because the Parsees are in Bombay. The Parsees, like the Jews, are "Fellaheen," the cold slag-heap left behind by an old Culture whose fires have burned out. Commercial acumen is second nature to this type, but there is not much else to them. The Parsees are a high-class thing of this sterile kind. A Jew could not make a living in a city full of Parsees, and that is why there are no Jews in Bombay. Likewise, Jews are scarce

in Singapore. The Chinese millionaires of Singapore would laugh at the commercial talents of the Jew. Our venal American Bourgeois admires the money-grabbing talents of the American Jew; they call the Jews "Great Achievers." Apparently it takes very little in the way of character or intelligence to become a "Great Achiever" in America. Ralph McGill, editor of the ATLANTA CONSTITUTION, often praised the "Achievers." Disgruntled Georgians called him "Red Ralph" or "Rastus McGill." We are chiefly impressed by the mediocre standards McGill used in measuring "Achievement."

"The Jew" may be a big deal to some people. In fact, modern Judaism is in the last stages of disintegration. Many of "The Jews" are not really Jews at all, but "Judaized Gentiles." We are beginning to wonder who is really running the Jewish show in America today. Could Judaism survive without the "Judaized Gentiles?" Can it survive with them? You don't have to take our word in these matters. On the 125th anniversary of the founding of B'nai B'rith, its president, William A. Wexler, discussed these problems in some detail. He said that the Jewish community must engage in a dialogue with its most "contentious faction, its youth." The mass of Jews are drifting away from Judaism. Quite a lot of them are just plain tired of being Jews. It is not merely that large numbers of young Jews quit the synagogue; religion has died in the synagogue itself. Judaism is largely a secular association today, a collection of "interests." Some of the leading "Jews" have good old English names. Indeed, we wonder if Jews are not "Toming" for the real bosses, the Judaized Gentiles.

The Jew surrounds himself with "Judaized Gentiles" and expects them to serve Jewish purposes. These Judaized Goyim have not been loyal to their own race. Why should the Jew expect that they will be loyal to him? Does the Jew think they are mesmerized by the excellence of Jewish thought? Apparently the Jew does believe just that. He is being foolish. His worst enemies in the end will be the Judaized Goyim. They took up with the Jew from the most utterly base motives in the first place. They sold out their own race to the Jews. At the first opportunity, they will also sell out the Jew. What powerful motives impel them to any loyalty to the Jews? These matters have already been tested all the way to the bitter end in Germany. Germany was a good test lab. It was the most advanced nation in the world. It had all of the problems of the modern world. Some of our readers seem to think of Germany as a naturally anti-Semitic nation. Actually, Germany was the one place in all of Europe where the Jews flowered best. Frankfurt was the great center of Jewish banking. Berlin was the old original headquarters of Zionism. The Jews controlled the press and the currency in Germany. Through their control of the Marxist parties they dominated the political life of the nation. Actually, they ruled Germany through an alliance with Judaized Gentiles, just as they rule America today. And what happened? The Judaized Gentiles, who were supposedly mesmerized into perpet-

ual subservience to Jewish purposes, finally showed up wearing brown shirts with Swastika armbands. Auschwitz was the natural consequence of an alliance between Jews and Judaized Gentiles. Why should the Jew expect these people to be loyal to him? Have they not demonstrated their total incapacity for loyalty of any kind? The rich WASPS of America, who run around parroting a few words of trick Yiddish, and whose publishing houses publish only Jewish novels, do not love the Jews. They merely grab and use Jewish ideas, which they consider expendable. Indeed, they consider the Jew himself expendable. In the end, they will waste the Jews carelessly and callously.

These same people are also the backers of the fraudulent "Negro" movements. The real fact about "Revolution" in this country is that we have a ruling elite which believes in "Revolution" as a method of social management. The quack anti-Communists gallop around the country "alerting" people against a revolution which is alleged to come from "Red Russia." It does not come from "Red Russia" or from the ranks of Negroes, students, or workers. The "Revolution" which racks America is made by a corrupt ruling elite which manipulates Revolutionary propaganda as social dynamism. The "Revolution" and the "Established Order" are one and the same. Capitalism secretly backs and manipulates Communism. If we look behind the scenes in any of these "Revolutionary" movements, we always find the money of the super-Capitalists. These people, who often manipulate both Jews and Negroes, are mainly impeccably pure Anglo-Saxons. The Jew holds no secrets from them. Indeed, they have surpassed the Jew at his own typical rackets. Like the Parsees of Bombay, they can "Out-Jew" the Jews. The intellectual basis of the corrupt and rotten system under which we are ruled today is Jewish; the questions is: Do Jews still control it? The worst "Jews" today have good old English names. They have sold the integrity and legitimacy of our civilization down the river long ago.

So where is the American Negro? He is still "Toming" for rich white men. It is only the FASHIONS in "Toming" which have changed. The fashion now is to be "Revolutionary," in other words, totally subservient to the rascal white men who are the financial backers of the New Left. For the matter of that, a lot of people besides Negroes are "Toming." Take some of the fraudulent "anti-Communists" for example. They talk a good game of "patriotism," but their real aim is to cover up the fact that the "Revolution" and the "Established Order" really work hand-in-glove to dominate us with fraudulent propaganda and cynical, unprincipled "managerial" methods.

Today we are far out on a Darkling Plain. We can never save ourselves by "electing" to public office some so-called "Great Conservative." Most of the power in this country today is held by people who never have to stand for election. The democratic process has long since been devastated.

What are we doing about it? We are all "Toming."

We WASPS have our faults. We can be notorious race-haters. The race which we WASP sophisticates hate most of all is the race of rich WASPS, who sold us out to the Jews, and who are now preparing to sell out the Jews. Given the high rate of apostasy among "real" Jews and the high rate of conversion of the rich WASPS to a spurious, counterfeit form of "Jewishness," the day may come when the "Jews" will be nearly all Goyim. If these rich WASPS can find a nephew of Heinrich Himmler, they will be certain to put him in charge of the Jews. If you are a Jew today, there just isn't much sense in getting up in the morning; you might as well stay in bed. A lot of smart young Jews see this and hit upon the happy solution: quit being a Jew. Today it is a close rat-race as to whether Judaism or Christianity is collapsing the faster. The whore-mongered Clergy of both are doing their bit to bring the return of Paganism. We are constantly being told that the Jews control the press, they control the currency, or they control Communism. So what? This may merely result in the collapse of the press, (Continued on Page 4, Column 2)

Crisis in the Catholic Church

(Continued from Page 2, Column 3)

and we need not be surprised when spiritual nihilism and destruction are translated into destruction in the world of facts. Those who are concerned about Reality are a small minority in the world today, but Reality remains the most powerful force in the Universe. Reality is the force which confounds the quacks and charlatans of all the Ages, because Reality is God. Reality is the Word; "In the beginning was the Word, and the Word was with God, and the Word was God." The present-day world has rejected its orientation toward Reality; this is to say that it has rejected sanity; thus it has rejected the possibility of a constructive solution to its problems.

We have come to a time of violent interplay between Fantasy and Reality. If you would like to live in an orderly and respectable world, you simply have been born into the wrong time. This is the key to Jewish hatred of the Germans: The Jew stands for Fantasy, for the fraudulence of the Marxian-Freudian dream-world; German intellect stood for Reality. Jew and German were thus absolutely irreconcilable. The German mind sought to renew its vital link with Reality; the Jew sought to promote unreal Fantasy as a mask for the Jewish drive to power. The German mind, awakening from the doped sleep-walking inducted by Jew-Marxism, rejected not only Marxism, but also Anti-Marxism; it rejected any reference to Marxism as a key to its way of thinking. It rejected not only the Left, but also the whole "Right-Left" way of thinking. The Jew does not care if you are on the "Right" or the "Left." The Jew can manipulate you as long as you stay within the "Left-Right Orbit." But when Germany escaped from this contrived mental cage, then world Jewry declared war on Germany. The Germans were Goyim who had escaped from Jewish intellectual control. Therefore, they had to be destroyed.

Germany was defeated in World War II. Nevertheless, the Realities which Oswald Spengler described in such chill, bleak, perfect prose go marching on. Reality is incapable.

What, as a Catholic, do I think that the Church should have done, which it did not do? It should have done what Spengler did. It should have led us to an escape from the mental cage of falsity in which we have lived in this century. But to say that the Church "should" have done this is a purely theoretical proposition. It may simply have been beyond the competence of the personnel of the Church. Aside from that, the Catholic masses might not have followed such a lead. We must accept the innate limitations of Mankind. Man cannot always rise at will to the ultimate peaks of greatness which circumstances demand. The crisis in the Church should not be seen as merely the consequence of Clerical Rascality or dereliction of duty; it is OUR crisis, a crisis caused by our limitations, our narrow but natural preoccupation with the concerns of our own lives and our own immediate surroundings and circumstances.

Back in 1919, Oswald Spengler published the real truth about Marxism in a book which shook the foundations of "Jewish Intellectual Supremacy" in Europe.

Communists DID fear the German intellectuals who turned the bright searchlight of real Truth upon the falsity and charlatanism of the "Left-Right Game."

The great power of Truth is that it is True, whether anybody believes it or not. It operates inexorably, and when men set themselves against it, it destroys them.

The Catholic Church has moved dream-like and unreal through the last one hundred years. We are human, all too human. Jansenism deprived the Church of the ability to teach a sound sex morality to set against the moral debacle of our times. "Anti-Communism" seemed to give the Church a strong "Conservative" stance. In fact, Catholic scholarship of the last one hundred years never really penetrated deeply into the real meaning of the Marxist fraud. That was left for a secular scholar like Oswald Spengler. "Good, safe mediocrity" has been

the rule in the Church in recent times. Mediocrity is never really good nor safe. The dangers of shallowness are now painfully obvious. The Church is going to suffer severe reverses and losses. The Church will learn the meaning of Oswald Spengler's statement: "Optimism is cowardice."

The crisis in the Catholic Church is OUR Crisis. It arises from OUR human frailties. In spite of the crisis in the Church, religious faith is now more important than ever, because it provides the vital link with Reality. Without this link there cannot be even an elementary sanity, there cannot be a high-enough level of human consciousness to enable Man to carry on his organized activities. Human consciousness is the real target of the destroyers of our times. They seek above all else to destroy our comprehension of Reality. Let us not forget that Reality is God; that the Word was in the beginning; that the Word is Eternal. Today the Word stands, as when Christ stood before Pontius Pilate, in utterly implacable hostility toward the quacks, frauds, charlatans, and swindlers who dominate the intellectual and political life of our time. We can never really please Pontius Pilate; perhaps this is a pity, because Pontius Pilate was a jolly good fellow, as opportunistic as a Boston alderman, and thoroughly sensitive to good public relations. Pontius Pilate would make a good Church member today. Everybody would like him, because he would always have exactly the right opinions on all subjects. The trouble with Pontius Pilate was that he was the child of TIME, and was mortal. The Pagan god Chronos devours his children. Pontius Pilate was always selling out the future for the present, selling the future short. The trouble with Pontius Pilate was that he did not understand the Kingdom Which Is Not of This World.

WHOSE UNCLE TOM?

(Continued from Page 3, Column 3)

the collapse of the currency, or the collapse of Communism. The Jew relies heavily upon a journalistic culture, upon the manipulation of opinion. Mere "opinion" does not make history. History is made by the blind, monolithic Eternal Verities, which are always true and always operate inexorably, whether anyone believes in them or not. This was the exciting thing about Germany in the 1930's. They faced the eternal truths. They rejected the shallow "Left-Right" way of thinking in its entirety. The "Uncle Toms" of America, both black and white, do not rebel against this kind of charlatanism. They just mumble "Yessuh, Boss!" and fall in line on either the Left or the Right, as they are told.

The Negroes now have been brought into the "Left-Right" system. Their loyalties are whoremongered in the same manner as the loyalties of the whites. "Great Leaders" appear and cavort. Some "gains" are made. The whole process tends to build the power of the demonstrably corrupt and incompetent "Elite" which pulls the strings to manipulate the puppets of both the Left and the Right. The intellectual system which is the basis of this charlatanism is of Jewish origin, but this fact does not guarantee the Jews any secure occupancy of the seats of power. More likely, it will merely make bad trouble for everybody, the Jews included. There are many competent scholars who are firmly convinced that we face a total collapse of world order, and they may well be right. Nobody can build a workable power system from the intellectual junkyard which our society has become today.

The Minutemen Need Your Help

While the most brazen and dangerous Black Power criminals roam the country free as birds not only making a mockery of our courts, but actually aided by the "government" in their Black Power revolution, the so-called Government of the United States trains its heaviest sleuthing guns on the MINUTEMEN.

Robert DePugh, national co-ordinator of the Minutemen and Walter Peyson, his

ROBERT DePUGH

lieutenant, having eluded an FBI dragnet for over a year, largely with the assistance of sympathetic local police throughout the country, were arrested in New Mexico early in July. They were charged with conspiring to rob four banks in Seattle, Washington and to blow up a power plant at nearby Redmond as a diversionary tactic. As for the alleged conspiracy to rob banks, DePugh said: "For me to be accused of robbing a bank is like accusing Santa Claus of robbing kids at Christmas."

We believe today's patriotic Minutemen are every bit as sincere and dedicated as the Minutemen who gave birth to a free America nearly two hundred years ago. Just as freedom could not have been won in 1776 without resorting to arms, neither can the United States of America be saved from disaster today unless physical force is used to save it.

If the United States Government had worked as hard AGAINST communism as it has against the TRULY anti-communist Minutemen, there would be no fighting in the streets and the war in Vietnam would be over. The year and a half that Bob DePugh has been underground has given the people time to realize how right he has been in predicting what is happening to this country. They see their sons killed in a no-win war, their children defiled by filth in the schools, rioting and destruction on the streets.

Robert DePugh and Walter Peyson rate a fair and impartial trial. The need of the hour is funds for their defense. They will need attorneys, and this with other costs, will require money. We ask our readers to help by sending their contributions and encouragement direct to the parents of Bob DePugh: Mr. and Mrs. Ralph DePugh, 1127 W. College, Independence, Missouri 64050.

ZIONIST DAGGER AIMED AT HEART OF SOUTH

KILLING THE MOCKINGBIRD

Southerners Justly Concerned Over Current Integration Efforts of Zionists to Break Back Of South and Bring About Civil War Through Reign of Black Terror, Anarchy and Chaos

By CARL LYONS

Nature has equipped the animal kingdom with protective devices against hostile intruders. Thus the song of the mockingbird is carefully designed to draw away the predatory animal from the nest of its young. The killing of the mockingbird would leave the defenseless young to the vulture, a rapacious bird of prey. KILLING THE MOCKINGBIRD is the current phraseology, applied by the Southern Bible belt to alien efforts to reduce the anti-communist frontier. KILLING THE MOCKINGBIRD describes the efforts of hostile factions, by integration, to destroy the greatness of white society in the South.

The Integration Plan As Interpreted By the Southerners

When piecing together the jigsaw plan for busing southern students, closing many negro schools to force integration, and the consolidation of the faculty in six Southern states, one is conscious of a strange and insidious omen. A careful deciphering of the plan reveals conditions of punitive action that could only have been motivated by criminal intent. In truth, the South can only view it as a criminal assault by intoxicated ascetics, motivated by such a loathing hatred and contempt for the South that it should meet with immediate condemnation and rejection by normal thinkers anywhere in this great nation.

Set forth in our Constitution is the proposition that "every system of law rests on a corresponding system of ethics that directs its course." Therefore, many persons in the United States today wonder if the state of flux, precipitated by the so-called "lawful" unethical attempt to effect integration, will continue to divide this nation, the Constitution to the contrary notwithstanding. And what will be the attitude, the discipline, and the compassion of the future when the meaningless repetitions, the blameworthy situations wrecking the concept of organic law, and the practicality of the law, run their course?

Statute Law Only Should Apply

The system of determinate or dejure segregation, dubbed "THE JIM CROW LAW", was declared null and void under the 1964 Civil Rights Act. Therefore, all cases that come under the jurisdiction of the law, whether at the local, state or federal level, should be examined under STATUTE LAW, not according to the assumed interpretations fixed in the guidelines of an agency whose personnel roster consists principally of named persons out of harmony with basic principles of the Constitution and whose proven record is alien to the South.

The law, which is merely a pretense, altering the basic philosophies and calling for reassessment of the lines of ethnic, religious, economic, racial and cultural interchange,

was created and imposed upon a White Society by a body of liberals to reshape the entire structure of this nation. KILLING THE MOCKINGBIRD suggests the killing of the South by a series of prohibitions: curtail freedom of speech to debate freely the aspect of the present injustice; render inarticulate the cultural traditions of antebellum ancestry; deprive of land tenure; and stifle the sophistry of impotence in the Congressional Voices who oppose liberals.

Our "Minority Controlled" Government

The existing American government is "minority controlled" with Christians playing minor roles. The primary and secondary positions are held by the Cohens, Reubins, etc. The book POLITICAL PARTICIPA-

TION, issued by the United States Commission on Civil Rights, tabulates the names of Howard A. Glickstein as General Counsel, and David Reubin as Deputy General Counsel. A few of the professional staff are: Paul S. Adler, Sophie Eilpern, Vernon S. Gill, Roger Lowenstein, Richard T. Seymour, and Sophie Wenkert. The Nixon Administration has added the Negro barnstormer and revolutionary James Farmer.

The trends are obvious in the study of the examination, with the intent to develop an area as the Black Republic in the Deep South. The magnitude of the onslaught involves a variety of ways. The drive to uproot the White man in the Deep South aims (Continued on Page 2, Column 1)

An exact copy of a map from the secret files of the Communist Party. The blacked-in 120,000 square mile area, represents what the Communists hope some day, will be the Negro Communist Republic. A Jackson, Mich., newspaper article, April 1968, proves that this is not just an idle dream of Negroes and their Marxist masters. It states that, at a convention of the "Black Republic of New Africa" held in Pontiac, Mich., a "declaration of independence" was signed by fifty Negroes who thus resigned their citizenship in the U.S. according to their announcement. Robert Williams, violent revolutionary was elected "president;" Milton Henry, Pontiac lawyer, "V.P.;" Charles P. Howard, "Minister of State and Foreign Affairs." Howland appointed a "representative" to meet with Dean Rusk to demand the five states of South Carolina, Georgia, Alabama, Mississippi and Louisiana, along with "billions of dollars" in reparations, to form the "Black Republic of New Africa."

KILLING THE MOCKINGBIRD

(Continued from Page 1, Column 3)

to drive him from his moorings where the coveted volume of rich natural resources lies in abundance. Pressures in punitive action reverberate as the bureaucratic controls, fractious racial relations and the unquenched violence in a disarranged school policy, lead to armaments and ordinances unthinkable in a sane society. The "How" and the "Why" is understandable in the review, as the Black Society replaces the White educator in the newly formed welfare system of labor subsidy and job training program with unqualified replacements irrespective of their incapacities. It is all the part of an outreaching to give the revolutionary element a fixed income.

Announcements in the daily press about the federal government's plan to train negroes for the contracting business was subsequently followed by the "pull back" of two billion dollars in the federal housing program. Curiously and speculatively, we see this program reinstated with the contracts going to the black contractors. Demonstrations by the dissenting marchers on the building trade associations were mere window-dressing, and sham shadow-boxing, to add impetus to reason and the final consummation.

The strands of idealism and realism by government for minorities obscures our vision when, because of our preoccupation with day-to-day difficulties, we miss the tide of events and fail to grasp their full import. Elementary analysis discloses the Jewish affront arising from the insinuation that America is the "promised land" and the fact that the Babylonian Talmud prevails over the Christian Bible in all dialectical argument.

An obvious example is expressed in Baron and Blau's book on Judaism, calibrated in parallel with guidelines on education by HEW. Quoting from page 183: "Rab said to R. Samuel b Shilath, 'Before the age of six do not accept pupils; from that age you accept them, and stuff them with Torah like an ox.' Rab also said to R. Samuel b. Shilath, 'When you punish a pupil, only hit him with a shoe latchet. The attentive one will read (of himself) and if one is unattentive, put him next to the diligent one.'" In another phrase: "Rab said: 'Under the ordinance of Joshua ben Gamala, children are not sent (every day to school) from one town to another, but they can be compelled to go from one synagogue to another (in the same town). If, however there is a river in between, we cannot compel them. But if again there is a bridge, we can compel them — not, however, if it is merely a plank.'"

The shift in American policies is well observed in the following quote from JUDAISM on page 183: "Rab further said: 'If there are two teachers of whom one gets on fast but with mistakes, we appoint the one who gets on fast and makes mistakes, since the mistakes correct themselves in time.'" Note the ideological contrast between Talmudic lore and the Gospels of Jesus Christ. From these differences flow the suffering from a degree of diffidence and uncertainty in the graphic upheavals, by controversy.

Communist Planned Black Republic

Revamping educational policies in six southern states with stringent measure is direct alignment with the Communist plan to create the Black Republic. Busing, integrated faculty, create the friction to precipitate an exodus of the White educator. It is a war of displacement. Each post vacated by the White Society adds impetus to the Black Republic's expectancy. The aim is to foster corruption by scaling down federal monies for education in the South. Alabama's Senator John Sparkman in a recent newsletter states: "Public law No. 874 authorizes federally allotted money for Alabama's fiscal 1970 school program at \$12,129,000. Despite a clear indication from Congress of the program's importance, the Nixon Administration has asked Congress to appropriate only \$2,362,000, which is nearly ten million less than the law authorizes. . ."

BIRDS OF A FEATHER

Wilbur Cohen, Zionist, a mere labor economist without professional training, creator of the Social Security swindle, backed mainly by organized labor, social workers and politicians. It was Cohen who pioneered the idea of a Health, Education and Welfare program for America thirty years ago. He has been the behind-the-scenes czar ever since and has been responsible more than anyone else for the scandalous activities of this Marxist agency which directs the mongrelization plot.

Arthur F. Burns, former chairman of Ike's Economic Advisers, present top economic adviser to Nixon. Both Burns and his wife graduated from the infamous London School of Economics. In 1932 he wrote the booklet "Socialist Planning and a Socialist Program." Burns drafted Nixon's proposal on Wage Subsidy and Child Welfare Centers. It is believed this alien Jew takes part in almost all decisions the President makes. Kissinger directs foreign operations; Burns runs the domestic show. Between them they run the Executive branch for Nixon.

H. E. W.

The Department of Health, Education and Welfare is a bureaucratic device designed to strangle this nation by unlimited restraint and domination. Created by Harry Truman, in 1946 the chairmanship for the Commission on Higher Education went to George F. Zook, with a total of thirty members composed of Jews and Judaized Gentiles reading like a roster from Moscow in the relevancy of their past performance. Among them were Rabbi Stephen S. Wise, Mrs. Eugene Agnes Meyer, Bishop Bromley Oxnam, O. C. Carmichael, F. D. Patterson formerly of the Tuskegee Institute, Sarah G. Blanding of Vassar College. Research on the list disclosed twenty-one with citations of liberal escapades and affiliations in subversive movements. Each followed the hard core line to promote a comprehensive education on world citizenship by changing old ideas about national sovereignty, isolationism, the economic pattern, and stressing that competition was an abrasive to the tranquility of mankind.

There is no valid justification for Robert Finch's dogmatism in the identifying collaboration between Jewish supervision over HEW, the Negro community, and the recorded statements in the 1953 Budget of the American Jewish Committee which is the working arm of the B'nai B'rith and the Anti-Defamation League. From page 13, we read: — "Local Jewish Community Relations Councils and comparable organizations, all of which are alert to local, state and federal civil rights problems, bring their problems to us for advice, guidance and expert assistance. Needs are presented by organizations such as NAACP on a national level . . . the same is true with our relationship with the ACLU."

From the same document comes the statement: "The status of Jews is more secure in most civil and political rights areas than that of some other groups, especially Negroes. But so long as a successful threat is made to the rights of Negroes, the rights of Jews are riskfully in balance. Accordingly, a large proportion of our work has been directed toward securing greater equalization for such other groups, rather than for ourselves . . . once a constitutional test case is begun, we may be constrained to devote efforts to see it through to a successful conclusion. To a certain limited extent, we have a role in shaping these events; we do so through our chapters and with other organizations."

Taken from the "Jewish Chronicle" out of Boston is added testimony of the Jewish aspiration and revolutionary intent: "The American revolution has not been completely won. Jews know from a long experience that it takes many years to fulfill the term of the Covenant. We are now at that point

in American history where this dream must be fulfilled and where we, as a holy people, must participate in realization of its purpose."

Concurrent with this writing a Miami Beach, Florida, Associated Press release (9/30/69) under the heading SCHOOL RIOTS BELIEVED PLOT AGAINST U.S. states: "A campus police chief says student uprisings are being masterminded by off-campus revolutionaries who hope to take over the United States." Left out of the statement is the identity of WHO are the revolutionaries. The above statement is an example of the brain-twisting by masterminds of the mass media who masquerade behind fictitious names, such as Hyman Young, the former Attorney General of Delaware, whose real name was Yonovich. A special advisor to President Nixon is Arthur E. Burns whose real name is Bernstein. A contemporary advisor on foreign affairs is Henry Kissinger who heads a battery of thirty persons of exclusive selectivity to meet the demands of the Kissinger viewpoint.

Age-Old Background of Jewish Plot

The component parts historically related to the Jewish conspiracy are fixed. Imbued with the spirit of the Babylonian Talmud and the metaphorical tripe of the "Chosen People", an international banking system was framed by Meyer Amschel Rothschild, who passed his adroit maneuvering, after finessing a fortune from William of Hesse of Germany, down the dynasty threshold to succeeding Rothschilds in England and France, the Mitsuis of Japan, the Gingsbergs of Russia, the Warburgs of Germany and the Rockefellers, Schiffs, Baruchs, the Weinbergs and others of the United States cabal. Economics, their ace in the hole, plays the essential role in the conspiracy with merciless financial strangulation. Revolutions are purely wedges in the social and political change, but economics is the solitary control. Thus, with BANKING the chief occupation, wars became the chief medium for graft, exploitations, and punitive action, with an overall intent of extracting compounded interest on "thirty pieces of silver" paid a traitor for an act of decide nearly two thousand years ago.

In less than seven years, the United States would normally celebrate its 200th anniversary as a nation. But what is calculated for July 4, 1976 is beyond the grasp of the average citizen. The patriotic organization, THE AMERICAN FLAG COMMITTEE reports: "At Independence Mall, Philadelphia, a quarter million communists propose to sing 'we have overcome', declaring this nation fully integrated with the Soviet bloc of world communism."

In the passing parade of admixtures, valid deductions from acceptable premises are in contradiction to common reasoning. To validate argument in the foregoing, defining the term cabal and cabala from the Webster's Seventh New Collegiate Dictionary is a requirement to justify the fact: CABAL: "A number of persons secretly united to bring about an overturn or usurpation esp, in public affairs. 2. the artifices and intrigues of such a group. . ." The term CABALA: "The medieval and modern system of Jewish theosophy, mysticism and thaumaturgy marked by belief in creation through emanation and a cipher method of interpreting Scripture. 2. — a traditional, esoteric, occult, or secret matter. — b: esoteric doctrine or mysterious art."

Included in the consequence of history are the ingredients of cabalism. In a capsule view, the years "76" have a direct correlation of events in each decade, beginning with 1776 as the birthdate of this nation. In this event, the House of Rothschild lost control of America. Following the American Revolution, the Jews laid plans to seize control within the next one hundred years, the date of 1876.

Toward this end, Jews carefully laid the groundwork for the Civil War. The fires of revulsion against slavery, fanned by the Zionists, created the spirit of "abolition" by the North and concurrently, Judah P. Benjamin promoted a resistance against the abolitionist.

(Continued on Page 3, Column 1)

KILLING THE MOCKINGBIRD

(Continued from Page 2, Column 3)

Directed by the House of Rothschild, Napoleon III sent 18,000 Hessian mercenary professional soldiers to Maximilian in Mexico to assist the South. In a counter-measure, the Tzar of Russia dispatched ships with troops and supplies to the ports of New York and San Francisco, inviting President Lincoln to draw for his usage when needed. The staying hand was the Tzar's threat to invade France and chastise England. The Rothschilds had planned a surprise coup to re-colonize the North under Canada, and the South as a colony under Mexico, the booty of Texas and Louisiana going to Mexico for their part in dividing the spoils.

Spurning Jewish usury, Lincoln printed 450 million dollars known as the "Greenbacks." The Jewish power in Congress and the lobby cartels brought legislation to bear by disfranchising the use of the Greenbacks as legal tender on taxes, interest on debt and bonds, and imports — resulting in the collapse of par value to 30 per cent. Purchased by the Rothschilds, they were used to buy U.S. Bonds at a later date in their full value of 100 per cent. Lincoln's attempt to reveal these truths, and the threat to the dynasty, conjured his death. Judah Benjamin returned to England to receive the title of Lord. The Tzar of Russia received for his people the retaliation of the Jews in the Bolshevik and Communist revolutions of 1905 and 1917.

In the paradoxical Pandora's Box, the first attempt to regain control of the States lost its vision for 1876, but the attainment of the Zionist goal now looms more hopefully than ever for the year of conquest in 1976. Encompassing time and territory the climax appears eminent to the Jew . . . Yet somehow the dark clouds would melt like a vapor, if the Christians of America would go on their knees and say "Oh Lord we realize our human limitations, it is time for YOU to take over." There is a bit of irony in these words in the light of an apostate priesthood and ministry.

Contemporaries of COMMON SENSE press to explore this grave situation by prematurely aborting the timetable of the Jew conspirators. The civil strife of the 19th Century correlates with the civil disobedience of the 20th Century in their corresponding decades. In the mystical stance, in the year 1870, Jews entered Palestine secretly establishing an agricultural school under the magic spell of Mikve-Israel (taken from, Concise Dictionary of Judaism, pg. 124) — Based upon the "colophonic" pattern of Jewish mysticism, 1970 becomes the year, by its necessary span of time, for their god to lead the Jews into victory, concluding the long night of exile, when they will re-establish all the territory once held under the "grant" written in the Old Testament.

For the Jew, there exists the problem of 475 million Moslems in whose veins flows the hatred of more than four thousand years. Coupled with this is the unknown quantity of Arab Christians and allied sympathies in the proximity of the Holy Lands standing as a natural deterrent. In the stepped up cut-backs the Navy is losing 70 ships totalling 70 thousand men. The cut-back in the Air Force is listed at 500,000 flying hours, plus the Army's specifics. The aforementioned by the daily press to change the enlistment service to a voluntary status has shades of the old mercenary professionals whose chief pay was the privilege to loot. One wonders, if the Israelis propose a type of foreign legion to plunder the Arab States for LOOT.

Now is the time for Americans to serve notice on the Executive branch of the government and Congress that it demands immediate action on the long past due re-vamping of ethnic quotas according to the framework of the federal government. Jews claim no more than three and one half per cent of this nation's population; the Negroes approximately ten per cent. A suitable change in ethnic quotas would result in an equitable balance and restore to Christians their proper numerical strength in America.

A Practical Way to Fight Communism

By FRED FARREL

The chief industry of the American "anti-Communists" is charlatanry. Professor Revido P. Oliver observes in his book CONSPIRACY OR DEGENERACY? that there are those who say that there can be no Integrity in any pro-American or anti-Communist movements because the American people cannot bear to face Reality. If this is really so, then we are finished in any case, and it is mere charlatanry to pretend otherwise. American patriotism has degenerated into mere quackery. If perhaps the American anti-Communists wish to redeem themselves, they should immediately adopt a five-point program:

ONE: Face the fact that it is not the business of the "anti-Communist crusader" to fight Russia. If Russia must be fought, then this is a matter for the Joint Chiefs of Staff, not for civilian crusaders. You cannot defeat Russia by sticking pins into a Communist doll, voodoo fashion. There is absolutely nothing which the civilian Crusader can do about Russia.

TWO: Face the fact that New York is the real capitol of world Communism. The October Revolution was organized and financed in New York. For sixty years the U.S.A. has dripped pious "anti-Communist" slogans and has exported revolution around the world. DEMAND THAT YOUR COUNTRY STOP EXPORTING REVOLUTION.

THREE: Stop peddling worthless myths and put some real scholarship and intellectual responsibility behind your activities.

FOUR: Stop playing snide minority politics. Stop trying to make a workable political movement based upon a single-class economic interest. Go out and provide real leadership for THE AMERICAN MAJORITY.

FIVE: Fight the Right-Left System. Do not allow yourself to be relegated to the mere "Right Wing." Once you have been relegated to the "Right Wing," you are automatically in the same business as the "Left Wing." The "Right" and the "Left" are merely opposite sides of the same coin.

The popular mythology of America, created by the prostitute press, holds that "Red Russia" is trying to spread Communism around the world. The fact is that Russia is not engaged in any such activity. If we examine the actual Communist revolutions which have taken place around the world, we see who is responsible for them. They all bear the unmistakable trademark: "MADE IN NEW YORK BY JEWS." EVERY successful Communist Revolution, beginning with the October Revolution in Russia, has been backed by New York. The Chinese Communist Revolution enjoyed a good press in the SATURDAY EVENING POST and THE NEW YORK TIMES. It was backed by the whole Academic Establishment. It was backed by the U.S. State Department. Russia is engaged in a long-term effort to dominate the world by classic military and diplomatic means; this is the exact opposite of a "Communist" policy. The real Headquarters of world Communism are located on American soil. One would think that if the American anti-Communists really mean business, they would attack this Headquarters of Iniquity, which operates on THEIR TAX DOLLARS, through the machinery of THEIR government. It dominates THEIR political parties. Most of the American anti-Communists

howl eagerly enough about "Red Russia." They are strangely reticent about the conspiracy whose headquarters are located in their own largest city, in the capitol of the National Economy, in the cultural and literary capitol of the country. This conspiracy is virtually immune from attacks by the American anti-Communists. We are bound to doubt the courage, honesty, and moral responsibility of "anti-Communists" who are eager to attack Communism when it is 8,000 miles away, but not when it is ensconced in their own largest city. A. K. Chesterton has pointed out in his book THE NEW UNHAPPY LORDS that American policy is in the grip of a strange ambiguity. The Government pretends to fight Communism, while actually supporting it around the world in obedience to the MONEY MAS-TERS of New York.

Now let's take a look at some real anti-Communists.

Let us begin with Josef Stalin. Stalin was a bank robber who once boosted one million rubles from an armored carriage in Tiflis. The Stalinists fought Communism around the world for thirty years. The list of Communist causes, supported by New York and sabotaged by Stalin, is long. We may begin with the murder of Leon Trotsky. Trotsky was a New Yorker, whose wife Sedovia was related to the banking Warburgs. Trotsky was the "Chosen Jew," the front man for the New York conspiracy in Russia. New York bankers were so incensed at the ousting of Trotsky by Stalin that they once planned to incite Germany to war against Russia solely to replace Stalin. Did the Jews back the rise of Hitler? Indeed they did. In the 1920's, the Jews were so incensed at Stalin that they started building up Germany. Germany was the only handy nation which could attack Russia. The plan was to have Germany march into Russia and replace Stalin with a man who would be properly respectful and obedient to the New York bankers. The Jews stopped tearing Germany down and started building Germany up. Reparations were scaled down. Later the Jews were forced to repent bitterly as Germany turned violently anti-Semitic. They did indeed play a large role in the rise of Hitler. The reason was their hatred of Stalin. The feeling was entirely mutual. Stalin was both anti-Semitic and anti-Communist. Moreover, as Secretary General of the Communist Party, he was in a position to do something about it. Diplomatic cognoscenti around the world learned that Stalin could be dealt with. Stalin suppressed Communist revolutions in Italy and Greece in the aftermath of World War II. He tried to suppress the Mao revolution in China. Chiang Kai Shek foolishly trusted CFR and the U.S.A. State Department and was sold out to Communism, just as the people of Vietnam are being sold out to Communism today. Joseph Stalin was an energetic saboteur of World Communism. At the peak of his power, he turned the Communist Parties of the whole world into mere instruments of Russian Nationalism, a profoundly non-Communist, indeed anti-Communist cause.

Let us now move on to Marshal Zhukov, the Russian war hero. One day back in 1953 Marshal Zhukov suddenly moved two divisions of troops into Moscow. He surrounded the notorious Lubkiana Headquarters of the infamous Jewish Secret Police chief Lavrenty P. Beria. Beria was deposed and executed. From that day, Russian policy became Nationalistic instead of Marxist. Russia does not rely upon "revolutionists" to spread her power in the world. Russia relies upon realistic policies which might have been made by Cardinal Richelieu, Talleyrand, or Meternich. Russian policy today is a MILITARY policy, not a Communist policy.

It is the U.S.A. which relies upon Marxist charlatanry. One would think that the American anti-Communists would want to change this ignoble and disastrous policy. In fact, few of them ever say a word about it. It is a TABOO subject. The way to be a suc-

**We Are All Equal ---
Some More Equal Than Others**

"I have been acquainted for a considerable time with the fallacies to be found in arguments of the authors who are believers in racial equality. Based on these, I concluded that a false doctrine, one unjustified by the facts, was being fostered in this country." (American Race Theorists by Mr. Byram Campbell) This equalitarian doctrine has, since World War II, become the sacred court dogma of the "liberal" intelligentsia.

Through the never recessive efforts of Marxists and "social reformers", this Weltanschauung has captured numerous academic chairs of sociology and anthropology in the major universities of the U.S.

From these vantage points the disciples of T. D. Lysenko and G. Myrdal have been engaged in altering the racial views of Aryan intellectuals in this country, through the primary means of propaganda founded on pseudo-scientific speculations and nebulousity.

By far the greatest number of these "social thinkers" are of Jewish racial extraction, and by the fanaticism of their position we must conclude that their aims are anything, but harmless. Through the dispersion of opinionated propaganda, from behind the mask of scientific truth, these equalitarian zealots hope to undermine all ethnocentric attitudes and ideas, held by the unsuspecting student, before the "best minds in the profession" go to work on him, that is.

This can only lead to a racially disorientated, and folk alienated generation of indoctrinated intellectuals, such as we are now starting to experience. Intellectuals whose minds have been turned away from the interests of their race and nation, on the grounds that racial pride is "bigotry" and love of country is "prejudicial chauvinism." While of course, race mixing is an "expression of true democratic feelings."

If the reader does not concur with this frame of mind, and does something about it, he may stand in danger of being anointed an honorary "NAZI" by our "ultra-tolerant" Liberal Establishment.

Where equalitarian agitation finds resistance, mud throwing and name calling become the stock and trade of these "humanitarian" gents. If you should try to point out the errors in their arguments, you are at once an "antisemite", strange. Should you persist in your determination not to submit to these oracles of a "more just social order," your metamorphosis will have become profounder, for now you are a "racist." Or as they claim, if you come from the southern part of the United States, they will truly have a field day in the grand style of "liberal," if we may call it thus, witch hunting. Should you have been born in Germany, as was your writer, then "clearly" you are a "Nazi." Thus follows the "logic of tolerance" as perfected by these "champions of the proletariat."

"The beliefs of our countrymen concerning race have undergone a revolutionary change within the past generation." (Race And Social Revolution, by Mr. Byram Campbell), due to the efforts of Jewish intellectuals and their countless minions.

While Marxist agitators and their fellow travelers are seeking to undermine the foundations of the universities in these United States from without, scores of dedicated equalitarian fanatics are brain-washing a rising generation of American intellectuals, thereby undermining the rudimentary social values of Aryan society from within. One raises his hand against the momentary authority, the other against the very foundations of Aryan civilization. The former is treason, but the latter is by far a more diabolical crime.

As the races are standing at the point of confrontation, with all the signs of a coming race war in the air, a gang of Jewish intellectuals are preaching, with total impunity, a doctrine designed to disarm Aryan Man of his most valuable racial instinct, the will to power, by instilling in him countless guilt complexes. When, in heavens name, will this outrage end? America Awake!

OUR FUTURE SCHOOLS

By JOHN J. SYNON

(Republished from Borger, Texas, News-Herald)

My morning's paper, in a single article, today listed 17 areas across the country that had experienced high school racial disturbances within the past 24 hours. One such disturbance (in Pittsburgh) centered on a bare-breasted female who raced through the halls urging students to leave class.

My evening's paper, this same day, reported high school football games in Richmond (Va.), hitherto played at night, hereafter will be played in the afternoon if at all.

Why? Well, the paper gave the cause, three columns of "incidents" that ranged from aggravated assault to urinating on spectators. And who is doing it? A police officer said it was "99.44 per cent Negroes." One arrest has been made; a white person.

So it goes. Day after depressing day and not a single voice of national authority raised in outraged opposition. None, not a single one.

It isn't something to make light of; hardly. But there is an inescapable similarity between our worsening public school situation and that of a swineherd trying to round up his escaped charges; a ludicrous similarity.

And yet, in Pittsburgh, as in Dallas, as in New York, as in Chicago, as in Richmond, as in Columbia (S.C.), these wild ones will be rounded up and indiscriminately reseated. And classes will go on, check-boarded and policed, spiritually dead, one black shackled to one white, in compliance with The Curse of Warren et al.

More of It

And what of learning?

On May 2, 1965, Dr. Martin Mayer, liberal spokesman for things pedantic, gave us a glimpse of the future. He told us what of learning in the public schools. Writing in The Times on New York's public school system, Dr. Mayer said: "The decline will be fairly precipitous but no one will be able to mark the place where the (public school) system fell over the cliff and became a custodial institution for children who have no future."

Since that was written, four years have passed and what, four years ago, was Dr. Mayer's promise for New York's public schools has become New York's reality.

And what has become the reality of New York is now the promise for the rest of our land; public schools everywhere are rapidly becoming custodial institutions. And no voice of national authority is raised in outraged protest; not a single voice.

Indeed, President "Lyndon B. Nixon" tells us in no uncertain terms that his administration is unwaveringly committed to further racial integration. In effect, to an intensification of today's situation.

Moral Collapse

What a deep and an abiding sadness, the moral collapse of a once-great country. Our children no longer having their "minds stretched in a free and unfettered" atmosphere. Instead, they are being marched against their will, as against the poorly-expressed wishes of their supine parents, out of freedom into something that approaches intellectual bondage.

What's to come of our public school systems? I put the question to the man I take to be the greatest living authority on the subject: Dr. Henry E. Garrett, Professor Emeritus of Psychology, Columbia University, and Past President of The American Psychological Association.

Dr. Garrett said, "The public schools have no future."

What then, the final question comes, of the future of their product?

Dr. Mayer answered that in 1965.

WHAT IS THE ANSWER ?

Q: Dr. Garrett, I have a fairly good idea

of the effects of classroom integration on white children. But what of the blacks? How does it help them? I mean, actually?

A: Classroom racial integration does not benefit black children. It injures them. The evidence that it does is overwhelming (Evers vs. Jackson School District, 232 Fed. Supp. 241. S.D. Miss 1964). The brighter Negro children find themselves less advanced in class and stripped of leadership. The less able, being unable to compete, grow disillusioned. Many become bitter.

A PRACTICAL WAY

cessful "anti-Communist" in America is to be a quack. Peddle forever the same old stale myths, the same old pleasant lies which tickle the itching ears of the provincial bourgeoisie and please the Establishment in New York. Stay away from Truth and Reality.

Reality is rapidly overtaking this kind of charlatanry. We can no longer command respect in the world if we piously mouth "anti-Communist" slogans and at the same time secretly support Marxism around the world. Diplomatic cognoscenti no longer believe that the U.S.A. will protect them against Communism. They go to Moscow and get the best deal they can. It is high time, and past time, to reverse the "curious ambiguity" of American policy. How many anti-Communists are demanding such a reversal? The silence is deafening. The time has come, and maybe gone, for the American anti-Communists to get real or get out.

We have recently received a limited number of copies of the historic masterpiece "I Testify." This contains a detailed account of the infamous New Deal Sedition trial and the incredible injustice and persecution inflicted on the defendants, 20 patriotic Americans, guilty only of opposing Roosevelt treason in WWII, the author himself being one of the "seditionists." After five years and ten days of harassment, all charges were dropped. Unfortunately 40 copies of this valuable book, now out of print, is not enough to go around. Since it would not be fair to accept orders on a "first come, first served" basis, we have set up a system of our own whereby readers in California will have the same opportunity as those in New Jersey. This book contains 297 pages of documented research. Books are in good condition but the covers are mildewed. \$3.00 each, limited in any event to one copy to a subscriber. WORLD OIL AND ANTI-SEMITISM

By FRED FARREL

American Jews soon will have something more serious to worry about than "that notorious hate sheet, COMMON SENSE." Some of the former allies of the Jews are turning anti-Semitic. Some people who, only a few years ago, were talking about "those wonderful, loveable Jews" are now muttering about "those blankety-blank Kikes." It was easy for the Rockefellers to love the Jews, as long as they hoped to use Zionism to help them dominate world oil markets. The Rockefellers and other oil men have been playing Jewish politics for a long time. Today the game is entirely soured. Untold billions of dollars are being lost. The big American oil companies stand to lose their dominant position in world oil markets. You won't read much about this in the daily press, but it is a matter of staggering importance. It will make J. Paul Getty want to scratch under his armpits. It will set the Jew-loving Rockefellers muttering about "Kikes." Motorists who pull into a filling station in Hong Kong or Manila in the future may find that the sign on the pump will say "Amtorg" instead of "Caltex" or "Esso." Ships like the SOVAC ALADDIN and the TEXACO OSLO will no longer ply the trade route from the Persian Gulf to the U.S.A. Jackie's husband, Ari Onassis, sees the way the wind is blowing. He is already playing footsy with the Russians, dickering with them to build a refinery in Greece to refine Russian-controlled oil. This oil will not come from Russia itself, but from the formerly American fields in Saudi Arabia. The American oil companies are working hastily on oil fields in Alaska, which may supply our domestic markets, but will not maintain the formerly dominant position of the American oil companies in world markets.

Back in 1967, Israel "won" the June war in the Middle East. The American media went wild with praise of the military power of the almighty Jews. COMMON SENSE said bluntly that the Jews had not won anything. Even Israeli Foreign Minister Abba Eban, has been forced to admit that we were right. In the wake of the June War of 1967 the U.S.S.R. moved into the Middle East and established the foundations of ultimate control of world petroleum markets. At this writing, tankers are still plying the Persian Gulf trade routes, bringing petroleum to the U.S.A., but the handwriting is on the wall. Admiral Lynch said, in a speech delivered recently in Tampa, Florida, that unless the American defense posture is improved rapidly, Russia soon will begin to interfere with the movements of American merchant ship-

Twentieth Century, Era of Giants

We are all in agreement on the imminent danger of BIG GOVERNMENT, but not all of us oppose it for the same reason. Passionately or impassionately, we are engaged in a decisive battle for right against wrong in a never ending quest for the answers within the dialogue. And so we discuss issues and attempt to unravel the mysteries of government and Big Business. Dialectical materialism and pragmatism are simply ideological systems in their revolutionary essence; they are provocative in unfolding the progressive revolutions of conflicting ideas. In the final analysis, these ideas are, in their changing evolutionary process, simply economic forces.

Without a bi-section of the spectrum, it is impossible to grasp the significance of the diabolical and paradoxical purposes that motivate the power structure, when they engineer a transition in systems of government and technological advancements. The most necessary element in the struggle for life-line survival is the open door to production, distribution and consumption in the sophistication of supply and demand. Let us

WHY BIG BUSINESS SUPPORTS COMMUNISM

By FRED FARREL

The financial pages of the papers today are full of talk about "Conglomerates." This is a nice word. It sounds much nicer, for example, than a word like "Socialism." It means exactly the same thing, of course; but "Socialism," in our popular American mythology is supposed to be "The Enemy." Nobody in Wall Street wants to admit that American Big Business is building a Socialist system in this country. There are plenty of public relations men to invent new words. It will not be possible much longer to conceal the fact that virtually the entire economy of the U.S.A. is controlled by a mere handful of men in New York. These men eagerly call themselves "Private Enterprisers" and explain that "economic laws" have caused their rise to power. Most of these men are "Jews," but some of "the Jews" happen to be named Rockefeller. Others have good old English names which go back to Norman times. Some of "the Jews" today are even "anti-Semitic." All the same, Jewish philosophies provided the intellectual foundation for the concentration of all economic power in a few hands. This is Socialism, any way you slice it. Marxism is the cornerstone of the American economic system today. It is the fashion, of course, to pretend that Marxism is a revolution against Capitalism, an alien force which comes from "Red Russia." The fact is that Marxism is the prime management tool of American Super-Capitalism. It is absolutely necessary to the operation of Super-Capitalism. It serves to channelize opinion, to prevent effective rebellion against the developing economic tyranny which the Jews are building in this country.

Some of our best friends are "Conservatives." The Conservatives today are mainly the provincial bourgeois. Big Business is the principal financial backer of world Socialism. If you are a "Small Business Man," say worth only fifty million dollars or so, you are strictly in the "peanuts" class today. The really big crowd will wipe you out, whenever they get around to you.

The people who are putting together the big Conglomerates are not using "saved" money to do it. They are using purely imaginary money, plucked out of thin air. If you will follow through one of their "Debenture" deals carefully, you will see that this is so.

The college boys today know that they have to be slaves, but they want to be educated slaves, and not to be stuck with the lowest forms of labor. You come along and try to tell them that "Private Enterprise" is still alive, when in fact it has been dying for fifty years and is now totally extinct. When

ping around the world. The Persian Gulf oil area will be the likely starting point. In their own minds, American oil men already have written off the Persian Gulf; this means that they have abdicated their formerly dominant position in world oil markets to the Soviet Union.

COMMON SENSE knew back in 1967 that this was about to happen. The Jews said that "Israeli Intelligence" had learned that Russia would not do anything about the 1967 June War except adopt "a policy of maximum noise and minimum actual risk." We cannot understand how a little paper like COMMON SENSE can have a better intelligence service than the Republic of Israel. Perhaps we simply have a better sense of Reality. We read our Clausewitz long ago, and we studied Geopolitics under the old German masters of the subject, not under the half-wits who adorn our American University campuses today.

American business men said, "Russia can never find markets for the Persian Gulf oil." The fact is that they HAVE found markets for it. Too many American business men tend to think solely in terms of "Economics" and leave out the Military equation. The fact is that the Military equation was always of prime importance, but at one time Great Britain carried most of the burden of keeping order in the Middle East. Britain never had any illusions about keeping order in the Middle East by making speeches in the United Nations Assembly. In the old days Britain maintained bases at Trincomalee, Singapore, Aden, and Suez, as well as Malta and Gibraltar. After World War II, American policy sought to maintain order in the Middle East by backing Israel. The failure of this policy is so perfectly obvious as to need little discussion. We are, for all practical purposes, OUT of the Middle East. We are being forced out of the Mediterranean Sea, and thus out of Western Europe. Russia now can proceed to organize world oil markets to suit herself. Few people realize the depth and magnitude of the downfall of the great American oil companies in world markets. Until 1967, the American companies supplied petroleum to the whole Far East, to all Africa, indeed to every part of the world. Ships like the STANVAC PRAETORIA loaded in Ras Tanura and sailed to Capetown. Ships like the CALTEX MANILA loaded in Ras Tanura for Hong Kong or Manila. The familiar emblems of the American oil companies were on filling station pumps around the world. Vast fleets of American-owned ships, which never came to the U.S.A., supplied the petroleum requirements of most of the earth. This vast store of wealth is now about to fall like a ripe plum into the hands of the Soviet Union.

Who made this gargantuan blunder?

We like to blame the Jews, especially since we do not like them much anyway. It is a fact that the Zionists behaved with colossal, unbelievable stupidity. It is also a fact that many of the principal figures behind this disaster were wealthy Goyim. The trouble with the American Big Business man is his incorrigible "Civilianism." He tends to think of world problems in terms solely of "Economics" and tends to leave out the military equation. The American Capitalist tends to think that he can dominate the world by means of money, intellect, and propaganda. This is not effective against a big armed camp like the Soviet Union. The basic idea of the American Establishment, the idea of domination of the earth by means of intellectual rackets, has failed an important test. Now this policy ought to be re-examined.

Will this actually be done?

Certainly a good try is being made. We recommend that our readers follow the activities of the Security Council carefully. It is manned by conservative and patriotic people like General Nathan F. Twining and Dr. Edward Teller. These people are also well qualified to understand the problems of National survival in the atomic age. Dr. Edward Teller says that in the 1970's Russia will be stronger than the U.S.A., due to a lag

in our own defense effort. What is wrong with the American "Right Wing"? This is what is wrong with it: The "Right Wing" leaders are CIVILIANS. Today the civilian sector is breaking down around the world. More and more, the "Civilian Sector," has nothing to say that's worth anybody's time of day. This applies to the "Right Wing" no less than the "Left Wing." The fate of the world will not be decided by arguments about the asinine charlatany of Karl Marx. We should be discussing Clausewitz, not Marx. There is nothing in Marx or Marxism which even ought to be allowed to occupy our time.

The whole argument about Marxism belongs to the civilian sector. The civilian sector is of scant importance today. The world's problems grow more and more military every hour. Already, by judicious application of military and diplomatic pressure, Russia has snatched from the U.S.A. the gigantic prize of a dominant position in world oil markets. It is useless to rail against the Russians for this. Life is competitive, and they have entered the competition with consummate skill, with competitive ferocity, and great success. What we have to blame is not Russian cupidity, but our own weakness and folly. Enemies will always be enemies. We need to abandon the "One World" folly, the belief that a pack of fools and scoundrels headquartered in New York can dominate the world by means of organized and clever intellectual charlatany.

We have lost our faith in the "Right Wing," chiefly because of its incorrigible "civilianism." It does not ask, "How can we maintain our military position in the world?" In other words, it is run by business men, not military strategists.

The whole question of our future existence or non-existence is fundamentally a military question and cannot be made into any other kind of question. The cheerful nonsense chirped by the eternal optimists of the economic system is the real anti-Christ, the expression of our national suicidalism. These happy hooligans of civilian optimism are the real harbingers of doom. Norman Vincent Peale and the Hippies are really brothers under the skin. They envision a happy world running on "Flower Power," on non-violence, on optimism, boosterism, civilianism, and "success." But this is a dark and bloody vale of tears called planet Earth, which has been ruled by the sword and the mystery of iniquity for six thousand years. The civilian philosophies of the U.S.A. today have no foundations in anything except thin air. Our theologians, hippies, and business boosters all alike work at the business of wishing away the mystery of iniquity and the grim eternities. A book like Clausewitz's *Vom Krieg* is not a best-seller among these people. They prefer to have Norman Vincent Peale tell them how they can be happy and prosperous simply by adopting a half-wit attitude toward life.

Russia today is a big armed camp. It is a good, well-organized armed camp, better organized for war than the pacifistic U.S.A. It will never attain "the American standard of living" because a high percentage of its NGP will go into military hardware, and the people will be taught Spartanism rather than the asinine drivel which goes with a consumer economy. Admiral Lynch recently warned that the Soviet Navy has more new ships than the U.S.A. The Soviet Merchant

Marine is in a good position to assume a dominant position in world trade.

Already, Russia is using her growing power to achieve a dominant position in world oil markets. This will be a prime cause of anti-Semitism in America. The oil men, who only a few years ago were praising "the wonderful Jewish geniuses" of Zionism, are now beginning to mutter about "kikes." When things go wrong, thieves fall out. As long as the oil men hoped to dominate the Middle East through Zionist politics, they were pro-Jewish. They were perfectly willing to see a whole generation of American writers wiped out by the Jewish Literary Mafia; they were willing to see the culture of the American majority flouted, insulted, and trodden into the mud. They played minority politics with the Jews and Negroes. Now that things have gone wrong, these fowl will be the real "anti-Semites," the people who will agitate for the persecution of the Jews. This is what it takes to change a "lovable Jewish genius" into a "blankety-blank kike." Billions of dollars are going down the drain, and the oil men are in a state of irrational anguish. They will turn like howling, rabid dogs against the Jews. There are no worse enemies than thieves who fall out after an operation goes wrong.

Meanwhile we have suffered a staggering blow. We have lost our formerly predominant position in world oil markets. What will Standard Oil do with the ships like the Sovac Aladdin and the Stanvac Hong Kong? Maybe Russia will make a good offer for the ships. They will have the oil, and oil tank ships are not of much use without oil. Jackie's husband Ari Onassis and his rival Spyros Niarchos know these facts of life well, which is why they are already warming up to the Russians. American supremacy in world oil markets already belongs to the past. This is what we "won" by efforts of the Israeli army in the June War of 1967. Even Abba Eban, the Israeli Foreign Minister, wishes now that the Israeli troops had stayed at home in June 1967. The June War of 1967 was a staggering defeat for the West. It may indeed have sealed the final doom of the West. You will not hear much about these unpleasant realities from Norman Vincent Peale or the incorrigible optimists who surround Nixon; you will not read these things in the Zionist press. Nevertheless, oil men around the world know these things to be true.

How could the "Jewish supermen," the "Aristocrats of the world," have made such a resounding blunder? Some people say that the Jews committed "crimes" in the Middle East in 1967. We are bound to use the words which Prince Metternich made famous: "These things are worse than crimes; they are blunders." Jews around the world will have good cause to repent the blunders of June 1967. Their alliances with the wealthy Goyim are crumbling. These alliances were solid as long as the various rascals involved were making a good profit out of Zionism and Communism; but when losses take the place of profits, such alliances crumble in a hurry. Those who formerly extolled "the great, wonderful genius of the Jews, those lovable aristocrats of the world" now will begin to mutter about "Those blankety-blank Kikes," who made us lose the world's oil markets. Common Sense is well aware of the measure of hypocrisy involved in such attitudes. We never thought that the Jews were anything except jerks. We are well satisfied that current history has proven us right. We will never turn "anti-Semitic" merely because things have gone wrong. We are against the Jewish power grab even when it was going well. We will always be a bit cynical about the "anti-Semites of expediency," who turn against the Jews only when things go wrong, but were perfectly willing to use the Jews as long as the Jews were useful. Their house was built on quicksand, and it will not stand like a house built on a foundation of solid rock.

Today the house of cards which the civilian world has become is collapsing. Will this nation have the sense to build on a solid foundation of military power, or will this nation go into oblivion along with Nineveh and Tyre? This question will be answered in the near-term future.

JEW AND NON-JEW

BY MARTIN A. MEYER, PH.D.

THIS is one of a series of pamphlets published by the Union of American Hebrew Congregations. These essays are designed to convey information on the Jewish religion and Jewish history, and are intended for general distribution. They are prepared by the Commission on Information about Judaism appointed jointly by the Union of American Hebrew Congregations and the Central Conference of American Rabbis.

TWENTIETH CENTURY, ERA OF GIANTS

(Continued from Page 1, Col. 2)

review the growth of Big Business in the scope of the twentieth century.

The year 1901 marked the first appearance of a billion dollar corporation on the American scene: the U.S. Steel merger with other large steel interests in the United States. By 1904 the capital outstanding value of U.S. Steel was listed at \$1,137,000,000. By the year 1919, after the First World War, there were six corporations in excess of one billion dollars. The war boom had enriched the railroads, the communication systems and the Steel trust. Many big business men had interests and investments in big insurance. The decade of prosperity, ending in the 1929 bust, had witnessed the rapid rise of the Metropolitan Life Insurance Company from assets valued at less than nine hundred million dollars, to a value exceeding three billion.

In the study of economics we discover much "money-changing in the temple" by exploitation and wirepulling. There were thirty-one billionaire corporations at the start of World War II with combined assets of more than sixty-six billion dollars. Seventeen life insurance companies accounted for over 81.5% of the total assets held by all life insurance companies combined. The Billionaire Club consisted of twenty-two banks, 13 life insurance companies, six railroads, four utilities, and one retail trade concern. The combined assets of these 46 giants totaled \$174,318,952,000 by the end of 1952—a figure representing 38% of all assets of all corporations in the United States. This system developed an interlocking directorship, affiliates, financial interest controlling over 75% of all corporate power.

Capital and Financial Group Links

Most gigantic corporations are linked to one or more of the major financial groups in the U.S. The latter have interlocking directorates with one or more of eight groups such as Morgan-First National which controls 12 corporations; Rockefeller, nine corporations; and Chicago Trust Co., Boston Co., the Cleveland Co., Kuhn-Loeb Co., Mellon — all controlling three corporations each. These figures grow as the conglomerates grow. As recently as June 6, 1969, the news media announced the Rockefeller purchase of all Italian industry certificates held by the Vatican in Rome. The financial oligarchy is an exclusive club, as illustrated in the 66 Big Corporations where 127 men, personifying the oligarchy, hold 289 directorships. (This documentation comes from a source dated 1954.) The CONGLOMERATES now number about 200. (Foreign Affairs 1969).

Communism Not An Ideology

Americans, generally speaking, lack a proper understanding of the basic rudiments in revolutionary action. The proposition that Communism is an ideology is a fallacy. Communism in terminology is hypnotic whitewash. Communism is the ultimate control of economics, the final aim being to disfranchise and displace the Christian Church through the reduction of all gentile economy. The destruction and the levelling of the larger European powers through Jewish Communism was carried out principally to de-

stroy white nationalism. The preservation of all areas in all theatres during all recent wars, where Jewish money and the English-American investments of Big Business were in jeopardy, indicates the existence of a conspiracy countenanced by the highest officials in the American Government, and clearly demonstrates the blood brother relationship between so-called "Communists" and "Capitalists." No valid reason has been given for failure to bomb the Westinghouse Power Dam Complex on the Yalu River during the Korean War, nor for sparing the petroleum complex tank farms of the Rockefeller-controlled Standard Oil Co., of N.J., and Cyrus Eaton's Port Arthur Trans-Siberian Railroad complex in Asia. Informants tell us many towns in Germany were off bombing limits because of the heavy concentration of Jewish refugees in those areas awaiting migration to America. Of course the industrial complex owned by the conglomerate of Big Business was at the same time being salvaged.

World War I Through Jewish Eyes

Jewish Life Magazine, Feb. 1955, carried a lead article written by Morris U. Shappes, from which we quote: "What kind of a war was it that exploded in Europe at the end of July 1914? For the Jews the war was to be a major influence on their whole future history, both in Europe and in the United States." Further in the article we find this telling indictment of World War I, as Shappes gives this direct quote from Pres. Wilson: "This war was a commercial war and an industrial war. It was not a political war . . . under the league plan, the financial leadership will be ours, the industrial supremacy will be ours, the commercial advantage will be ours and the other nations of the world will look to us . . . for leadership and direction." (And you thought we entered World War I to make the world safe for democracy!).

Was It a Zionist War?

The following indicates the Jewish involvement in Socialism, taken from Schappes article: "In our country the Jewish workers were mainly socialist in their aspirations and led by socialists in their union, fraternal and political organizations. Therefore, the workers were keenly interested in the views expressed by European socialists concerning the developing war situation. Since the war had been brewing from the turn of the century, its character had been analyzed and predicted at several international socialist congresses. There it had been foretold that

George Bernard Shaw, in his *Intelligent Woman's Guide to Socialism*, explained what life would be like once the new order was established:

"I also made it clear that Socialism means equality of income or nothing, and that under Socialism you would not be allowed to be poor. You would be forcibly fed, clothed, lodged, taught, and employed whether you liked it or not. If it were discovered that you had not the character and industry enough to be worth all this trouble, you might possibly be executed in a kindly manner; but whilst you were permitted to live you would have to live well."

the big powers would come to blows in order to re-divide the colonial areas and re-shuffle spheres of economic influence and penetration." The colonial areas consisted of the seven empires created by the Gospel missionary workers who preach Christ's word both by precept and example. For further enlightenment on this phase read *The Fall of the Dynasties*, published by Doubleday.

The program for absolute justice, presented to us in terms of social justice, appears clothed as altruism for a classless society, but the evidence weighs heavily in favor of a humanity bound to the shackles of slave trade labor. We are not just merely a nation of subsidized people; the financial oligarchy brings the American people closer to world serfdom with each new merger in Big Business.

The July, 1969 issue of *FOREIGN AFFAIRS*, official organ of the C.F.R., carries an interesting article by Marshall I. Goldman, titled "THE EAST REACHES OUT FOR MARKETS." Goldman outlines the structure of COMECON (Council of Mutual Economic Assistance) which is the Soviet counterpart of the Common Market of the West. We learn that international trade knows no boundaries when it comes to distribution of the gross product production by national standards. There is a free interchange of production between communistic countries and the nations of the free world, with many company mergers consummated to achieve the long range goals under a one-world planning.

The average American visions only the terroristic aspect of Communism as portrayed in campus rowdies, racial demonstrations and violence, or in the actions of dictators who purge society. They haven't seen the forest for the trees. Communism is simply a methodic power-grabbing machine created by Jewish theoreticians, financed principally by American Jewish bankers whose Pharisaic traditions are energized by the messianic passions distilled from their way of life for more than six thousand years. America is the only nation in the Western world from which Jews have not been expelled in the past two thousand years. But once a sufficient number of Americans learn the true nature of the Marxist conspiracy, the citadel of Jewish power in America will crumble. Their restoration idea is a rekindled passion engraved in their talmudic culture of usury and power of money, making their biggest steal from American taxpayers through war subsidy and federalized controls.

Year after year adjustment in international trade is stretched beyond the toleration point. This is the supply line for the oligarchy. Many mergers are forming between corporations in the Soviet bloc and corporations in the Western world. On page 726 of July, 1969 *FOREIGN AFFAIRS*, Goldman states: "As early as 1968 there were 120 such agreements between firms in Eastern Europe and firms in the West, involving varying degrees of participation and sophistication." Continuing, we quote Goldman on the invasion of Czechoslovakia: "The ideological and political implications of these tendencies have obviously been disturbing to some in Eastern Europe. One of the Soviet complaints which was seconded by the Poles was that the Czechs were turning too much to the West for their economic guidance." The long-range plan is to unite all corporations under a centralized system for distribution of the national gross products when the final Pax Judaica arrives climaxed by the messianic supervision of the Zionists as the so-called "chosen people."

Soviet International Corporations

The Soviets are forming international corporations, as stated by Mr. Goldman, and a foreign banking network is now spreading across Europe. The largest and most important is the Moscow Narodny Bank Ltd. in London with assets in excess of \$700 million, and with plans to open branches in Frankfurt and Vienna. The Woschod Handelsbank in Zurich is a related bank as is the Russian-Iranian bank operating in Teheran. In Paris it is the Banque de L'Europe du Nord, which has existed for many years

(Continued on Page 4, Col. 3)

WHY BIG BUSINESS

(Continued from Page 1, Col. 3)

200 corporations own all of the productive assets of the country, and when ONE MAN, a Jew, has himself organized over 200 corporations, what difference does it really make whether the process is called "Socialism" or "Capitalism?" Whatever it is called, it is technological giantism gone amuck. It is blind tyranny, total corruption.

American Conservatism is dying because it is the philosophy of the provincial bourgeois, and this class is itself dying on the vine. It is being wiped out by the Conglomerates. If you had read books like Frederick Georg Juenger's **THE PERFECTION OF TECHNOLOGY**, you would understand what is going on around you. The Germans had a magnificent sense of Reality. They had a disconcerting way of calling a spade a spade. German thinking was made by first-class intellectuals. American thinking is made by advertising men, quacks, frauds, charlatans, and swindlers. There is no political thinking extant in America today which is really worth anything. There are only the spider-like lusts of the money men of New York, who are busy building Socialism and calling it "Private Enterprise." There can be no integrity in American life as long as such men dominate the educational system and the communications media. The money men of New York backed the October Revolution in Russia, and at the same time filled the American media with "anti-Communist" propaganda. What sincerity can we find in such a system?

The Jew money men of New York think that they will rule the whole world with this kind of chicane. They will do no such thing. They are merely bringing the Capitalist era to a close. Who will succeed the Capitalist? Immediately, the Capitalists cry, "Reds!" If we fail to bow before the altar of Mammon, the world will go "Red." Oswald Spengler pointed out that all proletarian movements always do the work of the big money. Marxism is the last line of defense for Jew-Capitalism..

Who really will take over?

The warrior caste, of course. Today there is a great deal of talk of "Peace," but there is a great deal of thinking about war. We live in an age of war which began in August, 1914, and which will never end until the outstanding geopolitical issues of the world have been settled. The world today is dominated by people who want war and are for war. (See Spengler's discussions of this subject in **THE DECLINE OF THE WEST** and **THE HOUR OF DECISION**.) It is the will of the warrior caste which will prevail over that of all the bourgeois "comfortables."

Today Capitalism is in its last stages. It is no longer really the property of "the rich." The Rich are indeed largely a fugitive class today. No individual fortune, no matter how big, could ever possibly compete with the fundamentally **SOCIALIST** money machine of New York. What private capitalist can compete with the amount of money which the Federal Reserve Board can generate? The Socialist money machine can generate as much money as it wishes. If you are a Conservative, you will scream that this is not "sound money." Indeed it is not. There are reasons why this is so, and they are well stated by Frederick Georg Juenger, in his book **THE PERFECTION OF TECHNOLOGY**, in a chapter entitled **THE DESTRUCTION OF CURRENCY**. Today money is not a thing to be privately hoarded by the Rich, or saved by the Middle Class. **MONEY IS ITSELF A FORM OF DESTRUCTION**. In the good old Liberal Nineteenth Century, there were some people called "the Rich" who thought that they owned the Capitalist System. Today's technological monster is quite incapable of being "owned" in any real sense by anybody. The "ownership function" is being wiped out. (See James Burnham on this subject, in **THE MANAGERIAL REVOLUTION**.)

Although Capitalism is now in its last stages, Socialism will not take over. Capitalism and Socialism are bound together. They rose together, and they will fall together. What will succeed them? Actually, the Capitalist Age ended in August, 1914. Nobody

understood this better than a great Capitalist like Gustav Krupp. It was HIS big guns which announced the arrival of the new age. In America, our entire jejune intelligentsia went to work pretending that the Great War was somehow an "error" which could have been "avoided." It was no such thing. It was the great central necessity of our time. Not the League of Nations, not the United Nations, not anything ever devised by man can prevent war when geopolitical tensions rise to a certain level.

Today there is no worthwhile American political thinking. Our national intellectual apparatus is nearly 100% under Jewish control, and the Jews will not even allow us to think effectively. Mainly, they cannot do it themselves, and they will not allow anybody else to do it, either. Conservatism is the private hobby of older members of the provincial bourgeois; their sons go to college and become hippies or yippies. Their businesses are driven to the wall by the big Conglomerates. They carry on "crusades against Communism," but these are merely a narcotic to ease the pain; the smart professional "crusader" always avoids any real battle against Communism because he knows that it is owned by the Capitalists of New York, and if he attacks them, they will make reprisals.

What is the solution?

The Europeans knew the solution. They knew that the guns of August, 1914 had announced the end of the Liberal Age, the end of the age of money and ideology, the end of the age of Jewish Supremacy. Europe moved on with the times. Europe went Fascist or Nazi. This was the quite logical next step in history. America, under the Jews, is a "Peter Pan" nation. We want to live forever in the pleasant past, which Europeans call "La Belle Epoch." We still call ourselves a "Free Enterprise" Nation when, in fact, free enterprise is dead, and technological collectivism, or Socialism, is the real fact of life in this country today. What difference does it make whether the Head Men, who are mostly Jews but sometimes Judaized Goyim, call themselves "Capitalists" or "Commisars?" It is merely a matter of labels, not a matter of realities.

The Super-Capitalists are trying to rule the world with Jewish ideas, including Marxism. Actually, they are trying to live before August, 1914. This is not a Capitalist age; it is a **MILITARY** age. Force and violence, not money power, will decide the issues. The antiquated ideas with which we are saddled are Jewish ideas.

Our great Capitalistic Socialism is run today by Jews and Judaized Gentiles, who are also the principal backers of Communism, because Communism, far from being a real enemy of Capitalism, is a management tool of the great Super-Capitalists. These great Super-Capitalists are not merely "rich men." A mere rich man is a jerk in their circles. They laugh at him. The Super-Capitalists have the enormous sophistication to pull money out of thin air by a purely mental process.

Around the world swords are being sharpened to cut their throats. The Capitalist-Marxist Age ended in August, 1914. Americans do not like the **MILITARY** age which began then. Apparently we do not like our times well enough to come to terms with the realities of our times. This disease, this evasion of reality, is absolutely fatal. It impels us to believe that Whittaker Chambers was right when he said that the great Super-Capitalists will be wiped out and will never know what hit them.

We have been galloping like Paul Revere for many a long year, crying, "Wake up the people!" Perhaps it is better to let them sleep. They will die easier in their sleep. There is no hope of survival along our present line of action. There are no effectively constructive political ideas at work in this country today. Our national life has become an organized evasion of Reality. Everybody

cheers the man who invents a new way to evade the cheerless realities of our times. We are following old Babylon and Nineveh and Tyre down the road to oblivion. The road that leads to perdition is well paved and well lighted, not to mention being well traveled. Everyone seems to enjoy going to hell in a cart. Nobody wants to search for the dim, narrow trail which leads to Salvation. Christ himself told us that there would be days like this, so why should we be surprised? History is simply taking its course. **"SIC TRANSIT GLORIA MUNDI . . ."**

It is still hard for some of us to accept the fact that these things are happening to the United States. The Old Americans were a great people. One by one, they are buried, and the Old America is buried along with them. Is the new America worth the U-235 which will be needed to blow it to oblivion? Frankly, there are times when we wonder.

along with the London bank. Russia is presently working out plans for a bank in Tokyo, which the latter will not allow unless they are permitted to open a bank in Moscow.

Increased participation in international markets hastens the advent of internal economic reforms. But the interplay contains dangers when it is directed by the ethnic-religio overlay of the political hierarchy whose objective is to assume complete control of the entire economic structure in order to keep the gentile Christian submerged in a struggle for mere existence, while the self-proclaimed chosen people, who consider themselves masters of all race-humanity, rule supreme. The Pharisees believed that all non-Jews were dogs in Jesus' day and they believe it today.

The concentration of power that rests in the hands of the designing clique represents the imminent danger in Big Government — as the international image of the Conglomerate World Structure grows. The end result is economic slavery for all but the chosen few.

Let us not forget Jesus was crucified after he overturned the money tables in the temple.

ZIONISTS BEMUSE CHRISTIANS WITH THEIR SPIRITUAL SLOPS — to railroad USA into world war third time!

By BENJAMIN H. FREEDMAN

Founder 1950 Christian Anti-Defamation League

Christians in this country are not in a position to judge their predicament unless they understand that the Zionist hierarchy in this country either owns or by devious other means exercises control of all media for mass information in this country which can be included in that category. Furthermore, the international Zionist hierarchy in London either owns or by devious other means controls the media for mass information elsewhere today throughout the world. Together they form the keystone in their Arch of Triumph through which they have been advancing and today are well on their way to control the wealth of the world and to domination of the populations of the world at rate they are going.

It is the understanding by those in the best position to know that the Zionist hierarchy in this country today exercises control over all policy making in the television and radio, in the newspaper and magazine, in the motion picture and theatre, and in the hard cover book and paper back publishing industries in this country. To cite here just one illustration of what has been silently going on in this country, a well known national figure today, and a lifelong Zionist zealot, was financed by the Zionist hierarchy in this country to the extent of approximately \$250,000,000.00 with which he was able to acquire leading television and radio companies completely dominating many important areas of this country, and the leading newspapers in many of the largest cities. That is only one case history of what has been silently going on to a greater or lesser extent in this country and with the end not in sight yet.

It is well to keep in mind also that it was in 1896 that Theodor Herzl, "the father of Zionism," a paranoid journalist and playwright in Vienna, and practically unknown prior to 1896, conceived and gave birth to his brainchild now known to the world as the "Zionist movement." The "Zionist movement" was Theodor Herzl and Theodor Herzl was the "Zionist movement." In his "Diaries of Theodor Herzl," published in an English language translation from the German, by Grosset & Dunlap of New York, their Library Number 0128, and the Library of Congress Number 56-8112, Theodor Herzl each day inscribed the progress of his psychopathic fantasy from the day of its birth, a few days before Pentecost on June 2, 1895 to a few days before his death in 1904. In his "Diaries of Theodor Herzl," Theodor Herzl recorded in great detail those nine years of his life as midwife for the birth into this world of his hallucina-

tion of a 20th century sovereign theocracy. Theodor Herzl's brainstorm became the embryo of the dynamic illegal and immoral complex of political and economic psychopathic objectives of the international Zionist hierarchy in London after his death in 1904, and became a menace to world peace.

The entire space of these four pages of Common Sense would not provide space enough to publish more than a very small fraction of all the available evidence which is valid proof that the international Zionist hierarchy in London conspired and succeeded in railroading this country into two world wars, into the first world war on April 6, 1917 and into the second world war on December 8, 1941. Commencing in June 1946, this author personally published entirely at his own expense, a series of full page advertisements in the six full size newspapers in New York City and in others in leading cities throughout the country. This author also circulated to individuals in this country and throughout the world, by first-class mail, millions of full-size facsimile reprints of each of those advertisements. Those full page newspaper advertisements contained the proof of the illegal and immoral objectives of the international Zionist hierarchy in London. That proof was the evidence collected by this author's research in this country and in Europe covering fifty years in this author's life dedicated to assembling it.

The newspapers publishing those full page advertisements were finally threatened by the Zionist hierarchy in this country. They were informed that their department store and other large advertisers would boycott their newspapers if they continued to publish this author's full page advertisements. A boycott of that extent for any moderate length of time would bankrupt any or all of those newspapers, and they knew it. With the surrender of The New York Daily News in October 1944 to a boycott threat still fresh in their minds, they surrendered and refused to publish any further advertisements submitted by this author, fearing the consequences.

The proofs of the illegal and immoral objectives of the international Zionist hierarchy in London, given worldwide circulation by this author, were never denied nor could they be disproved by the Zionist hierarchy in this country using the media of mass information controlled by them. Their only defense appeared to be their villification of Mr. McGinley, Common Sense and this author. The Zionist hierarchy in this country has no doubt learned that every knock is a boost and so they

substituted for their smear-campaigns a conspiracy of silence. This author however did not diminish his labor of love. Today leaders of governments and others of importance throughout the world, in all walks of life, supply daily proof by their words and by their deeds that through this author's efforts they understand the motivation of the international Zionist hierarchy in London for attempting to conceal from the world their responsibility for railroading this country into two world wars. They can no longer be fooled.

In recent years the Zionist hierarchy in this country adopted a new approach towards Christians because their previous strategy failed abysmally. The suspicion lurked in the minds of Christians in this country that the international Zionist hierarchy in London succeeded in railroading this country into two world wars. Christians in this country are being flooded from all sides with spiritual slops as their new strategy in their attempt to regain the sympathy and support of Christians in this country for their illegal and immoral objectives. The Zionist hierarchy in this country is attempting to forge their spiritual slops into a secret weapon for their conquest of Christian sympathy and support.

At this point in this article, this author believes it is of major importance to briefly review here the historic background of how and why this country was railroaded into two world wars. Without this knowledge it is impossible to understand the force of circumstances which resulted in this country's participation in two world wars. This country was railroaded into World War I on April 6, 1917, to rescue Great Britain from defeat in a war which broke out in Europe in August 1914. Unless Christians in this country understand how and why Great Britain planned, promoted and provoked World War I in Europe in 1914 they will remain in the dark why this country was railroaded into the war in Europe on April 6, 1917. There was never any need for this country to become embroiled in the first world war. It was a mistake for this country to allow itself to be railroaded into the first world war. That mistake is sure to be repeated if the reason for making the mistake is not understood. If this country understood why World War I was fought, this country would never have allowed itself to be railroaded into that war. The mistake that this country was railroaded into World War I is the reason World War II was fought and the only reason why this country was railroaded into that war.

(Continued on Page 2, Column 1)

Zionists Bemuse Christians

(Continued from Page 1, Column 3)

The best concealed secret of the 20th century is the reason Great Britain planned, promoted and provoked World War I. Christians in this country must show patience and follow the ramifications of this complex explanation. Unless the ramifications of that deeply buried secret are understood, the Christians of this country can look forward to being railroaded into the next world war, which truly does not appear to be far away today. The history of World War I begins with the friendship between the Kaiser of Germany and the Sultan of the Ottoman Empire. That friendship had begun in the year 1877. In 1877 the Ottoman Empire suffered a crushing defeat in their war with Russia. After that crushing defeat, the Sultan of the Ottoman Empire entered into an arrangement with the Kaiser of Germany for the reorganization of the armed forces of the Ottoman Empire. The Sultan of the Ottoman Empire was to send his officers to the best military academies in Germany to complete their training, and the Kaiser was to send military missions to Turkey to train the armed forces of the Ottoman Empire in the field. That arrangement was continued without interruption from 1877 to 1914. The Kaiser also supplied the Ottoman Empire's armed forces with the finest German military equipment of every description, then the best in all the world.

The defeat of France by Germany in the Franco-Prussian war of 1870 established Germany's reputation in Europe as the greatest military power. The defeat of France by Germany influenced the Sultan of the Ottoman Empire to select Germany to reorganize the armed forces of the Ottoman Empire. In 1870, Germany was still looked upon by the European powers as the "infant nation" of Europe. At the time of the French Revolution in 1793, the area which was finally merged into the German Empire of 1870 under a Kaiser was composed of 300 independent sovereign German states. By 1870, these 300 independent sovereign states had become the German Empire. The reputation of Germany under the Kaiser was enhanced as a military power after Germany's crushing defeat of France in 1870 in the Franco-Prussian war, in which Germany acquired France's provinces of Alsace and Lorraine, and was paid a large indemnity in gold.

The arrival of the industrial age in Europe in the middle of the 19th century produced a great change in European countries. Their agricultural economies were transformed into industrial economies. After the discovery of the western hemisphere in 1492 by Columbus, the world was quickly colonized by European countries on the Atlantic seaboard with ships. Among the leading countries on the Atlantic seaboard with ships were Great Britain, Spain, Portugal, France, Holland and Belgium. Germany was bottled up in the interior of Europe. Germany did not have ships with which to colonize the world. With the arrival of the industrial age, there was very little left of the world that was not already colonized by European powers but in the period from the discovery of the western hemisphere by Columbus in 1492 to 1870 Germany did not exist. The 300 or more independent and sovereign German states, which were consolidated into the German Empire in 1870 were primarily agricultural. With the advent of the industrial era in Europe and the creation of the German Empire, the world was already well colonized, but Germany had no colonies.

With the development of the industrial age in Europe, Germany soon became a great industrial country. Germany was compelled to purchase all needed natural resources from other European countries. The European countries sold their natural resources of their colonies to Germany at most exorbitant prices. Germany was compelled to pay these high prices. The European colonial countries sold the natural resources of their colonies at high prices although the cost to produce them was very

small by comparison. The European colonial countries earned their great wealth from the sale of natural resources to the industrial countries which did not have colonies. Germany learned that having no colonies was a big handicap in competition with the European powers which had colonies with copper, lead, nickel, tin, etc.

As the industrial economies of European countries grew, their populations shifted from farming areas to the cities where they worked in factories. With the consequent decline in the production of food, Germany was compelled to import food for their industrial population. Germany was compelled to import food to feed two-thirds of Germany's highly industrialized population. Germany was compelled to export manufactured products in order to obtain foreign exchange with which to pay for food purchased abroad. This necessity developed Germany into a very efficient producer of industrial products. Germany's efficiency enabled Germany to undersell manufactured products in competition with the European colonial powers from whom Germany purchased natural resources.

Germany was faced with another problem. Great Britain was in a position to blockade Germany's access to the Atlantic. Great Britain's warships could blockade Germany so that Germany could neither import raw materials nor export manufactured products. Great Britain could seal Germany's doom by blockading Germany's access to the Atlantic. Great Britain's naval power provided Great Britain with a political and economic advantage whenever Great Britain desired to enforce it. German efficiency was making Germany a threat to Great Britain's supremacy as the industrial leader. But Great Britain had nothing to worry about as long as Great Britain could bottle up Germany by a naval blockade. Germany had no other access to the natural resources and markets of the world. Germany could be starved into submission to Great Britain's terms if differences developed between them. Independent access by Germany to the resources and markets of the world was a question of life or death to Germany. There was no solution to Germany's problem as long as Germany had no independent access to the natural resources and markets of the world.

As long as Germany's existence rested in Great Britain's hands, there was nothing Germany could do. There appeared to be no answer. The Kaiser realized the necessity of finding an answer to Germany's problem, and he did find one. The Kaiser asked his close friend and ally, the Sultan of the Ottoman Empire, to grant Germany a concession to construct a railroad across the Ottoman Empire from Constantinople to Basra, an important shipping port on the Persian Gulf which opened onto the Indian Ocean. Access to the Indian Ocean meant access to the resources and markets of India, Asia, Indonesia, Africa's east coast, and Australia. Germany already had a railroad from Hamburg on the North Sea to Constantinople. The concession the Kaiser sought would provide Germany with an all-rail overland route from Hamburg across Europe and the Ottoman Empire. The construction of this railway would solve Germany's vital economic and political problem. That proposed railway became known to history as the Berlin-to-Bagdad railway. The construction of that railway provided Germany with access to the Far East in eight days. By contrast, it required Great Britain from thirty to sixty days to reach India by sea. The construction of the Berlin-to-Bagdad railway would place Germany in competition with Great Britain for the natural resources and markets of all the Far East and the east coast of Africa, both of the greatest political importance to Great Britain.

Between 1883 and 1903, Great Britain used every trick in the diplomatic game to prevent Germany from obtaining that concession from the Sultan of the Ottoman Empire. To complicate the matter, Great Britain influenced France and Russia to

try to obtain the same concession, only to make it more difficult for Germany to negotiate for the concession. The friendship between the Kaiser and the Sultan of the Ottoman Empire prevailed and Germany was awarded the concession in 1903. Great Britain was disappointed but did not give up. Great Britain immediately offered Germany \$100,000,000.00 to buy a one-half interest in their concession. Great Britain impressed on Germany the \$100,000,000.00 would cover the total cost of construction of the project, so that Germany's one-half of the concession would cost Germany nothing. Germany declined Great Britain's offer, suspicious of Great Britain's motive,

Germany was then actually a rather poor country, while Great Britain was then the world's richest and most powerful country. Germany decided to build the Berlin-to-Bagdad railway alone and to build it in sections as Germany's finances would permit. Great Britain soon became convinced that Germany was determined to build that railway alone. Great Britain then prepared a plan to prevent Germany from ever completing the Berlin-to-Bagdad railway. Without giving it any further consideration, Great Britain decided upon a war against Germany, a modern war to destroy Germany so that the construction of the Berlin-to-Bagdad railway by Germany would forever become impossible. The international students of the history of the Berlin-to-Bagdad railway concession all agree that Great Britain then planned, promoted and provoked World War I against Germany, to prevent the construction of the Berlin-to-Bagdad railway. There are in the leading libraries copies of thesis papers which greatest historians wrote for their Ph.D. degrees. They are the most comprehensive documents available on this subject. There are also books in many languages in libraries in this country which provide compelling proof of Great Britain's motives.

The most authentic and comprehensive information on this subject will be found in an old book called "Turkey, The Great Powers and the Bagdad Railway" written by Professor Edward Mead Earle, Ph.D., a Professor of History at Columbia University. The book was published by The Macmillan Company of New York in 1923 but it is very difficult to find one anywhere today. The copies of this book were removed for obvious reasons from the libraries which had copies. This author would very much like to locate a copy of this book for himself. If any reader can locate a copy, this author will appreciate it if the reader will make the copy available to this author to purchase if agreeable after the reader has read the book. Professor Earle had the assistance when writing this book of many persons who were intimately associated with the Berlin-to-Bagdad railway, which enabled Professor Earle to examine records and documents never before available to historians. Professor Earle consulted Dr. Arthur von Gwinner, of the Deutsche Bank and President of the Bagdad Railway Co.; Dr. Karl Helfferich, formerly Imperial Minister of Finance, a former managing director of the Deutsche Bank and a member of the Reichstag in 1923; Sir Henry Babington Smith, associate of Sir Ernest Cassel, a director of the Bank of England and president of the National Bank of Turkey; Djavid Bey, Ottoman Minister of Finance, an economic expert at the first Lausanne Conference; and Mr. Ernest Rehnitz, a banker of Paris and London who was himself a competitor in 1898 for the Bagdad railway concession. The others who rendered valuable assistance to Professor Earle in the collection and preparation of his book were men of equal repute. The explanatory notes in Professor Earle's book are most comprehensive and remain unequalled anywhere on this subject.

Immediately upon Germany's refusal to sell a one-half interest in the Berlin-to-Bagdad railway to Great Britain, Great Britain pocketed her pride and approached Great Britain's historic enemy across the English Channel, the Republic of France, with a proposal. Great Britain proposed that

France enter into a "mutual defense treaty" with Great Britain against Germany. Great Britain called to France's attention the great strides in Germany's military power since France's defeat by Germany in the Franco-Prussian war of 1870, and also pointed out the spectacular growth of Germany's expanding industries. France became very interested when Great Britain suggested that in any future war with Germany, with Great Britain as an ally under a "mutual defense treaty," that France would be able to recover Alsace and Lorraine, the two French provinces acquired by Germany from France in the Franco-Prussian war. In 1903, France secretly entered into that "mutual defense treaty" with Great Britain. It did not remain a secret treaty for long. Germany soon came into possession of all the terms of that secret "mutual defense treaty" and saw the handwriting on the wall of what was in store for Germany in the not too distant future.

After signing the "mutual defense treaty" with France, Great Britain approached Russia with the same proposal. Great Britain did not have any difficulty with Russia. Great Britain knew exactly what to offer Russia. Great Britain offered Russia Constantinople as a "warm water seaport." Russia did not then have any "warm water seaport," which had been a big handicap to Russia in many ways. For many centuries the Czars of Russia had dreamed of a "warm water seaport" and in 1877 had fought a war to wrest Constantinople away from the Ottoman Empire but failed to win Constantinople although they won the war. In the war of 1877 against the Ottoman Empire, with Great Britain as her ally, Russia won the war. But after the war was won by Russia, Great Britain prevented Russia from obtaining Constantinople. Great Britain did not want Russia to become a Mediterranean power. Great Britain knew from experience how badly Russia wanted Constantinople as Russia's "warm water seaport."

Great Britain only agreed to give Russia Constantinople as a "warm water seaport" if Russia would also sign a "mutual defense treaty" against Germany. Great Britain explained that the Ottoman Empire was Germany's ally and that when Germany was defeated, the Ottoman Empire would be dismembered as Germany's ally in that war, and Russia would obtain Constantinople as her spoils of war. In 1907, Great Britain and Russia signed their "mutual defense treaty." Great Britain had now completed her "ring of steel" around Germany. Great Britain then prepared for the next step, which could not be delayed. Great Britain was pressed for time, Germany was rapidly constructing sections of the Berlin-to-Bagdad railway as rapidly as German finances would permit. Germany must be prevented from completing the Berlin-to-Bagdad railway.

In 1907 Great Britain, France and Russia began rearming furiously. They were surely rearming only against Germany, the three members of the Triple Entente, the "ring of steel" around Germany. Germany then also rearmed furiously as a matter of self-defense. Great Britain created two "incidents" in Africa between 1907 and 1911 in an attempt to involve Germany in a war, but Germany ignored both incidents. Germany was not prepared to fight Great Britain, France and Russia all at the same time. Germany knew the time was not far in the future when war against the "ring of steel" must be fought. In the meantime, France and Russia were keeping troops on Germany's borders, and Germany was keeping troops on the borders of France and Russia. Great Britain, France and Russia were searching for an "incident" that could justify the outbreak of war. That "incident" did happen in July 1914. Allegedly either an intoxicated Russian General ordered a small detachment of Russian soldiers to cross the border into Germany, or a small detachment of intoxicated German soldiers crossed the border into Russia. But if true, certainly neither incident was of sufficient importance to plunge all Europe into war. But the inevi-

table war could not be delayed much longer. It has always been possible to create an "incident" when an "incident" was needed.

As a happenstance during the summer of 1914, a Serb assassinated the Crown Prince of Austria-Hungary at Sarajevo. Austria-Hungary demanded a letter of apology from Serbia. The world was then given to believe that the assassination of the Crown Prince was responsible for the outbreak of World War I. That is untrue. Serbia had agreed to give Austria-Hungary the letter of apology that was demanded. There was only one paragraph yet to be agreed upon in a letter of ten paragraphs. Great Britain was examining everything taking place in Europe seeking the excuse to declare war. But the assassination of the Crown Prince of Austria-Hungary did not meet that requirement. That assassination was a happenstance at the time of the "incident" on the border between Russia and Germany which was magnified out of all proportion to its importance to justify the outbreak of war.

Three irreversible historic truths are, World War I was fought by Great Britain to prevent the construction by Germany of the Berlin-to-Bagdad railway, by France to take back Alsace-Lorraine from Germany and by Russia to acquire Constantinople as a "warm water seaport" in the Mediterranean. It is inconceivable that anyone in his right mind believes that Germany planned, promoted and provoked a war against Great Britain, France and Russia simultaneously for a "place in the sun," whatever that suggested. This becomes more certain each day as researchers discover evidence that proves Great Britain planned, promoted and provoked a war against Germany to prevent the completion of the Berlin-to-Bagdad railway by Germany.

When the world was plunged into war over that "incident" on the border between Germany and Russia, Great Britain calmly reassured the world that "the boys will be out of the trenches and back home before Christmas." Great Britain must have then really believed that the Triple Entente, "the ring of steel" around Germany, could compel Germany to surrender in less than six months. But Great Britain did not reckon with Germany's submarines. In 1915 and 1916, Germany was sinking convoys in the Atlantic as easily as shooting fish in a barrel. The Lusitania was sunk on May 7, 1915, rushing ammunition to Great Britain, two years before this country entered the war. Germany had warned possible passengers not to sail on the Lusitania that trip because it would be sunk when it entered the English Channel. Germany placed full-page advertisements in New York and Washington newspapers asking passengers not to sail on the Lusitania and explaining why.

After fighting for two years, Great Britain was facing a crisis. Great Britain had less than a two week supply of food for the entire nation. The British soldiers were sitting in the trenches in France without ammunition. The French army had mutinied. France had lost 700,000 of the flower of French youth in the first year of the war. They rushed to volunteer to fight when war was declared. They died in the Somme and Meuse campaigns. The defeated Russian armed forces were retreating so fast the German troops in pursuit could not maintain contact with them. Without allies able or willing to fight, without food or ammunition, Great Britain was faced with a crisis.

In October 1916, when everything looked blackest for Great Britain, Germany made a peace-offer to Great Britain. Germany offered to recognize the "territorial status" and the "political status" of the belligerents on both sides as they were at the outbreak of war in August 1914. Although Germany occupied western Europe, Germany demanded no reparations and no indemnity from Great Britain or from Great Britain's allies. Germany wanted the war to end as quickly as possible to proceed with the construction of the Berlin-to-Bagdad railway.

Great Britain faced the prospect of surrendering to Germany in two to three weeks if the fighting continued, or at the most in

six to eight weeks. The British War Cabinet was aware of the situation. The British War Cabinet was giving serious consideration to accepting Germany's peace offer. The British War Cabinet realized that acceptance of Germany's peace offer would mean giving Great Britain's implicit and explicit official recognition to Germany's 1903 concession from the Ottoman Empire. The British War Cabinet was aware Germany's peace offer provided for the recognition of the "political status" and the "territorial status" of belligerents on both sides at the outbreak of war in August 1914. Great Britain would be giving official recognition to the very thing that Great Britain planned, promoted and provoked the war to prevent, not a pleasant prospect.

Great Britain had another problem to solve. In the event that Great Britain declined Germany's peace offer, Great Britain would be forced to continue the war facing certain defeat and surrender to Germany. In that event Germany could proceed with the construction of the Berlin-to-Bagdad railway without any objection or interference by Great Britain. Great Britain was on the horns of a dilemma. It was six of one and a half-dozen of the other.

The problem was solved when Sir Mark Sykes was informed by James Malcom on behalf of the international Zionist hierarchy in London that they would use their influence to railroad this country into the war as Great Britain's ally only providing that Great Britain would turn Palestine over to "the Zionists of the world" after the war for their sovereign theocracy. The British War Cabinet was certain that Great Britain could still defeat Germany in 1916 if this country would come into the war in Europe as Great Britain's ally. The British War Cabinet forthwith accepted their proposal and declined Germany's most magnanimous peace offer.

While the British War Cabinet was wrestling with Germany's peace offer, the international Zionist hierarchy in London learned of the terms of the German peace offer. They realized they had to work fast. If Great Britain accepted Germany's peace offer, the international Zionist hierarchy in London could never acquire Palestine. They were aware that Germany's peace offer provided for the recognition of the "territorial status" of the belligerents on both sides, at the outbreak of the war in August 1914. That provision of Germany's peace offer would be Great Britain's official recognition of permanent possession of Palestine by the Ottoman Empire. The international Zionist hierarchy in London had failed on several previous attempts to obtain Palestine by purchase from the Sultan of the Ottoman Empire. Their offers were rejected by the Sultan of the Ottoman Empire who claimed his religious teaching would not permit him to sell something which he did not own. If a peace treaty between Germany and Great Britain provided for the continued possession of Palestine by the Sultan of the Ottoman Empire, there was little hope that the international Zionist hierarchy in London could ever acquire Palestine for their sovereign theocracy. The Kaiser had on several occasions intervened in person asking the Sultan of the Ottoman Empire, the Kaiser's good friend and ally, to relinquish sovereignty over Palestine in favor of the international Zionist hierarchy in London. The answers were always the same, the Sultan of the Ottoman Empire could not dispose of something that was not his to negotiate with them, again explaining his Moslem religious training forbade him.

The international Zionist hierarchy in London then put on their thinking caps. They knew they had to work fast. They were certain that Great Britain was compelled by the force of circumstances to accept Germany's peace offer. They reasoned if Germany could be defeated by Great Britain that the Ottoman Empire would be dismembered and they could ask Great Britain for Palestine as their remuneration for railroading this country into the war as Great Britain's ally. They were certain Great Britain could still defeat Germany in

1916 if this country could be railroaded into war as Great Britain's ally. The international Zionist hierarchy in London authorized James Malcolm, a co-religionist of Persian ancestry and a dedicated Zionist zealot, to make that offer to the British War Cabinet on their behalf, and James Malcom did. The British War Cabinet accepted their offer. Germany's peace offer was rejected.

Fortunately for the world, James A. Malcolm wrote a legal-size twelve page "confession" of "Zionist aspirations for self-emanicipation in Palestine." The original of that document is in the British Museum in London, numbered Cup. 1247 c. 28. An official duplicate which bears the seal of British Museum upon it, is before this author as this is being written. There are also official reproductions of Mr. Malcolm's "confession" in the library of Harvard University and the Library of Congress in Washington. In those twelve legal size pages, Mr. Malcolm "confesses" the story of how he negotiated the conspiracy to railroad this country into the war in Europe. Mr. Malcolm's "confession" bears the title Mr. Malcolm himself composed which reads, "Origins of the Balfour Declaration. Dr. Weizmann's contribution." There should be a reprint of that document in the hands of every Christian in this country. That knowledge in the possession of Christians in this country can prevent this country being railroaded for the third time into a world war.

At a meeting on December 25, 1916, at the Hotel Savoy in New York City, the Zionist hierarchy in this country met and expressed their consent and confirmed the terms of the secret 1916 London Agreement between the British War Office and the international Zionist hierarchy in London. Prime Minister Lloyd George was represented at that meeting by the Hon. Mr. Josiah Wedgewood, M.P., a Member of Parliament at that time. Lord Asquith had resigned as Prime Minister on December 5, 1916 and was succeeded by Mr. Lloyd George as Prime Minister on December 7, 1916. Mr. Lloyd George was a stalwart Zionist zealot from birth of the "Zionist movement." Whether Mr. Lloyd George was a spiritual hypocrite or a political patriot nobody knows. However, Mr. Lloyd George favored the program of the international Zionist hierarchy in London for creating a sovereign theocracy in Palestine. Mr. Lloyd George regarded more favorably than Lord Asquith, Zionist aspirations in the Middle East. Lord Asquith was forced to resign as Prime Minister to make way for Mr. Lloyd George.

As soon as Mr. Lloyd George was installed as Prime Minister of Great Britain, Mr. Wedgewood was rushed to this country by him bringing with him the documented evidence to prove to the Zionist hierarchy in this country that Great Britain had actually promised to turn Palestine over to "the Zionists of the world" after the war for their sovereign theocracy. A few of the Zionist hierarchy in this country expressed doubt that Great Britain had actually promised Palestine to "Zionists of the world" as the consideration for railroading this country into the war in Europe as Great Britain's ally. The evidence Mr. Wedgewood presented convinced those who doubted that fact. Mr. Wedgewood then delivered the documents to Col. Edward M. House to submit to President Woodrow Wilson. President Wilson had been blackmailed into promising Justice Brandeis of the United States Supreme Court that President Wilson would support in this country the program of the international Zionist hierarchy in Europe for Palestine. This author was privy to the implementation of that agreement by this country, of that secret 1916 London Agreement to railroad this country into the war in Europe as Great Britain's ally, but was unsuccessful in opposing it due to Zionist pressure on President Wilson.

In December 1916, the war in Europe was going from bad to worse for Great Britain. Prime Minister Lloyd George was doing everything in his power to implement

the secret 1916 London Agreement between the British War Office and the international Zionist hierarchy in London. Failure to railroad this country into the war in Europe as Great Britain's ally meant Great Britain's defeat by Germany in that war. Germany was making it very difficult for this country to declare war against Germany. Germany knew the terms of the secret 1916 London Agreement and was leaning backwards to respect the letter and spirit of international law and the 1908 Hague Convention for the conduct of civilized warfare. Germany knew that the entry of this country into the war in Europe as Great Britain's ally would transform Germany's overwhelming victory over Great Britain, France and Russia into Germany's ignominious defeat, and it turned out that way. In that war no one was the victor except the international Zionist hierarchy in London, who obtained the promise of Palestine for their sovereign theocracy.

Desperate to find a justification for declaring war against Germany, this country resorted to the "pretext" of the alleged sinking of the Sussex in the English Channel by a German submarine, with the loss of lives of citizens of this country. The Sussex was a ferry plying between Dover and Calais. Leading Members of Parliament in London declared the alleged sinking of the Sussex was President Wilson's "pretext" for entering the war in Europe as Great Britain's ally. They were surely in a position to know because some time after the declaration of war by this country against Germany, the Sussex was found. The Sussex had neither been sunk nor was there any loss of lives of citizens of this country. This only goes to prove that when an "incident" cannot be created, an "incident" can be invented to serve the same purpose.

The steady diet of spiritual slops fed to Christians in this country by the Zionist hierarchy was not a very difficult task for them to perform under the circumstances. The Zionist hierarchy in this country exercises a water-tight and air-tight censorship over the topics they will allow the media for mass-information to freely discuss. The Zionist hierarchy in this country likewise exercises the same censorship over what the clergy of Christian denominations may or may not publicly preach, publish or broadcast on these topics. The Zionist hierarchy and the Christian clergy circulate these untruths, half-truths and distortions of the truth fully conscious of the fact that they are deceiving Christians in this country. Their helpless Christian victims have nowhere else to turn to learn the truth on these topics. They cannot take the time to do research. Their other responsibilities will hardly afford them the time if they were so disposed. The topics are too numerous. The following are an assortment of the spiritual slops fed to unsuspecting Christians. Space is too limited to more than make mere mention of the topics: (1) Jesus was a "Jew," (2) Jesus was "born of a Jewish family," (3) Jesus was a "rabbi" in the present sense of the word, (4) Jesus conducted religious services in synagogues, (5) "Jews" only are "the seed of Abraham," (6) "Jews" only are "God's chosen people," (7) Palestine was the "ancestral homeland" of the Zionists, (8) "Jew" and "Zionist" are equivalents, (9) Zionism is a spiritual movement, (10) Zionists were "repatriated" to Palestine, (11) ancient "Israel" and the present "State of Israel," (12) the Passover evening meal and "The Last Supper," (13) the crossing of the Red Sea (14) Christianity is the offspring of "Judaism," (15) "Yiddish" mother-tongue, (16) "Judaism" and "Torath Yahve," (17) the "Torah" not holy, (18) kosher food, (19) "Star of David," (20) circumcision, (21) "Hebrew" people and language, (22) Passover, (23) Kol Nidre prayer, (24) "anti-Semitism," (25) inter-marriage, (26) "Judeo-Christian" are only a small number of all those which fall into the same category.

The Zionist hierarchy would destroy with their deadly smear campaigns any individual, Christian or otherwise, who dared to disclose the difference between the truth and what Christians are told about the topics enumerated above. It will prove very difficult for anyone to convince Christians that

Richard Cardinal Cushing would degrade and disgrace the Catholic Church by permitting himself to be used as a stooge for the Zionist hierarchy. On Friday, Oct. 17, 1969, the B'nai B'rith Messenger, the official newspaper of the Anti-Defamation League of B'nai B'rith, stated under a big headline NEWS FLASHES, the following:

"Catholics Must Understand Jews-Israel Relationship. Richard Cardinal Cushing, Archbishop of Boston, has urged Christians to develop a better understanding of the unique relationship between Israel and the Jewish people to prevent Christian-Jews dialogue from becoming 'strained and ultimately fruitless.' The Cardinal said that, 'Israel is not just a homeland for the persecuted and the oppressed, not just a refuge for people the world has abused. It is for the Jews the fulfillment of prophecy, the return to the Promised Land, the realization of the Divine Covenant, the answer to the prayers of generations of Chosen People.'"

Archbishop Cushing's impassioned plea for the Zionist invaders of Palestine may be excused if he expressed himself as he did to make his sister happy. Archbishop Cushing's sister is married to a so-called Jew who is probably also a Zionist. Archbishop Cushing is well informed on the Palestine question. Does Archbishop Cushing want his Christian followers to believe that the armed uprising in Palestine by a minority of transplanted eastern European Jews is "the fulfillment of prophecy"? Does Archbishop Cushing expect his followers to believe him when he refers to invaders as "the return to the Promised Land"? The Catholic Church is literally falling apart at the seams. Archbishop Cushing may think anything he wishes, if he keeps it in the family. Archbishop Cushing should have more intelligence than to use gasoline as a fire-extinguisher, but that is what he is doing. Would another Viet Nam in the Middle East make him happy? If so, he is on the right road to create one.

This country has spent \$445,000,000.00 for the USA share of the cost to feed 1,500,000 exiled Palestinians, at the rate of about 6¢ per day per person. That money spent to feed the poor in this country would have been better spent, if the "Chosen People," as Archbishop Cushing refers to Zionist murderers, had stayed in Europe, where the Vatican could have provided them with homes. It was the obligation of the Christians in Europe to square themselves with the "remnants" of the "Chosen People," and not scheme how to dump them onto the Moslems in the Middle East, who never were unkind to the "Chosen People" in their midst for over 2000 years. Archbishop Cushing should be above feeding his unsuspecting followers with spiritual slops.

It Is Not God But Political Life of Man That Is Dead

GOD IS REALITY

Kingdoms of This World at End of Road – Man's Confrontation with Divine Justice Inescapable

Going Before the Throne of God

By FRED FARREL

It used to be said, jokingly, that God protects fools, drunkards, and the United States. We certainly hope that God will protect the United States. When we contemplate the sorry pack of fools and scoundrels who conduct our National affairs today, it seems painfully obvious to us that nobody else is going to look after the interests of the American people. When we contemplate the universal prevalence of wickedness, we wonder if even God will protect the people any more. This of course is a matter for the Deity to decide; it is not a decision we can make. We sympathize with the people as they go before God for judgment just as, back during our school days, we sympathized with a boy who had to go to the Principal's office for a licking. We knew that his bottom was going to feel some terrific pain; we had felt it ourselves and knew what it was like. We sympathized, but we had no power to interfere with the process.

Today the world has plenty of self-appointed saviours. There is talk of "saving the country" or "saving the world" or "preventing war." Frankly, we have run out of formulae for saving the world. At this late time of the clock, it seems to us that the world is in for a licking. We sympathize, but we are powerless to interfere with the processes of Divine Justice. We live in a time when men, even apparently most churchmen, do not believe in God. We are of the opinion that they are now about to learn, violently, about the Reality and All-Power of God. God is not merely an "Old man in the sky" of ancient myth; God is not merely an Old Man whom Moses met on a mountaintop. GOD IS REALITY, AND REALITY IS GOD. Reality is now about to invade the cosy rabbit-warrens of modern pseudo-controversy in a violent and disastrous way.

Many people are greatly concerned about Communism. Some warn that we "face a thousand years of Communist Slavery." We do not believe any such thing. There is nothing about the ideas of a stupid fool named Karl Marx which could create any such historical staying power. Communism, to be sure, is with us at the present time; after the Judgment of God which appears likely to take place in the near future, it will no longer be with us.

Since it is still with us at the present moment, let us take a quick look at it. There are really two kinds of Communists abroad in the world today. These might be called, roughly, "The New York Communists" and "The Moscow Communists." Of these two breeds of reds, the New York Communists are by all odds the worst. They are the old original Communists, the ones who financed and created the Russian and Chinese revolutions.

CHRISTMAS STORY—1969

"And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed . . . And all went to be taxed, every one into his own city."

Thus, begins the Christmas Story, according to St. Luke.

The whole world was in bondage. All of the world was to be taxed to fill the treasury of a despot. He did not send his centurions to collect the taxes. He arrogantly ordered the taxpayer to go into his own city and pay.

It is true that there were no disorders in the world. There was unrest, to be sure. But no disorders. For Caesar Augustus had perfected the police state. Dissidents were executed, or impressed as slave laborers. Those who gave up their freedoms without protest received largess from the public treasury. Caesar Augustus had also legalized plunder. He took from persons what belonged to them and gave it to others to whom it did not belong. And he kept the biggest share for himself.

Then it was that the angel of the Lord appeared and said unto them: "Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour which is Christ the Lord."

American Jewish Revolution

The United States today is a country under enemy occupation. The occupiers are the Jews. The Jews are able to thwart the will of the American majority at every turn. The occupation of the United States is not a military occupation. In spite of the explosion of Jewish military hubris following the June War of 1967, the Jews do not amount to anything as a military people. There are not enough of them. The occupation of the United States is an intellectual occupation. The white majority does not wish to have its children attend integrated schools; they attend such schools anyway. Our bookshops are full of the works of trashy Jewish novelists, or else half-literate Negro writers who boast of the number of white women they have raped. The public does not like having city streets turned into battlefields by the criminal element; but the Jew-dominated society pampers the criminal element.

What is the Jewish aim in America?

The aim is pure revolutionary destruction. The revolutionist Leon Trotsky expressed modern Jewish aims almost perfectly. Trotsky wanted to "Smoke it up fast." He wanted to see cities burning. Today the New Left, financed by American Jews, has achieved Trotsky's aim. We have seen Detroit, Newark, and Watts burning. "Burn, Baby, Burn!" White Gentile leaders try to placate the Negroes by concessions. This is a waste of time and effort; they are not dealing only with Negroes; they are dealing with Jews. The Jew says, "Nothing you Gentiles ever do will satisfy us. We will always be destroyers because we need a world of our own."

A WORLD OF OUR OWN! Think about that. It means a world without YOU. It means a world in which wolves prowl through the streets of ruined Gentile cities. If the Jews had had their way, we would have had such a thing long ago, in the 1920's or the 1930's. The Jewish "Idealist" comes with his sweet-sounding siren song. He talks of "Freedom of Speech" and of "Social Welfare." These things are merely the mask of the pure destroyer. In the 1920's Leon Trotsky howled about a Marxist Utopia. His real dream was to see the cities of Christian Europe in flames. After he was driven out of Russia, he planned to go to Germany to spread his poison, but elements of the Reichswehr told him he had better not try it. Trotsky himself was finally killed; and a better job of good riddance was never done for Trotsky was an utter monster. Today the tradition of Trotsky is carried on by the New Left. Their only real motto is, "Burn, Baby, Burn!" They are out to destroy society, to have the wolves prowl through our ruined cities.

Why was a New Left started?

lutions. They are the wildest, the most vicious, the most super-revolutionary. They are the backers of the New Left, the Maoists and the Castroites, WHO ARE SUPPORTED WITH THE AMERICAN TAX DOLLAR, THE AMERICAN CONSUMER DOLLAR. They are the backers of the Negro revolution, the Student Revolution, the revolution against DeGaulle. They, backed by the International Banking machine of New York, are trying to take the world apart and remold it nearer to their hearts' desires. At the same time, they have many much-touted "Anti-Communists" on their payroll. These phoney "anti-Communists" lead and limit the opposition, and thus insure that all "Conservative" and "Right Wing" movements will die in futility. Thus we are held in an iron-bound orbit of evil, from which apparently there is no escape.

The Moscow Communists are a lesser breed of reds. Originally, Moscow was merely a branch office. Today the New York Communists and the Moscow Communists are fighting each other around the world. Why? It has nothing to do with arguments about Marxist ideology. It is like a case I knew once, in the affairs of a big corporation. A casual friend of mine was manager of a large branch of this company. He knew its customers, its methods, its technical processes. One fine day he decided to break with the Company and set up his own business. He took with him a large covey of the company's best customers and many of its trade secrets. HIS company is now bigger than the company he formerly worked for. This is what the Moscow Communist rebellion against New York fundamentally is, a rebellion of branch managers against the home office of world Communism, which is and always has been located in New York. The home office of world Communism in New York rages and fumes against the rebellious branch managers of Moscow. It calls them "Stalinists." It incites the Maoists and Castroites to start "Youth Rebellions" against them. BLOOD WILL FLOW IN SEVERAL COUNTRIES THIS YEAR BECAUSE OF THE FEUD BETWEEN NEW YORK AND MOSCOW REDS. The "Old Line" Commies of Italy will fight the CIA-financed "Young Rebels" for control of Italian Communism. This is really a battle between New York and Moscow.

The New York gang has long assumed that it had the power to fire heads of State who displeased the Lord High Gods of Communism and International Banking. They did indeed fire Lyndon out of the White House. They tried to fire DeGaulle, only to find that DeGaulle did not fire so easily. The New York gang poured millions into the effort to unseat DeGaulle. The French people poured millions of votes into the ballot boxes, giving DeGaulle a firm mandate to crush the efforts of the New York gang. Eventually DeGaulle was forced out.

The New York gang are now out to FIRE the rebellious branch managers of Moscow. This promises to be a big deal. A refugee Jewish writer, who recently fled Russia, says that the men in the Kremlin "Face a Nuremburg trial." Think about that carefully. This refugee Jewish writer is saying that the New York gang, by its immense world-wide power, is going to pull the present rulers of Russia out of the Kremlin and HANG them. So far as it goes, this might be a fairly good idea. BUT CAN THE NEW YORK GANG DO IT? These men, whom they are planning to hang, are the possessors of 100-megaton bombs. One of these dropped on New York City would end the argument between New York headquarters and the Moscow branch office forever. There wouldn't be any New York headquarters any more. The New York gang are so confident of the victory of their intellectual charlatanism that they do not even bother to keep the U.S. armed forces up to par. Moscow would have to be absolutely blind not to see the opportunity this presents.

It is possible, endlessly, to detail the dreary wickedness of humankind in these times. The wickedness of humankind has gone MUCH TOO FAR. NONE OF THESE

FUNNY LITTLE MEN WHO ARE CAVORTING ON THE WORLD STAGE TODAY ANY LONGER HAVE POWER TO CONTROL EVENTS. They THINK that they have such power, but their claims will not bear close inspection. THE FACT IS THAT WORLD EVENTS TODAY ARE IN THE HANDS OF GOD, NOT MAN.

We are not anti-human, like the Communists, the Black Panthers, and the Student Revolutionists. We sympathize with Humanity as it goes to the cosmic woodshed to get its licking. We also know that Humanity is, by and large, guilty and deserving of the Judgment which is about to be delivered. Man today may ask God ONLY for Mercy; if Man asks for unmitigated Justice, and gets what he really deserves, this would be an utter disaster. Man's real problem is to escape Justice and find mercy.

Some people have written to us to ask, "WHOM CAN WE TRUST TODAY?"

We say, "TRUST IN GOD." We cannot think of anyone else from whom you might seek salvation with any hope of profitable result. Over the years, we have devoted a great deal of newsprint to exposing the villainy and bottomless rascality of various politicians. But even if the politician is, as a few of them are, a really GOOD man, what can he do in the face of the Apocalypse of these times? We have in fact come to the end of "The Age of the Politicians." Their antics no longer have any real influence over the course of events.

The fact about the historical crisis is that Man is now summoned before the Throne of God to account for his various shortcomings and defalcations. The political life of our time is mainly a vain effort to escape

He who has discovered the truth about Judaism, and who does not fight Jewry and warn his fellow-citizens of the Jewish menace, becomes an accomplice of the Jews and an accessory to the misfortunes of his nation. — EINAR ABERG.

this confrontation. It will not be successful. Man's confrontation with God must come. It cannot be avoided. No politician is going to "save" you from it. The only valid hope in this time must be a RELIGIOUS hope; there can be no other. This is a bald FACT of present-day life which will stand up under the most rigorous of competent intellectual inspection. The counterfeit intellectuals who are in the pay of the Establishment will say otherwise; they say what they are PAID to say, and they have no character, no freedom, no real competence to call their own. Their souls were sold and bought in the market place. They earn their livings by peddling charlatanism and fraud in the mass media. We shall tell you what they will never tell you: The Kingdoms of this World are at the END OF THE ROAD today. The rulers of this world are passing away, and they have no power to decide the shape of the future.

In our time the face of the earth will be changed beyond recognition. The force which will decide the future will be the All-Power of God, not the puny powers of human rascality, self-interest, self-deception, charlatanism, and fraud. What should you do about the 57 Varieties of political quackery which beset the world today? You really will have no choice in the matter. You will have to CUT LOSSES on them, because in the future they will not be here any more. If you have itching ears and like to hear the sweet lies of political quacks, LISTEN WELL NOW, because these voices will not fill the air much longer.

If you have a preference for truth, the Truth of God is the only real truth available in the world today, and when you imbibe THAT truth you are, in the words of a popular hymn, drinking from the fountain which never shall run dry.

This is the choice available to you today: Drink the poisoned waters of contemporary evil, or drink from the eternal fountain of real truth. It is a choice which you make silently and for yourself in the privacy of your own heart, not in the noisy forum where the Voices of Destruction preach their Evil sermons. It is a choice which everybody on earth will have to make in the coming years. Which side will YOU choose?

A SHAMELESS AND CONTEMPTIBLE RACKET

The American book publishing business has become totally a shameless and contemptible racket. Under Jewish domination, its purpose is to make war upon the culture of the white Christian majority. American literature today produces no worthwhile insights, makes no substantial contribution to the national welfare, serves no useful purpose of social communication. The stupid Jewish hack writers who dominate the scene are merely the bad currency which drives out the good. American book publishing is a menace to every decent aspiration of the human race everywhere in the world. In the whole history of human literacy, there has been no worse cultural abomination than the American Jewish writer.

Time and Newsweek have forfeited any faint vestiges of respect we may have had for them as reporting media. TIME recently published a picture of the Russian Jewish writer Solzhenitsyn on its cover. TIME says that Solzhenitsyn is a great genius. COMMON SENSE says that Solzhenitsyn is a hack barely fit to write science fiction for a pulp magazine. NEWSWEEK has Norman Mailer's picture on the cover of its Dec. 9, 1968 issue. NEWSWEEK says that Mailer is a genius. COMMON SENSE says that Norman Mailer has never written anything worth publishing at all. TIME and NEWSWEEK have discredited themselves by publishing pictures of these inferior Jewish writers on their covers. Many large and formerly successful American magazines have declined because they went too far overboard in pimping for the powerful New York Jews. TIME and NEWSWEEK have displayed such incredibly bad judgment in toutting these nearly worthless writers, that we predict that they too will go into a period of decline. The American mass media have suffered a major loss of influence and respect by becoming the propaganda tools of a bunch of cheap little Jews.

What is behind American Jewish Propaganda?

New York, dear Patriots, is the home town of revolution, the capitol of Marxism, the storm center of world revolution. The American Jews are the revolutionists of the World, the people who toppled DeGaulle's France with their wave of student and worker riots and strikes; the people behind all of the "red revolutions" of the World; the destroyers of Gentile culture in every part of the world. They are a menace to every constructive hope of humankind. They represent total Satanic viciousness unbridled and loosed upon the hapless peoples of the world.

COMMON SENSE knows the story you have been told about "red revolution." You have been told that there is a place called "Red Russia" where all of the people have turned into a race of mad dogs. This story was told by the American mass media. Who owns the mass media? The Jews. Why did the Jews tell all of those wild tales about Red Russia? To divert attention from themselves, to conceal the fact that the American Jews are the real authors of world revolution. The phoney "anti-Communists" picked up and repeated the phoney line told in the Jew-owned mass media. They chant, "RED RUSSIA! RED RUSSIA! RED RUSSIA!" The sucker Public laps up this garbage eagerly, since it provides various empty sops to their vanity. The fact remains that RED NEW YORK is the real storm center of world revolution. Some European papers are beginning to call the Russian Stalinists "Conservatives." By comparison with the New Unhappy Lords of Red New York, the Stalinists are indeed Conservatives. They are busy building industrial plants, hydro-electric plants, space ships, and apartment houses. It is clear to any proper Jewish revolutionary in New York that these Russian yokels do not know what a revolution is properly about. The business of a revolution is to produce ruins, famine, decay, anarchy, and chaos, to set the wolves howling in the empty and ruined streets of the cities of the Goyim. The Jews need a

WITHOUT YOU, WE CAN DO NOTHING

It is that time of the year again when we bring our readers a little news of what is going on at the headquarters of **Common Sense**.

Because of the peculiar nature of our operation, we are beset with problems faced by no other patriotic group in the nation, many of which could not be fully appreciated except by those who keep night and day vigil with us as we double our efforts in this race against time in what appears to be the last days of our Republic. We rarely take up valuable space in **Common Sense** to tell you our troubles during the year, but that does not indicate everything is going along smoothly. You should know and have some of our problems to work out!

We do not expect the enemy to cooperate with us, of course, but when so-called patriots go out of their way to hurt us, we can't help but be confused. There are many people who tell us we're the **GREATEST**, but they are so afraid of us, they won't even subscribe. Then we have those patriots who want to do business with us, but when they learn we are "anti-Semitic," they change their mind. And there are plenty of those wonderful right-wing patriots who refuse to permit us to use their articles — or sic their lawyers after us if we do. And then we have "anti-Communists" like **Human Events** who write their subscribers: "You must be kidding! We have for years attacked the anti-Semitic nonsense of such garbage sheets as **Common Sense**. I trust you agree with our opinion that this sort of material is destructive of true conservatism." And so it goes, ad infinitum! We don't expect help from our enemies, but when so-called friends fight us every inch of the way, staying in business is not easy.

KEEP CHRIST IN CHRISTMAS

One member of Congress wrote a constituent concerning us: "I am startled by the material on the back of the letter you sent me which originates from the Christian Educational Association of Union, N.J. Such anti-Semitic material is a disservice to our country and smacks so much of the Hitler days in Germany that it is unfortunate that it is being circulated and even more unfortunate that any recipient would pass it on. The sowing of hate or fear of a religious, racial or ethnic group is in my judgment a destructive element in our society and one that should not be given any encouragement or support."

A college professor recently wrote us: "On more than one occasion I have had the misfortune of receiving your pitifully and hopelessly degenerate hate literature. If your tragic appeal is directed toward the moronic or to those with no historical perspective, including the illiterate, then concentrate on that segment of society, and exclude me from your mailing list. There is certainly enough misguided and unfounded hatred in this world without the inclusion of your garbled, panic-filled scribblings."

But our little paper reaches far and wide, into every state and many foreign countries, to a wonderful group of people known as the **Salt of the Earth**. One subscriber wrote: "I want to say I am very proud to be counted among your friends. I haven't done much — not as much as I feel I would like to. As I look back over the many issues of **Common Sense** that I have collected over the years I marvel at them and consider them of more value than worldly treasure — for this is truth and a work of love nobly done."

Salute to Our Christian Heritage

THOMAS JEFFERSON'S PRAYER

"Almighty God, Who has given us this good land for our heritage: we humbly beseech Thee that we may always prove ourselves a people mindful of Thy favor and glad to do Thy will. Bless our land with honorable industry, sound learning and pure manners.

"Save us from violence, discord, and confusion, from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitude brought hither out of many kindreds and tongues.

"Endow with the spirit of wisdom those to whom in Thy Name we entrust the authority of government, that there may be justice and peace at home, and that through obedience to Thy law, we may show forth Thy praise among the nations on earth.

"In time of prosperity, fill our hearts with thankfulness, and, in the day of trouble, suffer not our trust in Thee to fail; all of which we ask through Jesus Christ our Lord. Amen."

A 27-year-old youth recently wrote: "I am doing something I wish I had been able to do many times over during the last few months—ordering extra copies of **Common Sense** for distribution. In the following months I hope to make up for the last few because, with all my heart, I am convinced that only your publication presents the true gospel of Life and REALITY which can save our sick and perishing culture from total ruin and extinction."

Even though "slightly exaggerated" we were pleased when a longtime subscriber wrote: "I am sorry to be late with the renewal of my subscription to your paper **Common Sense**, the greatest paper in the world. How true it is; it reads as though God himself is writing it. And truth shall and will triumph in the end. I enclose \$4 but I wish I could send you a million."

Each day brings letters of the widest possible variety from an equally wide radius of individuals, ranging from anonymous threats and wishing us every kind of violent death and damning us to hell, to sentiments of sincere admiration, compliments and even honest criticism from some VIPs all over the world.

But today, and every day, we count our blessings and thank God for all our precious friends, those who help us out with their voluntary services in so many capacities, those who remember us each month with a tithe, and those who shower us with their prayers. Without them to lighten our burden, **Common Sense** would be a thing of the past.

But no matter how we try to cut corners, we can only cut so far. Postage rates have increased to almost unbelievable proportions; and all expenses, including labor, have increased 10, 20, or even 30% during the year. Our small staff is overworked and underpaid.

As a solution one friend suggested we increase our subscription rate; another suggested we send out only one issue a month; another told us if we can't pay for newsprint and other necessary items, we don't deserve to be in business and should quit.

Sometimes we are tempted to act on this last suggestion especially when we realize how near impossible it is to reach thousands of Americans with the truth; when many nationally-known patriots will freely discuss the real enemy in private, but at this late date still do not have the courage to name the enemy in print; when certain affluent patriots bankroll these same leaders and reserve a "thin dime" for us although admitting that **Common Sense** is the only newspaper really doing the unpleasant job that needs to be done. This in spite of the fact that **Common Sense** was the first (and only paper for years) to pinpoint the enemy. Yes, there are indeed times when we feel like throwing in the sponge!

What's the solution? Frankly, we do not know. All we do know is that we have reached the financial point of no return and if we do not get some substantial help during the coming year, at least enough to meet daily routine expenses, we just won't be here to write you next Christmas. There is no conceivable way to continue publishing in view of present-day inflated costs, restrictions and taxes without additional revenue. But what disturbs us most is that we cannot handle correspondence as we should. We simply do not have the staff necessary to carry on the research and handle the tremendous detail that an extensive mailing list such as ours entails, and take care of correspondence too.

During the year we had to purchase a folder to replace one that was beyond repair and which wasted no end of time, newsprint and money. We are also burdened with some new tax matters and have one coming up in the near future. At this writing we are several thousand

Christmas Is Christ's Birthday

dollars in debt and the immediate future does not look very bright. It is not hard to figure out that \$3.00 hardly covers subscription costs much less overhead items, and that the margin of profit thru sales of books and newspapers is in pennies. We carry no advertising to offset ever increasing costs and have no financial "angels" who pick up our "tab."

While there are many dark clouds, there is a happy thought in knowing we have many loyal supporters all over the world. Unfortunately, most of them are of modest financial circumstances and, in many cases, already give far beyond their means. The money may not be in our camp, but we have **QUALITY, NUMBERS**, and many **SILENT PARTNERS** who help us in some unusual and constructive ways throughout the year.

We really don't know what to do. Voluntary contributions are the only source of giving lifeblood to **Common Sense**. Thus we have no alternative but to turn to those who have made **Common Sense** possible last year and who have it in their power to make it possible next year.

In spite of our present critical situation, our work moves forward and we are constantly reaching more people with the truth so long suppressed by the mass media. Our efforts have been truly blessed in the past, and we know if the Good Lord wants us to stay in the front lines, armed with the truth and a fine pen (and two beautiful German Shepherd dogs for protection), He will find a way to furnish the ammunition through **YOU, the Salt of the Earth . . . OUR ONLY HOPE!!!**

May Jesus bless you this Christmastime and fill your hearts with joy and peace throughout the coming year.

Shameless, Contemptible Racket

(Continued from Page 2, Column 3)

world of their own, not a world full of Goyim. It is essential to strike down the world order of the Goyim, to mass-produce crime, class hatred, riots, social disintegration.

The American Jews are not at all well pleased with the course of development which the Russian revolution has followed. The Jews want Russia to be instantly available for the task of world-wrecking, to be instantly responsive to Jewish orders from

Aleksandr I. Solzhenitsyn and Norman Mailer, Yiddish hack writers, typical exponents of Jewish NEW LEFT, presently at war with the red regime in Moscow.

New York. The American Jews are plotting against Russia in a big way today. Since, in a sense, old-fashioned Communism has gone "Conservative," the Jews have created the "New Left," a political force totally nihilistic, totally devoid of any constructive possibilities. Students and workers in Italy parade on picket lines with pictures of Mao. What do they know about Mao? Who is the paymaster behind this new mode of radicalism? **THE AMERICAN JEWS ARE THE PAYMASTER.** The American Jews are spreading social disintegration, revolution, decay, anarchy, and chaos around the world. Their activities are becoming quite intolerable. **COMMON SENSE** does not believe that the world will tolerate them. The whole world will rise up in rebellion against the American Jews. If we Americans cannot control or suppress them, we may be sure that the rest of the world will undertake the job, and that it will mean war against us.

This is the stark, bleak, nearly hopeless background which underlies Jewish literary propaganda. The funny little men who conduct our literary criticism praise the empty and incompetent Jewish hack writers like Mailer and Solzhenitsyn, because they know that they had jolly well better, if they want to get along in Jewish New York, the intellectual cesspool of the world, the great final dumping ground of the evil-smelling carrion of "Jewish Literary Supremacy."

Any stupid yid who fails to make the grade in the pants pressing business can become a "great literary genius" today. The power behind his success is merely the great, damnable explosion of empty-headed Jewish hubris, which finally has made the American Jews an intolerable nuisance to the whole world. The American Jews are not a great people. They are merely a mediocre people enriched by circumstances; and, being rich, they think that they have a talent for the exercise of power. They are natural-born pants pressers and pawnbrokers trying to be princes. The world will certainly teach them a lesson. They are a thick-headed, obdurate lot and they will have to learn the hard way; nobody will ever be able to tell them anything sensible.

The United States today is not a "conservative" country; it is the storm center of world revolution. It is not an "anti-Communist" country; it is the paymaster of World Marxism. The United States is the headquarters of the Jews, and the Jews are the makers of revolutions.

We meet lots of "Great Conservatives." They are all full of pet economic theories. They are great slogan shouters. They are always making long speeches about "Red Russia." They tell us how they are going to save us from Communism. We have a rude way of asking them point blank: "WHAT ARE YOU GOING TO DO ABOUT THE JEWS? Sadly, many of them evade the issue.

The issue cannot be evaded. If YOU cannot do something about the American Jews,

CHRISTMAS STORY - 1969

(Continued from Page 1, Column 2)

And when He was grown to adulthood, this man of Galilee said to His exploited countrymen: Render unto Caesar the things which are Caesar's and unto God the things that are God's.

He showed them that their salvation lay in service to their God, and not in servitude to their state. He showed them that resistance to the promises and persuasions and bestialities of despots requires, sometimes, the ultimate sacrifice.

And those who followed His teachings persuaded their fellow-countrymen that: "Wherefore thou art no more a servant, but a son; and if a son, then an heir of God . . ."

Then, men ceased giving up their freedom for pottage. A great many died, that others might walk upright in dignity.

Across the centuries other would-be Caesars have enslaved nations and societies which forgot the meaning of Christmas. Some dictators have employed their own centurions to enslave. Some have hired informers with pieces of silver. More often than not, ambitious Caesars have had only to promise something for nothing: largess from the public treasury.

It is so this Christmas, too. False prophets seek to trick free men into slavery to government — to make them servants of a system rather than sons of God.

The Apostle Paul foresaw this eternal assault on free men. His words to the Galatians stand as the lesson of Christmas for this and every future year of our Lord:

"Stand fast therefore in the liberty wherewith Christ hath made us free and not be entangled again with the yoke of bondage."

the rest of the world will. Even now, we are moving toward a day when we shall face the combined hatred of the rest of the world. Some Marshals of the Red Army are known to believe that there is only one possible solution of the American Jewish problem: WAR. Now we have come the full cycle. "Red Russia" has had a bellyfull of "revolution." They think that a cordon sanitaire should be thrown around "Red America" to prevent the American Jews from tampering irresponsibly with the affairs of nations around the world. **COMMON SENSE** believes that the rest of the world will band itself together and FIGHT rather than submit to the continued depredations of the American Jews against the order, peace, stability, safety and well-being of the peoples of the world.

Now we understand the desperate geopolitical background which underlies "Jewish Literary Supremacy" in America. Jewish writers contribute nothing of any real value to American culture; their only purpose is to be the bad currency which drives out the good, to give the Goyim a worthless and scrofulous literature, to confuse the issues. It also proves once and for all, the total cultural bankruptcy and worthlessness of the modern Jew. If they call Norman Mailer their "Greatest Writer," the whole tribe of them ought to be set to work digging ditches. They have demonstrated their unfitness for any kind of intellectual labor.

American Jewish Revolution

(Continued from Page 1, Column 3)

Because the Old Left had become too conservative for the Jewish taste. In some cases it actually built cities instead of burning them. Any Proper Jew-Marxist knows that this is no way to carry on a revolution. A revolution should never build anything. Its sole concern is to produce ruins.

The function of the "New Left" is to get the revolution business back on the right track. Its sole aim is to produce anarchy, to wreck economies and currencies, to burn cities, to destroy education.

Europe faced this kind of thing long ago. Mussolini faced it in Italy in 1923. Hitler faced it in Germany in 1933. The type of European political operation called "Fascism" grew up largely as a defense mechanism against the destructive depredations of the Jews. Both Hitler and Mussolini were defeated in World War II; but the forces which defeated them came from outside Europe. We tend to overlook the fact that they successfully defended their societies against destruction by the blind, black forces of Jewish nihilism which prowled Europe during the 1920's and 1930's. The Jews tried to swindle the Europeans into burning their own cities, destroying their own economies, ripping their societies apart in destructive class wars. Fascism was Europe's defense against Jewish nihilism.

WHERE IS AMERICA'S DEFENSE?

Frankly, **COMMON SENSE** does not see America's defense. To be sure, there is no shortage of self-appointed Messiahs. There are Great Liberals, Great Conservatives, Great Gasbags. Most of them sooner or later make a speech before a meeting of B'nai B'rith. Their speeches before B'nai B'rith are something to hear. They endorse Israel; they denounce the Arabs; they denounce Anti-Semitic papers like **COMMON SENSE**. They prove, once and for all, their utter worthlessness as saviours of the country.

We listen for the Voice of Leadership. All we hear are the Voices of Destruction crying, "Burn, Baby, Burn!"

The Ultimate World Order

As Pictured in "The Jewish Utopia"

Hidden in the exclusive section of the University of Texas main library, a book outlining the Jewish Utopia, written by Michael Higger, Ph.D., has been exposed by Robert H. Williams, a former Counter-Intelligence Officer. In 74 pages, the writer brings to light the hopes and aspirations of the World Zionist movement. This book traces the trend of the Zionist conspiratorial design for world conquest through "the new Social Order," with authentic statements and photographs from the original text.
